

STATEMENT OF PURPOSE

RS24887

Section 67-5303 Idaho Code provides for the application of the state personnel system on certain employees. Section 67-5303 (j) defines those positions which are part of the public educational system and are non-classified employees. The current language in this section includes a definition of officers and professional staff including pay grade and Hay Points which do not accurately align with Idaho's current pay grades. The proposed legislation would update this section to align with Idaho's current pay grades. Section 59-1607(3) and 67-5328 (3) (a) are amended to remove reference to 67-5303 (j) as those employees are not currently covered by the overtime rules of the FLSA 29 USC part 526 nor under the new FLSA overtime rule effective on December 1, 2016.

FISCAL NOTE

No fiscal impact to the general fund or the dedicated fund because updating the language in Section 67-5303 (j) and removing the reference to 67-5303(j) in Sections 59-1607(3) and 67-5328 (3)(a) does not create any new funding requirement.
