

STATEMENT OF PURPOSE

RS24947C1

The purpose of this proposed legislation is to add a limited exemption to lighting and marking requirements, to exempt power poles and structures used to transmit electricity at 69,000 volts or higher, where such poles or structures are owned by an entity that is not a cooperative or municipal utility, a federal power marketing agency (e.g., the Bonneville Power Administration), or a state regulated utility.

FISCAL NOTE

This legislation has no impact to the general fund because it only applies to private industry.
