This temporary rulemaking adopts and republishes the following existing rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 31, rules of the Idaho Public Utilities Commission:

### IDAPA 31

- 31.81.01, *Energy Consumption Reporting Rules.*

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Sections 67-5226(1)(a), (b), and (c), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These temporary rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

**FEE SUMMARY:** This rulemaking does not impose a fee or charge.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the temporary rules, contact Stephen Goodson at (208) 334-0323.

**SUBCHAPTER B – CONTESTED CASES**

**(Rules 21-400)**

**PART 1 – DEFINITIONS AND GENERAL PROVISIONS**

**(Rules 21-100)**

**INFORMAL AND FORMAL PROCEEDINGS**

**(Rules 21-30)**

**021. INFORMAL PROCEEDINGS DEFINED (RULE 21).**

Informal proceedings are proceedings in cases authorized by statute, rule or order of the Commission to be conducted using informal procedures, i.e., procedures without a record to be preserved for later Commission or judicial review, without the necessity of representation according to Rule 43, without formal designation of parties, without the necessity of presiding officers, or without other formal procedures required by these rules for formal proceedings. Unless prohibited by statute, the Commission may provide that informal proceedings may precede formal proceedings in the consideration of a rulemaking or a case.

(7-1-21)T

**022. INFORMAL PROCEDURE (RULE 22).**

These rules encourage the use of informal proceedings to settle or determine cases. Unless prohibited by statute, the Commission may provide for the use of informal procedure at any stage of a case. Informal procedure may include individual contacts by or with the Commission staff asking for information, advice or assistance from the Commission staff, or proposing informal resolution of formal disputes. Informal procedures may be conducted in writing, by telephone, or in person. (7-1-21)T

**023. FURTHER PROCEEDINGS (RULE 23).**

Except as provided in Rule 24, any person participating in an informal proceeding must be given an opportunity for a later formal administrative proceeding before the Commission, at which time the parties may fully develop the record before the Commission. (7-1-21)T

**024. INFORMAL PROCEEDINGS DO NOT EXHAUST ADMINISTRATIVE REMEDIES (RULE 24).**

Unless all parties agree to the contrary in writing, informal proceedings do not substitute for formal proceedings and do not exhaust administrative remedies, and informal proceedings are conducted without prejudice to the right of the parties to present the matter formally to the Commission. The Commission Staff will consider and investigate informal inquiries or complaints without prejudice to the right of the interested persons to present the matter formally to the Commission, unless all affected persons agree in writing to be bound by the informal decision. Settlement offers made in the course of informal proceedings are confidential and shall be excluded from the agency record of any later formal proceedings. Informal procedure is recommended and preferred for informal inquiries or complaints. However, the Commission itself may formally consider any informal inquiry or complaint presented to it or to the Staff. (7-1-21)T

**025. FORMAL PROCEEDINGS (RULE 25).**

Formal proceedings, which are governed by rules of procedure other than Rules 21 through 24, must be initiated by a pleading listed in Rules 51 through 58. (7-1-21)T

**026. INFORMAL FILES MAY BE INVESTIGATIVE RECORDS (RULE 26).**

Files created by the Commission and its Staff in response to informal inquiries or complaints are investigatory records and are generally exempt from disclosure according to Section 74-105(1), Idaho Code, but are available under Section 74-113(1), Idaho Code, to the customer, applicant, utility, carrier, etc., that are the subjects of the investigation. (7-1-21)T

**027. -- 030. (RESERVED)**

**PARTIES – OTHER PERSONS  
(Rules 31-40)**

**031. PARTIES LISTED (RULE 31).**

Parties to proceedings before the Commission are called applicants, petitioners, complainants, respondents, or intervenors. Applicants, petitioners, complainants, and respondents are original parties. On reconsideration parties are called by their original titles listed above. (7-1-21)T

**032. APPLICANTS (RULE 32).**

Persons who seek any right, license, award, or authority (except intervenors requesting intervenor funding) from the Commission are called “applicants.” (7-1-21)T

**033. PETITIONERS (RULE 33).**

Persons not applicants who seek to modify, amend or stay existing orders or rules, to clarify their rights or obligations under law administered by the Commission, to ask the Commission to initiate a proceeding (other than an application or a complaint), or to otherwise take action that will result in the issuance of an order or rule, but not seeking a right or authority from the Commission, are called “petitioners.” (7-1-21)T

**034. COMPLAINANTS (RULE 34).**

Persons charging other person(s) with any act or omission are called “complainants.” In any proceeding which the Commission charges an act or omission, the Commission is called “complainant.” (7-1-21)T

**035. RESPONDENTS (RULE 35).**

Persons against whom complaints or petitions are filed or about whom investigations are initiated are called “respondents.” (7-1-21)T

**036. INTERVENORS (RULE 36).**

Persons, not original parties to a proceeding, permitted to participate as parties pursuant to Rules 71 through 75, are called “intervenors.” (7-1-21)T

**037. COMMISSION STAFF (RULE 37).**

The Commission Staff, without intervention, may appear at any hearing and has all rights of participation as a party to the proceeding. If counsel is desired, a Deputy Attorney General for the Commission represents the Staff. (7-1-21)T

**038. RIGHTS OF PARTIES AND OF COMMISSION STAFF (RULE 38).**

Subject to Rules 249, 251 and 261, all parties and the Commission Staff may appear at hearing or argument, introduce evidence, examine witnesses, make and argue motions, state positions, and otherwise fully participate in hearings or arguments. (7-1-21)T

**039. PERSONS -- PERSONS NOT PARTIES -- INTERESTED PERSONS -- PUBLIC INVOLVEMENT (RULE 39).**

**01. Persons and Person Not Parties.** The term “person” includes natural persons, partnerships, corporations, associations, municipalities, government entities and subdivisions, and any other entity authorized by law to participate in administrative proceedings. Persons other than the persons named in Rules 32 through 37 are not parties for the purpose of any statute or rule addressing rights or obligations of parties. (7-1-21)T

**02. Interested Persons.** Interested persons for purposes of the Commission Secretary’s service of notice under Rules 113, 123, and 202 are municipalities, counties, and chambers of commerce in the area affected by a proceeding and persons who were parties in any proceeding of a similar kind involving the same utility or railroad in the preceding three (3) years. This rule defines interested persons for purposes of Rules 113, 123, and 202, but not for purposes of Section 61-626, Idaho Code. (7-1-21)T

**03. Public Involvement.** Persons interested in receiving periodic updates about filings made in certain groups of cases, in individual cases, or the issuance of press releases, orders and notices may subscribe to the Commission’s Rich Site Summary (RSS) feed located on the Commission’s home page at: [www.puc.idaho.gov](http://www.puc.idaho.gov). Subscription to general information will be available at the home page at “Keep Me Updated” and case specific subscription will be available at each case summary page. The Commission’s home page also contains links to other utility or Commission topics. (7-1-21)T

**040. (RESERVED)**

**041. INITIAL PLEADING BY PARTY -- LISTING OF REPRESENTATIVES (RULE 41).**

**01. Designation of Representative Required.** The initial pleading of each party to a proceeding (be it an application, petition, complaint, motion, or answer) must name the party’s representative(s) for service and state each representative’s mailing and electronic (if available) address for purposes of receipt of all official documents. Service of documents on the named representative(s) by mail or by electronic mail is valid service upon the party for all purposes in that proceeding. If no person is explicitly named as a party’s representative, the person signing the pleading will be considered the party’s representative. (7-1-21)T

**02. Number of Representatives.** No more than two (2) persons may be designated as a party’s representatives for purposes of service or receipt of official documents unless otherwise authorized by order. The Commission may condition such an order upon reasonable terms concerning payment of copying costs and mailing costs to additional representatives. (7-1-21)T

**042. TAKING OF APPEARANCES (RULE 42).**

The presiding officer at hearing or prehearing conference will take appearances to identify the representatives of all parties at the hearing. Parties whose pleadings have not been received by or distributed to all other parties may be required to state their interests at the hearing. (7-1-21)T

**043. REPRESENTATION OF PARTIES (RULE 43).**

Proceedings before the Commission are sometimes administrative in nature or quasi-judicial in nature. General requirements for the representation of parties are outlined below. (7-1-21)T

**01. Administrative Proceedings.** Administrative proceedings before the Commission include matters such as the filing of tariff schedules, tariff advices, price lists, certificates to provide local exchange service, interconnection agreements, rulemaking, written comments in modified procedure, or written comments provided at a customer hearing. These filings may be made by a natural person pro se, a partner in a partnership, an employee or officer of a corporation, or a licensed attorney. (7-1-21)T

- a.** Limited admission by out-of-state attorneys will not be necessary in conjunction with administrative proceedings. Out-of-state attorneys representing the same party in one (1) or more quasi-judicial proceedings must request limited admission at least one (1) time per calendar year. (7-1-21)T
- b.** An attorney applying for limited admission to appear before the Commission in a representative capacity shall file a written motion with the Commission Secretary and serve a copy on all parties. The motion shall be substantially in the form set out in Bar Rule 227(j) with references to the Commission instead of the court. (7-1-21)T
- c.** A copy of the written motion shall be submitted to the Idaho State Bar accompanied by the fee prescribed in Bar Rule 227. (7-1-21)T

**044. SERVICE ON REPRESENTATIVES OF PARTIES AND OTHER PERSONS (RULE 44).**

From the time a party files its initial pleading in a proceeding, that party must serve and all other parties must serve all future documents listed in Rule 51 upon all other parties' representatives designated pursuant to Rule 41, unless otherwise directed by order or notice or by the presiding officer on the record. The Commission may order parties to serve past documents filed in the case upon those representatives. The Commission may order parties to serve past or future documents filed in the case upon persons not parties to the proceedings before the Commission. (7-1-21)T

**045. WITHDRAWAL OF PARTIES (RULE 45).**

Any party must move the Commission in writing or at hearing to withdraw from a proceeding. (7-1-21)T

**046. SUBSTITUTION OF REPRESENTATIVE -- WITHDRAWAL OF REPRESENTATIVE (RULE 46).**

A party's representative may be changed and a new representative may be substituted by notice to the Commission

and to all other parties so long as the proceedings are not unreasonably delayed. The presiding officer at hearing may permit substitution of representatives at hearing in the presiding officer's discretion. Persons representing a party who wish to withdraw their representation of a party in a proceeding before the Commission must immediately file in writing a notice of withdrawal of representation and serve that notice on the party represented and all other parties.

(7-1-21)T

**047. CONDUCT REQUIRED (RULE 47).**

Representatives of parties and parties appearing in a proceeding must conduct themselves in an ethical and courteous manner.

(7-1-21)T

If the general rate case described in the notice is not filed within one-hundred twenty (120) days after filing of the notice of intent to file a general rate case, by operation of this rule a notice of intent to file a general rate case will be considered withdrawn unless it is supplemented with a written statement that the utility still intends to file a general rate case of the kind described in its notice of intent to file a general rate case. (7-1-21)T

**02. Exceptions for Trackers or Annual Cost Adjustments.** This rule applies only to general rate increases. Examples of cases outside the scope of this rule include (but are not limited to) fuel cost adjustments (e.g., PGA), power cost adjustment (PCA), commodity or purchased power tracker rate increases, emergency or other short-notice increases caused by disaster or weather-related or other conditions unexpectedly increasing a utility's expenses, rate increases designed to recover governmentally-imposed increases in costs of doing business, such as changes in tax laws or ordinances, or other increases designed to recover increased expenses arising on short notice and beyond the utility's control. (7-1-21)T

**123. PROPOSED CHANGES TO RATES OR RULES -- EFFECTIVE DATE -- NOTICE OF APPLICATION -- SUSPENSION (RULE 123).**

**01. Statutory Notice of Rate Changes.** No application by any public utility to change any rate, fare, toll, rental, charge or classification, or any rule, regulation, or contract relating to or affecting any rate, fare, toll, rental, charge, classification, or service, or in any privilege or facility, can be effective unless notice is given to the Commission and the public pursuant to Section 61-307, Idaho Code. If the application for such a change proposes an effective date fewer than thirty (30) days after the application is filed, the effective date of the change is delayed until thirty (30) days after the application is filed by operation of Section 61-307, Idaho Code, unless the Commission by order approves an earlier effective date for good cause shown. In the absence of an order approving or suspending any or all such proposed changes, the changes not suspended or approved go into effect thirty (30) days after filing or on their proposed effective date, whichever is later. If no effective date is proposed for the changes, the changes do not go into effect until approved by order. (7-1-21)T

(7-1-21)T

**03. Suspension of Proposed Rate Changes.** At any time before proposed changes take effect pursuant to Sections 61-307, Idaho Code and Rule 123.01 of this rule, the Commission may suspend the effectiveness of the changes pursuant to Sections 61-622, Idaho Code. Whenever the Commission suspends proposed changes for less than the maximum period of suspension allowed by statute, it may extend the period of the suspension to the statutory maximum consistent with the statutory standards. (7-1-21)T

**124. DESIGNATION AS GENERAL RATE CASE IN NOTICE OF APPLICATION (RULE 124).**

### **01. Customer Notice of a Change in Rates.** (7-1-21)T

**a.** If a utility is requesting a rate increase, the utility shall issue a customer notice to each customer. The customer notice shall include a brief explanation of the utility's need for additional revenue and the dollar amount requested. The notice shall give the proposed overall percentage change from current rates as well as the proposed percentage increase in revenue for each major customer class. (7-1-21)T

**b.** If the utility is requesting a rate decrease, the utility shall issue a customer notice to each customer. (7-1-21)T

**d.** The customer notice shall inform customers that written comments regarding the utility's application may be filed with the Commission. It shall also inform customers that they may subscribe to the Commission's RSS feed (Subsection 039.03) to receive periodic updates via e-mail about the case. (7-1-21)T

**02. Timing of Notice for Trackers or Annual Cost Adjustments.** Tracker adjustments occasioned by federal action that result in an increase or decrease in rates may be brought to the attention of customers in compliance with this rule after approval by the Commission. Other tracker or annual cost adjustment cases that result in an increase in rates remain subject to the requirements of advance notice contained in this rule. Other tracker or annual cost adjustment cases that result in a decrease in rates may be brought to the attention of customers in compliance with this rule after being approved by the Commission. (7-1-21)T

**03. Timely Distribution of Customer Notices.** The customer notices referred to in Subsection 125.01 may be mailed separately to customers or included in the customer's regular bill as a bill stuffer. At the customer's option, the customer notice may be provided electronically. The information required by this rule is to be clearly identified, easily understood, and pertain only to the proposed rate change. Distribution of customer notices shall commence when the utility files its application or as soon as possible thereafter. (7-1-21)T

**04. Press Release.** In instances covered by Subsection 125.01, the utility shall also send a press release containing, at minimum, the same information presented in the customer notices to all newspapers, radio, and television stations listed on the Commission’s news organization list for that utility. The press releases shall be mailed or delivered simultaneously with filing of the application. (7-1-21)T

**05. Filing of a Press Release and Customer Notice.** A copy of the press release and customer notice shall be filed with the application. (7-1-21)T

**06. Purposes and Effects of This Rule.** The purposes of Subsections 125.01 through 125.05 of this rule are to encourage wide dissemination to customers of information concerning proposed rate changes for utility services. It is not a purpose of these subsections to create due process or other procedural rights in customers by expanding, contracting, or otherwise modifying the notice and due process rights of customers under the Public Utilities Law and the Commission’s Rules of Procedure, IDAPA 31.01.01. Accordingly, Subsections 125.01 through 125.05 of this rule create no individual procedural rights in any customer for notice that would give rise to a due process or other procedural claim cognizable by the Commission, but failure to comply with Subsections 125.01 through 125.05 of this rule can be grounds for returning an application for incompleteness. (7-1-21)T

**126. APPLICATION TO APPROVE INTERCONNECTION AGREEMENTS (RULE 126).**

**01. Uncontested Agreements.** A telephone corporation may file an application for the Commission to approve voluntarily negotiated, adopted or amended interconnection agreements pursuant to Section 252 of the federal Telecommunications Act of 1996, <http://www.fcc.gov/telecom.html>. (7-1-21)T

**02. **PART 3 – POST-PLEADING PROCEDURE**  
**(Rules 201-300)**

**MODIFIED PROCEDURE**  
**(Rules 201-210)**

**201. SCOPE OF MODIFIED PROCEDURE (RULE 201).**

The Commission may preliminarily find that the public interest may not require a hearing to consider the issues presented in a proceeding and that the proceeding may be processed under modified procedure, i.e., by written submissions rather than by hearing. (7-1-21)T

**202. NOTICE OF MODIFIED PROCEDURE (RULE 202).**

**01. Notice of Modified Procedure.** When the Commission finds that it may not be in the public interest to hold a hearing in a matter, notice of modified procedure will be issued. It will: (7-1-21)T

- a. Describe the issues presented in the proceeding; (7-1-21)T
- b. Summarize the moving party’s justification for the proposed changes and its position; (7-1-21)T
- c. State that the Commission finds that it may be in the public interest not to hold a hearing in the proceeding and will not do so unless it receives written protests or comments opposing the use of modified procedure and stating reasons why modified procedure should not be used; and (7-1-21)T
- d. Establish the deadline for filing written protests or comments, and a reply by the moving party. (7-1-21)T

**02. Distribution of Notice.** Copies of the notice of modified procedure will be provided to all interested persons, including newspapers, municipalities, counties, and chambers of commerce located within the territorial scope of the application, petition or complaint whose readers, citizens or members may be affected by the

proceedings and to all parties. Unless otherwise provided by the notice of modified procedure, all interested persons will have at least twenty-one (21) days from the date of the notice to file a written protest or comment. (7-1-21)T

**203. PROTESTS AND COMMENTS (RULE 203).**

Any person affected by the proposal of the moving party may file a written protest, support or comment before the deadline of the notice of modified procedure. Protests, supports and comments must contain a statement of the reasons for the protest, support or comment, but need not ask for a hearing. Persons desiring a hearing must specifically request a hearing in their written protests or comments. A copy of the person's protest, support or comment must be served on the representative of the moving party. (7-1-21)T

**204. ACTION BY COMMISSION (RULE 204).**

If no protests, supports or comments are received within the deadline, the Commission may consider the matter and enter its order without a hearing. If protests, supports, comments or a reply are filed within the deadlines, the Commission will consider them and may set the matter for hearing or may decide the matter and issue its order on the basis of the written positions before it. (7-1-21)T

**205. -- 210. (RESERVED)**

**PREHEARING CONFERENCES**  
**(Rules 211-220)**

**211. PURPOSES OF PREHEARING CONFERENCES (RULE 211).**

The Commission may by order or notice issued to all parties and to all interested persons as defined in Rule 39 convene a prehearing conference for the purposes of formulating or simplifying the issues, obtaining concessions of fact or of identification documents to avoid unnecessary proof, scheduling discovery, arranging for the exchange of proposed exhibits or prepared testimony, limiting witnesses, scheduling hearings, establishing procedure at the hearings, discussing settlement offers or making settlement offers, and addressing other matters that may expedite orderly conduct and disposition of the proceeding or its settlement. (7-1-21)T

**212. NOTICE OF PREHEARING CONFERENCES (RULE 212).**

Notice of the place, date and hour of a prehearing conference will be served at least fourteen (14) days before the time set for the conference, unless the Commission finds by order that the public necessity requires the conference to be held earlier. Notices for prehearing conferences must contain the same information as notices of hearing with regard to the Commission's obligations under the Americans with Disabilities Act. See Rule 242. (7-1-21)T

**213. RECORD OF CONFERENCE (RULE 213).**

Prehearing conferences may be held formally (on the record) or informally (off the record) before or in the absence of a Commissioner or hearing examiner, according to order or notice. Agreements by the parties to the conference may be recorded by the reporter during formal conferences or may be reduced to writing and filed with the Commission Secretary after formal or informal conferences. (7-1-21)T

**214. ORDERS RESULTING FROM PREHEARING CONFERENCES (RULE 214).**

The Commission may issue a prehearing order or notice based upon the results of the agreements reached at a prehearing conference. The order or notice will bind all persons who could have participated in the prehearing conference, but did not, and all those who later file untimely interventions. A prehearing order will control the course of subsequent proceedings unless modified by the Commission for good cause. (7-1-21)T

**215. CONFERENCE PROCEEDINGS PRIVILEGED (RULE 215).**

Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in prehearing conferences are privileged and are not part of the record. Except by agreement, facts disclosed cannot be used against participating parties, before the Commission or elsewhere, unless proved by independent evidence. Offers made and other aspects of negotiations or settlement other than a final agreement itself are privileged. (7-1-21)T

**216. -- 220. (RESERVED)**

**DISCOVERY – RELATED PREHEARING PROCEDURE  
(Rules 221-240)**

**221. KINDS AND SCOPE OF DISCOVERY LISTED (RULE 221).**

The kinds of discovery recognized and authorized by these rules are: (7-1-21)T

**01. Depositions.** (7-1-21)T

**02. Production Requests or Written Interrogatories.** (7-1-21)T

**03. Requests for Admission.** (7-1-21)T

**04. Subpoenas.** (7-1-21)T

**05. Statutory Examination and Audit.** Unless otherwise provided by these rules, order, or notice, the scope and procedure of discovery, other than statutory examination and audit, is governed by the Idaho Rules of Civil Procedure. (See Idaho Rule of Civil Procedure 26(b)). (7-1-21)T

**222. DISCOVERY AUTHORIZED (RULE 222).**

The Commission, individual Commissioners, and all parties to a proceeding have a right of discovery of all other parties to a proceeding. The Commission may by order authorize or compel necessary discovery not listed in these rules. (7-1-21)T

**223. RIGHTS TO DISCOVERY RECIPROCAL (RULE 223).**

All parties to a proceeding and the Commission Staff have a right of discovery of all other parties to the proceeding and the Commission Staff according to these rules. The Commission may by order direct further discovery not provided by these rules. (7-1-21)T

**224. DEPOSITIONS (RULE 224).**

Depositions may be taken in accordance with Section 61-605, Idaho Code, and the Idaho Rules of Civil Procedure for any purpose allowed by statute, Idaho Rule of Civil Procedure, rule of the Commission, order or notice. Depositions may be taken of expert witnesses notwithstanding contrary provisions of the Idaho Rules of Civil Procedure. Depositions rather than production requests or written interrogatories should be used to obtain statements of opinion or policy not previously written or published. Unless otherwise provided by order or notice or agreed to by the deponent or the deponent's attorney, notice of deposition must be given at least fourteen (14) days before deposition is taken. (7-1-21)T

**225. PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND REQUESTS FOR ADMISSION (RULE 225).**

**01. When Requests May Be Used.** Production requests or written interrogatories and requests for admission may be taken in accordance with the Idaho Rules of Civil Procedure for any purpose allowed by statute, Idaho Rule of Civil Procedure, rule of the Commission, order or notice, except: (7-1-21)T

**a.** Production requests or written interrogatories should not be used to obtain statements of opinion or policy not previously written or published and may be objected to on that ground; and (7-1-21)T

**b.** Requests for admission concerning a matter of opinion or policy or the application of law, order or rule to fact may be denied generally and the reasons for denial required to be discovered by deposition rather than by request for admission, but a request for admission on any matter of opinion or policy or application of law to fact on an uncontested matter must be answered. (7-1-21)T

**02. Form of Requests.** The caption of a production request or written interrogatory and of a request for admission must identify the party making the request or interrogatory, the party to whom the request or interrogatory is directed, and the number of the request or interrogatory to that party. Separate questions within a production request or written interrogatory or within a request for admission must be numbered consecutively within the request or interrogatory and consecutively with earlier production requests or written interrogatories and requests for

admission, respectively, from the same party submitting the questions to the same party answering them. For example, if the last question of the Third Production Request of the Commission Staff to XYZ Electric Company is numbered 33, the first question of the Fourth Production Request of the Commission Staff to XYZ Electric Company must be numbered 34. But, if the Staff's next production request is its first to intervenor ABC Company, that request must begin with question one (1) to that intervenor. (7-1-21)T

**03. Time for Objection and Answer.** Unless otherwise provided by order, notice, or these rules, or pursuant to agreement with or acquiescence of the answering party, parties have at minimum fourteen (14) days to object or explain why a question cannot be answered according to this rule and twenty-one (21) days to answer. (7-1-21)T

**04. Numbers of Requests.** The number of production requests or written interrogatories and of requests for admission and individual questions or subparts in them may be limited by order, notice or rule of the Commission, but are not limited by the provisions of the Idaho Rules of Civil Procedure. (7-1-21)T

**226. SUBPOENAS (RULE 226).**

**01. Issuance of Subpoenas.** Upon a motion in writing, or upon a Commissioner's own initiative without motion, any Commissioner may issue subpoenas: (7-1-21)T

a. Requiring the attendance of a witness from any place in Idaho; (7-1-21)T

b. The production of documents from any place in Idaho; or (7-1-21)T

c. The production of any books, accounts, papers or records of a utility or carrier kept within or without Idaho to any designated place of deposition, hearing or investigation for the purpose of taking testimony or examining documents before the Commission, a Commissioner or hearing examiner. (7-1-21)T

**02. Witness or Travel Fees.** A party's motion to issue a subpoena must be accompanied by a statement that the party will tender to the subpoenaed person all fees required by statute and rules if the subpoena is issued. (7-1-21)T

**03. Motions to Quash.** The Commission upon motion to quash made promptly, and in any event, before the time to comply with the subpoena, may: (7-1-21)T

a. Quash the subpoena; or (7-1-21)T

b. Condition denial of the motion to quash upon reasonable terms. (7-1-21)T

**227. STATUTORY EXAMINATION AND AUDIT -- CONTRASTED WITH OTHER DISCOVERY (RULE 227).**

Statutory examination and audit refers to the right of the Commission, an individual Commissioner, or an authorized member of the Commission Staff to review and inspect the books, records and premises of regulated utilities and carriers pursuant to statute. This right of statutory examination and audit is independent of any right of discovery in formal proceedings and may be exercised whether or not a regulated utility or carrier is party to a formal proceeding before the Commission. Information obtained from statutory examination and audit may be used in formal proceedings or for any other regulatory purpose. The rights of deposition, production request or written interrogatory, request for admission, and subpoenas can be used by parties only in connection with formal proceedings before the Commission. (7-1-21)T

**228. ANSWERS TO PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND TO REQUESTS FOR ADMISSION (RULE 228).**

**01. When Answers Not Filed.** Answers to production requests or written interrogatories and to requests for admission need not be filed and served in the following circumstances: (7-1-21)T

a. Voluminous answers may be filed in a depository designated and agreed to by the parties or

designated by the Commission, and an explanation notifying the parties of the availability of the answers at the depository must be filed and served in their stead. (7-1-21)T

**b.** Answers involving data compiled by computer may be transmitted in computer-readable form (e.g., by disk or other mutually agreed means) to the party requesting them and to all other parties requesting them in similar computer-readable forms and an explanation notifying the parties of their distribution must be filed and served in their stead. (7-1-21)T

**02. Filing of Answers.** Except as provided in Rule 228.01, answers to production requests or written interrogatories and to requests for admission must restate in full each question asked, then state in full the party's response to the question and the persons who will be able to answer questions about or sponsor the answer at hearing. Answers to production requests or interrogatories need not be separately answered under oath by each person preparing the party's response to the question or each witness who will be able to answer questions about or sponsor the answer, but instead can be generally subscribed by the party's representative. The restatement of the question and its accompanying answer must begin on a new page whenever the preceding answer refers to other documents or whenever the preceding question in the particular production request or written interrogatory is not answered in full in that document. (7-1-21)T

**229. FILING AND SERVICE OF DISCOVERY AND RELATED DOCUMENTS (RULE 229).**

Notices of deposition, production requests or written interrogatories, requests for admission, answers to production requests or written interrogatories, answers to requests for admission, explanations in lieu of answers under Rule 228.01, and objections to discovery shall be filed with the Commission Secretary and copies served on all parties according to Rules 61, 62, 63, and 64. (7-1-21)T

**230. EXHIBIT NUMBERS -- PREPARED TESTIMONY AND EXHIBITS (RULE 230).**

The Commission Secretary assigns exhibit numbers to each party. Applicants, petitioners, or complainants are assigned exhibit nos. 1-100. If the Commission is complainant, the Staff is assigned exhibit nos. 1-100. In all other cases, the Staff is assigned exhibit nos. 101-200. Respondents and intervenors are assigned exhibit nos. 201-300, 301-400, etc., as they make their first pleading, but the lower series are reserved first for respondents, then for intervenors. These assigned numbers should be used in all prepared testimony. (7-1-21)T

**231. PREPARED TESTIMONY AND EXHIBITS (RULE 231).**

**01. Prepared Testimony May Be Required.** Order, notice or rule may require a party or parties to submit prepared testimony and exhibits to be presented at hearing. (7-1-21)T

**02. Format for Prepared Testimony.** (7-1-21)T

**a.** Prepared testimony and exhibits must be accompanied by a cover sheet showing the case caption and case title, the person testifying, the party for whom the testimony is offered, and the nature of the testimony (direct, rebuttal, etc.). (7-1-21)T

**b.** The first page of prepared testimony should contain testimony only (i.e., it should begin with the first question to the witness and not repeat the information on the cover page). (7-1-21)T

**c.** Prepared testimony must be submitted on white eight and one-half by eleven inch (8-1/2" x 11") paper, be double-spaced (except for quoted material and tables or other collections of numerical data), and contain no more than ten (10) characters per inch and no less than twenty-five (25) lines of double-spaced testimony or more than thirty (30) lines per page. Each page may be printed on the front and back (duplexed). (7-1-21)T

**d.** Each line of prepared testimony must be numbered at the left margin (except single-spaced quotations or tables of numerical data, which may be numbered at the left margin as though they were double-spaced). Each page of testimony must have a one and one-half (1-1/2) inch left margin that will allow the page to be bound on its left side without obscuring the printed material. Indentations for paragraphing and for "Q" and "A" must be seven (7) spaces. (7-1-21)T

**e.** Each page of prepared testimony must be numbered at the lower right corner and must be blank in

the center of the bottom margin to allow the reporter to insert transcript page numbers there. Each page of prepared testimony must have at least a one-inch (1”) top and bottom margin. (7-1-21)T

**f.** Each page of prepared testimony must contain the witness’s surname followed by the designation “Di” (signifying direct testimony) or “Di-Reb” (signifying direct testimony on rebuttal) and the name of the party sponsoring the testimony printed in the lower right margin. For example, the marginal notation on page 5 of the testimony of the witness Lynn Accountant of ABC Company would be:

5	or	Accountant, Di 5
Accountant, Di		ABC Company
ABC Company		

(7-1-21)T

**03. References to Exhibits.** All references to exhibits in prepared testimony must refer to the exhibits by their number as assigned by the Commission Secretary. Exhibits accompanying prepared testimony must be consecutively numbered from the first exhibit number assigned to the party by the Commission Secretary if the party has not previously identified exhibits, or from the highest exhibit number previously identified by that party. Exhibits must be filed on eight and one-half by eleven inch (8-1/2” x 11”) paper unless it is impractical to make them that size. Exhibits accompanying prepared testimony must comply with Rule 267. (7-1-21)T

**04. Number of Copies -- Filing and Service.** Unless otherwise provided by order, notice or agreement of the parties, nine (9) legible copies of prepared testimony and exhibits must be filed with the Commission Secretary and copies filed on all parties pursuant to Rules 61, 62, 63 and 64 at least fourteen (14) days before the hearing at which they will be presented. The original, if there is an original, or one (1) of the copies, if there is not, must be specifically designated as the reporter’s copy by cover sheet, attached note or otherwise, and be included with the copies filed with the Commission Secretary. In special circumstances, notice or order may provide that the reporter’s copy of prepared testimony and exhibits be served directly on the reporter rather than the Commission Secretary. (7-1-21)T

**05. Computer-Searchable Copies of Testimony.** In addition to the paper copies of prepared testimony, the Commission Secretary may also require or the parties may agree that some or all of the prepared testimony to be submitted to the Secretary, parties and the reporter in computer searchable CD-ROM without password protection. The CD-ROM shall be in Adobe Acrobat (PDF) or other searchable format agreed upon by the reporter and the parties. Each CD-ROM shall be labeled with the Commission’s case number, case name, the name of each witness and the sponsoring party. (7-1-21)T

**232. SANCTIONS FOR FAILURE TO OBEY ORDER COMPELLING DISCOVERY (RULE 232).**  
The Commission may impose all sanctions recognized by the Public Utilities Law for failure to comply with an order compelling discovery. (7-1-21)T

**233. ASSERTIONS THAT DISCOVERED MATERIAL IS PROTECTED FROM PUBLIC INSPECTIONS -- PROCEDURES (RULE 233).**

**01. Assertion of Protection.** Whenever any party to a request for discovery believes that material otherwise discoverable is protected by statute or rule of law from inspection, examination or copying by the general public, the attorney for the party asserting the material is protected by law from inspection, examination or copying must state that the answer or some portion of it is protected, citing the specific statute or other legal authority for that position. The attorney’s assertion constitutes a representation that the attorney is familiar with the material claimed not to be available for public inspection, examination and copying and in good faith believes there is a basis in law for that claim. (7-1-21)T

**02. Procedures.** When an answer contains material, some of which is protected by law from public inspection, examination, and copying and some of which is not, the protected material must be reproduced on yellow paper and separated from material available for public review. Each page of the material exempt from public review must be marked “Trade Secrets” or “Confidential.” All material exempt from public review shall be filed with the Commission Secretary and served on all parties under seal pursuant to Rule 229. Material exempt from public review shall be separately stored in a secure location with limited access and safeguarded from unauthorized disclosure. All

material for which no assertion of protection against public inspection, examination and copying is made will be placed in files available for public inspection. (7-1-21)T

**234. ASSERTION OF RIGHT AGAINST SELF-INCRIMINATION DURING DISCOVERY -- IMMUNITY (RULE 234).**

**01. Assertion of Right.** During discovery any person may assert the right not to testify or not to produce documents upon the ground that the testimony or production of documents may tend to incriminate the person or subject him or her to penalty or forfeiture. (7-1-21)T

**02. Granting of Immunity.** The Commission or any Commissioner may direct that person to testify or produce documents by written order or upon the record at hearing. In such case, that person shall not be prosecuted, punished or subjected to any forfeiture or penalty for or on account of any act, transaction, matter or thing concerning which he or she shall under oath have testified or produced documentary evidence: provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed in that testimony. (7-1-21)T

**03. No Immunity Without Assertion of Right.** No immunity is granted under this rule or under Section 61-606, Idaho Code, in the absence of a specific assertion of the persons' rights under Section 61-606, Idaho Code, and the Commission's or a Commissioner's written order or direction on the record at hearing compelling the person to testify or produce written documents and immunizing the person from prosecution, punishment, forfeiture or penalty according to this rule and Section 61-606, Idaho Code. No immunity granted under this rule or Section 61-606, Idaho Code, shall extend to any public utility. (7-1-21)T

**235. -- 240. (RESERVED)**

**HEARINGS – MISCELLANEOUS PROCEDURE  
(Rules 241-260)**

**241. NOTICE OF HEARING (RULE 241).**

**01. Timing of Notice.** Notice of the place, date and hour of hearing will be served at least fourteen (14) days, or in the case of formal complaints, twenty-one (21) days, before the time set for hearing, unless the Commission finds by order that the public necessity requires the hearing to be held earlier. (7-1-21)T

**02. Contents of Notice.** Notices must comply with Rule 242's requirements. Notices must list the names of the parties (or the lead parties if the parties are too numerous to name), the case number, and the name of the hearing officer who will conduct the hearing if the case will not be heard by one (1) or more Commissioners. If no document previously issued by the Commission has listed the legal authority of the Commission to conduct the hearing, the notice of hearing must do so. The notice of hearing shall state that the hearing will be conducted under these rules of procedure and inform the parties where they may read or obtain a copy. (7-1-21)T

**03. Locations of Hearing.** Hearings may be held in Boise, Idaho, or at other places designated by notice or order. (7-1-21)T

**04. Types of Formal Hearings.** The Commission generally conducts two (2) types of formal public hearings. (7-1-21)T

**a.** A technical hearing is a public hearing where parties present witnesses and their prepared testimony and exhibits. (7-1-21)T

**b.** A customer hearing is a public hearing for customers, public officials, and other persons not related to parties in the case to provide testimony. Unless otherwise ordered by the presiding officer, parties are prohibited from presenting evidence at the customer hearing. (7-1-21)T

**242. FACILITIES AT OR FOR HEARING AND ADA REQUIREMENTS (RULE 242).**

All hearings must be held in facilities meeting the accessibility requirements of the Americans with Disabilities Act (ADA). All notices of hearing must inform the parties that the hearing will be conducted in facilities meeting the

accessibility requirements of the Americans with Disabilities Act. All notices of hearing must inform the parties and other persons notified that if they require assistance of the kind that the Commission is required to provide under the Americans with Disabilities Act (e.g., sign language interpreters, Braille copies of documents) in order to participate in or understand the hearing, the Commission will supply that assistance upon request made seven (7) days before hearing. (7-1-21)T

**243. HOW HEARINGS ARE HELD (RULE 243).**

**01. All Hearings Presumed Open.** All hearings conducted by the Commission are open to the public except when a hearing may be partially closed to safeguard trade secrets or other confidential information protected from public disclosure. If parties intend to cross-examine or offer testimony that may necessitate the partial closure of a hearing, they shall advise the Commission or presiding officer at the beginning of the hearing or as soon as thereafter as practical. The Commission disfavors closed hearings and parties shall take all reasonable measures to avoid the need to close a public hearing. Such measures include: (7-1-21)T

- a. Using references to page and line or column numbers; (7-1-21)T
- b. Using summaries or generalizations; (7-1-21)T
- c. Stipulating that the evidence be offered in the public hearing; or (7-1-21)T
- d. Offering testimony in writing. (7-1-21)T

**02. Methods of Conducting Hearings.** Hearings may be held in person or by telephone or television or other electronic means, if each participant to the hearing has an opportunity to participate in the entire proceeding while it is taking place. (7-1-21)T

**244. CONDUCT AT HEARINGS (RULE 244).**

All persons attending a hearing must conduct themselves in a respectful and courteous manner. Persons disrupting the hearing shall be asked to leave by the presiding officer. See Rule 47 and Section 18-6409(1), Idaho Code. Smoking is not permitted at hearings. (7-1-21)T

**245. CONFERENCE AT HEARING (RULE 245).**

In any proceeding the presiding officer may convene the parties before hearing or recess the hearing to discuss formulation or simplification of the issues, admissions of fact or identification of documents to avoid unnecessary proof, exchanges of documents, exhibits or prepared testimony, limitation of witnesses, establishment of order of procedure, and other matters that may expedite orderly conduct of the hearing. The presiding officer will state the results of the conference on the record. (7-1-21)T

**246. PRELIMINARY PROCEDURE AT HEARING (RULE 246).**

Before taking evidence the presiding officer will call the hearing to order, take appearances of parties, and act upon any pending motions or petitions. The presiding officer may allow opening statements as necessary or appropriate to explain a party's presentation. (7-1-21)T

**247. CONSOLIDATION OF PROCEEDINGS (RULE 247).**

The Commission may consolidate two (2) or more proceedings for hearing when it finds that they present issues that are related and that the rights of the parties will not be prejudiced. In consolidated hearings the presiding officer determines the order of the proceeding. (7-1-21)T

**248. STIPULATIONS (RULE 248).**

Parties may stipulate among themselves to any fact at issue by written statement filed with the Commission Secretary or presented at hearing or by oral statement on the hearing record. A stipulation binds all parties agreeing to it only according to its terms. The Commission may regard a stipulation as evidence, but the Commission may require proof by evidence of the facts stipulated. The Commission is not bound to adopt a stipulation of the parties, but may by order do so. If the Commission rejects a stipulation, it will do so before issuing a final order, and it will provide an additional opportunity for the parties to present evidence and arguments on the subject matter of the rejected stipulation. (7-1-21)T

**249. ORDER OF PROCEDURE (RULE 249).**

**01. Order of Presentation of Evidence.** The parties' evidence will ordinarily be introduced in the following order: (7-1-21)T

**a.** Upon applications: (7-1-21)T

**i.** Applicant; (7-1-21)T

**ii.** Intervenors; (7-1-21)T

**iii.** Commission Staff; and (7-1-21)T

**iv.** Rebuttal by applicant. (7-1-21)T

**b.** Upon formal complaints or petitions (except when the Commission is complainant): (7-1-21)T

**i.** Complainant or petitioner; (7-1-21)T

**ii.** Intervenors; (7-1-21)T

**iii.** Commission Staff; (7-1-21)T

**iv.** Respondents; and (7-1-21)T

**v.** Rebuttal by complainant or petitioner. (7-1-21)T

**c.** Upon complaints by Commission: (7-1-21)T

**i.** Commission Staff; (7-1-21)T

**ii.** Intervenors; (7-1-21)T

**iii.** Respondents; and (7-1-21)T

**iv.** Rebuttal by Commission Staff. This order of presentation of evidence may be modified by the Commission or presiding officer. Additional evidence may be taken in the discretion of the Commission or presiding officer. Evidence of public witnesses may be taken at any time. (7-1-21)T

**02. Order of Examination of Witnesses.** Witnesses will ordinarily be examined in the following order: (7-1-21)T

**a.** Direct examination by sponsoring party or direct statement of public witness; (7-1-21)T

**b.** Examination by applicants, petitioners or complainants; (7-1-21)T

**c.** Examination by intervenors; (7-1-21)T

**d.** Examination by respondents; (7-1-21)T

**e.** Examination by Commission Staff (except when the Staff acts as complainant); (7-1-21)T

**f.** Examination by Commissioners or hearing examiners; and (7-1-21)T

**g.** Redirect examination or rebuttal statement. The presiding officer may allow additional examination of witnesses or vary the order of examination of witnesses. The presiding officer may vary the order of examination

of witnesses to allow parties with interests adverse to the witness to examine the witness after parties with interests similar to the witness. (7-1-21)T

**250. TESTIMONY UNDER OATH (RULE 250).**

All testimony presented in formal hearings will be given under oath. Before testifying each witness must swear or affirm that the testimony the witness will give before the Commission is the truth, the whole truth, and nothing but the truth. (7-1-21)T

**251. PARTIES AND PERSONS WITH SIMILAR INTERESTS (RULE 251).**

If two (2) or more parties or persons have substantially like interests or positions, to expedite the proceeding and avoid duplication the presiding officer may limit the number of them who testify, examine witnesses, or make and argue motions and objections. (7-1-21)T

**252. CONTINUANCE OF HEARING (RULE 252).**

The Commission or presiding officer may continue proceedings for further hearing. When a hearing for an application described by Rule 121 is continued at the request of the applicant, the applicant may be required, as a condition of granting the motion for continuance, to consent to an order tolling the running of any suspension period if the Commission ultimately finds that a final order cannot be issued within the suspension period because the applicant's request for a continuance was granted. (7-1-21)T

**253. RULINGS AT HEARINGS (RULE 253).**

The presiding officer rules on motions presented at hearing. The presiding officer's rulings may be reviewed by the full Commission in determining the matter on its merits. In extraordinary circumstances, the presiding officer may refer or defer these matters to the full Commission for determination. (7-1-21)T

**254. ORAL ARGUMENT (RULE 254).**

The Commission may set and hear oral argument on any matter before it on reasonable notice according to the circumstances. (7-1-21)T

**255. BRIEFS -- PROPOSED ORDERS OF THE PARTIES -- STATEMENTS OF POSITION -- PROPOSED ORDER OF THE COMMISSION (RULE 255).**

In any proceeding, any party may move to file briefs, memoranda, proposed orders of the parties or statements of position, and the Commission or presiding officer may request briefs, proposed orders of the parties, or statements of position. The Commission or presiding officer may issue a proposed order and ask the parties for comment upon the proposed order. (7-1-21)T

**256. PROCEDURE ON MOTIONS (RULE 256).**

**01. Argument.** The Commission may consider and decide prehearing motions with or without oral argument or hearing. If oral argument or hearing on a motion is requested and denied, the Commission must state its grounds for denying the request. (7-1-21)T

**02. Requirements for Motion for Expeditious Substantive Relief.** A motion requesting substantive relief on fewer than fourteen (14) days' notice will not be acted upon on fewer than fourteen (14) days' notice unless it states: (7-1-21)T

**a.** The facts supporting its request to act on shorter notice; and (7-1-21)T

**b.** 1) That at least one (1) representative of all parties has received actual notice of the motion, by telephone or personal delivery of the motion; or 2) stating the efforts made to reach representatives of those parties not contacted and what efforts will continue to be made to contact them. Except as otherwise provided in this paragraph, the Commission will allow at least two (2) days (excluding Saturdays, Sundays and legal holidays) after notification by telephone or actual receipt of the motion for parties to inform the Commission Secretary, either in writing personally delivered to the Secretary or by telephone, whether they support or oppose the motion and whether they desire to be heard on the motion in person, in writing or by telephone. Except in extraordinary circumstances in which the Commission states good cause for ruling on a motion without allowing two (2) days for parties to state their positions or to present their position on the motion either in person, in writing or by telephone, the Commission

will not rule on a substantive motion. Whenever an order is issued in such extraordinary circumstances, it will expire in no more than seven (7) days. (7-1-21)T

**03. Motions for Procedural Relief.** A motion requesting procedural relief on fewer than fourteen (14) days' notice is properly filed if it complies with provisions of Rule 256.02.a. and 256.02.b. The Commission may act on such a motion without waiting for responses of other parties. (7-1-21)T

**04. Support or Opposition to Prehearing Motion.** When a prehearing motion has been filed, all parties seeking similar substantive or procedural relief must join in the motion or file their own motions within seven (7) days after receiving the original motion. The party answering to or responding to the motion(s) will have fourteen (14) days from the time of filing of the last motion or joinder pursuant to the requirements of the previous sentence in which to respond, except as provided in Rule 256.02 and 256.03 of this rule. (7-1-21)T

**257. JOINT HEARINGS (RULE 257).**

When the Commission participates jointly with a federal regulatory agency, the rules of practice and procedure of the federal agency govern. When the Commission participates jointly with an administrative body of another state or other states, the rules of the state where the hearing is held govern unless otherwise agreed upon by the participating agencies. Any person entitled to appear in a representative capacity for any of the agencies involved in a joint hearing may do so in such joint hearing. (7-1-21)T

**258. COMMISSIONERS -- HEARING EXAMINERS -- PROCEDURE (RULE 258).**

**01. Officers Holding Hearings.** Hearings are held before one (1) or more Commissioners or one (1) or more hearing examiners appointed by the Commission. The presiding officer is designated by the Commission. Any Commissioner or hearing examiner may administer oaths. (7-1-21)T

**02. Procedure When Hearing Examiner Holds Hearing.** When a hearing examiner hears a proceeding, the examiner must prepare and file recommended findings of fact with the Commission Secretary and serve copies of them on all parties of record within fourteen (14) days after receipt of the hearing record, unless the examiner's recommended findings are stated on the record at hearing. Unless otherwise provided by order or notice, the Commission will issue its decision based upon its independent review of the record and of the hearing examiner's recommended findings of fact. (7-1-21)T

**259. ASSERTION OF RIGHT AGAINST SELF-INCRIMINATION AT HEARING -- IMMUNITY (RULE 259).**

**01. Assertion of Right.** At hearing any person may assert the right not to testify or not to produce documents upon the ground that the testimony or production of documents may tend to incriminate the person or subject him or her to penalty or forfeiture. (7-1-21)T

**02. Granting of Immunity.** The Commission or any Commissioner may direct that person to testify or produce the document by written order or upon the record at hearing. In such case, that person shall not be prosecuted, punished or subjected to any forfeiture or penalty for or on account of any act, transaction, matter or thing concerning which the person shall under oath have testified or produced documentary evidence: provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by him or her in that testimony. (7-1-21)T

**03. No Immunity Without Assertion of Right.** No immunity is granted under this rule or under Section 61-606, Idaho Code, in the absence of a specific assertion of the person's rights under Section 61-606, Idaho Code, and the Commission's or a Commissioner's written order or direction on the record at hearing compelling the person to testify or produce written documents and immunizing the person from prosecution, punishment, forfeiture or penalty according to this rule and Section 61-606, Idaho Code. No immunity granted under this rule or Section 61-606, Idaho Code, shall extend to any public utility. (7-1-21)T

**260. SUMMARY OF POSITION(S) AND TESTIMONY (RULE 260).**

Each utility shall make available to the public at all Commission hearings a brief written summary of the utility's position(s) and testimony filed in the case under consideration except when the Commission has determined that a

summary is not necessary. If the utility is requesting a rate increase, its summary shall address the utility's need for additional revenue, the total dollar amount requested, and the proposed percentage increase or decrease in rates for each major customer class. The Commission Staff and intervenors shall also provide a brief summary of their recommendations and the testimony filed in the case under consideration. These summaries and presentations are provided solely for the convenience of the public and will not be allowed as evidence or form the basis for cross-examination of any witness. (7-1-21)T

**EVIDENCE  
(Rules 261-270)**

**261. RULES OF EVIDENCE -- EVALUATION OF EVIDENCE (RULE 261).**

The presiding officer at hearing is not bound by the Idaho Rules of Evidence. No informality in any proceeding or in the manner of taking testimony invalidates any order made, approved or confirmed by the Commission. Rules as to the admissibility of evidence used by the district courts of Idaho in non-jury civil cases are generally followed, but evidence (including hearsay) not admissible in non-jury civil cases may be admitted to determine facts not reasonably susceptible of proof under the Idaho Rules of Evidence. The presiding officer, with or without objection, may exclude evidence that is irrelevant, unduly repetitious, inadmissible on constitutional or statutory grounds, or inadmissible on the basis of any evidentiary privilege provided by statute or recognized in the courts of Idaho, and order the presentation of such evidence to stop. All other evidence may be admitted if it is a type generally relied upon by prudent persons in the conduct of their affairs. The Commission's expertise, technical competence and special knowledge may be used in the evaluation of the evidence. (7-1-21)T

**262. DOCUMENTARY EVIDENCE -- INTRODUCTION OF RECORDS IN THE COMMISSION SECRETARY'S OFFICIAL FILE (RULE 262).**

Documentary evidence may be received in the form of copies or excerpts. Upon request, parties shall be given an opportunity to compare the copy with the original if available. When a party offers in evidence any portion of a transcript, exhibit, or other record from any other proceeding before the Commission, the portion offered must be specifically described and, if admitted, will be made an exhibit. The party offering the exhibit must comply with Rule 267. (7-1-21)T

**263. OFFICIAL NOTICE (RULE 263).**

**01. Matters That May Be Officially Noticed.** The Commission may officially note at hearing and in its orders: (7-1-21)T

**a.** (1) Its own orders, notices, rules, certificates and permits, and (2) those of any other regulatory agency, state or federal; (7-1-21)T

**b.** (1) matters of common knowledge, (2) technical, financial, or scientific facts established and published in accepted authorities or in the Commission's specialized knowledge, and (3) matters judicially noticeable; and (7-1-21)T

**c.** Data contained in periodic reports of regulated utilities filed with the Commission or federal regulatory agencies. (7-1-21)T

**02. Procedure for Taking Official Notice.** When officially noting on its own motion matters described in Rule 263.01.b.(2) or 263.01.c. or adjudicative facts under Rule 263.01.b.(3) of this rule, the Commission will give the parties appropriate opportunity to respond or refute such matters noticed. Unless otherwise agreed by the parties and approved by the presiding officer, parties requesting the Commission to take official notice of documents must submit those documents to the Commission in the manner prescribed for documents in Rule 262. (7-1-21)T

**264. DEPOSITIONS (RULE 264).**

Depositions may be offered into evidence as allowed by Section 61-605, Idaho Code, and the Idaho Rules of Civil Procedure. (7-1-21)T

**265. OBJECTIONS -- OFFERS OF PROOF (RULE 265).**

Grounds for objection to the admission or exclusion of evidence must be stated briefly at the time the evidence is

offered. Formal exceptions to rulings admitting or excluding evidence are unnecessary and need not be taken. An offer of proof for the record consists of a statement of the substance of the excluded evidence. When a party objects to the admission of evidence, the presiding officer will rule on the objection or the presiding officer may receive the evidence subject to the later ruling by the full Commission or refer to the matter to the full Commission. (7-1-21)T

**266. PREPARED TESTIMONY (RULE 266).**

The presiding officer may order a witness's prepared testimony previously distributed to all parties to be incorporated in the transcript as if read if timely filed pursuant to an order, notice or rule requiring its filing before hearing. Without objection, the presiding officer may direct other prepared testimony to be incorporated in the transcript as if read. Admissibility of prepared testimony is subject to the Rule 261. (7-1-21)T

**267. EXHIBITS (RULE 267).**

**01. Exhibit Numbers.** Exhibit numbers are assigned to the parties before hearing according to Rule 230. (7-1-21)T

**02. Form of Exhibits.** Public exhibits offered at hearing must ordinarily be typed or printed on eight and one-half by eleven inch (8 1/2" x 11") white paper, except maps, charts, photographs and non-documentary exhibits may be introduced on the size or kind of paper customarily used for them. Exhibits that are trade secrets, confidential information or otherwise exempt from public review shall be printed on yellow paper. A copy of each documentary exhibit must be furnished to each party present, to the reporter, and to each Commissioner or hearing examiner, except for unusually bulky or voluminous exhibits that have previously been made available for the parties' inspection. Copies must be of good quality. (7-1-21)T

**03. Timely Filing of Exhibits.** Exhibits offered as part of a party's direct case (except exhibits offered on redirect examination) must be timely filed. Exhibits filed pursuant to any order, notice or rule requiring their filing before hearing are timely filed. Otherwise, exhibits must be distributed or made available to all parties long enough before their introduction into evidence to allow the parties a reasonable opportunity to review them and to prepare to examine their substance, except those exhibits that update exhibits previously timely filed may be filed so long as fair opportunity is afforded other parties to examine the sponsoring witnesses about the updated material. (7-1-21)T

**04. Objection -- Admission.** Exhibits identified at hearing are subject to appropriate and timely objection before the close of proceedings. Exhibits to which no objection is made are automatically admitted into evidence without motion of the sponsoring party. (7-1-21)T

**05. Labeling of Exhibits.** All exhibits accompanying prepared testimony, exhibits introduced during direct examination of a party's witnesses, and, to the extent practicable, all other exhibits introduced at hearing must label the exhibit number, case number, party and witness sponsoring the exhibit, and any subdivisions within the exhibit, such as separate schedules or charts. Examples of labeling required by this rule are:

Exhibit No. 101	Exhibit No. 507
Case No. XXX-X-XX-XX	Case No. XXX-X-XX-XX
P. Engineer, Staff L.Accountant, ABC Company	
Schedule 1, p. 1 of 3	

Exhibits prepared for the proceeding must contain this labeling on each page of the exhibit. Exhibits reproducing previously existing documents may contain a cover page with this labeling, but need not be labeled on each page. (7-1-21)T

**06. Sources for Exhibits.** Exhibits prepared from data in workpapers, answers to discovery, periodicals, reports or other documentable sources of information must contain a statement of sources. Examples of the statements of sources required by this rule are: (7-1-21)T

P. Engineer, Workpapers -- Answer of XYZ Utility  
to First Tab A, pages 1 - 47 Production Request of ABC  
Company, Question 13

Moody's Public Utility -- XYZ Utility,  
FERC Form 1 (1993)  
Manual p. 402a 1993 Vol. 1, p. 606

Exhibits especially prepared for introduction into evidence in a proceeding (i.e., exhibits not otherwise prepared or in existence) should be descriptively titled to show their contents and purpose. (7-1-21)T

**07. Certain Exhibits Require Presiding Officer's Approval.** Neither motion pictures, slides, opaque projections, video tapes, audio tapes nor other materials not capable of duplication by still photograph or reproduction on paper shall be presented as exhibits without prior approval of the presiding officer. Writing, sketching and drawing on blackboards or other similar surfaces by witnesses presenting testimony do not constitute an exhibit or evidence in the proceeding unless the writing, sketching or drawing is reproduced, photographed, or otherwise preserved for the record. (7-1-21)T

**268. -- 270. (RESERVED)**

### **SETTLEMENTS (Rules 271-280)**

#### **271. PASSIVE SETTLEMENTS (RULE 271).**

Settlements in formal proceedings in which a party agrees to concur in, accept, or not to oppose another party's positions previously on record with the Commission are called passive settlements. Any party may reach a passive settlement with any other party on any issue without prior notification to the Commission or any other party. (7-1-21)T

#### **272. PROCEDURES FOR ACTIVE SETTLEMENTS (RULE 272).**

Settlements in formal proceedings in which one (1) or more parties negotiate an agreement differing from positions of one (1) or more of the parties previously on record with the Commission are called active settlements. Any party other than the Commission Staff may enter into an active settlement with any party other than the Commission Staff without prior notification to the Commission or other parties. The Commission Staff, however, is precluded from entering into an active settlement without first notifying all other parties and the Commission that it intends to begin or has begun settlement negotiations. The Commission Staff must give all other parties an opportunity to participate in or be apprised of the course of the settlement negotiations before a final settlement agreement is reached. Settlement negotiations are confidential, unless all participants to the negotiation agree to the contrary. (7-1-21)T

#### **273. SUGGESTION FOR OR INQUIRY ABOUT SETTLEMENTS (RULE 273).**

Through notice or order or on the record at prehearing conference or hearing, the Commission or an individual Commissioner may inquire of the parties in any proceeding whether settlement negotiations are in progress or contemplated or invite settlement of an entire proceeding or certain issues. In issuing such an invitation for settlement, the Commission or an individual Commissioner may indicate acceptable ranges of settlement, preclude certain issues from settlement, or otherwise inform the parties of his, her or their views on settlement in aid of securing a just, speedy and economical determination of the issues presented to the Commission. Neither the Commission nor individual Commissioners will indicate ex parte their views on the merits of any proposed settlement. (7-1-21)T

#### **274. CONSIDERATION OF SETTLEMENTS (RULE 274).**

Settlements must be reviewed under this rule. When a settlement, be it active or passive, is presented to the Commission, the Commission will prescribe procedures appropriate to the nature of the settlement to consider the settlement. For example, the Commission may summarily accept settlement of an essentially private dispute that has no significant implications for regulatory law or policy or for other utilities or customers upon the written request of the affected parties. On the other hand, when one (1) or more parties to a proceeding is not party to the settlement or when the settlement presents issues of significant implication for other utilities, other customers or the public interest, the Commission may convene an evidentiary hearing to consider the reasonableness of the settlement and whether acceptance of the settlement is just, fair, and reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. (7-1-21)T

**275. BURDENS OF PROOF (RULE 275).**

Proponents of a proposed settlement carry the burden of showing that the settlement is reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. In any instance in which parties or affected persons oppose the settlement, proponents of the settlement should be prepared to call witnesses and argue in favor of the settlement. Opponents of the settlement should be prepared to examine supporting witnesses, offer their own witnesses, or argue against the settlement. The Commission may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (7-1-21)T

**276. SETTLEMENT NOT BINDING (RULE 276).**

The Commission is not bound by settlements. It will independently review any settlement proposed to it to determine whether the settlement is just, fair and reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. When a settlement is presented for decision, the Commission may accept the settlement, reject the settlement, or state additional conditions under which the settlement will be accepted. In the last instance, the parties will have twenty-one (21) days to state their acceptance or rejection of the additional conditions imposed by the Commission. If the Commission rejects the settlement or if the Commission's conditional acceptance of a settlement is rejected by the parties to the settlement, the Commission will notify the parties of procedures to be followed to decide the issues for which settlement was rejected by the Commission. (7-1-21)T

**277. CONSENT AGREEMENTS NOT SETTLEMENTS (RULE 277).**

Consent agreements proscribing or prescribing certain conduct under Rule 58 are not settlements under this rule. (7-1-21)T

**278. -- 280. (RESERVED)**

**OFFICIAL RECORDS AND FILES  
(Rules 281-290)**

**281. RECORDS FOR DECISION -- RELATIONSHIP TO OFFICIAL FILE (RULE 281).**

The Commission bases its decisions and issues its orders on the hearing record (excluding exhibits denied admission), the Commissioners' record and items officially noted. The hearing record and the Commissioners' record are part of the Commission Secretary's official file. (7-1-21)T

**282. THE COMMISSION SECRETARY'S OFFICIAL FILE (RULE 282).**

**01. Documents in File.** The Commission Secretary's official file for a proceeding is the public file maintained by the Commission Secretary. This file includes all documents filed with regard to a proceeding, whether filed by parties or other persons, and includes (but is not limited to) pleadings, discovery and related materials, briefs, proposed orders, statements of position, correspondence concerning the proceeding directed to the Commission, a Commissioner, or the Commission Secretary (whether by parties or persons not parties), prepared testimony and exhibits, workpapers, transcripts, exhibits presented at hearing, orders, notices, press releases, and other matters pertaining to or related to a proceeding and included in the public files of that proceeding by the Commission Secretary. (7-1-21)T

**02. Public Records.** Except as provided in Rules 26, 67, 233, and 287, which refer to statutory exemptions from disclosure, all material in the Commission Secretary's Official File is subject to inspection, examination and copying under Section 74-102, Idaho Code. In particular, information obtained in an application for a certificate issued by this Commission inquiring into a person's fitness to be granted or to retain a certificate is not exempted from examination or copying under Sections 74-106(8) and 74-106(9), Idaho Code, but may be exempted under other statutes. (7-1-21)T

**283. THE HEARING RECORD (RULE 283).**

The hearing record in a proceeding consists of all transcripts of hearings, conferences, arguments and other proceedings on the record and of all exhibits identified, offered, admitted or denied admission at hearing or prehearing conference. Workpapers, requests for discovery, answers to discovery and other documents filed with the Commission Secretary and served on the parties, whether or not discussed at hearing, are not part of the hearing records unless introduced as exhibits at hearing. The Commission or an individual Commissioner may add to the hearing record by reference to any document in the Commission Secretary's official file, but only after notifying the

parties of that intention and giving them reasonable opportunity to object, review, examine, and rebut or contest the document. (7-1-21)T

**284. THE COMMISSIONERS' RECORD (RULE 284).**

**01. Documents in File.** The Commissioners' record in a proceeding automatically includes all pleadings, orders, notices, briefs, proposed orders and position papers. The Commission may add documents officially noticed to the Commissioners' record. (7-1-21)T

**02. Materials Available at Hearing.** The Commissioner(s) or hearing examiner(s) conducting a hearing will have the Commissioners' record and all prepared testimony and exhibits available at hearing. Parties desiring to refer to additional documents at hearing should notify the Commission Secretary and all other parties of their intention so that these other documents will be available to the Commissioner(s) or hearing examiner(s) at hearing or should themselves provide copies at hearing to all other parties and to the Commissioner(s) or hearing examiner(s). (7-1-21)T

**285. THE REPORTER (RULE 285).**

The reporter at all hearings, conferences, arguments and other proceedings on the record must transcribe all oral proceedings on the record and collect all exhibits identified at hearing. Except as otherwise directed by the Commission, presiding officer at hearing, or the Commission Secretary, the reporter must file the complete hearing record of transcripts and exhibits with the Commission Secretary within fourteen (14) days of the close of hearing. (7-1-21)T

**286. TRANSCRIPTS (RULE 286).**

**01. Form of Transcripts -- Cover Sheet.** Transcripts must be prepared on white eight and one-half by eleven inch (8 1/2" x 11") paper. The lines of each page shall be double-spaced with a minimum of twenty-five (25) lines and a maximum of thirty (30) lines per page. Quotations, citations and parenthetical notes may be single-spaced. Each line shall be numbered on the left margin. The cover page of each volume of transcript must show the title of the proceeding, the case number, the presiding officer, the time and place of hearing, and other information as shown in the following example:

(7-1-21)T

**02. Volumes of Transcript -- Indices to Volumes.** Each day of hearing must be transcribed in a volume or volumes separate from other days of hearing. Each volume of transcript must begin with a list of the parties who appeared that day and their representatives at hearing that day. This list must be followed with a list of all witnesses whose testimony is reported in that volume, showing the pages at which each witness's testimony begins, what party (if any) called the witness, the pages upon which each other party's examination begins, the pages upon which each Commissioner's or hearing examiner's examination begins, and the pages upon which redirect

examination or any party's, Commissioner's or hearing examiner's re-examination begins. These lists must be followed with a list showing all exhibits identified in that volume of transcript (including exhibits accompanying prepared testimony), the pages upon which they are first identified, and, if any exhibits are denied admission, the pages upon which the exhibits are denied admission. (7-1-21)T

**03. Matters Included in Transcript.** The transcript must contain all discussions on the record while the hearing is in order. Unless otherwise directed by the Commission, the presiding officer, or the Commission Secretary, prepared testimony must be included in the transcript without change or retyping. Witness's corrections to prepared testimony should be made by distributing replacement pages to the reporter and describing those corrections on the record and/or distributing an errata sheet; unless otherwise directed, no corrections other than replacement pages will be made in the prepared testimony before it is incorporated in the transcript, except the reporter may make minor corrections by interlineation in the prepared testimony. Witnesses may have seven (7) days after hearing to distribute replacement pages to all parties and to the reporter, unless the Commission, the presiding officer or the Commission Secretary otherwise directs. (7-1-21)T

**04. Marginal Notes.** The testimony of all witnesses reported in the transcript must be designated in the lower right margin by the witness's surname and the party sponsoring the witness's testimony. Witnesses not sponsored by any party must be designated "Public." The type of testimony must be shown following the witness's surname as "Di" (direct or redirect), "X" (examination by any party not sponsoring the witness), or "Com" (examination by a Commissioner or hearing examiner). Examples of the designations required by this Rule follow:

Accountant, Di;	Accountant, Com; Ratepayer, X
ABC Company	ABC Company Public

Discussions on the record that are not testimony or examination may be labeled "argument," "decision," "colloquy," etc., to describe what is reported. (7-1-21)T

**05. Volume Size -- Number of Pages.** Transcript volumes should not exceed three hundred (300) pages unless the transcript can be completed in three hundred fifty (350) pages or less. Transcript volumes and pages of all proceedings on the record, including prehearing conferences, hearings, arguments, and any other proceedings on the record, must be numbered consecutively. For example, if a prehearing conference on the record preceded a hearing, the transcript volume and page numbers of the hearing would be numbered consecutively with that of the prehearing conference. (7-1-21)T

**06. Number of Copies -- Binding.** The reporter shall prepare an original and one (1) copy of the transcript for the Commission. The original of each transcript shall be filed with the Commission Secretary unbound but each volume shall be separated (if applicable). Copies of the transcript shall be fastened at the left margin in spiral or plastic-type binding, so as to open as flat as possible. (7-1-21)T

**07. Compressed Transcript.** Any party may request a compressed transcript having no more than four (4) pages of regular transcript on a page. Each volume of compressed transcript shall contain no more than two hundred (200) pages unless the transcript can be completed in two hundred fifty (250) pages or less. A compressed transcript may be duplexed. The pagination shall be horizontal as follows:

1	2
3	4

(7-1-21)T

**08. Computer-Searchable Transcript.** Any party may request a computer-searchable disk of the written transcript. The disk shall be in Adobe Acrobat (PDF) or other searchable format agreed upon by the reporter and the party ordering the disk. (7-1-21)T

**09. Purchase of Transcript.** Any party or other person may request and pay for a copy of a transcript or portions of the transcript from the reporter. (7-1-21)T

**287. SEALED TRANSCRIPTS (RULE 287).**

At the direction of the Commission or the presiding officer, the reporter shall prepare a separate transcript volume(s) of closed proceedings involving trade secrets, confidential information or other matters exempt from public disclosure. The reporter shall file the separate transcript volume(s) under seal. Sealed transcripts shall be separately stored in a secure location with limited access and safeguarded from unauthorized disclosure. (7-1-21)T

**PART 4 – ORDERS AND REVIEW OF ORDERS  
(Rules 301-400)**

**DEFAULTS  
(Rules 301-310)**

**301. FAILURE TO ANSWER OR APPEAR AT HEARING -- DEFAULTS (RULE 301).**

After an applicant's, petitioner's, complainant's or moving party's failure to appear at the time and place set for hearing, the Commission may dismiss the petition, application, complaint or motion. When a respondent that has been properly served fails to answer or appear at hearing, the Commission may order any relief against the respondent authorized by law. (7-1-21)T

**302. -- 310. (RESERVED)**

**DECISIONS AND ORDERS  
(Rules 311-320)**

**311. SUBMISSION FOR DECISIONS (RULE 311).**

A proceeding is submitted for decision upon filing of the hearing record with the Commission Secretary, filing of timely briefs, filing of timely orders proposed by the parties and timely written comments or exceptions, oral argument, or receipt of recommended findings of fact of the hearing examiner, whichever is last, but no later than twenty-eight (28) days after hearing is closed when a hearing is held, except when all Commissioners participating in the decision have heard the case themselves, they need not await the filing of the hearing record to consider the case submitted for their decision. The Commission (or a hearing examiner presiding over an uncontested matter) may issue a final decision earlier or rule from the bench, but a bench ruling will be followed by written order. (7-1-21)T

**312. PROPOSED ORDERS BY COMMISSION (RULE 312).**

The Commission may issue a proposed order in any proceeding. Any party may file exceptions and briefs to a proposed order within twenty-one (21) days from its date of service, unless a different time is designated by the Commission. Any party may file and serve answers and accompanying briefs to the exceptions within seven (7) days after service of the exceptions. The Commission may adopt or revise the proposed order in response and issue a final order accordingly. The proposed order is not an order of the Commission unless it is adopted by order. In that case, the order of adoption is the final order for all purposes. (7-1-21)T

**313. -- 320. (RESERVED)**

**INTERLOCUTORY ORDERS – FINAL ORDERS – REVIEW OR STAY OF ORDERS  
(Rules 321-330)**

**321. INTERLOCUTORY ORDERS (RULE 321).**

**01. Defined.** Interlocutory orders are orders that do not finally decide all previously undecided issues presented in a proceeding, except the Commission may by order decide some of the issues presented in a proceeding and provide in that order that its decision on those issues is final and subject to review by reconsideration and appeal, but is not final on other issues. Unless an order contains one (1) of the paragraphs set forth in Rule 323 or a paragraph substantially similar, the order is interlocutory. (7-1-21)T

**02. Certain Orders Always Interlocutory.** The following orders are always interlocutory: orders suspending rates, fares, tolls, rentals, charges, classifications, contracts, practices, rules or regulations under Section 61-622, Idaho Code; orders initiating complaints or investigations; orders joining, consolidating or separating issues, proceedings or parties; orders granting or denying intervention; orders scheduling prehearing conferences, discovery, hearing, arguments or deadlines for written communications; orders proposing modified procedure; orders compelling or refusing to compel discovery. (7-1-21)T

**03. Review of Interlocutory Orders.** Interlocutory orders may be reviewed pursuant to Rules 322, 324 and 325. (7-1-21)T

**322. REVIEW OF INTERLOCUTORY ORDERS (RULE 322).**

Any person may petition to review any interlocutory order. The Commission may rescind, alter or amend any interlocutory order on its own motion, but will not on its own motion review any interlocutory order affecting any party's substantive rights without giving all parties notice and an opportunity for written comment. (7-1-21)T

**323. FINAL ORDERS (RULE 323).**

**01. Paragraphs Designating Final Orders.** Final orders are all orders and only those orders containing one (1) of the following paragraphs or a paragraph substantially similar: (7-1-21)T

**a.** THIS IS A FINAL ORDER. Any person interested in this Order (or in issues finally decided by this Order) or in interlocutory Orders previously issued in this Case No. xxx-x-xx-xx may petition for reconsideration within twenty-one (21) days of the service date of this Order with regard to any matter decided in this Order or in interlocutory Orders previously issued in this Case No. xxx-x-xx-xx. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration in response to issues raised in the petition for reconsideration. See Section 61-626, Idaho Code; or (7-1-21)T

**b.** THIS IS A FINAL ORDER on reconsideration (or denying reconsideration). Any party aggrieved by this Order or other final or interlocutory Orders previously issued in this Case No. xxx-x-xx-xx may appeal to the Supreme Court of Idaho pursuant to the Public Utilities Law and the Idaho Appellate Rules. See Section 61-627, Idaho Code. Orders may be final on some issues and interlocutory on others. If so, the orders will explicitly designate the issues upon which they are final. (7-1-21)T

**02. Service of Final Orders.** The Commission Secretary must indicate on every order subject to petition for reconsideration the date upon which the order was served on the representatives of parties listed in Rule 41. The Commission Secretary must indicate on every order subject to appeal the date upon which the order was filed and the date upon which the order was served on the representatives of parties listed in Rule 41. (7-1-21)T

**03. Petition to Designate Order as Final.** Whenever a party believes that an order not designated as a final order according to the terms of these rules should be a final order, the party may petition the Commission to designate the order as final. If an order is designated as final after its release, its effective date for purposes of reconsideration or appeal is the date of the order of designation. (7-1-21)T

**04. Review of Final Orders.** Final orders may be reviewed pursuant to Rules 324, 325, 326, 331 and 341. (7-1-21)T

**324. STAY OF ORDERS (RULE 324).**

Any person may petition the Commission to stay any order, whether interlocutory or final. Orders may be stayed by the judiciary according to statute. The Commission may stay any order on its own motion. (7-1-21)T

**325. CLARIFICATION OF ORDERS (RULE 325).**

Any person may petition to clarify any order, whether interlocutory or final. Petitions for clarification from final orders do not suspend or toll the time to petition for reconsideration or appeal a final order. A petition for clarification may be combined with a petition for reconsideration or stated in the alternative as a petition for clarification and/or reconsideration. The Commission may clarify any order on its own motion. (7-1-21)T

**326. RESCISSION, ALTERATION OR AMENDMENT OF FINAL ORDERS (RULE 326).**

**01. Petition to Rescind, Alter or Amend a Final Order.** Any person may petition to rescind, alter or amend a final order pursuant to Section 61-624, Idaho Code. The petition to rescind, petition to alter, or petition to amend must state: (7-1-21)T

**a.** That it is filed pursuant to Section 61-629, Idaho Code, after an order has been set aside or set aside in part on appeal, or (7-1-21)T

**b.** That there have been changed circumstances or that new information has become available since the order was issued, or that there are other good and sufficient reasons for rescinding, altering, or amending the order. The Commission may dismiss as defective any such petition not complying with this rule and with Rule 53. (7-1-21)T

**02. Rescission, Alteration or Amendment of Final Order on Commission's Own Motion.** The Commission on its own motion may propose to rescind, alter or amend any final order. The Commission will give all interested persons notice of its proposal to rescind, alter or amend the final order and appropriate opportunity to be heard by evidentiary hearing or written submission. (7-1-21)T

**327. SUBSTANCE OF ORDERS (RULE 327).**

Unless prohibited by statute, the substance of orders and the relief provided by orders may differ from the relief requested or proposed by any party. The Commission's order may provide for any result supported by the record before the Commission without regard to whether each component of the order or any component of the order was specifically recommended by a party to the proceeding. (7-1-21)T

**328. -- 330. (RESERVED)**

**RECONSIDERATION  
(Rules 331-340)**

**331. PETITIONS AND CROSS-PETITIONS FOR RECONSIDERATION (RULE 331).**

**01. Petition for Reconsideration.** Within twenty-one (21) days after the service date of issuance of any final order, any person interested in a final order or any issue decided in a final order of the Commission may petition for reconsideration. Petitions for reconsideration must set forth specifically the ground or grounds why the petitioner contends that the order or any issue decided in the order is unreasonable, unlawful, erroneous or not in conformity with the law, and a statement of the nature and quantity of evidence or argument the petitioner will offer if reconsideration is granted. See Section 61-626, Idaho Code. (7-1-21)T

**02. Cross-Petition for Reconsideration.** Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration in response to any issues raised in the petition for reconsideration. Cross-petitions for reconsideration must set forth specifically the ground or grounds why the cross-petitioner contends that the order or any issue decided in the order is unreasonable, unlawful, erroneous or not in conformity with the law, and a statement of the nature and quantity of evidence or argument that the cross-petitioner will offer if reconsideration is granted. See Section 61-626, Idaho Code. (7-1-21)T

**03. Methods of Reconsideration Requested.** The petition or cross-petition must state whether the petitioner or cross-petitioner requests reconsideration by evidentiary hearing, written briefs, comments, or interrogatories. (7-1-21)T

**04. Timely Filing -- Mailbox Rules.** A petition for reconsideration is timely within the meaning of Section 61-626, Idaho Code, if it is filed with the Commission or postmarked no later than twenty-one (21) days after the date of service of the final order. Whenever a petition for reconsideration is mailed, rather than personally delivered, and it is not postmarked within eighteen (18) days from the date of service of the final order, the petitioner should notify the Commission Secretary and all other parties by telephone that the petition for reconsideration has been mailed. A cross-petition for reconsideration is timely filed within the meaning of Section 61-626, Idaho Code, if it is filed with the Commission or postmarked no later than seven (7) days after the petition for reconsideration to which it responds is received in the Office of the Commission Secretary. Whenever a cross-petition for

reconsideration is mailed, rather than personally delivered, and is not postmarked within four (4) days from the date of receipt of the petition for reconsideration by the Commission Secretary, the cross-petitioner should notify the Commission Secretary and all other parties by telephone that the cross-petition for reconsideration has been mailed.

(7-1-21)T

**05. Answers to Petitions for Reconsideration.** Answers to petitions for reconsideration (pleadings that disagree with a petition for reconsideration, but do not ask for affirmative relief from the Commission's orders) must be filed according to the procedures for cross-petitions for reconsideration.

(7-1-21)T

**332. PROCEDURE AT RECONSIDERATION (RULE 332).**

The Commission may grant reconsideration upon petition of any interested person or upon its own motion. Prehearing conferences may be convened before reconsideration. Reconsiderations by rehearing are conducted in accordance with the procedure at other hearings, except that parties whose petitions are granted are treated as complainants or petitioners under Rule 249. When the order for reconsideration finds that the grounds upon which the petition is granted present only issues of law and not of fact or issues of fact not requiring hearings, the Commission may direct that these grounds be considered on reconsideration by submission of briefs, memoranda, written interrogatories or written statements and not by further submission of evidence at hearing. Grounds for reconsideration or issues on reconsideration that are not supported by specific explanation may be dismissed. Rule 311 determines when a matter that is reconsidered is finally submitted for purposes of Section 61-626, Idaho Code.

(7-1-21)T

**333. EFFECT OF FILING PETITION FOR RECONSIDERATION (RULE 333).**

Filing a petition for reconsideration does not excuse compliance with any order nor stay the effectiveness of any order, unless otherwise ordered. Petitions to stay may accompany or precede petitions for reconsideration.

(7-1-21)T

**334. -- 340. (RESERVED)**

**APPEAL  
(Rules 341-350)**

**341. PERSONS WHO MAY APPEAL (RULE 341).**

**01. Parties Aggrieved by Order Following Petition for Reconsideration.** After a petition for reconsideration is denied, or, if the petition is granted, then after the rendition of the decision on reconsideration, the state of Idaho or any party aggrieved may appeal from any such order of the Commission by filing with the Commission Secretary a notice of appeal conforming to the requirements of the Idaho Appellate Rules within the time provided by the Idaho Appellate Rules. See Section 61-627, Idaho Code.

(7-1-21)T

**02. Parties Aggrieved by Denial of Petition for Reconsideration.** No person is a party aggrieved by an order denying reconsideration unless the person is a party that petitioned for reconsideration and presented the ground(s) and issue(s) on which it contends it was aggrieved by earlier orders of the Commission as issue(s) on reconsideration pursuant to Rule 331 and the Commission denied reconsideration on some or all of those issues.

(7-1-21)T

**03. Parties Aggrieved Following Reconsideration.** No party is aggrieved by an order issued on reconsideration unless:

(7-1-21)T

**a.** The party petitioned or cross-petitioned for reconsideration, its petition or cross-petition was granted, and the order issued on reconsideration did not grant the relief requested in the party's petition or cross-petition for reconsideration with regard to some or all of the grounds and issues on reconsideration presented in its petition or cross-petition; or

(7-1-21)T

**b.** The party did not petition or cross-petition for reconsideration, but stated on the record, by motion, or by brief that it opposed any alteration or change in the Commission's earlier order(s) on some or all of the grounds associated with issue(s) on reconsideration, and the order issued on reconsideration altered or changed the earlier order(s) with regard to some or all of the grounds or issues on reconsideration that the party opposed.

(7-1-21)T

**342. NOTICE OF APPEAL (RULE 342).**

The notice of appeal must be filed with the Commission Secretary as provided in the Idaho Appellate Rules. A notice of appeal is not considered filed for any purpose when it is mailed, but is only considered filed when it is received by the Commission Secretary. (7-1-21)T

**343. PREPARATION OF APPELLATE RECORD (RULE 343).**

The Commission by order may correct the title of an appeal to properly designate all parties as appellants, cross-appellants, respondents, or cross-respondents and to omit those designations for parties before the Commission who are not parties on appeal. All requests for a transcript on appeal must be served on the reporter and on the Commission Secretary. Reporter's fees under Idaho Appellate Rule 24(c) should be paid directly to the reporter, not to the Commission Secretary. The Secretary's fees under Idaho Appellate Rule 27(b) for preparation of the agency's record are the same fees provided in that rule for the clerk of the district court to charge for preparation of the clerk's record. (7-1-21)T

**344. -- 350. (RESERVED)**

**SETTLEMENT OF APPEAL FROM THE COMMISSION  
(Rules 351-360)**

**351. DISMISSALS (RULE 351).**

Settlements in which appellants or cross-appellants from orders of the Commission agree to dismiss appeals, cross-appeals, or issues on appeal or cross-appeal without requiring the alteration, amendment or rescission of any Commission order are called dismissals. Any party may dismiss any appeal, cross-appeal, or issue on appeal or cross-appeal without any involvement of the Commission. Dismissals are governed solely by the procedures established by the Supreme Court of Idaho. (7-1-21)T

**352. SETTLEMENTS CALLING FOR COMMISSION ACTION (RULE 352).**

Settlements in which one (1) or more parties agree to dismiss an appeal, cross-appeal, or issue on appeal or cross-appeal in conjunction with the alteration, amendment or rescission of a Commission order are called settlements calling for Commission action. If any party to an appeal wishes to attempt to negotiate a settlement calling for Commission action, it must notify the Commission and all other parties to the appeal of its intention to do so. If the Commission believes that settlement negotiations are in the public interest, it may authorize the Commission Staff to enter into settlement negotiations. In conducting those negotiations, the Staff must abide by Rule 272 with regard to active settlements of issues before the Commission. Settlement negotiations are confidential, unless all participants to the negotiation agree to the contrary. (7-1-21)T

**353. SUGGESTION FOR INQUIRY ABOUT SETTLEMENTS (RULE 353).**

In authorizing the Staff to enter into settlement negotiations for a settlement calling for Commission action, the Commission may invite settlement of the entire appeal (including cross-appeals) or of certain issues. The authorization must be in writing and served upon all parties, but need not be done by notice or order. In authorizing negotiation for settlement calling for Commission action, the Commission or individual Commissioners may indicate acceptable ranges of settlement, preclude certain issues from settlement, or otherwise inform the parties of its views on settlement of an appeal calling for Commission action in aid of securing a just, speedy and economical settlement negotiation. Neither the Commission nor individual Commissioners will indicate ex parte their views on the merits of any proposed settlement. (7-1-21)T

**354. CONSIDERATION OF SETTLEMENT ON APPEAL (RULE 354).**

When a settlement of an appeal calling for Commission action is presented to the Commission, the Commission will prescribe procedures appropriate to the nature of the settlement to consider the settlement. For example, the Commission may accept settlement of essentially private disputes that have no significant implications for regulatory law or policy or for other utilities or customers summarily upon the written request of the affected parties. On the other hand, when one (1) or more parties to the appeal is not party to the settlement or when the settlement presents issues of significant implication for other utilities, other customers or the public interest, the Commission may convene an evidentiary hearing to consider the reasonableness of the settlement and whether acceptance of the settlement is in the public interest. In all cases, the Commission will follow the procedure established by Section 61-624, Idaho Code, with regard to alteration, amendment or rescission of any order affected by the settlement. (7-1-21)T

**355. BURDENS OF PROOF (RULE 355).**

Proponents of a proposed settlement carry the burden of showing that the settlement is reasonable, in the public interest, or otherwise in accordance with law or regulatory policy. In any instance in which parties or affected persons oppose the settlement, proponents of the settlement should be prepared to call witnesses and argue in favor of the settlement. Opponents of the settlement should be prepared to examine supporting witnesses, offer opposing witnesses or argue against the settlement. The Commission may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (7-1-21)T

**356. SETTLEMENTS NOT BINDING (RULE 356).**

The Commission is not bound by settlement agreements. It will independently review any settlement proposed to it to determine whether the settlement is just, fair and reasonable, in the public interest or otherwise in accordance with law or regulatory policy. When a settlement agreement is presented to the Commission for its approval, the Commission may accept the settlement, reject the settlement, or state additional conditions under which the settlement will be accepted. In the last instance, the parties will have twenty-one (21) days to state their acceptance or rejection of the additional conditions imposed by the Commission. (7-1-21)T

**004. (RESERVED)**

**005. DEFINITIONS (RULE 5).**

The following definitions are used in this title and chapter: (7-1-21)T

**01. Applicant.** Unless restricted by definition within a rule or group of rules to a particular class of service, “applicant” means any potential customer who applies for service from a utility. Utilities may require an adult or minor competent to contract to join a minor not competent to contract as an applicant. (7-1-21)T

**02. Customer.** Unless restricted by definition within a rule or group of rules to a particular class of customer, “customer” means any person who has applied for, has been accepted by the utility, and is: (7-1-21)T

**a.** Receiving service from a utility; or (7-1-21)T

**b.** Has received service within the past ten (10) calendar days prior to termination by the utility; or (7-1-21)T

**c.** Has assumed responsibility for payment of service provided to another or others. If the person receiving service is not the same person as the person assuming responsibility for payment of service, the latter is the customer for purposes of obtaining or terminating service, receiving refunds, or making changes to the account. (7-1-21)T

**03. Utility.** Unless restricted by definition within a rule or group of rules, “utility” means any public utility providing gas, electric or water service subject by law to the Commission’s jurisdiction, whether previously certified or not. (7-1-21)T

**ii.** Obtaining, diverting or using service without the utilities authorization or knowledge. (7-1-21)T

**c.** The utility has determined that information provided by the applicant upon application for service is materially false or materially misrepresents the applicant's true status. (7-1-21)T

**d.** The applicant has not had service with the utility for a period of at least twelve (12) consecutive months during the last four (4) years, and does not pass an objective credit screen. (7-1-21)T

**e.** The applicant requests service at a residence where a former customer who owes a past due balance for service incurred at that location still resides. (7-1-21)T

**f.** The utility has given the customer two (2) or more written final notices of termination within the last twelve (12) consecutive months. (7-1-21)T

**02. Small Commercial Customers.** Utilities will not demand or hold a deposit as a condition of service from any current small commercial customer or applicant for small commercial service unless one or more of the following criteria apply: (7-1-21)T

- a.** Any of the criteria listed in Rule Subsection 101.01 of this rule are present. (7-1-21)T
- b.** The applicant has not had previous service with that utility. (7-1-21)T

**03. Bankrupt Customers.** If an applicant for service or a customer, either residential or small commercial, has sought any form of relief under the Federal Bankruptcy Laws, has been brought within the jurisdiction of the bankruptcy court for any reason in an involuntary manner, or has had a receiver appointed in a state court proceeding, then deposit may be demanded as allowed by the Federal Bankruptcy Laws. (7-1-21)T

**102. OTHER DEPOSIT STANDARDS PROHIBITED -- RESIDENTIAL CUSTOMERS (RULE 102).**

Utilities will not require a deposit or other guarantee as a condition of new or continued residential utility service based upon residential ownership or location, income level, source of income, employment tenure, nature of occupation, race, creed, sex, age, national origin, marital status, number of dependents, or any other criterion not authorized by these rules. Rules governing deposits will be applied uniformly. (7-1-21)T

**103. (RESERVED)**

**104. EXPLANATION FOR REQUIREMENT OF DEPOSIT (RULE 104).**

If the utility requires a cash deposit as a condition of providing service, then it will immediately notify the applicant or customer verbally or in writing why a deposit is required. The applicant or customer will have an opportunity to rebut those reasons. The notice will also advise the applicant or customer that if there is a dispute, an informal or formal complaint may be filed with the Commission. (7-1-21)T

**105. AMOUNT OF DEPOSIT (RULE 105).**

**01. Amount of Deposit.** A deposit allowed pursuant to Rule 101 as a condition of service will not exceed one-sixth (1/6) the amount of reasonably estimated billing for one (1) year at rates then in effect. Where gas service is used for space heating purposes only, the deposit will not exceed the total of the two (2) highest months' bills during the previous twelve (12) consecutive months, adjusted for currently effective rates. Deposit amounts will be based upon the use of service at the premises during the prior year or upon the type and size of equipment using the utility's service. (7-1-21)T

**02. Installment Payments of Deposit.** The utility will advise the applicant or customer that the deposit may be paid in two (2) installments. One-half (1/2) of the deposit amount is due immediately with the remaining installment payable in one (1) month. (7-1-21)T

**106. INTEREST ON DEPOSITS (RULE 106).**

**01. Interest Payable.** Interest will be payable on all deposited amounts at the rate provided by Subsection 106.02 of this rule. Interest will accrue from the date the deposit or deposit installment is made until the deposit is refunded or applied to the customer's utility bill; however, interest will not accrue on a deposit or deposit installment if: (7-1-21)T

**a.** Service is terminated temporarily at the request of a customer who leaves the deposit with the utility for future use as a deposit; or (7-1-21)T

**b.** Service has been permanently terminated and the utility has been unsuccessful in its attempt to refund a deposit. (7-1-21)T

**02. Interest Rate.** On or before November 15 of each year, the Commission will determine the twelve month average interest rate for one-year Treasury Bills for the previous November 1 through October 31, round that rate to the nearest whole percent, and notify the utilities of its determination of this interest rate. That rate will be in effect for the following calendar year for all deposits described in Rule Subsection 106.01 of this rule. (7-1-21)T

**107. RETURN OF DEPOSIT (RULE 107).**

**01. Former Customers.** Upon termination of service, the utility will credit the deposit (with accrued interest) to the final bill and promptly return any remaining balance to the customer. (7-1-21)T

**02. Existing Customers.** If the customer has paid all undisputed bills and has no more than one (1) late payment during the past twelve (12) consecutive months of service, the utility will promptly return the deposit (with accrued interest) by either crediting the customer's current account or issuing a refund. (7-1-21)T

**03. Retention During Dispute.** The utility may retain the deposit pending the resolution of a dispute over termination of service. If the deposit is later returned to the customer, the utility will pay interest at the annual rates established in Rule 106 for the entire period over which the deposit was held. (7-1-21)T

**04. Early Return of Deposit.** A utility may refund a deposit plus accrued interest in whole or in part at any time before the time prescribed in this rule. (7-1-21)T

**108. TRANSFER OF DEPOSIT (RULE 108).**

Deposits will not be transferred from one customer to another customer or between classes of service, except at the customer's request. When a customer with a deposit on file transfers service to a new location within the same utility's service area, the deposit (with accrued interest) will be either transferred to the account for the new location or credited to the customer's current account. (7-1-21)T

**109. RECORDS OF DEPOSIT (RULE 109).**

**01. Records of Deposit.** Each customer paying a deposit or the initial installment on a deposit must be provided the following information in writing: (7-1-21)T

- a. Name of customer and service address for which deposit is held; (7-1-21)T
- b. Date of payment(s); (7-1-21)T
- c. Amount of payment(s); and (7-1-21)T
- d. Terms and conditions governing the return of deposits. (7-1-21)T

**02. Retention of Records.** Each utility will maintain records that will enable a customer entitled to a return of a deposit to obtain a refund even though the customer may be unable to produce a record of the deposit. The utility will maintain a detailed record of all deposits received from customers, showing the name of each customer, the location of the premises occupied by the customer when the deposit is made and each successive location occupied by the customer while the deposit is retained, and the date(s) and amount(s) of the deposits or installments. The utility will retain records of deposits that have been refunded to customers for a period of three (3) years after the date of refund. The utility shall retain records of unclaimed deposits for seven (7) years as required by Section 14-531, Idaho Code. (7-1-21)T

**03. Transfer of Records.** Upon the sale or transfer of any utility or any of its operating units, the seller will certify to the Commission that it has a list showing the names of all customers whose service is transferred and who have a deposit on file, the date the deposit was made, and the amount of the deposit. (7-1-21)T

**110. UNCLAIMED DEPOSITS AND ADVANCE PAYMENTS (RULE 110).**

**01. Presumption of Abandonment.** Pursuant to Section 14-508, Idaho Code, any deposit or advance payment made to obtain or maintain utility service that is unclaimed by the owner for more than one (1) year after termination of service is presumed abandoned. (7-1-21)T

**02. Financial Assistance Program.** A utility may apply to the Commission for approval to pay unclaimed deposits and advance payments presumed to be abandoned to a financial assistance program which assists

the utility's low income and disadvantaged customers with payment of utility bills. The utility will file its report of such abandoned property as required by Section 14-517, Idaho Code, and retain records as required by Section 14-531, Idaho Code. (7-1-21)T

**111. -- 199. (RESERVED)**

**BILLING**  
**Rules 200 through 299**

**200. FURTHER DEFINITION (RULE 200).**

As used in Rules 201 through 207, "bill" or "billing statement" refers to a written request for payment listing charges for services provided. An electronic billing statement may be provided upon customer request. Oral notice of the amount of charges pending is not a bill. (7-1-21)T

**201. ISSUANCE OF BILLS -- CONTENTS OF BILLS (RULE 201).**

**01. Billing Statements.** Billing statements will be issued regularly and will contain the following information: (7-1-21)T

- a.** The date the billing statement was issued. (7-1-21)T
- b.** The time period covered by the billing statement. (7-1-21)T
- c.** The beginning and ending meter readings and the quantity of service provided, if service is metered. The billing statement must be clearly marked as estimated if meter data is unavailable. (7-1-21)T
- d.** The due date of the bill and, if automatic payment is authorized by the customer, the date funds will be withdrawn or the credit card charged. (7-1-21)T
- e.** An itemization of all charges, both recurring and nonrecurring. (7-1-21)T
- f.** Any amount transferred from another account. (7-1-21)T
- g.** Any amount past due. (7-1-21)T
- h.** Any payments or credits applied to the customer's account since the last billing statement. (7-1-21)T
- i.** The total amount due. (7-1-21)T
- j.** Contact information for the utility, including the toll-free telephone number(s) available to customers for answering billing inquiries. (7-1-21)T

**02. Comparison of Consumption Data.** Billing statements for customers of gas, electric, and certain water utilities will also include the following information: (7-1-21)T

**a.** Each gas and electric utility will compare on each customer's regular billing the customer's actual consumption of gas or electricity with the customer's actual consumption of gas or electricity for the corresponding billing period in the previous year. If the billing periods being compared contain a different number of days, the utility will adjust the data to take into account the different length of the billing periods and show the comparison as an absolute change in therm use or kilowatt hour use per day. Upon request, the utility must make degree day adjusted data available to be provided to customers for comparison. (7-1-21)T

**b.** Each water utility with more than five thousand (5,000) customers will compare on each customer's regular billing the customer's actual consumption of water with the customer's actual consumption of water for the corresponding billing period in the previous year. The usage comparison will be expressed in gallons or cubic feet based upon total consumption for each billing period or average consumption per day during each billing

period. (7-1-21)T

**202. DUE DATE OF BILLS -- DELINQUENT BILLS (RULE 202).**

**01. Ordinary Due Date.** The utility may require that bills for service be paid within a specified time after the billing date. The minimum specified time after the billing date is fifteen (15) days (or twelve (12) days after mailing or delivery, if bills are mailed or delivered more than three (3) days after the billing date.) Upon the expiration of this time without payment, the bill may be considered delinquent. (7-1-21)T

**02. Hardship Exemption.** When a residential customer certifies in writing to the utility that payment by the ordinary due date creates a hardship due to the particular date when the customer receives funds, the utility will either extend the due date up to an additional fifteen (15) days or bill the customer in a cycle that corresponds to the customer's receipt of funds. (7-1-21)T

**203. BILLING ERRORS, BILLING UNDER INCORRECT RATES, OR FAILURE TO BILL FOR SERVICE (RULE 203).**

**01. Billing Errors -- Failure to Bill.** Whenever the billing for utility service was not accurately determined for reasons such as a meter malfunction or failure, incorrect installation or programming of metering equipment, or errors in preparation of bills, the utility will prepare a corrected billing. If the utility has failed to bill a customer for service provided, the utility will prepare a bill for the period during which service was provided and the customer was not billed. At its discretion, the utility may waive rebilling for undercharges. (7-1-21)T

**02. Billing Under Incorrect Rates.** A customer has been billed under an incorrect rate if the customer was billed under a rate for which the customer was not eligible or the customer, who is eligible for billing under more than one (1) rate, was billed under a rate contrary to the customer's election or the election was made based upon erroneous information provided by the utility. If a customer is billed under an incorrect rate, the utility must recalculate the customer's past bills and correctly calculate future bills based on the appropriate rate. The utility is not required to adjust bills when it has acted in good faith based upon information provided by the customer. (7-1-21)T

**03. Rebilling Time Period. (7-1-21)T**

**a.** If the time when the billing error, billing under incorrect rates, or failure to bill (collectively referred to as "billing problem") began cannot be reasonably determined to have occurred within a specific period, the corrected billings will not exceed the most recent six (6) months before the discovery of the billing problem. (7-1-21)T

**b.** If the time when the billing problem began can be reasonably determined and the utility determines the customer was overcharged, the corrected billings will go back to that time, but not to exceed three (3) years from the time the billing problem occurred as provided by Section 61-642, Idaho Code. (7-1-21)T

**c.** If the time when the billing problem can be reasonably determined and the utility determines the customer was undercharged, the utility may rebill for a period of six (6) months unless a reasonable person should have known of the inaccurate billing, in which case the rebilling may be extended for a period not to exceed three (3) years. Utilities must implement procedures designed to monitor and identify customers who have not been billed or who have been inaccurately billed. (7-1-21)T

**04. Refunds.** The utility will promptly recalculate the refund amounts overpaid by the customer and issue a credit within two (2) billing cycles. Any remaining credit balance will be credited against future bills unless the customer, after notice from the utility, requests a refund. The utility will advise the customer of the option to have any remaining credit balance exceeding twenty-five dollars (\$25) refunded. (7-1-21)T

**05. Additional Payments.** The utility will promptly prepare a corrected billing for a customer who has been undercharged indicating the amount owed to the utility. An unbilled or undercharged customer must be given the opportunity to make payment arrangements under Rule 313 on the amount due. At the customer's option, the term of the payment arrangement may extend for the length of time that the underbilling accrued or the customer was not billed. (7-1-21)T

204. -- 205. (RESERVED)

**206. RESPONSIBILITY FOR PAYMENT OF BILLS -- RESIDENTIAL CUSTOMERS (RULE 206).**

**01. Customer Defined.** For purposes of this rule, “customer” means a customer whose name appears on the utility’s regular bill for residential service or who signed a written application for service or other document informing the customer that he or she was assuming an obligation for payment for service. (7-1-21)T

**02. Customer’s Responsibility.** A utility will not hold a customer responsible for paying an amount owed by anyone who resides at the customer’s premises or is a member of the customer’s household, but whose name does not appear on the current bill or application for service, unless: (7-1-21)T

**a.** The customer signs a written agreement to pay or otherwise expressly accepts responsibility for payment of the other person’s bill; or (7-1-21)T

**b.** The customer has a legal obligation to pay the other person’s bill. (7-1-21)T

**03. Customer Notice.** The utility will provide written notice of its intent to add to the customer’s bill for current service an amount owed for. The notice may be provided in an electronic format with the customer’s consent: (7-1-21)T

**a.** Another person’s bill; or (7-1-21)T

**b.** Service rendered at a former service location, provided that the lapse in service exceeds sixty (60) calendar days. (7-1-21)T

**04. Contents of Notice.** The notice must include: (7-1-21)T

**a.** The name of the customer of record who owes the bill amount; (7-1-21)T

**b.** The service location involved; (7-1-21)T

**c.** The time over which the bill amount was accumulated; (7-1-21)T

**d.** The amount owed; (7-1-21)T

**e.** The reason(s) for adding the bill amount to the customer’s bill statement; (7-1-21)T

**f.** A statement that payment arrangements may be made on the amount owed; (7-1-21)T

**g.** A statement that the customer has the right to contest the utility’s proposed action with the utility or the Commission; and (7-1-21)T

**h.** The response deadline after which the bill amount will be added to the customer’s bill statement. (7-1-21)T

**05. Opportunity to Respond.** The utility will give the customer at least seven (7) calendar days from the date of the proposed action to respond to the utility’s notice. (7-1-21)T

**207. BILLING PROHIBITED (RULE 207).**

Utilities will not bill for non-utility service(s) or merchandise not ordered or otherwise authorized by the customer of record. Any charges for these services that appear on a customer’s bill will be removed from the customer’s bill within two (2) billing cycles after the customer notifies the utility. A utility that unknowingly submits a bill containing charges for non-utility service(s) or merchandise not ordered or otherwise authorized by the customer of record will not have violated this rule if the disputed amounts are removed from the customer’s bill. (7-1-21)T

208. -- 299. (RESERVED)

**DENIAL AND TERMINATION OF SERVICE AND PAYMENT ARRANGEMENT RULES  
FOR RESIDENTIAL AND SMALL COMMERCIAL CUSTOMERS**

**04. Written Notice.** “Written notice” of the utility’s intent to deny or terminate service may be mailed or otherwise delivered to the applicant, resident, occupant, or customer. Written notice may be provided by electronic mail (i.e., e-mail) if the customer is billed electronically and separately consents in writing to “opt-in” to receiving electronic notification. (7-1-21)T

**301. EXPLANATION FOR DENIAL OF SERVICE TO APPLICANT (RULE 301).**

**01. Explanation to Applicant.** If the utility intends to deny service to an applicant under Rule 302, the utility will notify the applicant verbally or in writing why the utility will deny service. The utility will advise the applicant what action(s) the applicant will take to receive service, and that if there is a dispute, the applicant may file an informal or formal complaint with the Commission. (7-1-21)T

**02. Written Notice.** If service is currently being provided to the premises occupied by an applicant, the utility will provide written notice of its refusal to serve pursuant to Rule 312. (7-1-21)T

**302. GROUNDS FOR DENIAL OR TERMINATION OF SERVICE WITH PRIOR NOTICE (RULE 302).**

**01. Reasons for Denial or Termination of Service.** A utility may deny or terminate service to a customer or applicant without the customer’s or applicant’s permission, but only after adequate notice has been given in accordance with these rules, for one (1) or more of the following reasons: (7-1-21)T

**a.** With respect to undisputed past due bills the customer or applicant: (7-1-21)T

**i.** Failed to pay; (7-1-21)T

- e. The customer or applicant denied or willfully prevented the utility's access to the meter. (7-1-21)T
- f. The utility determines that the customer is willfully wasting or interfering with service to the customer or other customers through improper equipment or otherwise. (7-1-21)T
- g. The applicant or customer is a minor not competent to contract as described in Sections 29-101 and 32-101, Idaho Code. (7-1-21)T

**02. No Obligation to Connect Service.** Nothing in this rule requires the utility to connect service for a customer or applicant who owes money on an existing account or from a previous account if the unpaid bill is for service provided within the past four (4) years. (7-1-21)T

**303. GROUNDS FOR DENIAL OR TERMINATION OF SERVICE WITHOUT PRIOR NOTICE (RULE 303).**

A utility may deny or terminate service without prior notice to the customer or applicant and without the customer's or applicant's permission for one (1) or more of the following reasons: (7-1-21)T

**01. Dangerous Conditions.** A condition immediately dangerous or hazardous to life, physical safety, or property exists, or if necessary to prevent a violation of federal, state or local safety or health codes. (7-1-21)T

**02. Order to Terminate Service.** The utility is ordered to terminate service by any court, the Commission, or any other duly authorized public authority. (7-1-21)T

**03. Illegal Use of Service.** The service is obtained, diverted or used without the authorization or knowledge of the utility. (7-1-21)T

**04. Unable to Contact Customer.** The utility has tried diligently to meet the notice requirements of Rule 304, but has been unsuccessful in its attempts to contact the customer affected. (7-1-21)T

**304. REQUIREMENTS FOR NOTICE TO CUSTOMERS BEFORE TERMINATION OF SERVICE (RULE 304).**

**01. Initial Notice.** If the utility intends to terminate service to a customer under Rule 302, the utility will send to the customer written notice of termination mailed at least seven (7) calendar days before the proposed date of termination. Written notice may be provided by electronic mail (i.e. e-mail) if the customer is billed electronically and separately consents in writing to receiving electronic notification. This written notice will contain the information required by Rule 305. (7-1-21)T

**02. Final Notice.** The utility may mail a final written notice to the customer at least three (3) calendar days, excluding weekends and holidays, before the proposed date of termination. Regardless of whether the utility elects to mail a written notice, at least twenty-four (24) hours before the proposed date of termination, the utility must diligently attempt to contact the customer affected, either in person or by telephone, to advise the customer of the proposed action and steps to take to avoid or delay termination. This final notice will contain the same information required by Rule 305. (7-1-21)T

**03. Additional Notice.** If service is not terminated within twenty-one (21) calendar days after the proposed termination date as specified in a written notice the utility will again provide notice under Subsections 304.01 and 304.02 if it still intends to terminate service. (7-1-21)T

**04. Failure to Pay.** No additional notice of termination is required if, upon receipt of a termination notice, the customer: (7-1-21)T

- a. Makes a payment arrangement and subsequently fails to keep that arrangement; (7-1-21)T
- b. Tenders payment with a dishonored check; or (7-1-21)T
- c. Makes an electronic payment drawn on an account with insufficient funds. (7-1-21)T

**305. CONTENTS OF NOTICE OF INTENT TO TERMINATE SERVICE (RULE 305).**

**01. Contents of Notice.** The written or oral notice of intent to terminate service required by Rule 304 will state: (7-1-21)T

a. The reason(s), citing these rules, why service will be terminated and the proposed date of termination; (7-1-21)T

b. Actions the customer may take to avoid termination of service; (7-1-21)T

c. That a certificate notifying the utility of a serious illness or medical emergency in the household may delay termination as prescribed by Rule 308; (7-1-21)T

d. That an informal or formal complaint concerning termination may be filed with the utility or the Commission, and that service will not be terminated on the ground relating to the dispute between the customer and the utility before resolution of the complaint (the Commission's address and telephone number will be given to the customer); and (7-1-21)T

e. That the utility is willing to make payment arrangements (this statement will be in bold print on written notices). (7-1-21)T

f. That for purposes of termination, partial payments will be applied toward utility service charges first, unless the customer requests otherwise, and that charges for non-utility services cannot be used as a basis for termination. (7-1-21)T

**02. Additional Requirements for Gas and Electric Utilities.** During the months of November, December, January and February, oral and written notices provided by gas and electric utilities to residential customers will include or be accompanied by an explanation of restrictions on termination of service and the availability of the Winter Payment Plan described in Rule 306. (7-1-21)T

**306. TERMINATION OF RESIDENTIAL GAS AND ELECTRIC SERVICE -- WINTER PAYMENT PLAN (RULE 306).**

**01. Restrictions on Termination of Service to Households with Children, Elderly, or Infirm.** Except as provided in Rule 303, no gas or electric utility may terminate service or threaten to terminate service during the months of December through February to any residential customer who declares that he or she is unable to pay in full for utility service at the primary household and whose primary household includes children, elderly or infirm persons. (7-1-21)T

**02. Definitions for This Rule.** For purposes of this rule: (7-1-21)T

a. "Children" means persons eighteen (18) years of age or younger, but customers who are emancipated minors are not children under this rule. (7-1-21)T

b. "Elderly" means persons sixty two (62) years of age or older. (7-1-21)T

c. "Infirm" means persons whose physical health or safety would be seriously impaired by termination of utility service. (7-1-21)T

**03. Opportunity to Participate in Winter Payment Plan.** Any residential customer who declares that

he or she is unable to pay in full for utility service and whose household includes children, elderly or infirm persons will be offered the opportunity to establish a Winter Payment Plan. However, no customer may be required to establish such a plan. Except as provided in Rule 303, no gas or electric utility may terminate service during the months of November through March to any customer who establishes a Winter Payment Plan before November 1. A customer may establish a Winter Payment Plan after November 1, but the extended protection from termination of service offered under such a plan will not begin until the date the plan is established. Failure of a participating customer to make payments as required will result in cancellation of the plan and elimination of the extended protection from termination of service offered under the plan. The customer may use any source of funds to satisfy the payment requirements of Winter Payment Plan. (7-1-21)T

**04. Amount of Payments Under Winter Payment Plan.** Monthly payments under a Winter Payment Plan are equal to one-half (1/2) of the Level Pay Plan amount for that customer. The Level Payment Plan amount will be calculated according to Rule 313.06. (7-1-21)T

**05. Payment Arrangements Following Winter Payment Plan.** If a customer who received the protection of this rule has an outstanding balance owed to the utility, the customer will either pay this balance or negotiate a new payment arrangement: (7-1-21)T

**a.** On or after March 1, if the customer has not established a Winter Payment Plan; or (7-1-21)T

**b.** On or after April 1, if the customer has established a Winter Payment plan. Failure of a customer to pay or make payment arrangements on or after these dates may result in termination of service. (7-1-21)T

**06. Successive Participation in Winter Payment Plan.** A residential customer who participates in a Winter Payment Plan one (1) year will be allowed to participate in the succeeding year if the customer has honored the payment arrangements and the balance owing as of November 1 does not exceed seventy-five dollars (\$75) or the customer's utility bill for the previous thirty (30) days, whichever is greater. (7-1-21)T

**07. Unoccupied Residences -- Failure or Refusal to Apply for Service.** Nothing in this rule prevents a gas or electric utility from terminating service to unoccupied residences or residences where the occupants have failed or refused to apply for utility service. (7-1-21)T

**08. Customers Who Move.** During the months of December, January and February, a gas or electric utility will continue to provide service to any residential customer who made a declaration as provided for in Subsection 306.01 and subsequently moves to a new residence served by the same utility, regardless of any outstanding balance owed by the customer. If service is not connected at the new residence, service will be connected as soon as possible after the customer requests service at the new residence. (7-1-21)T

**09. Applicants Previously Served.** During the months of December, January and February, a gas or electric utility will provide service to any residential applicant who made a declaration as provided for in Subsection 306.01 and within thirty (30) days of discontinuing service, subsequently applies for service at a new residence served by the same utility, regardless of any outstanding balance owed by the applicant. If service is not connected at the new residence, service will be connected as soon as possible after the applicant requests service at the new residence. (7-1-21)T

**307. THIRD-PARTY NOTIFICATION -- RESIDENTIAL SERVICE (RULE 307).**

Each gas and electric utility must provide a program for its residential customers known as Third-Party Notification. Under this program, the utility will, at the request of the customer, notify orally or in writing a third-party designated by the customer of the utility's intention to terminate service. The third-party will be under no obligation to pay the bill, but as provided in Rule 313.08, no customer can be considered to have refused to enter a payment arrangement unless either the customer or the designated third-party has been given notice of the proposed termination of service and of the customer's opportunity to make payment arrangements. Testing of Smaller Capacity Meters.** All meters with capacities up to and including four hundred (400) cubic feet per hour (cfh) that have been in service ten (10) or more years as established by last set date shall be tested within a prescribed sample size as determined in accordance with ANSI/ASQ Z1.4 and Z1.9 2003 (R2018), which are incorporated by reference into these rules, which can be found at <https://webstore.ansi.org/Standards/ASQ/ANSIASQZ1SamplingProcedures>. (7-1-21)T

**02. Testing of Larger Capacity Meters.** All meters from four hundred one (401) to three thousand (3,000) cfh that have been in service ten (10) years as established by last set date shall be replaced or field tested. (7-1-21)T

**153. METER PROVING (RULE 153).**

**01. Meter Provers.** Each gas corporation shall own at least one (1) meter prover of a type approved by the Commission and shall maintain such equipment in proper adjustment and so calibrated that the error of indication shall not exceed one-half percent. No meter prover shall be so placed as to subject it to excessive temperature variation and each meter prover shall be equipped with suitable thermometers and other necessary accessories. Additional meter proving station shall be installed when and where found necessary by the Commission. (7-1-21)T

**02. Testing Apparatus for Large Capacity Meters.** Each gas utility using orifice meters, high pressure meters, proportional meters, or other large capacity meters shall own and maintain testing apparatus of a type approved by the Commission. (7-1-21)T

**03. Accuracy of Meter Provers and Testers.** The accuracy of all provers and methods of operation may be established from time to time by a representative of the Commission. Any alterations, accidents, or repairs that might affect the accuracy of any meter prover, or the method of operating it, shall be promptly reported in writing to the Commission. (7-1-21)T

**154. CUSTOMER METER ACCURACY REQUIREMENTS (RULE 154).**

**01. Accuracy of Meters.** A new gas meter installed for the use of any customer shall not be more than two percent (2%) slow and not more than one percent (1%) fast. Every meter removed from service when opened for repairs shall be adjusted to be not more than two percent (2%) slow and not more than one percent (1%) fast before being reset; and if not opened for repairs may be reset without adjustment if found to be not more than two percent (2%) in error fast or slow, when passing as in both instances at the test rates provided for in Rule 155 (Customer Meter Test Loads). (7-1-21)T

**02. Removal of Defective Meters From Service.** No meter that is mechanically defective shall be placed in service or allowed to remain in service after the defect has been discovered. When any gas meter is not connected in service, the inlet and outlet shall be capped to prevent the drying out of the diagrams. (7-1-21)T

**155. CUSTOMER METER TEST LOADS (RULE 155).**

**01. Testing of Meters.** All tests to determine the accuracy of registrations of gas service meters shall be made with a suitable meter prover or testing equipment. Unless exempted by order of the Commission, at least two (2) test runs shall be made on each bellows type displacement meter, the results of which shall agree with each other

within one-half of one percent (.5%).

(7-1-21)T

**02. Gas Flows During Testing.** The rate of flow to be used in testing meters having capacities up to and including three thousand (3,000) cubic feet per hour shall be twenty percent (20%) and one hundred percent (100%) of the rated capacity. The one hundred percent (100%) capacity or open run test shall not be taken into consideration in arriving at the accuracy of these meters. Meters having capacities of above three thousand (3,000) cubic feet per hour, except orifice meters, shall be tested both at twenty percent (20%) and one hundred percent (100%) of their capacity. For the purpose of determining the accuracy of these meters, the average of twenty percent (20%) and one hundred percent (100%) tests shall be used. (7-1-21)T

**156. CUSTOMER METER TEST RECORDS (RULE 156).**

**01. Records of Meter Tests.** Annually each gas utility will make tabulations of the results of all meter accuracy tests required by these rules and keep records of tests of the accuracy of each of its meters, until superseded by a later test, but not less than two (2) years. These records shall give: (7-1-21)T

- a. Sufficient information to identify the meter; (7-1-21)T
- b. The reason for the test; (7-1-21)T
- c. The date of the test and reading of the meter; (7-1-21)T
- d. The name of the person making the test; and (7-1-21)T
- e. The accuracy as found and as left, together with enough of the data taken at the time of the test to permit the convenient checking of the methods employed and the calculations. (7-1-21)T

**012. -- 099. (RESERVED)**

**RESIDENTIAL AND SMALL BUSINESS DEPOSIT**  
**Rules 100 through 199**

**100. DEPOSIT REQUIREMENTS -- LECS (RULE 100).**

**01. Residential Customers.** Telephone companies providing local exchange service will not demand or hold any deposit from any residential customer for service without proof that the customer is likely to be a credit risk or to damage the property of the local exchange company or other companies for which it bills. A history of late payment or lack of previous history with the local exchange company does not, in itself, constitute such proof. A local exchange company will not demand or hold a deposit under this rule as a condition of service from a residential customer unless one (1) or more of the following criteria applies: (7-1-21)T

**a.** The customer has outstanding a prior residential service account and at the time of application for service remains unpaid and not in dispute. (7-1-21)T

**b.** The customer’s service has been temporarily denied or terminated within the past four (4) years for one (1) or more of the following reasons: (7-1-21)T

**i.** Non-payment of any undisputed delinquent bill; (7-1-21)T

**ii.** Obtaining, diverting or using telephone service without the authorization or knowledge of the telephone company. (7-1-21)T

**c.** The customer does not have verifiable previous telephone service that was in existence for a period

exceeding twelve (12) months and does not pass an objective credit screen. (7-1-21)T

**d.** The telephone company has determined that information provided by the customer is materially false or materially misrepresents the customer's true status. (7-1-21)T

**e.** The customer requests service at a residence where a prior subscriber still resides and where any balance for service to that prior subscriber incurred at that location is past due or owing. (7-1-21)T

**02. Small Business Customers.** Telephone companies providing local exchange service will not demand or hold any deposit as a condition of service from any current small business customer for small business service unless one (1) or more of the following criteria apply: (7-1-21)T

**a.** Any of the conditions listed in Rule 100.01 of this rule are present. (7-1-21)T

**b.** The customer has not had previous service with that telephone company. (7-1-21)T

**c.** The customer was delinquent in payment two (2) or more times in the previous twelve (12) months. (7-1-21)T

**03. Bankrupt Customers.** If a customer, either residential or a small business, has sought any form of relief under the Federal Bankruptcy Laws, has been brought within the jurisdiction of the bankruptcy court for any reason in an involuntary manner, or has had a receiver appointed in a state court proceeding, then a deposit may be demanded as allowed by the Federal Bankruptcy Laws. (7-1-21)T

**101. OTHER DEPOSIT STANDARDS PROHIBITED (RULE 101).**

A local exchange company will not require a deposit or other guarantee as a condition of new or continued residential telephone service based upon residential ownership or location, income level, source of income, employment tenure, nature of occupation, race, creed, sex, age, national origin, marital status, number of dependents, or any other criterion not authorized by these rules. Rules governing deposits will be applied uniformly. If the customer, either residential or small business, selects another company to provide services and arranges to be billed directly by that company rather than through the local exchange company, no deposit may be collected by the local exchange company for the services provided by the other company. (7-1-21)T

**102. EXPLANATION FOR DENIAL OF SERVICE OR REQUIREMENT OF DEPOSIT -- LECS (RULE 102).**

If the local exchange company requires a deposit as a condition of providing service, then it will immediately provide an explanation to the customer why a deposit is required. The customer will be given an opportunity to rebut these reasons. The notice will also advise the customer that if there is a dispute an informal or formal complaint may be filed with the Commission. (7-1-21)T

**103. AMOUNT OF DEPOSIT -- LECS (RULE 103).**

A deposit allowed pursuant to Rule 100 as a condition of service by a local exchange company must not exceed two (2) months' charges for local exchange service. Additional deposits for damage or other reasons independent of usage may be in reasonable amounts. (7-1-21)T

**104. INTEREST ON DEPOSITS (RULE 104).**

**01. Interest Payable.** Interest will be payable on the deposited amounts at the rate provided by Rule 104.02. Interest will accrue from the date the deposit is made until the deposit is refunded or applied to the customer's bill; however, interest will not accrue on a deposit if: (7-1-21)T

**a.** Service is terminated temporarily at the request of the customer who leaves the deposit with the telephone company for future use as a deposit; or (7-1-21)T

**b.** Service has been permanently terminated and the telephone company has been unsuccessful in its attempt to refund a deposit. (7-1-21)T

**02. Interest Rate.** On or before November 15 of each year, the Commission will determine the twelve-month average interest rate for one-year Treasury Bills for the previous November 1 through October 31, round that rate to the nearest whole percent, and notify the telephone companies of its determination of this interest rate. That rate will be in effect for the following calendar year for all deposits described in Rule 104.01. (7-1-21)T

**105. RETURN OF DEPOSIT -- LECS (RULE 105).**

**01. Former Customers.** Upon termination of service the telephone company will credit the deposit (with accrued interest), to the final bill then promptly return any remaining balance to the customer. (7-1-21)T

**02. Existing Customers.** If the customer has paid all undisputed bills and has no more than one (1) late payment during the past twelve (12) consecutive months of service, the telephone company will promptly return the deposit (with accrued interest) by crediting the customer's current account or issuing a refund. (7-1-21)T

**03. Retention During Dispute.** The local exchange company may retain the deposit pending resolution of a dispute over termination of service. If the deposit is later refunded to the customer, the local exchange company will pay interest at the annual rates established in Rule 104 for the entire period over which the deposit was held. (7-1-21)T

**04. Early Return of Deposit.** A local exchange company may refund a deposit plus accrued interest in whole or part at any time before the time prescribed in this rule. (7-1-21)T

**106. TRANSFER OF DEPOSIT (RULE 106).**

Deposits will not be transferred from one (1) customer to another customer or between classes of service, except at the customer's request. When a customer with a deposit on file transfers service to a new location within the same telephone company's service area in Idaho, the deposit and any outstanding balance will be transferred to the account for the new location. (7-1-21)T

**107. RECORDS OF DEPOSITS (RULE 107).**

**01. Receipts.** Each customer paying a deposit will be provided the following information: (7-1-21)T

**a.** Name of customer and service address for which deposit is held; (7-1-21)T

**b.** Date of payment; (7-1-21)T

**c.** Amount of payment; and (7-1-21)T

**d.** Terms and conditions governing the return of deposits. (7-1-21)T

**02. Retention of Records.** Each telephone company will maintain records that will enable a customer entitled to a return of a deposit to obtain a refund even though the customer may be unable to produce the receipt for the deposit. These records must include the name of each customer, the service location(s) and telephone number(s) of the customer while the deposit is retained, and the date(s) and amount(s) of the deposits. The telephone company will retain records of deposits that have been refunded to customers for a period of three (3) years after the date of refund. The telephone company will retain records of unclaimed deposits for a period of seven (7) years as required by Section 14-531, Idaho Code. (7-1-21)T

**03. Transfer of Records.** Upon the sale or transfer of any telephone company or any of its operating units, the seller will certify to the Commission that it has a list showing the names of all customers whose service is transferred and who have a deposit on file, the date the deposit was made and the amount of the deposit. (7-1-21)T

**108. UNCLAIMED DEPOSITS AND ADVANCE PAYMENTS (RULE 108).**

**01. Presumption of Abandonment.** Pursuant to Section 14-508, Idaho Code, any deposit or advance payment made to obtain or maintain local exchange service or other services that is unclaimed by the owner for more than one (1) year after termination of service is presumed abandoned. (7-1-21)T

**02. Financial Assistance Program.** A telephone company may apply to the Commission for approval to pay unclaimed deposits and advance payments presumed to be abandoned to a financial assistance program which assists the telephone company's low income and disadvantaged customers with payment of utility bills. The telephone company will file its report of such abandoned property as required by Section 14-517, Idaho Code, and retain records as required by Section 14-531, Idaho Code. (7-1-21)T

**109. -- 199. (RESERVED)**

**BILLING**  
**Rules 200 through 299**

**200. FURTHER DEFINITION (RULE 200).**

As used in Rules 201 through 205, "bill" or "billing statement" refers to a written request for payment listing charges for goods and services that is mailed or otherwise delivered to the customer for payment. A billing statement may be provided to the customer in an electronic format with the customer's consent. Oral notice of the amount of charges pending is not a bill. Bills include requests for payments for services rendered by other telephone companies or other entities that are not telephone companies. This rule does not apply to billings between or among telephone companies. (7-1-21)T

**201. ISSUANCE OF BILLING STATEMENTS -- CONTENTS OF BILLS -- RESIDENTIAL AND SMALL BUSINESS SERVICE (RULE 201).**

**01. Local Exchange Service.** Billing statements for residential and small business local exchange service will be regularly issued and must contain the following information: (7-1-21)T

- a.** The date the billing statement is issued; (7-1-21)T
- b.** The time period covered by the billing statement; (7-1-21)T
- c.** The due date by which payment must be received, unless the customer has authorized automatic monthly payment. If automatic payment is authorized, the customer must be informed in writing when funds will be withdrawn from a bank account or charged to a credit card account. In addition, the billing statement must state the actual or earliest possible date that funds will be withdrawn or the credit card charged unless the customer consents otherwise in writing at the time automatic payment is authorized; (7-1-21)T
- d.** Any amounts transferred from another account; (7-1-21)T
- e.** Any amounts past due; (7-1-21)T
- f.** Any payments or credits applied to the customer's account since the last bill; (7-1-21)T
- g.** The total amount due; (7-1-21)T
- h.** Names of all telephone companies or entities providing goods and services for which the customer is billed, sufficient information to readily identify the goods and services provided, and the amounts charged; (7-1-21)T
- i.** The toll-free telephone number(s) available to customers for answering inquiries and resolving complaints about goods and services billed; (7-1-21)T
- j.** An itemization of charges for goods and services provided to the customer and any associated fees, taxes, surcharges or subscriber line charges. Charges for each good or service provided as part of a package under a single price, or calling plans in which individual calls are billed at a flat rate regardless of usage need not be separately itemized. (7-1-21)T

**02. MTS Bills.** In addition to the requirements of Rule 201.01, bills for MTS service must identify the

number called and the date, time, duration, destination and charge for each call, unless the customer has selected a flat rate calling plan. For collect and third-party calls the MTS provider must also itemize the origin of the call. (7-1-21)T

**03. Other Services.** No telephone company may send demand letters or initiate collection efforts for any amount owed by a customer who subscribes to or is billed for services other than local exchange service and MTS services provided by another telephone company unless the bill separately lists those services as required by this rule. (7-1-21)T

**04. Customer Request for Less Detail.** Upon customer request, telephone companies may provide billing statements containing less detail than required by this rule. Telephone companies must make available without charge detailed billing information for the preceding twelve (12) months to those customers who have elected to receive less detail on monthly billing statements but subsequently request more detail. (7-1-21)T

**202. DUE DATE OF BILLS -- DELINQUENT BILLS (RULE 202).**

The telephone company may require that bills for service be paid within a specified time after the billing date. The minimum specified time after the billing date is fifteen (15) days (or twelve (12) days after mailing or delivery of a paper or electronic bill, if bills are mailed or delivered more than three (3) days after the billing date). Upon the expiration of this time without payment, the bill may be considered delinquent. With the customer's approval, automatic monthly payments made by withdrawal from a bank account or charged to a credit card account may take place prior to the normal due date if the customer has authorized such a payment. (7-1-21)T

**203. BILLING ERRORS, BILLING UNDER INCORRECT RATES, OR FAILURE TO BILL (RULE 203).**

**01. Billing Errors -- Failure to Bill.** Whenever the billing for telephone service was not accurately billed because of malfunction in billing equipment or error in preparation of bills, the telephone company shall prepare a corrected billing. If the telephone company has not billed a customer for service provided, the telephone company shall prepare a bill for the period in which service was provided and the customer was not billed. At its discretion, the telephone company may waive rebilling for undercharges. (7-1-21)T

**02. Billing Under Incorrect Rates.** A customer has been billed under an incorrect rate if the customer was billed under a rate for which the customer was not eligible or the customer, who is eligible for billing under more than one (1) rate, was billed under a rate contrary to the customer's election or the election was made based upon erroneous information provided by the telephone company. If a customer is billed under an incorrect rate, the telephone company must recalculate the customer's past bills and correctly calculate future bills based on the appropriate rate. The telephone company is not required to adjust bills when it has acted in good faith based upon information provided by the customer. (7-1-21)T

**03. Rebilling Time Period.** (7-1-21)T

**a.** If the time when the billing error, billing under incorrect rates, or failure to bill (collectively referred to as "billing problem") began cannot be reasonably determined to have occurred within a specified billing period, the corrected billings will not exceed the most recent six (6) months before the discovery of the billing problem. (7-1-21)T

**b.** If the time when the billing problem began can be reasonably determined, and the telephone company determines the customer was overcharged, the corrected billings will go back to that time, but not to exceed three (3) years from the time the billing problem occurred as provided by Section 61-642, Idaho Code. (7-1-21)T

**c.** If the time when the billing problem began can be reasonably determined and the telephone company determines the customer was undercharged, the company may rebill for a period of six (6) months unless a reasonable person should have known of the inaccurate billing, in which case the rebilling may be extended for a period not to exceed three (3) years. The telephone company is responsible for identifying customers who have not been billed or who have been inaccurately billed. (7-1-21)T

**04. Refunds.** The telephone company will promptly calculate refund amounts overpaid by the customer and issue a credit within two (2) billing cycles. Any remaining credit balance will be credited against future

bills unless the customer, after notice from the telephone company, requests a refund and the amount is more than twenty-five dollars (\$25). The telephone company will advise the customer of the option to have any remaining credit balance exceeding twenty-five dollars (\$25) refunded. (7-1-21)T

**05. Additional Payments.** The telephone company will promptly prepare a corrected billing for a customer who has been undercharged, indicating the amount owed to the company. An unbilled or undercharged customer will be given the opportunity to make payment arrangements under Rule 310 on the amount due. At the customer's option, the term of the payment arrangement may extend for the length of time that the underbilling accrued or the customer was not billed. (7-1-21)T

**204. BILLING PROHIBITED -- BILLING DISPUTES (RULE 204).**

**01. Unauthorized Charges.** No telephone company will bill for unanswered or unaccepted telephone calls, telephone calls placed to a toll-free number, or telephone service or other goods and services not ordered or otherwise authorized by the customer of record. A telephone company that unknowingly submits a bill containing charges for unanswered or unaccepted telephone calls, telephone calls placed to a toll-free number, or telephone service or other services or goods not ordered or otherwise authorized by the customer of record shall be considered in violation of this rule unless the disputed amounts are removed from the customer's bill within two (2) billing cycles of the customer's notification to the company. (7-1-21)T

**02. Billing Disputes.** A telephone company that bills and collects for other telephone companies or entities is responsible for either addressing billing disputes regarding unauthorized goods and services for which it bills or advising customers how to contact the providers of those goods and services. If a customer is unable to either contact or successfully resolve a dispute about unauthorized goods and services for which the telephone company bills, a credit equal to the disputed charges must be applied to the customer's account within two (2) billing cycles of the customer's notification to the company. In the event of a dispute, the customer will be advised that an informal or formal complaint concerning denial of service may be filed with the Commission. (7-1-21)T

**301. GROUNDS FOR DENIAL OR TERMINATION OF LOCAL EXCHANGE SERVICE WITH PRIOR NOTICE (RULE 301).**

A telephone company may deny or terminate local exchange service to a customer without the customer's permission, but only after adequate notice has been given in accordance with these rules, for one (1) or more of the following reasons: (7-1-21)T

**302. GROUNDS FOR DENIAL OR TERMINATION OF A SERVICE, WITHOUT PRIOR NOTICE (RULE 302).**

A telephone company may deny or terminate a service or all services without prior notice to the customer and without the customer's permission for any of the following reasons: (7-1-21)T

**05. Misrepresentation.** The telephone company has determined that information provided by the customer is materially false or materially misrepresents the customer's true status. (7-1-21)T

**303. REQUIREMENTS FOR NOTICE BEFORE TERMINATION OF LOCAL EXCHANGE SERVICE (RULE 303).**

**01. Initial Notice.** If the telephone company intends to terminate local exchange service under Rule 301, it will send to the customer written notice of termination mailed at least seven (7) calendar days before the proposed date of termination. Written notice may be provided by electronic mail (i.e. e-mail) if the customer is billed electronically and separately consents in writing to receiving electronic notification. This written notice will contain the information required by Rule 304. (7-1-21)T

**02. Final Notice.** At least twenty-four (24) hours before actual termination, the telephone company will diligently attempt to contact the customer to apprise the customer of the proposed action and the steps the customer must take to avoid or delay termination. This oral notice will contain the same information required by Rule 304. (7-1-21)T

**03. Additional Notice.** If the telephone company has not terminated service within twenty-one (21) days after the proposed termination date as specified in a notice, the telephone company will again provide notice under Rules 303.01 and 303.02 if it still intends to terminate service. (7-1-21)T

**04. Failure to Pay.** No additional notice of termination is required if, upon receipt of a termination notice: (7-1-21)T

**b.** The customer tenders payment with a dishonored check; or (7-1-21)T

**c.** Makes an electronic payment drawn on an account with insufficient funds. (7-1-21)T

**304. CONTENTS OF NOTICE OF INTENT TO TERMINATE LOCAL EXCHANGE SERVICE (RULE 304).**

**01. Contents of Notice.** The written, electronic or oral notice of intent to terminate local exchange service required by Rule 303 will state: (7-1-21)T

**a.** The reason(s), citing these rules, why service will be terminated and the proposed date of termination; (7-1-21)T

**b.** Actions the customer may take to avoid termination; (7-1-21)T

**d.** That an informal or formal complaint concerning termination may be filed with the telephone company or the Commission, and that service will not be terminated on grounds relating to the dispute between the customer and telephone company before resolution of the complaint (the Commission's mailing address, Internet address, and telephone number must be given to the customer); (7-1-21)T

**e.** That the telephone company is willing to make payment arrangements (in a written notice this statement must be in bold print); and (7-1-21)T

**305. SERIOUS ILLNESS OR MEDICAL EMERGENCY (RULE 305).**

**01. Medical Certificate -- Postponement of Termination of Local Exchange or Long-Distance Services.** A telephone company offering local exchange or long-distance service between a residential customer and the customer's nearest community providing necessary medical facilities or services must postpone termination of local exchange or long-distance service to a residential customer for thirty (30) calendar days from the date of receipt of a written certificate signed by a licensed physician or public health official with medical training. The certificate must contain the following information: (7-1-21)T

**a.** A statement that the customer, a member of the customer's family, or other permanent resident of the premises where service is provided, is seriously ill or has a medical emergency or will become seriously ill or may have a medical emergency because of termination of service; and that termination of local exchange service would adversely affect the health of that customer, member of the customer's family, or resident of the household.(7-1-21)T

**b.** If the customer requests that termination of long-distance service be postponed, a statement that termination of long-distance service would impair the customer's ability to communicate with necessary medical facilities or services. (7-1-21)T

**c.** The name of the person whose serious illness or medical emergency would be adversely affected by termination and the relationship to the customer. (7-1-21)T

**d.** The name, title, and signature of the person certifying the serious illness or medical emergency. (7-1-21)T

**02. Restoration of Service.** If local exchange or long-distance service has already been terminated when the medical certificate is received, the appropriate service will be restored as soon as possible, but no later than twenty-four (24) hours after receipt. The customer will receive local exchange and necessary long-distance services for thirty (30) calendar days from the telephone company's receipt of the certificate. (7-1-21)T

**03. Second Postponement.** The telephone company may postpone termination of local exchange and necessary long-distance service for an additional thirty (30) days upon receipt of a second certificate stating that the serious illness or medical emergency still exists. (7-1-21)T

**05. Obligation to Pay.** Nothing in this rule relieves the customer of the obligation to pay any undisputed bill. (7-1-21)T

**306. MEDICAL FACILITIES -- SHELTER CARE (RULE 306).**

Where local exchange or long-distance services are provided to a customer known by the telephone company to be or identifying itself as a medical care facility, including a hospital, medical clinic with resident patients, nursing home, intermediate care facility or shelter care facility, notice of pending termination will be provided to the Commission as well as to the customer. Upon request from the Commission, a delay in termination of no less than seven (7) calendar

days from the date of notice will be allowed so that action may be taken to protect the interests of the facility's residents. (7-1-21)T

**307. INSUFFICIENT GROUNDS FOR TERMINATION OF LOCAL EXCHANGE SERVICE (RULE 307).**

**01. Termination Prohibited.** Telephone companies will not terminate service or provide notice of intent to terminate service if the unpaid bill cited as grounds for termination is: (7-1-21)T

**a.** Less than thirty (\$30) dollars; (7-1-21)T

**b.** For telephone service provided to any other customer or former customer (unless that customer has a legal obligation to pay the other bill) or for a class of service (business or residential) other than the one to which the customer currently subscribes; (7-1-21)T

**c.** For MTS or other goods and services provided by the telephone company or for which the telephone company bills; (7-1-21)T

**d.** For service provided four (4) or more years ago unless the customer made a payment on the bill within the past four (4) years, or the customer signed a written payment agreement and then failed to pay; (7-1-21)T

**e.** The subject of an informal or formal complaint filed with the Commission; or (7-1-21)T

**f.** Is at issue in a case pending before a court in the state of Idaho unless termination is authorized by court order. (7-1-21)T

**308. RESTRICTIONS ON TERMINATION OF LOCAL EXCHANGE SERVICE -- OPPORTUNITY TO AVOID TERMINATION OF LOCAL EXCHANGE SERVICE (RULE 308).**

**01. When Termination Not Allowed.** Unless the customer affected has consented in writing, local exchange service will not be terminated on any Friday after twelve noon or on any Saturday, Sunday, legal holidays recognized by the state of Idaho, or after twelve noon on any day immediately before any legal holiday, or at any time when the telephone company's business offices are not open for business, except as authorized by Rules 302.01 and 302.02, or for non-residential customers, as authorized by any Subsection of Rule 302. Local exchange services may be terminated only between the hours of 8 a.m. and 4 p.m., except as authorized by Rules 302.01 and 302.02. (7-1-21)T

**02. Personnel to Authorize Reconnection.** Each telephone company providing local exchange service will have personnel available after the time of termination who are authorized to reconnect service if the conditions cited as grounds for termination are corrected to the telephone company's satisfaction. Customers may be asked to pay reconnection fees before restoration of service. (7-1-21)T

**03. Service to Persons Not Customers.** If local exchange service is provided to a residence and the account is in the name of one who does not reside there, the telephone company, prior to termination, will notify the person(s) receiving service and afford the person(s) a reasonable opportunity to negotiate directly with the telephone company to purchase service in the resident's(s') own name(s). (7-1-21)T

**04. No Termination While Complaint Pending.** Except as authorized by order of the Commission or of the Judiciary, local exchange service will not be terminated for failure to pay amounts in dispute while a complaint over that telephone service filed pursuant to Rule 401 is pending before this Commission or while a case placing at issue payment for that telephone service is pending before a court in the state of Idaho. (7-1-21)T

**309. PAYMENT ARRANGEMENTS (RULE 309).**

**01. Arrangements Allowed.** When a customer cannot pay a bill in full, the telephone company may continue to serve the customer if the customer and the telephone company agree on a reasonable portion of the outstanding bill to be paid immediately, and the manner in which the balance of the outstanding bill will be paid. (7-1-21)T

**02. Reasonableness.** In deciding on the reasonableness of a particular agreement, the telephone company will take into account the customer's ability to pay, the size of the unpaid balance, the customer's payment history and length of service, and the amount of time and reasons why the debt is outstanding. (7-1-21)T

**03. Application of Payment.** Payments are to be applied first to the undisputed past due balance owed by the customer for local exchange services. In discussing or negotiating payment arrangements, the telephone company shall advise the customer what amount of payment the customer must allocate to local exchange service or to long-distance service or other goods and services in order to retain those goods and services. (7-1-21)T

**04. Second Arrangement.** If a customer fails to make the payment by the agreed due date, the telephone company may, but is not obligated to, enter into a second arrangement. (7-1-21)T

**05. When Arrangement Not Binding.** No payment arrangement binds a customer if it requires the customer to forego any right provided for in these rules. (7-1-21)T

**310. DENIAL, RESTRICTION, MODIFICATION, OR TERMINATION OF LONG-DISTANCE SERVICE OR OTHER SERVICES (RULE 310).**

**01. Telephone companies providing long-distance or other services must provide reasonable notice before terminating or restricting access to such services, except as provided by Rule 302. Telephone companies providing long-distance services must provide reasonable notice before modifying a customer's existing service. Nothing in this rule abrogates customers' rights under those telephone companies' tariffs or filings, written agreements with customer, or obligations otherwise imposed by statutory or common law. (7-1-21)T

**02. Failure to Pay.** A customer's failure to pay for undisputed long-distance charges billed by the local exchange company may result in loss of 0+ or 0- and 1+ dialing access to long-distance services until such time as the customer pays the undisputed charges and any applicable reconnection charges. (7-1-21)T

**03. Loss of Services.** Customer failure to pay undisputed charges for other services may result in loss of those services. (7-1-21)T

**311. CESSATION OF SERVICE IN A SERVICE AREA (RULE 311).**

**01. Single Local Service Provider.** A telephone company that intends to terminate a service regulated under Title 61, Idaho Code, and an eligible telecommunications carrier that intends to terminate its universal service obligation in an area where it is the only eligible telecommunications carrier, must comply with the following: (7-1-21)T

**a.** Petition the Commission for authority to terminate the service at least ninety (90) days before the company intends to terminate the service. If the Commission does not deny the petition or set it for hearing within ninety (90) days after receiving the petition, it shall be deemed approved; (7-1-21)T

**b.** Mail a notice to each affected customer and to each telecommunications provider affected by the proposed cessation no later than ten (10) days after filing its petition with the Commission. (7-1-21)T

**c.** Include with its petition a copy of the notice to customers and the number of customers affected by the proposed cessation; (7-1-21)T

**e.** Obtain Commission approval before transferring customers to other telecommunications providers. (7-1-21)T

**02. Competitive Local Service Provider.** A local exchange company that intends to terminate local exchange service that is not subject to regulation under Title 61, Idaho Code, and an eligible telecommunications carrier that intends to terminate its universal service obligation in an area where it is not the only eligible telecommunications carrier, must comply with the following: (7-1-21)T

**a.** Provide notice to the Commission and each affected customer at least forty-five (45) days prior to the proposed termination of service; (7-1-21)T

**b.** Inform the Commission of the number of customers and the other providers affected by the proposed termination, and the company's plan to ensure that all customers served by the company will continue to be served; (7-1-21)T

**c.** The telecommunications company may, after complying with this rule, transfer customers to another telecommunications provider without obtaining affirmative approval from affected customers if the following conditions are satisfied: (7-1-21)T

**i.** The company terminating service has a written commitment from another provider to accept all of the exiting company's customers within the receiving company's service area; (7-1-21)T

**ii.** All affected customers are notified at least forty-five (45) days in advance that they may apply to another telecommunications company for the service that is being terminated, and that if they do not obtain service from another provider, then the exiting company will automatically transfer them to the receiving company. (7-1-21)T

**iii.** The receiving company may provide service to the terminating company's customers for up to forty-five (45) days without the affected customer applying for service from the receiving company. If the affected customers do not apply for service from or otherwise affirm an agreement to be served by the receiving company within forty-five (45) days, the receiving company may discontinue service. If a customer who has complained to a telephone company is dissatisfied with a telephone company's proposed disposition of the complaint, the customer may request the Commission to review informally the disputed issue and the telephone company's proposed disposition of the complaint. (7-1-21)T

**02. Service.** Notices, orders, rules, complaints and other documents issued by the Commission may be served by United States or electronic mail on the agent for service of process listed pursuant to this rule. This service constitutes due and timely notice to the telephone corporation, and no further service is necessary to bind the telephone corporation. Surcharges, discounts, hours of availability, minimum service periods, and other conditions of service must be detailed. (7-1-21)T

**02. Changes to Price Lists or Tariffs.** When required by Section 62-606, Idaho Code, changes to price lists or tariffs are effective not less than ten (10) days after filing with the Commission and giving public notice to affected customers except for charges for non-recurring services quoted directly to the customer when an order is placed or price reductions, both of which may take effect immediately with filing. Changes to price lists or tariffs must be accompanied by a letter of transmittal stating how affected customers received notice of the changes to price lists or tariffs. See Rule 604. (7-1-21)T

**03. Tracking Price Lists or Tariffs.** Each revision to a price list or tariff must be accompanied by a cover letter summarizing the changes to the price list or tariff, specifically referring to existing tariff pages affected by the new price list or tariff and stating whether new pages replace, are in addition to, or delete existing pages. The Commission Secretary may adopt a system to number each company's changes to its price lists or tariffs. (7-1-21)T

**608. FORM AND NUMBER OF COPIES OF PRICE LIST OR TARIFF (RULE 608).**

Price lists or tariffs filed pursuant to Section 62-606, Idaho Code, or by this Commission's implementation of Section 62-616, Idaho Code, must have a blank space approximately three by one and one-half inches (3" x 1-1/2") square provided for the Commission's filing stamp in the upper right or lower right corner of each schedule filed. An original and three (3) copies of the price list or tariff must be filed with the Commission. The Commission stamps its indication that the price list or tariff has been filed in the space provided on each copy of the price list or tariff, placing the original in its files and returning one copy to the telephone corporation. **006. -- 100. (RESERVED)**

**GENERAL PROVISIONS**  
**Rules 101 through 200**

**101. ESTABLISHMENT AND PURPOSES (RULE 101).**

Section 62-610, Idaho Code, directs the Commission to establish a universal service fund (USF) for the purposes of maintaining universal availability of local exchange service at reasonable rates and to promote the availability of message telecommunication service (MTS) at reasonably comparable prices throughout the state of Idaho. The USF is established pursuant to this statute. Rules or orders issued by the Commission concerning administration of the USF supersede previous rules, orders or provisions of the contract between the Commission and the Universal Service Fund administrator. (7-1-21)T

**102. ADMINISTRATOR OF THE USF (RULE 102).**

The Commission shall contract with an administrator of the universal service fund. The administrator of the USF shall receive all monies surcharged by telephone corporations for payment into the USF, account for those monies

pending their disbursement, disburse those monies to qualifying recipients according to the terms of the administrator's contract and the Commission's rules and orders, and comply with the other requirements of these rules or orders. The administrator shall have the authority to hire an attorney approved by the Commission to pursue enforcement action, including initiating civil proceedings, against telephone corporations that violate the USF rules. The Commission has a right to audit the books and records of the administrator of the USF. (7-1-21)T

**103. STATEWIDE END-USER SURCHARGES (RULE 103).**

**01. Imposition of Surcharges.** Pursuant to 62-610(2), Idaho Code, the USF is funded by the imposition of statewide end-user surcharges on local exchange, MTS and wide-area telephone service (WATS) services in amounts to be determined by the Commission pursuant to Rule 104. (7-1-21)T

**02. Local Exchange Surcharges.** The local exchange surcharges are imposed monthly as cents-per-line charges uniform throughout the state with the business-residential differential for the surcharges equal to the statewide average business-residential price ratio. (7-1-21)T

**03. MTS/WATS Surcharges.** The MTS and WATS surcharges are imposed monthly on a uniform basis by: (7-1-21)T

**a.** A uniform cents-per-minute surcharge applied to the monthly MTS and WATS bill of each end-user for all MTS/WATS companies using this option; or, alternatively, (7-1-21)T

**b.** A company-specific percentage surcharge applied to the monthly MTS and WATS bill of each end-user. (7-1-21)T

**04. Remittance of Surcharges.** Surcharges of a given level are authorized by order of the Commission and continue in effect until modified by subsequent order of the Commission. Surcharges on Title 62 services may be explicitly added to customers' bills in addition to charges that would otherwise be collected or may be implicitly included in customers' bills (and remitted by the telephone corporation) without increasing customers' bills. Unless otherwise provided by order of the Commission or letter from the Commission Staff or from the USF administrator issued pursuant to Rules 401 or 402, surcharges imposed by these rules are to be remitted monthly to the administrator pursuant to Rule 201. (7-1-21)T

**104. THE COMMISSION'S DETERMINATION OF FUNDING LEVELS (RULE 104).**

**01. Issuance of Commission Order.** On or before September 1 of each year the Commission shall issue an order in response to the administrator's report, which will establish statewide end-user surcharges to be in effect for the twelve (12) months beginning October 1 following issuance of the order. (7-1-21)T

**02. Findings and Directives of the Order Prescribing Statewide End-User Surcharges.** The order prescribing statewide end-user surcharges for the twelve months beginning October 1 shall contain the following: (7-1-21)T

**a.** The Commission's finding of the funding target for the USF for the twelve (12) months beginning October 1, based upon the anticipated revenue requirement of the USF for those twelve (12) months (including certain or likely changes in the revenue requirement of the USF from that reported by the administrator) and prudent management of minimum fund balances; (7-1-21)T

**b.** The Commission's finding of the fair, just, and reasonable contribution to this twelve (12) month funding target that should be made from local exchange and MTS/WATS surcharges; and (7-1-21)T

**c.** The Commission's finding of the statewide end-user surcharges to be imposed for the twelve (12) months beginning October 1 to reach the funding target. (7-1-21)T

**03. Calculation of Local Surcharges.** The surcharge imposed by Subsection 104.02.c. of this rule to be remitted by each LEC for residence and business local exchange service shall be calculated in the following manner from the total funds that the Commission finds should be recovered from local exchange surcharges. The

Commission may round the surcharges for local residence and business service to the nearest cent per month. The following is an example of calculation of local service surcharge: (7-1-21)T

- a. Total dollars to be funded from local service surcharges -- twenty-four thousand dollars (\$24,000)/month. (7-1-21)T
- b. Total local residence lines (as reported in Rule 302.02) -- four hundred fifty thousand (450,000) (7-1-21)T
- c. Weighted, state-wide average one-party, single-line flat residence rate (as reported in Rule 302.03) -- ten dollars (\$10)/month (7-1-21)T
- d. Hypothetical Residence revenues under statutory formula (line b x line c) -- four million five hundred thousand (\$4,500,000)/month (7-1-21)T
- e. Total local business lines (as reported in Rule 302.02) -- fifty thousand (50,000) (7-1-21)T
- f. Weighted, statewide average one-party, single-line flat business rate (as reported in Rule 302.03) -- thirty dollars (\$30)/month (7-1-21)T
- g. Hypothetical business revenues under statutory formula (line e x line f) -- one million five hundred thousand dollars (\$1,500,000)/month (7-1-21)T
- h. Total hypothetical revenue (line d + line g) -- six million dollars (\$6,000,000) (7-1-21)T
- i. Residence relative responsibility (line d / line h) -- .7500 (7-1-21)T
- j. Residence total responsibility -- eighteen thousand dollars (\$18,000) (7-1-21)T
- k. Residence surcharge (line j / line b) -- four cents (\$.04)/month (7-1-21)T
- l. Business relative responsibility (line g / line h) -- .2500 (7-1-21)T
- m. Business total responsibility (line a x line l) -- six thousand dollars (\$6,000)/month (7-1-21)T
- n. Business surcharge (line h /line e) -- twelve cents (\$.12)/month (7-1-21)T

\* These hypothetical revenues from residence and business lines do not correspond to any actual revenues received by telephone corporations. Instead, they represent a calculation of revenues that would result if every residence and business line subscribed to one-party, single-line service at the weighted statewide average rate calculated for those services, which is the statutory formula underlying the calculation of the surcharges.

**04. Calculation of MTS/WATS Surcharges.** The surcharge imposed by Rule Subsection 104.02.c. of this rule to be remitted by each MTS/WATS company for MTS/WATS service shall be calculated in one (1) of two (2) alternative manners: (7-1-21)T

- a. A uniform cents per minute surcharge for all MTS/WATS companies using this option will be calculated by the Commission by dividing the total revenues to be recovered from toll surcharges from all companies by the total actual toll minutes reported for all companies under Rule 204; or, alternatively, (7-1-21)T
- b. A company-specific percentage surcharge will be calculated by the company (and reviewed by the administrator) by multiplying the individual MTS/WATS company's total toll minutes as reported in Rule 204 by the cents-per-minute surcharge calculated in a above, then dividing by the total toll revenues as reported for that company reported in Rule 204. (7-1-21)T

**105. TELEPHONE CORPORATIONS' AUTHORIZATION TO IMPOSE SURCHARGES (RULE 105).**

**01. Local Exchange Companies.** All local exchange companies are authorized to impose a surcharge for residence and business local exchange service in the amounts set forth in the order issued pursuant to Rule 104.03. The LEC may impose surcharges on the service of any customer subscribing to local service on or after October 1 following issuance of the order and may prorate the surcharge in the same manner as the LEC prorates other flat monthly charges. (7-1-21)T

**02. MTS/WATS Companies.** All MTS/WATS companies (except those exempted from remitting surcharges to the USF administrator pursuant to Rule 402) are authorized to impose a surcharge on Idaho intrastate MTS/WATS services in the amounts set forth in the order issued pursuant to Rule 104.04. The MTS/WATS surcharge may be imposed in two (2) different manners: (7-1-21)T

**a.** The MTS/WATS company is authorized to impose beginning October 1 following issuance of the order an MTS/WATS surcharge per toll minute in the amount set forth in the order issued pursuant to the Rule 104.04.a.; or, alternatively, (7-1-21)T

**b.** The MTS/WATS company is authorized to impose beginning October 1 following issuance of the order an MTS/WATS surcharge on a uniform percentage basis in the manner set forth in the order issued pursuant to Rule 104.04.b. Within fourteen (14) days after the Commission has issued its order pursuant to Rule 104 authorizing surcharges on MTS/WATS service, MTS/WATS companies authorized to impose surcharges under this paragraph must notify the administrator and the Commission in writing which option they choose for the twelve (12) months beginning October 1 following issuance of the order. (7-1-21)T

**106. APPLICATIONS FOR FUNDS -- ORDERS FOR FUNDING (RULE 106).**

**01. Eligibility.** Pursuant to 62-610, Idaho Code, a telephone corporation that provides local exchange service and access service for MTS/WATS providers may apply for disbursement from the USF if: (7-1-21)T

**a.** Its average residence and business rates for local exchange service for one-party, single-line services exceed one hundred twenty-five percent (125%) of the weighted statewide average rates for one-party, single-line services for residence and business lines, respectively; and (7-1-21)T

**b.** Its average rates per minute for MTS/WATS access services exceed one hundred percent (100%) of the weighted statewide average rate for the same or similar MTS/WATS access services. (7-1-21)T

**02. Continuation of Eligibility.** Each telephone company's average rate for one-party single-line residence and business service and for MTS/WATS access service shall be calculated individually and compared to the threshold rate based on the newly calculated statewide average as calculated annually by the Administrator pursuant to Rule 302. In order to continue receiving USF funding after the first year of eligibility, the rate shall be revised to equal or exceed the threshold rate, if a company's average for one-party single-line residence or business service or its rate for MTS/WATS access service is below the threshold rate and if: (7-1-21)T

**a.** The difference in the company's current average rate and the statewide average threshold rate is greater than three percent (3%); and (7-1-21)T

**b.** The difference in the annual revenue associated with the company's current rate and the revenue associated with the statewide average threshold rate is over six thousand dollars (\$6,000). (7-1-21)T

**03. Form of Application.** An application for initial USF funding or changes in USF funding may be made in a general rate case or as otherwise allowed by the Commission. Applications must quantify the USF funding sought and the proposed rates to be charged for one-party, single-line residence and business services and for MTS/WATS access services, indicating how USF funding will benefit the rates for these services. Applications must comply with the Commission's Rules of Procedure, IDAPA 31.01.01.000 et seq. (7-1-21)T

**04. Changes to Funding on Commission's Own Motion.** The Commission on its own motion may by order change a telephone company's funding from the USF: (7-1-21)T

**a.** In connection with any proceeding affecting the telephone company's residual revenue

requirement; (7-1-21)T

**b.** In connection with a recalculation of the statewide average rates for one-party, single-line residence and business rates and MTS/WATS access services and those recalculations' effect on the threshold for eligibility for funding; (7-1-21)T

**c.** In connection with redetermination of the percentage of the residual revenue requirement that should be met by the USF; or (7-1-21)T

**d.** As otherwise provided by order. No order altering a telephone company's funding from the USF will be issued without notice that USF funding is at issue and appropriate opportunity to be heard in person or in writing. (7-1-21)T

**05. Order for Disbursement.** If the Commission finds that an applicant is eligible for USF disbursements, it may issue an order directing the USF to meet between seventy-five percent (75%) and one hundred percent (100%) of the telephone corporation's residual revenue requirement as defined in Section 62-610(4), Idaho Code. See Rule 005.10. Disbursements from the USF shall be made monthly in one twelfth (1/12) of the annual disbursements ordered by the Commission. (7-1-21)T

**TELEPHONE CORPORATIONS' OBLIGATIONS**  
**Rules 201 through 300**

**201. TELEPHONE CORPORATIONS' MONTHLY REMITTANCES OF USF SURCHARGES (RULE 201).**

**01. Local Exchange Companies.** Unless otherwise provided by order, letter from the Commission Staff or from the USF administrator issued pursuant to Rule 401, all LECs providing local exchange service in Idaho shall remit the following funds to the administrator on or before the first day of the month: (7-1-21)T

**a.** The number of local residence lines in service in Idaho on the first day of the preceding month multiplied by the monthly residence surcharge the companies are authorized to impose under Rules 104.03 and 105.01; and (7-1-21)T

**b.** The number of local business lines in service in Idaho on the first day of the preceding month multiplied by the monthly business surcharge the companies are authorized to impose under Rules 104.03 and 105.01. The LEC's remittance shall be accompanied by a report on a form supplied by the administrator separately stating the number of local residence and business lines in service in Idaho for that LEC on the first day of the preceding month. This amount shall be remitted to the administrator without regard to whether the local exchange company has separately imposed the surcharge authorized by Rules 104.03 and 105.01. (7-1-21)T

**02. MTS/WATS Companies.** Unless otherwise provided by Order of the Commission or letter from the Commission Staff or from the USF administrator issued pursuant to Rule 402, all MTS/WATS companies offering intrastate MTS or WATS services in Idaho shall remit the following funds to the administrator on or before the first day of the month: (7-1-21)T

**a.** The number of actual toll minutes billed to customers in Idaho for intrastate MTS/WATS services in the last complete monthly billing cycle billed by the first day of the preceding calendar month multiplied by the surcharge per toll minute that the companies were authorized to impose under Rules 104.04.a and 105.02.a; or, alternatively; (7-1-21)T

**b.** The percentage surcharge of revenues from all intrastate MTS/WATS services provided in last complete monthly billing cycle billed by the first day of the preceding calendar month that the companies are authorized to impose under Subsections 104.04.b. and 105.02.b. These MTS/WATS companies' remittances under both a and b of this paragraph shall be accompanied by a report on a form supplied by the administrator separately stating the number of toll minutes billed and the revenues associated with the toll minutes and showing the

calculation of the surcharge on those minutes for the period stated in this paragraph. These amounts shall be remitted to the administrator without regard to whether the MTS/WATS company has separately imposed the surcharge authorized by Subsections 104.04 and 105.02. (7-1-21)T

**03. Failure to Comply.** A telephone corporation failing to comply with this rule is subject to all sanctions provided by Section 62-620, Idaho Code. (7-1-21)T

**202. TELEPHONE CORPORATIONS' ANNUAL REPORTING TO ADMINISTRATOR (RULE 202).**

**01. Requirement to Report.** Unless otherwise provided by order of the Commission or letter from the Commission Staff or from the USF administrator issued pursuant to Rule 402, on or before May 30 of each year all telephone corporations providing local exchange service or MTS/WATS intrastate service in Idaho shall report to the administrator the information required by these rules. The administrator shall annually supply forms for these reports on or before May 1 to all telephone corporations for which the administrator has records showing that the telephone corporation provides one (1) or more of these services. The administrator's failure to supply forms does not relieve any such telephone corporation of its reporting requirements under these rules and statute. The reports that this rule requires to be filed with the administrator should not be filed with the Commission. (7-1-21)T

**02. The Administrator's Compliance Report.** The administrator shall report to the Commission on or before June 15 whether all telephone corporations receiving the forms have complied with the reporting requirements of this Rule 202 and Rules 203 and 204, specifically identifying telephone corporations that have failed to report altogether, those that have incompletely reported, those that have reported late, and those that have failed to remit the monthly surcharges required by Rule 201. The report shall include a summary of the actions taken against the telephone corporations not complying with the USF rules. See Rule 303. (7-1-21)T

**03. Failure to Comply.** A telephone corporation failing to comply with this rule is subject to all sanctions provided. (7-1-21)T

**203. LOCAL EXCHANGE COMPANIES' (LECS') ANNUAL REPORTS TO THE ADMINISTRATOR (RULE 203).**

**01. Reporting of One-Party, Single-Line Residence and Business Lines and Rates.** The reports prescribed for LECs by this rule and Rule 202 must include the following information concerning the LEC's customer base and rates for each of the LEC's rate groups as of May 1 of that year: (7-1-21)T

**a.** Rates for one-party, single-line, flat-rate residential service (inclusive of mandatory extended area service (EAS) surcharges) and the number of customers subscribing to the service in each rate group, unless exchanges within the rate group have different rates, in which case exchange-by-exchange reporting is required; (7-1-21)T

**b.** Rates for one-party, single-line, flat-rate business service (inclusive of mandatory EAS surcharges) and the number of customers subscribing to the service in each rate group, unless exchanges within the rate group have different rates, in which case exchange-by-exchange reporting is required; and (7-1-21)T

**c.** The company-wide, weighted average rate for residential and business services described in Rules 203.01.a. and 203.01.b. of this paragraph. Rural zone and mileage charges are excluded from the rates reported in this paragraph. (7-1-21)T

**02. Inventories of Other Local Access Lines.** These reports must also include reporting for each rate group (or exchange if required by Subsection 203.01) the following inventories of customers and public network access lines of other local services as of May 1 of that year: (7-1-21)T

**a.** Multi-party residence local service; (7-1-21)T

**b.** Multi-party business local service; (7-1-21)T

- d. Public access line service for customer-owned pay telephones; (7-1-21)T
- e. Centron, centrex or other central-office based telecommunication systems (including only the public network access lines to this kind of equipment, not the number of station lines behind the equipment); and (7-1-21)T

- f. Local service trunks for private branch exchanges (PBXs). (7-1-21)T

**03. MTS/WATS Actual Access Minutes and Revenues.** These reports must also include the following information: (7-1-21)T

- d. Total revenues from billing and collection services for the preceding calendar year. If different exchanges have different rates, each rate must be reported as a separate line item, indicating the exchanges in which service is offered at each rate and total number of minutes billed to service at each rate. In making this report, telephone companies must include revenues associated with sale of intrastate access under feature groups A, B, C and D. (7-1-21)T

**04. MTS/WATS Equivalent Access Minutes.** If the LEC provides MTS/WATS services in addition to basic exchange services, these reports must also include a conversion of the LEC's annual billed MTS/WATS minutes into "equivalent access minutes." The method used to convert billed toll minutes into equivalent access minutes must be shown with the number of toll minutes used in the calculation. Actual access minutes reported pursuant to Rule 203.03 of this rule must be separately stated from "equivalent access minutes" reported under this paragraph. The manner in which these data may be filed is shown in Rules 302.03.a. through 302.03.h. (7-1-21)T

**204. **01. Weighted Statewide Average Rates for One-Party, Single-Line Residence and Business Services.** From the annual reports provided by LECs pursuant to Rule 203.01, the administrator shall calculate a weighted, state-wide average, one-party, single-line, flat residence rate and a weighted, state-wide average, one-party, single-line, flat business rate, including EAS surcharges. (7-1-21)T

**02. Inventory of Local Service Lines.** From the annual reports of LECs provided pursuant to Rule 203.01 and 203.02, the administrator shall calculate the total number of local service lines in Idaho, with subtotals for residence and business service lines and for the categories of lines listed in Rule 203.02. (7-1-21)T

**03. Statewide Weighted Average Rate for MTS/WATS Access Minute.** From the annual reports of LECs provided pursuant to Rule 203.03 and 203.04, the administrator shall calculate a statewide weighted average rate per MTS/WATS access minute in the manner shown in the following example :

**303. THE ADMINISTRATOR'S ANNUAL REPORT TO THE COMMISSION (RULE 303).**

**01. The Administrator's Compliance Report.** The administrator shall report to the Commission on or before June 15 whether all telephone corporations receiving the forms have complied with the reporting requirements of this Rule 303 and Rules 202, 203, and 204, specifically identifying telephone corporations that have failed to report altogether, those that have incompletely reported, those that have reported late, and those that have failed to remit the monthly surcharges required by Rule 201. The report shall include a summary of the actions taken against the telephone corporations not complying with the USF rules. (7-1-21)T

**02. Report of Existing Conditions.** On or before July 15 of each year the administrator shall submit a report to the Commission providing the following information: (7-1-21)T

**a.** Calculations of weighted statewide average rates required by Rule 302, providing workpapers showing each telephone corporation's contributions to the totals and averages contained in the administrator's calculation in Rule 302. (7-1-21)T

**b.** Calculations of the USF's expected revenues under the status quo for the twelve (12) months beginning July 1 made by: (7-1-21)T

**i.** Multiplying the existing local surcharge for residence service by the statewide total residence lines as of May 1; (7-1-21)T

**ii.** Multiplying the existing local surcharge for business service by the statewide total business lines as of May 1; (7-1-21)T

**iii.** Multiplying the total MTS/WATS access minutes for the previous calendar year by the existing MTS/WATS surcharge per access minute; and (7-1-21)T

**iv.** Summing the three (3) products. (7-1-21)T

**c.** Calculations of the expected revenue requirement of the USF under the status quo for the twelve (12) months beginning July 1 made by listing and summing the annualized rate of disbursement for every telephone corporation for which the Commission has ordered and authorized disbursements from the USF together with the administrator's annual budget for administration of the USF. (7-1-21)T

**d.** Calculations of the expected revenue requirement of the USF as described in Rule 303.02.c. assuming that companies revise their rates pursuant to Rule 106.02 to maintain funding eligibility and that their USF funding is adjusted pursuant to Rule 106.04. (7-1-21)T

**e.** Actual USF balances at the end of the quarters ending in June, September and December of the preceding year and of the quarters ending in March and June of the year of the report (or the estimated USF balance for the quarter ending June 30 if actual balances are not yet available). (7-1-21)T

**03. Recommendation.** The administrator shall report the USF's expected surplus or deficit for the twelve (12) months beginning July 1 based upon the assumption that the USF surcharges will not be changed. The administrator shall also report whether this surplus or deficit will alter the expected fund balance during the twelve (12) months beginning July 1 following the report significantly enough to recommend that USF surcharges be raised or lowered. If the administrator believes that the USF surcharges should be raised or lowered, the administrator shall recommend a target balance for the USF for the end of the twelve months beginning July 1 following this report and the amount by which USF collections would be increased or decreased beginning October 1 to meet this target. (7-1-21)T

**04. Review by Commission Staff.** On or before August 15 the Commission Staff shall review the calculations and recommendations of the administrator and call any errors or omissions to the attention of the administrator and the Commission. (7-1-21)T

**05. Report a Public Record--Workpapers Exempted Trade Secrets.** The report of the administrator showing statewide aggregate totals of local service and MTS/WATS revenues, inventories of services, and other information not identifying any telephone corporation or customer is a public record available for inspection, examination and copying under Section 74-102, Idaho Code. The workpapers accompanying the report showing individual telephone corporations' data for Title 62 services and individual telephone corporation's reports to the administrator showing data for Title 62 services, together with any data for Title 61 services protected from disclosure under applicable trade secret law, are trade secrets exempt from disclosure under Section 74-107(1), Idaho Code. (7-1-21)T

**304. -- 400. (RESERVED)**

**EXEMPTIONS FROM REPORTING AND REMITTANCES**  
**Rules 401 through 500**

**401. LECS' EXEMPTION FROM REPORTING AND REMITTANCES (RULE 401).**

**01. Criteria for Exemption.** Local exchange companies may be exempted from monthly remittances and monthly reporting to the USF administrator under Rule 201 by order of the Commission or letter from the Commission Staff or from the USF administrator upon the grounds that the LEC provides such a small number of local service lines in Idaho and generates such a small monthly surcharge that neither the practical administration of the USF nor the public interest requires monthly remittances and reporting. (7-1-21)T

**02. Action on Requests.** The order or letter excusing the LEC from monthly reporting shall specify quarterly, semiannual or annual remittances and reporting instead. The order or letter may be issued upon request of the LEC or upon the initiative of the Commission, the Commission Staff, or the USF administrator without a request from the LEC. No LEC will be excused from making remittances less often than annually nor from annual reporting under Rules 202 and 203. (7-1-21)T

**03. Requests of Exemptions.** This Commission Staff shall maintain a file of all exemptions under this rule and supply a copy to the Commission Secretary and to the USF administrator. (7-1-21)T

**04. Petition From Initial Denial by Commission Staff or Administrator.** If a request for a LEC's exemption is denied by the Commission Staff or the Administrator, the LEC may petition the Commission. (7-1-21)T

**402. MTS/WATS COMPANIES -- RESELLERS' EXEMPTION FROM REPORTING AND REMITTANCES (RULE 402).**

**01. Criterion for Exemption.** MTS/WATS companies may be exempted from monthly remittances and monthly reporting to the USF administrator under Rule 201 by Order of the Commission or letter from the Commission Staff or from the USF administrator upon the grounds that the MTS/WATS company is exclusively a reseller of MTS/WATS services from another MTS/WATS company that is already remitting the surcharge prescribed for MTS/WATS services for all of the reselling MTS/WATS company's MTS/WATS minutes. (7-1-21)T

**02. Requirements of Request for Exemption.** No exemption will be given under this rule unless the reselling MTS/WATS company has requested an exemption in writing. The request for exemption shall be directed to the Commission Secretary (or if received by the administrator or a member of the Commission Staff forwarded to the Commission Secretary). The request for exemption must state that the MTS/WATS company is seeking a reseller's exemption, must name the reseller's underlying MTS/WATS carrier, must certify that the named underlying carrier carries all of the reseller's traffic in Idaho, and must be accompanied by a letter from the underlying carrier stating that the reselling carrier requesting the exemption is a customer of the underlying carrier, that the underlying carrier is remitting the surcharge to the USF for all minutes sold to the reselling carrier, and that the reseller will notify the

Commission whenever one of its underlying carriers changes.

(7-1-21)T

**03. Action on Requests.** The Commission Staff or the USF administrator may grant a reseller an exemption from monthly remittances of USF surcharges and from monthly reporting of MTS/WATS use if the reseller has shown that another MTS/WATS company is remitting the surcharge for all of the reseller's minutes. The exemption shall require the reseller to report to the Commission Staff whenever it changes its underlying carrier. The exemption ordinarily excuses the reseller from annual reporting under Rules 202 and 203, but does not exempt the reseller from annual recertification upon request of the Commission Staff or the administrator of its continuing status as a reseller. However, the Commission Staff or the administrator may require an exempt reseller to file an annual report upon written notification that the Commission Staff or administrator requires an annual report for that year.

(7-1-21)T

**04. File of Exemptions.** The Commission Staff shall maintain a file of all exemptions under this rule and supply a copy to the Commission Secretary and to the USF administrator.

(7-1-21)T

**05. Petition From Initial Denial by the Commission Staff or Administrator.** If a request for a reseller's exemption is denied by the Commission or the Commission Staff or the Administrator, the company may petition to the Commission. The petition must contain a description of the telephone company's network connections.

(7-1-21)T

### 004. (RESERVED)

### 005. DEFINITIONS (RULE 5).

The definitions in Section 61-1302 apply to these rules. In addition, the following terms have the meanings set forth below: (7-1-21)T

**01. American Sign Language (ASL).** “American sign language” means a visual language based on hand shape, position, movement, and orientation of the hands in relation to each other and the body. See 47 C.F.R. 64.601(1). (7-1-21)T

**02. ASCII.** “ASCII” is an acronym for American Standard Code for Information Interexchange, which employs an eight-bit code and can operate at any standard transmission baud rate including 300, 1200, 2400, and higher. (7-1-21)T

**03. Baudot.** “Baudot” means a seven (7) bit code, only five (5) of which are information bits. Baudot was used by some text telephones to communicate with each other at a forty-five point five (45.5) baud rate. (7-1-21)T

**04. Communications Assistant (CA).** “Communications assistant (CA)” means a person who transliterates conversation from text to voice and from voice to text between two (2) end users of TRS. CAs are also known by terms such as “TRS operator” or “TDD operator.” (7-1-21)T

**05. Hearing Carry Over (HCO).** “Hearing carry over (HCO)” means a reduced form of TRS where the person with a speech disability is able to listen to the other end user and, in reply, the CA speaks the text as typed by the person with the speech disability. The CA does not type any conversation. (7-1-21)T

**06. Telecommunications Relay Services (TRS).** “Telecommunications relay services (TRS)” is defined in Section 61-13028, Idaho Code, and includes services that enable two-way communication between an individual who uses a text telephone or other non-voice terminal device and an individual who does not use such a device. TRS supersedes the terms “dual party relay system,” “message relay services,” and “TDD relay.” See Section 61-1302(8), Idaho Code, and 47 C.F.R. 64.601(7). (7-1-21)T

**07. Text Telephone (TT).** “Text telephone (TT)” means a machine that employs graphic communication in the transmission of coded signals through a wire or radio communications system. TT supersedes the term “TDD” or “telecommunications device for the deaf.” (7-1-21)T

**08. Universal Service Fund (USF).** “Universal service fund (USF)” means the fund established by the Commission pursuant to Section 62-610, Idaho Code, and this Commission’s rules codified at IDAPA 31.46.01.000, et seq. The USF has an Administrator whose duties are set forth by this Commission’s rules and this Commission’s contract with the Administrator. See IDAPA 31.46.01.102. (7-1-21)T

**09. Voice Carry Over (VCO).** “Voice carry over (VCO)” means a reduced form of TRS where the

person with the hearing disability is able to speak directly to the other end-user. The CA types responses back to the person with the hearing disability. The CA does not speak on behalf of the TT users. (7-1-21)T

**006. -- 099. (RESERVED)**

**THE TRS PROGRAM, ADMINISTRATOR, AND PROVIDER**  
**Rules 101 through 200**

**100. REQUIREMENTS OF THE TRS PROGRAM (RULE 100).**

**01. Operational Requirements.** A TRS provider will comply with these operational requirements: (7-1-21)T

**a.** TRS must be provided twenty-four (24) hours per day, seven (7) days per week, every day of the year. (7-1-21)T

**b.** The TRS provider shall not refuse calls or limit the length of calls using TRS, except that providers of TRS may decline to complete a call because credit authorization has been denied. (7-1-21)T

**c.** The TRS provider must be capable of communicating with text telephone users using either the ASCII or Baudot format, at any speed generally in use. (7-1-21)T

**d.** Except during network failure, the TRS provider shall answer eighty-five percent (85%) of all calls within ten (10) seconds, and no more than thirty (30) seconds shall elapse between receipt of dialing information and the dialing of a requested number. The TRS provider shall include adequate staffing to provide callers with efficient access under projected calling volumes so that the probability of a busy response due to unavailability of communications assistants will be functionally equivalent to what a voice caller would experience in attempting to reach a party through the voice telephone network. (7-1-21)T

**e.** The TRS provider shall give TRS users access through the TRS to their chosen inter-exchange carrier and to all other operator services to the same extent that such access is provided to voice users. (7-1-21)T

**02. Communications Assistants' Handling of Calls.** TRS providers must require that communications assistants (CAs) be sufficiently trained to effectively meet the specialized communication needs of individuals with hearing and speech disabilities and that communications assistants have competent skills in typing, grammar, spelling, interpretation of typewritten ASL, and familiarity with hearing and speech disability cultures, languages and etiquette. Communications assistants are prohibited from disclosing the content of any relayed conversation regardless of content and from keeping records of the content of any conversation beyond the duration of a call. Communications assistants are prohibited from intentionally altering a relayed conversation and must relay all conversations verbatim unless the relay user specifically requests summarization. Communications assistants must relay all messages promptly and accurately. (7-1-21)T

**03. Rates.** The users of TRS shall pay rates no greater than the rates paid for functionally equivalent voice communication services with respect to such factors as the duration of the call, the time of day, and the distance from point of origination to the point of termination. In particular, this means that when a telephone call from one customer to another would not incur long-distance charges if the call were placed directly without use of the TRS system, then there will be no long-distance charge for that call when the TRS system is used, even if the TRS provider is located in a telephone exchange that would ordinarily require a long-distance call to reach the calling or answering party. (7-1-21)T

**04. Other Standards and Services.** The standards and services required for TRS providers by this rule are minimum standards and services. The request for proposal for TRS services may require additional standards or services, or if the request for proposals does not, the selection of the TRS provider may take into account the ability of the TRS provider to meet standards or provide services in addition to the minimum standards or services required by this rule. (7-1-21)T

The data used to determine a local exchange company's number of local access lines shall be the same as that used for monthly reporting to the Administrator of the Universal Service Fund (USF) for the monthly USF report. See USF Rule 201.01, IDAPA 31.46.01.201.01. (7-1-21)T

**b.** Each telephone corporation providing intrastate MTS/WATS service in Idaho is required to contribute to TRS funding in proportion to the number of its intrastate MTS/WATS billed minutes, provided that those telephone corporations providing intrastate MTS/WATS service in Idaho that use the services of another telephone corporation for the actual transportation of calls and that have been granted exemptions from contributions to the USF by the Commission, the USF Administrator, or the Commission staff are also granted exemptions from contributions to the TRS fund by operation of this rule. The USF Administrator shall provide the TRS Administrator with a list of all telephone corporations exempted from contributing to the USF and all changes to that list whenever they are made. The data determining an MTS/WATS company's number of intrastate MTS/WATS billed minutes for a given monthly report due on or before the first of the month shall be the same provided to the Administrator of the USF for the USF report also due on or before the first of that month. See USF Rule 201.02, IDAPA 31.46.02.201.02. (7-1-21)T

Electrically conductive material may include the surface(s) that the cow is standing on as one (1) or both cow contact points. (7-1-21)T

**05. Equipotential Plane (EPP).** Means an area where wire mesh or other conductive elements are embedded in or placed under concrete, bonded to all metal structures and fixed nonelectrical equipment that may become energized, and connected to the electrical grounding system to prevent a difference in voltage from developing within the plane. Standardization of testing will provide a consistent basis for determining the presence and level of stray voltage in a dairy and how to determine the source of that stray voltage or current. These rules do not replace existing safety standards embodied in electrical codes. Any conflict between these rules and the National Electrical Code or the National Electrical Safety Code shall be promptly brought to the attention of the Commission. **04. Resistance Measurement.** Resistance shall be measured using either a volt ohmmeter (VOM) or a DMM. Resolution shall be to the level of one (1) ohm or less when measuring a resistance of less than one thousand (1,000) ohm. Accuracy shall be within plus or minus five (+/-5) ohm for a five hundred (500) ohm resistance. (7-1-21)T

**05. Resistance-to-Earth Measurement.** Grounding electrode resistance-to-earth measurements shall be made with a three- (3) point fall-of-potential instrument or a clamp-on resistance-to-earth tester. (7-1-21)T

**055. -- 070. (RESERVED)**

**TESTING AND MEASUREMENT PROCEDURES**  
**Rules 71 through 80**

**071. STRAY CURRENT OR VOLTAGE TESTS (RULE 71).**

Subject to Subsection 071.02, there are six (6) tests used to detect and measure stray current or voltage. (7-1-21)T

**01. Scheduling of Stray Voltage Tests.** Efforts shall be made to perform the tests under conditions substantially similar to those conditions existing at the time(s) the dairy producer believes stray voltage to be a problem. (7-1-21)T

- a. Test 1 - Cow Contact Test; (7-1-21)T
- b. Test 2 - Forty-Eight (48) Hour Test; (7-1-21)T
- c. Test 3 - Primary Profile Test; (7-1-21)T
- d. Test 4 - Secondary Neutral Voltage Drop Test; (7-1-21)T
- e. Test 5 - Load Box Test; and (7-1-21)T
- f. Test 6 - Signature Test. (7-1-21)T

**02. Testing Sequence.** Test 1 shall be performed first. Tests 1 and 2 are used to determine the presence and level of stray voltage and shall be performed in all investigations, subject to the provisions of Subsection 071.03. Tests 3, 4, 5, and 6 may be performed in any order and may be performed without first determining that these tests are required under Paragraph 071.02.b. Tests 3, 4, 5, and 6 may be performed prior to starting the recording for Test 2 or while Test 2 is in progress. Test 2 may be interrupted as necessary to conduct Tests 4, 5, and 6, or for review and analysis of the data recorded up to that point. (7-1-21)T

a. If the results from Tests 1 and 2 indicate that stray voltage does not exceed the preventive action level (PAL), the utility has no further testing or remediation obligations under these rules during this test cycle. (7-1-21)T

b. If the PAL is exceeded, the utility shall perform the remaining four (4) tests except as provided in Subsection 071.03. The utility shall also perform analysis to determine whether the portion of the stray current or voltage attributable to an off-farm source exceeds fifty percent (50%) of the PAL. (7-1-21)T

c. If the PAL is exceeded, and the portion of the stray current or voltage attributable to an off-farm source does not exceed fifty percent (50%) of the PAL, the utility has no further testing or remediation obligations. (7-1-21)T

d. If the PAL is exceeded, and the portion of the stray current or voltage attributable to an off-farm source exceeds fifty percent (50%) of the PAL, the utility shall conduct remediation pursuant to Section 091. Under this condition, the forty-eight (48) hour recording of Test 2 may be reduced to no fewer than twenty-four (24) hours. (7-1-21)T

e. For all testing conducted under these rules, the utility shall have a qualified analyst prepare a report pursuant to Section 082. (7-1-21)T

**03. Suspended or Limited Testing.** With the written agreement of both the utility and the dairy producer, a stray voltage investigation may be suspended at any point in the investigation. With the written agreement of both the utility and the dairy producer, the utility may employ a limited set of tests or measurements on a dairy as part of an intentionally limited evaluation. If the utility proposes to suspend a stray voltage investigation or to conduct a limited evaluation, its reasons for doing so shall be set forth in the written agreement between the utility and the dairy producer. (7-1-21)T

**072. PREPARATION FOR TESTING (RULE 72).**  
The person performing the tests shall perform the following: (7-1-21)T

- 01. Remote Reference Grounding Rod.** (7-1-21)T

**a.** Remote reference grounding rod(s) shall be installed and penetrate moist soil to a depth of thirty (30) inches. When practicable, remote reference rods shall be installed at least twenty-five (25) feet away from the nearest underground conductive electrical equipment of any type or at a distance equal to three (3) to four (4) times the buried depth of any metallic structure connected to the service entrance neutral. The reference ground rod shall be located not closer than twenty-five (25) feet from the centerline of a primary electrical conductor right-of-way. A reference rod shall be located not closer than one hundred (100) feet from the edge of a transmission line right-of-way. (7-1-21)T

**b.** All remote reference grounding rods shall be checked for “remoteness” prior to their use for tests or measurements and if found to be insufficiently “remote,” a new location for that reference ground rod shall be found and retested for remoteness. Remoteness of the reference ground shall be determined by measuring the voltage from the transformer grounding electrode conductor to the remote reference ground. The resistance-to-earth of the transformer grounding electrode shall be measured. The grounding electrode current shall be measured. Remoteness is considered adequate if the measured voltage (transformer grounding conductor to reference ground,  $V_p$ ) is within twenty percent (20%) of the voltage calculated by multiplying the grounding electrode current by the grounding electrode resistance-to-earth. (7-1-21)T

**c.** If the transformer grounding electrode is within twenty-five (25) feet of other primary or secondary grounding electrodes, this remoteness test shall be conducted at the first primary system grounding electrode upstream of the transformer that is greater than twenty-five (25) feet from other primary or secondary system grounding electrodes. (7-1-21)T

**02. Inspecting the Transformer(s).** Prior to testing, the utility transformer shall be inspected, grounding electrode resistance measured, and any repairs necessary for safety be made and recorded. In the case of a customer-owned transformer, qualified personnel shall inspect the installation, measure grounding electrode resistance, and make and record any repairs necessary for safety. Measurements that require contact with utility or customer-owned primary wires or equipment shall be made by the utility or other qualified personnel. (7-1-21)T

**03. In-Line Ammeters.** If in-line or series ammeters are used, they shall be installed under safe conditions in accordance with the National Electrical Safety Code and the National Electrical Code with the entire dairy system or the specific circuit to be tested de-energized. (7-1-21)T

**04. Pre-Test Documentation.** (7-1-21)T

- a.** All pre-test calibration requirements from Section 052 shall be completed and documented. (7-1-21)T
- b.** A sketch or drawing of the dairy shall be prepared indicating: (7-1-21)T
- i.** The location of the buildings; (7-1-21)T
  - ii.** Secondary electrical service panels and secondary feeder systems serving cow contact areas; (7-1-21)T
  - iii.** Transformer(s) and central distribution point; (7-1-21)T
  - iv.** Existing grounding electrodes (if known); (7-1-21)T
  - v.** The location of all cow contact points to be tested; (7-1-21)T
  - vi.** All remote reference grounding rods; and (7-1-21)T
  - vii.** All primary and secondary neutral test points used in conjunction with the remote reference grounding rod(s). (7-1-21)T
- c.** A listing of planned test points shall be prepared using the applicable form prior to beginning each test. Each test shall be listed separately and specific reference numbers shall be given to each planned test point. (7-1-21)T

05. Safety. (7-1-21)T

a. If the service provider reasonably concludes that a dairy's noncompliance with the National Electrical Code poses a significant and immediate safety hazard which prevents completion of any test or measurement required by these rules, then the service provider's obligations to proceed under these rules shall be suspended until the hazard is eliminated. (7-1-21)T

b. At the discretion of the service provider conducting the test, livestock shall be removed from any area where electrical equipment or wiring is examined or electrical measurements are taken. Testing may be suspended if the presence of cows or other animals creates a potential hazard to testing personnel. The locations of electric fences and other electrified cow control devices shall be noted and de-energized where practical. (7-1-21)T

073. TEST 1 -- COW CONTACT TEST (RULE 73).

01. Purpose. The purpose of this test is to determine the location(s), if any, where stray current or voltage exceeds the preventive action level (PAL) and to identify the location(s) at which the cow contact voltage will be recorded in the forty-eight (48) hour test. (7-1-21)T

02. Selection of Cow Contact Points. The selection of cow contact points to be tested shall include a sufficient number of locations reasonably likely to demonstrate the presence of stray voltage or current, if any. (7-1-21)T

03. Conducting the Test. The voltage across the shunt resistor or current through the shunt resistor shall be measured between cow contact points as shown in Figure 1. The source resistance shall be calculated during analysis for all cow contact points.

Figure 1, Cow Contact Test. (7-1-21)T

a. When using a voltmeter to measure voltage between contact points where one (1) of those points is

the floor surface, the equipment shall be arranged as shown in Figures 1 and 2, using a metal plate, which shall make a high quality conductive contact with the ground or floor. If the service provider is unsure of having a high quality conductive contact with the floor or ground, then the procedure described in Paragraph 073.03.c. shall be followed. If necessary, corrosion shall be removed from the point(s) where test lead(s) make contact with metal equipment.

Figure 2, Cow Contact Voltage Measurement.

(7-1-21)T

**b.** When using an in-line milliammeter or a clamp-around milliammeter to measure current between contact points and one (1) of those points is the floor surface or earth, the equipment shall be arranged as shown in Figure 3, using a metal plate which shall make high quality conductive contact with the ground or floor. If the service provider is unsure of having a high quality conductive contact with the floor or ground, then the procedures described in Paragraph 073.03.c. shall be followed. If necessary, corrosion shall be removed from the point(s) where test lead(s) make contact with metal equipment.

Figure 3, Set Up for Measuring Current Cow Contact Point to Ground (7-1-21)T

c. A metal plate used to make an electrical contact with the earth or floor shall be of regular shape (square, rectangular or round), and shall have a surface area equal to or greater than sixteen (16) square inches (4 inches x 4 inches or equivalent). Place a weight not less than twenty (20) pounds on the metal plate. This weight shall be applied evenly across the metal plate and not to the adjacent concrete or earth. Place the metal plate a minimum distance of twelve (12) inches from any metal equipment making contact with the floor or earth. (7-1-21)T

i. Where the metal plate is to be placed on a concrete floor, the surface shall be flat. Clean the floor surface with a wire brush to remove debris that may add excess resistance. Use water to clean the floor surface at the point where the metal plate will be placed. Place a paper towel or similar material soaked in saltwater between the metal plate and the concrete floor. (7-1-21)T

ii. Where the metal plate is to be placed on the ground or earth surface, the surface shall be flat. Remove any debris and add water to the area, if necessary, to dampen the soil. The surface of the metal plate that will make contact with the earth shall be clean and free of corrosion before use. Remove any corrosion, if necessary. (7-1-21)T

**04. Recording the Data.** The person conducting this test shall record the location of, and measured values at, each test point. At each cow contact location, an open circuit voltage reading ( $V_{oc}$ ) and a voltage with five hundred (500) ohm nominal shunt resistor placed across the input to the meter ( $V_{shunt}$ ) shall be taken. These readings shall be taken with ten (10) seconds or less time between each reading. Alternatively, a current measurement ( $I_{shunt}$ ) may be taken in place of the voltage reading ( $V_{shunt}$ ). Data for these test points shall be recorded on the form in Appendix 1. (7-1-21)T

**05. Source Resistance Calculation.** The source resistance ( $R_{source}$ ) shall be calculated for each cow contact location measured and the value recorded in Appendix 1. The following formulas shall be used to calculate source resistance.

$$R_{source} = \frac{V_{oc} - V_{shunt}}{V_{shunt}} \times R_{shunt}$$

$$R_{\text{source}} = \frac{V_{\text{oc}}}{I_{\text{shunt}}} - R_{\text{shunt}} \quad (7-1-21)T$$

**074. TEST 2 -- FORTY-EIGHT HOUR TEST (RULE 74).**

**01. Purpose.** The purpose of this test is to determine whether stray current or voltage exceeds the preventive action level (PAL) at selected location(s) over a forty-eight (48) hour period, subject to Subsection 074.06 and Paragraph 071.02.d. The test also demonstrates whether the primary or secondary sides of the system have a specific impact on the recorded current or voltage at specific times of day. (7-1-21)T

**02. Setup.** A digitizing data recorder with averaging capability and capable of detecting and recording transient deviations of one-tenth (0.1) second or less in duration shall be used to record the following: (7-1-21)T

- a.** Voltage from primary neutral at the transformer to remote reference ground,  $V_p$ . (7-1-21)T
- b.** Voltage from secondary neutral in the service panel serving the area of the cow contact to remote reference ground,  $V_s$ . (7-1-21)T
- c.** Voltage drops ( $V_p$ s) from primary neutral at the location of connection for  $V_p$  to secondary neutral at the location of the connection for  $V_s$ . (7-1-21)T
- d.** Cow contact current through ( $I_{cc}$ ) or voltage across a five hundred (500) ohm resistor at the high voltage point(s) found in Test 1,  $V_{cc}$ . (7-1-21)T

**03. Measurement Interval.** The results of the forty-eight (48) hour test may be highly indicative of the presence of stray voltage. A recording interval as high as ten (10) seconds may be used provided that transient deviations of voltage or current of one-tenth (0.1) second or less in duration of voltage or current are recorded to the maximum ability of the instrument. (7-1-21)T

**04. Measurement at the Cow Contact Point(s).** Measurements to the earth or concrete surface shall be to a metal plate as described in Paragraph 073.03.c. When making measurements to metal objects, corrosion shall be removed to obtain a low resistance connection. (7-1-21)T

**05. Recording the Data.** All of the data gathered by the recording equipment during the forty-eight (48) hour test including transients shall be downloaded and retained with the records of the investigation. In addition, the steady-state data shall be summarized in the investigation report. The recorded data shall be made available to the dairy producer or utility upon request. The person conducting this test shall record the location of, and measured values at, each test point. The identification of the cow contact point shall be recorded on the form in Appendix 2. Transient deviations shall be recorded on the supplemental data form, page 3 of 3 in Appendix 2. A plot of the voltage versus time may be substituted for the recording of measured values in Appendix 2. (7-1-21)T

**06. Reduced Recording Period.** If a qualified analyst concludes that remediation by the utility is required under Paragraph 071.02.d. prior to the completion of a forty-eight (48) hour recording period, the recording period may be reduced to no fewer than twenty-four (24) hours. (7-1-21)T

**075. TEST 3 -- PRIMARY PROFILE TEST (RULE 75).**

**01. Purpose.** The purpose of this test is to measure or calculate neutral-to-earth voltage (NEV) for a multi-grounded distribution system. (7-1-21)T

**02. Conducting the Test.** The primary profile test requires concurrent measurement of the ground electrode resistance and current at all primary system ground points within three quarters (3/4) of a mile on either side of all primary service points serving the dairy, or to the end of the line if less than three quarters (3/4) of a mile. Alternatively, the voltage between a remote grounding rod and the primary ground point being tested may be measured. (7-1-21)T

a. This test shall be conducted starting at one (1) end of the distribution system and working toward the other end along the main primary distribution system. Figure 4 below illustrates the procedure. (7-1-21)T

i. Where the dairy is served by a dedicated tap of less than one-half (1/2) mile in length from a distribution line, the neutral-to-earth voltage shall be measured at each primary ground along the tap and along the distribution line to a distance of three-quarters (3/4) of a mile in each direction from the point of the tap; or (7-1-21)T

ii. Where a dairy is served by a dedicated tap that extends more than one-half (1/2) mile from the distribution line, the neutral-to-earth voltage shall be measured at each primary grounding electrode along the tap and along the distribution line to a distance of one-half (1/2) mile in each direction from the point of the tap. (7-1-21)T

03. **Recording the Data.** The person conducting this test shall record the location of, and measured values at, each test point. Data and calculation results for these test points shall be recorded on the form in Appendix 3.

Figure 4, Primary Profile Test (7-1-21)T

076. **TEST 4 -- SECONDARY NEUTRAL VOLTAGE DROP TEST (RULE 76).**

01. **Purpose.** This test is used to determine the impact of each secondary service on the neutral-to-earth (NEV) and cow contact voltages on the dairy under controlled conditions. (7-1-21)T

02. **Conducting the Test.** This test shall be performed for all service entrances. A proxy load of known characteristics (such as a resistive load like a one hundred twenty (120) volt, fifteen hundred (1,500) watt hairdryer) is required for this test. The proxy load must create a known and stable current and subsequent voltage drop for each neutral serving a main panel, sub-panel or end-of-service area. All service entrances other than that being tested shall be turned "off" to perform this test. A diagram showing the connections and measurement points for this test is shown in Figure 5.

Figure 5, Secondary Neutral Voltage Drop Test Arrangement.

(7-1-21)T

**03. Data Collection.** The following data shall be collected for each secondary neutral tested: (7-1-21)T

- a. Gauge and type of neutral wire. (7-1-21)T
- b. Length of neutral wire. (7-1-21)T
- c. Neutral current,  $I_{sn}$ . (7-1-21)T
- d. Voltage drop ( $V_{DropM}$ ) between both ends of the secondary neutral being tested. (7-1-21)T
- e. Cow contact voltage ( $V_{cc}$ ) or current ( $I_{cc}$ ) at the same points used in the forty-eight (48) hour test. (7-1-21)T
- f. Primary neutral at the transformer to reference ground voltage,  $V_p$ . (7-1-21)T
- g. Secondary neutral to reference ground voltage,  $V_s$ . (7-1-21)T

**04. Measurements.** The three (3) voltages ( $V_{cc}$ ,  $V_p$  and  $V_s$ ) shall be measured with the proxy load “off” and “on.” Calculated expected voltage drops ( $V_{DropC}$ ) (see Appendix 4) shall be compared with measured voltage drops ( $V_{DropM}$ ). If the measured and calculated voltage drops differ significantly, further investigation shall be undertaken to determine the source of additional voltage drop within the circuit. Neutral current shall be measured and recorded with the proxy load on ( $I_{sn}$ ). (7-1-21)T

**05. Recording the Data.** Any person conducting this test shall record the location of, and measured values at, each test point. Data and calculation results for these test points shall be recorded on the form in Appendix 4. (7-1-21)T

**077. TEST 5 -- THE LOAD BOX TEST (RULE 77).**

**01. Purpose.** This test is used to determine the extent to which the primary system contributes to stray current or voltage at cow contact points. For dairies with three (3) phase balanced primary service, the service

provider shall perform Steps One and Two in Paragraph 077.02.b. below.

(7-1-21)T

**02. Conducting the Load Box Test.** This test shall be performed at the same time of day as the time(s) of highest cow contact voltage found in the forty-eight (48) hour test. During this test, voltage and current shall be measured and recorded at the points indicated in Figure 6.

Figure 6, Load Box Test.

(7-1-21)T

a. The load box test requires the recording of eight (8) data points during each of the five (5) test steps. The eight (8) data points that shall be measured or calculated and recorded for each step are: (7-1-21)T

- i. Primary line to neutral voltage,  $V_{pri}$ . (7-1-21)T
- ii. Load Box Current,  $I_{lb}$ . (7-1-21)T
- iii. Voltage at load box connection to secondary system,  $V_{lb}$ . (7-1-21)T
- iv. Calculate transformer current  $I_p$  using  $I_p = \frac{I_{lb} \times V_{lb}}{V_{pri}}$ . (7-1-21)T
- v. Voltage from primary neutral at the transformer to remote reference ground rod,  $V_p$ . (7-1-21)T
- vi. Voltage from secondary neutral in the service panel serving the area of the cow contact to remote reference ground rod,  $V_s$ . (7-1-21)T
- vii. Voltage from primary neutral at the transformer to secondary neutral at the service panel serving the area of cow contact,  $V_{ps}$ . (7-1-21)T
- viii. Cow contact voltage ( $V_{cc}$ ) or current ( $I_{cc}$ ) at the same point(s) used in the forty-eight (48) hour test. (7-1-21)T

b. Except for dairies with three (3) phase balanced primary service, the following five (5) test steps

shall each be conducted for at least two (2) minutes: (7-1-21)T

- i. Step One: The load box shall be de-energized, the dairy shall remain “on,” and the data shall be recorded. (7-1-21)T
- ii. Step Two: The load box shall be de-energized, the dairy shut “off,” and the data shall be recorded. (7-1-21)T
- iii. Step Three: The load box shall be set to half load, the dairy shut “off,” and the data shall be recorded. (7-1-21)T
- iv. Step Four: The load box shall be set to full load, the dairy shut “off,” and the data shall be recorded. (7-1-21)T
- v. Step Five: The load box shall be set to full load, the dairy shall be turned “on,” and the data shall be recorded. (7-1-21)T

**03. Calculating the K Factor.** The K factor is a calculated ratio ( $V_{cc}/V_s$ ). The K factor should be less than one (1) because  $V_{cc}$  (cow contact voltage) should be less than  $V_s$  (the dairy ground to reference ground voltage). If the K factor is greater than one (1), then there is contribution to  $V_{cc}$  from sources other than  $V_s$ . (7-1-21)T

**04. Recording the Data.** The person conducting this test shall record the location of, and measured values at, each test point. Data and calculation results for these test points shall be recorded on the form in Appendix 5. (7-1-21)T

**078. TEST 6 -- SIGNATURE TEST (RULE 78).**

**01. Purpose.** This test is used to determine the contribution to stray current or voltage of individual pieces of equipment operating on the dairy. The test is best performed when there is minimal farm electrical activity. (7-1-21)T

**02. Conducting the Signature Test.** During this test, individual pieces of major current drawing equipment shall be started and stopped. The effects of starting, operating, and stopping each piece of equipment shall be measured and recorded for a period of operation of at least fifteen (15) seconds. The person conducting the test shall identify and record the equipment being tested and record the specific times that the equipment was started and stopped. A digitizing data recorder with averaging capability shall be used to measure and record the required electrical data. These measurements shall be taken at the same locations at the dairy where measurements were taken for the purpose of the load box test and forty-eight (48) hour test. (7-1-21)T

- a. Voltage from primary neutral at the transformer to remote reference ground rod,  $V_p$ . (7-1-21)T
- b. Secondary neutral at the service panel serving the area of cow contact to remote reference ground voltage,  $V_s$ . (7-1-21)T
- c. Primary neutral voltage drop ( $V_{ps}$ ) from the location of connection for  $V_p$  to secondary neutral voltage at the location of the connection for  $V_s$ . (7-1-21)T
- d. Cow contact voltage ( $V_{cc}$ ) or current ( $I_{cc}$ ) at the preselected point. (7-1-21)T

**03. Recording the Data.** All of the data gathered by the recording equipment during the signature test, including transients shall be downloaded and retained with the records of the investigation. In addition, the steady state data shall be summarized in the investigation report. The recorded data shall be made available to the dairy producer or utility upon request. The location of all test point(s) shall be recorded on the form in Appendix 6. A plot of the voltage versus time may be substituted for the recording of measured values on Appendix 6. (7-1-21)T

**079. -- 080. (RESERVED)**

ANALYSIS AND REPORTING THE DATA  
Rules 81 through 90

081. ANALYZING THE COLLECTED DATA (RULE 81).

**01. Cow Contact Points.** Examine the data recorded for the forty-eight (48) hour test in Appendix 2 and determine the highest steady state value of cow contact voltage ( $V_{cc}$ ) or current ( $I_{cc}$ ). Determine the value of primary neutral to reference voltage ( $V_p$ ) that was present for the highest cow contact value. Record these values on the data sheet of Appendix 7. These values shall be identified as “test cow contact voltage or current” ( $V_{cc}$  48hr or  $I_{cc}$  48hr) and “primary neutral to reference voltage at time of maximum cow contact voltage or current” ( $V_p$  48hr). The three (3) data sets created from the values are: (7-1-21)T

**a.** The primary to reference ground voltage and the cow contact voltage or current measured during the load box test (Appendix 5) with the farm power “off” and the load box “off” shall be recorded on the data sheet of Appendix 7 as  $V_p$  OFF and either  $V_{cc}$  OFF or  $I_{cc}$  OFF. (7-1-21)T

**b.** The primary to reference ground voltage and the cow contact voltage or current measured with the load box set at one-half (1/2) load shall be recorded on the data sheet of Appendix 7 as  $V_p$  HALFLOAD and either  $V_{cc}$  HALF LOAD or  $I_{cc}$  HALFLOAD. (7-1-21)T

**c.** The primary to reference ground voltage and the cow contact voltage or current measured with the load box at maximum shall be recorded on the data sheet of Appendix 7 as  $V_p$  FULL LOAD and either  $V_{cc}$  FULL LOAD or  $I_{cc}$  FULLLOAD. (7-1-21)T

**02. Contributions to Stray Voltage or Current for Single Phase Dairies.** The utility contribution to cow contact voltage or current shall be determined using the following formula. Compare the values determined to the preventive action level (PAL).

**TEST 2 - “48-HOUR” TEST REPORT FORM 1  
INSTRUCTIONS**

Record the following data with a long term digitizing data recorder or its equivalent for a minimum of 48 hours as specified in Rule 074:

- a. Voltage from primary neutral to remote reference ground, Vp, at transformer.
- b. Secondary neutral to remote reference ground voltage, Vs, at the electrical panel serving the area

for the Vcc or Icc selected.

- c. Primary neutral to secondary neutral voltage, Vps, between points of connection for Vp and Vs.
- d. Steady state cow contact voltage or current at the preselected point(s) with the highest cow contact voltage or current recorded in Test 1, Vcc or Icc.

Steady State Data:

Steady state data recorded during the 48-hour test shall be presented in tabular format on Form 1 as described below, or it shall be presented graphically. Graphical presentation shall include a time scale for the entire recording period and a clear indication of the steady state readings of Vcc or Icc, Vp, Vs and Vps for the recording intervals. The scale(s) shall be such that steady state cow contact voltages or currents at or above the PAL are easily identifiable.

If using tabular format, the analyst shall enter data in the table for each hour of the 48 hours of the test in chronological order. The data recorded in the table shall include: the specific time that the highest steady state value of Vcc or Icc was recorded in that hour; all four corresponding data points recorded at that time (Vp, Vs, Vps and Vcc or Icc), and the total time during the hour that the steady state Vcc or Icc exceeded the PAL.

Transient deviations occur due to electrical events such as motor starts. The PAL level is 1.0 volt for steady state voltages but PAL does not apply to transient voltage deviations.

**TEST 2 - “48-HOUR” TEST REPORT FORM 2  
INSTRUCTIONS**

Recording Transient Data:

For the purpose of identifying and reporting transient deviations, a transient deviation occurs when the recorded maximum Vcc or Icc in a recording interval exceeds two hundred percent (200%) of the steady state Vcc or Icc recording during the same recording interval.

Transient data recorded during the 48-hour test shall be presented in tabular format on the “48-hour Test – Transient Deviation Data” form as described below, or it shall be presented graphically. Graphical presentation shall include a time scale for the entire recording period and a clear indication of the maximum Vcc or Icc recorded for the recording intervals. The scale(s) shall be such that Vcc transient deviations at or above two (2.0) volts, or Icc transient deviations at or above four (4) milliamps, are easily identifiable.

If using a tabular format, the analyst shall enter data in the table for each hour of the 48 hours of the test in chronological order. The data recorded in the table shall include; the specific time during the hour that the transient deviation in Vcc or Icc with the largest peak magnitude occurred, the corresponding peak Vcc or Icc, the total number of transient deviations recorded in that hour, and the total number of transient deviations recorded in that hour with a peak magnitude of two (2) or more volts for Vcc or four (4) or more milliamps for Icc.

**TEST 4 – SECONDARY NEUTRAL VOLTAGE DROP TEST  
INSTRUCTIONS**

**ITEM                    EXPLANATION**

A-J     Describe load site location, neutral wire gauge, neutral wire length (in 100s of feet), resistance per 100 feet (see table below), measured neutral current, measured voltage drop, Vp, Vs and Vcc or Icc for load "off" and load "on."

Voltage drop is measured from end-to-end of the secondary neutral being tested and the neutral bus of the building being tested. Electrical power to all buildings shall be turned-off during this test except at the building being tested. Locations of Vp, Vs and Vcc or Icc are the same as measured during the previous tests.

Calculate the total circuit resistance. Calculate using Ohm's Law, the expected neutral voltage drop. Calculate the absolute value of the difference and divide by the expected voltage drop. Express this as a percentage. If the two values (measured voltage drop and calculated voltage drop) do not agree, further investigation is warranted to discover the reason for the discrepancy.
