

## STATEMENT OF PURPOSE

RS29320 / H0597

The purpose of this bill is to rectify the inadvertent repeal in 2018 of the statute by which the Idaho traffic code is enforced as to unpaid traffic tickets. Currently, there is no law that applies, and this bill will replace the statute that was repealed and rectify another that was amended in 2018 to delete reference to enforcement of unpaid traffic fines.

## FISCAL NOTE

This bill has an impact on the general fund of the state in that it will require the Idaho court system to adjust their information technology so that proper notification of suspensions will be sent to all proper parties and enforcement entities. The costs should be made up for through increased collection of infraction fines. There appears to be no negative effect on local government.
