

## STATEMENT OF PURPOSE

RS25241

This concurrent resolution applies to Congress to call for an Article V Convention to consider a balanced budget amendment to the United States Constitution once a total of 34 states have petitioned for the same matter.

### FISCAL NOTE

Sending a petition to Congress will have no impact on the General Fund or any other political subdivision funds. If/when 34 balanced budget petitions are received by Congress from the States, Congress will then be required to call a convention for the States to consider those petitions. At that time, the Idaho Legislature would require legislation defining the duties of, and designating the Idaho Delegates. The legislation at that time would define the costs associated with the duties of those Idaho Delegates should a convention ever be called.
