

## STATEMENT OF PURPOSE

### RS25279C1

This legislation makes technical corrections to the enabling statute for pay for Success contracting by conforming language to other sections of statute. It also clarifies existing authority to detail how money that is subject to a Pay for Success contract will be withheld until the performance metrics are met and payment is made.

### FISCAL NOTE

Because this legislation clarifies existing practice and authority, there is no fiscal impact beyond the existing statute. This legislation does not add burden to existing resources or require new staff.
