

## STATEMENT OF PURPOSE

RS30301 / S1077

This legislation will require that counties, cities, highway districts, and airports allow a competitive bidding process prior to entering a lease contract with a private sector entity that includes a revenue-sharing component.

## FISCAL NOTE

There will be no impact to the general fund, because the change relates to various subdivisions of government. There may be a small impact to the subdivisions of government affected depending on how often they enter revenue-sharing arrangements with private sector entities.
