

STATEMENT OF PURPOSE

RS25814

The purpose of this bill is to allow high school students to participate in high school home building classes, which introduce students to career opportunities involved in the residential construction industry, without the requirement to be registered as apprentices with the Division of Building Safety. The fees associated with the registration requirement can be a barrier to participation.

FISCAL NOTE

There is no fiscal impact to the general fund. The Division of Building Safety would experience a reduction of less than \$500.00.
