9

10 Be It Enacted by the Legislature of the State of Idaho:

11 SECTION 1. LEGISLATIVE INTENT. It is the intent of the Legislature that  
12 the health, safety and welfare of the people of Idaho, as well as the eco-  
13 nomic development and growth of local communities in the state, depend on  
14 the development of a workforce of persons age fifty-five years and older that  
15 meets the needs of employers in the state. Financial incentives are often  
16 necessary to attract resources for workforce development, and such incen-  
17 tives can be particularly effective when offered at the local level. Pro-  
18 viding such incentives stimulates economic development in the state and re-  
19 sults in the creation and maintenance of new jobs. The Legislature further  
20 finds and declares that it is in the best interests of the citizens of the  
21 state and the economic development of local governments within the state to  
22 create an incentive at the county level for taxpayers to contribute to a pro-  
23 gram that allows counties to provide financial assistance to county resi-  
24 dents fifty-five years of age and older to pursue postsecondary education or  
25 training.

26 SECTION 2. That Chapter 8, Title 31, Idaho Code, be, and the same is  
27 hereby amended by the addition thereto of a NEW SECTION, to be known and des-  
28 ignated as Section 31-880, Idaho Code, and to read as follows:

29 31-880. COUNTY WORKFORCE DEVELOPMENT. (1) For purposes of this sec-  
30 tion, "county" means any county or city and county.

31 (2) Any county may establish a workforce development program, to be  
32 known as "senior workforce development," to provide financial assistance  
33 to county residents age fifty-five (55) years and older who pursue post-  
34 secondary education or training from an accredited institution of higher  
35 education or certified training program. A county workforce development  
36 program may include, but need not be limited to, county residents who are  
37 high school graduates, county residents who have successfully completed a  
38 high school equivalency examination or county residents age fifty-five (55)  
39 years and older who are veterans. Any county that establishes a workforce  
40 development program may also establish a workforce development fund to ac-  
41 cept contributions for the purpose of the program.

1           (3) Notwithstanding any other provision of law to the contrary, a  
2 county that has established a workforce development program may offer an  
3 incentive in the form of a county property tax exemption to a residential  
4 or commercial property owner in the county who contributes to a county  
5 workforce development fund. A county shall not make any appropriation in  
6 furtherance of a workforce development program or give any property tax ex-  
7 emption pursuant to this section unless the board of county commissioners  
8 approves the total program amount annually at a public budget hearing.

9           SECTION 3. That Chapter 6, Title 63, Idaho Code, be, and the same is  
10 hereby amended by the addition thereto of a NEW SECTION, to be known and des-

13 WORKFORCE DEVELOPMENT. (1) During tax year 2016, and each year thereafter, a  
14 board of county commissioners may declare that all or a portion of the market  
15 value of residential or commercial property is exempt from property taxation  
16 if the board of county commissioners finds that the owner of the taxable  
17 property has contributed to county workforce development as enumerated in  
18 section 31-880, Idaho Code. The taxpayer shall demonstrate to the county  
19 that significant economic benefits will accrue to the county through the  
20 taxpayer's participation in the county workforce development program for  
21 persons age fifty-five (55) and over.

22           (3) The board of county commissioners may grant the property tax exemp-  
23 tion for all or a portion of the market value of the taxable property for a pe-  
24 riod of up to five (5) years. The annual approval provision contained in sec-  
25 tion 63-602(3), Idaho Code, shall not apply to the exemption provided in this  
26 section, as long as the taxpayer continues his efforts toward county work-  
27 force development.

29 new construction roll prepared by the county assessor in accordance with
