

Agency Summary & Statutory Authority

Pursuant to Section 33-3720, Idaho Code, the State Board of Education oversees eight distinct health education programs that provide educational opportunities in the fields of medicine, dentistry, and veterinary medicine. Of these eight programs, five have a focus on medical residency – the post-graduate years of clinical experience and continuing education. These programs include the University of Utah Medical Education Program, Family Medical Residencies, Boise Internal Medicine residencies, Psychiatry Education residencies, and Eastern Idaho Medical Residencies which provide residency opportunities in Idaho communities.

Residency Positions by Budgeted Program
 FY 2012-2022

Number of Residents/Fellows
 According to the 10-Year GME Plan

NOTES

78.2% of the appropriation for these five residency programs is for trustee and benefit payments, 18.7% is personnel costs, and 3.1% is for operating expenditures. Personnel costs and operating expenditures are exclusively found within the Family Medical Residency Program based at Idaho State University.

The University of Utah School of Medicine also includes funding for medical education.
