

STATEMENT OF PURPOSE

RS30115C2 / H0062

This Legislation directs the Idaho Board of Medicine to create a limited license for medical school graduates who have not yet matched with a residency program and designate them as "bridge year physicians." These bridge year physicians can fill gaps in Idaho's current healthcare provider workforce. This bill establishes license length, eligibility, qualifications, permitted duties and supervision requirements.

FISCAL NOTE

This legislation will have no impact on the state's general fund. Fees collected for the limited license will offset any costs of administration required by the Idaho Division of Occupational and Professional Licensing dedicated fund.
