1. IDAPA 02.04.06 - Requirements for Licensed Dairy Plants

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.04.06 - Requirements for Licensed Dairy Plants. According to the department, the purpose of the rulemaking is to make the rule consistent with statutory changes that were made during the 2014 Legislative Session via Senate Bill 1338. The department notes that the legal authority will change from Chapter 4 to Chapter 5, Title 37, Idaho Code, that the title of the rule has changed and that a USDA publication incorporated by reference is being updated from the 2002 version to the 2011 version. The specific differences between versions are noted in the department's notice. The department also indicates that the changes will not affect how it will license or inspect dairy plants.

The department states that negotiated rulemaking was not conducted because the rule is merely incorporating the statutory changes to ensure the rule coincides with the changes. The rule appears to be authorized pursuant to Section 37-516, Idaho Code.

2. IDAPA 02.04.14 - Rules Governing Dairy Waste

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.04.14 - Rules Governing Dairy Waste. According to the department, the rule is being proposed to reflect and be consistent

with the statutory changes that were made by Senate Bill 1376 during the 2014 Legislative Session. The department indicates that the specific changes add new definitions, remove obsolete definitions and revise the rule provisions regarding unauthorized discharges, compliance schedules and penalties for violations.

We contacted the department regarding the definition of "non-compliance." There was an inadvertent omission of a reference to nutrient management standards that is set forth in the statute. The department has corrected the definition with the change being reflected in the June Administrative Bulletin as published on the website of the Office of Administrative Rules.

The department states that negotiated rulemaking was not conducted because the rule is being proposed to comply with the requirements provided by statute. It appears that the rulemaking is authorized pursuant to Section 37-603, Idaho Code, which will be effective on July 1, 2014.

3. IDAPA 02.04.29 - Rules Governing Trichomoniasis

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.04.29 - Rules Governing Trichomoniasis. According to the department, the rulemaking is being proposed to remove Subsection 100.05 to conform with Senate Bill 1268 as enacted during the 2014 Legislative Session. The statutory revision requires that all non-virgin breeding bulls be tested for Trichomoniasis annually, thereby removing the testing exemption for non-virgin breeding bulls located north of the Salmon River.

The department states that negotiated rulemaking was not conducted because the rule change is necessary to comply with the 2014 statutory changes. The rulemaking appears to be authorized pursuant to Section 25-203, Idaho Code.

4. IDAPA 02.06.02 - Rules Pertaining To The Idaho Commercial Feed Law

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.06.02 - Rules Pertaining to the Idaho Commercial Feed Law. According to the department, the purpose of the rulemaking is to incorporate by reference information and updates contained in the 2015 Official Publication of the Association of American Feed Control Officials (AAFCO) as they pertain to the methodology and practice of conducting regulatory commercial feed registration and label review.

The department states that negotiated rulemaking was not conducted due to the simple nature of the proposed amendment. The rule appears to be authorized pursuant to Section 25-2710, Idaho Code.

5. IDAPA 02.06.12 - Rules Pertaining To the Idaho Fertilizer Law

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.06.12 - Rules Pertaining To the Idaho Fertilizer Law. According to the department, the purpose of the rulemaking is to incorporate by reference information and updates contained in the 2015 Official Publication of the Association of American Plant Food Control Officials (AAPFCO) as they pertain to the methodology and practice of conducting regulatory fertilizer registration and label review.

The department states that negotiated rulemaking was not conducted due to the simple nature of the proposed amendment. The rule appears to be authorized pursuant to Section 22-604, Idaho Code.

6. IDAPA 02.06.33 - Organic Food Products Rules

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.06.33 - Organic Food Products Rules. According to the department, the current rule requires annual registration and payment of fees of \$50.00 each for organic producers and handlers with \$5,000 or less in annual gross sales and other certifying agents operating in Idaho. The department notes that the registration and fee is prohibited by the National Organic Program (NOP) administered by the U.S. Department of Agriculture under 7 CFR Part 205. In accordance with that prohibition, the department is proposing to repeal IDAPA 02.06.33.300.

The department indicates that there will be no impact to the General Fund but that there will be a \$1,250 reduction in annual revenue to the Organic Food Program dedicated fund. The department states that negotiated rulemaking was not conducted because the federal NOP rules take precedence over IDAPA 02.06.33.300, thus requiring the repeal. The rulemaking appears to be authorized pursuant to Section 22-1103, Idaho Code.

7. IDAPA 02.06.41 - Rules Pertaining To The Idaho Soil and Plant Amendment Act of 2001

The Idaho State Department of Agriculture submits notice of proposed rule at IDAPA 02.06.41 - Rules Pertaining To the Idaho Soil and Plant Amendment Act of 2001. According to the department, the purpose of the rulemaking is to incorporate by reference information and updates contained in the 2015 Official Publication of the Association of American Plant Food Control Officials (AAPFCO) as they pertain to the methodology and practice of conducting regulatory soil and plant amendment registration and label review.

The department states that negotiated rulemaking was not conducted due to the simple nature of the proposed amendment. The rule appears to be authorized pursuant to Section 22-2204, Idaho Code.

DOCKET NO. 02-0406-1401

NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 37-516, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 18, 2014.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The rule is being proposed to reflect and be consistent with the statute change (Senate Bill No. 1338) which was passed during the 2014 Legislature and signed by Governor C. L. "Butch" Otter on April 3, 2014 effective July 1, 2014. Specifically the legal authority will change from Chapter 4 to Chapter 5, Title 37, Idaho Code, the title of the rule has changed, and the incorporation by reference is being updated from the 2002 version to 2011.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

ISDA does not anticipate any fiscal impact from the changes to be made to the rule during this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because the proposed rule is merely incorporating the statute changes to ensure the rule coincides with these changes.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule:

The materials incorporated by reference will be updated to the current version of Subpart E Requirements for Licensed Dairy Plants of the Milk for Manufacturing Purposes and its Production and Processing, Recommended Requirements published on July 21, 2011 by United States Department of Agriculture, Agricultural Marketing Service, Dairy Programs. The current rule references the 2002 version. Since 2002, the document was revised in 2005 and 2011. The document is published nationally and receives industry comments prior to final publication. Comparing the 2002 and the 2011 versions the following have been changed:

1. If the last three (3) out of five (5) consecutive commingled milk bacterial estimates exceed 1 million per milliliter, the plant license shall be suspended, whereas in the 2002 version reads a penalty sanctioned by the state regulatory agency shall be imposed on the plant until an additional sample of commingled milk is tested and found satisfactory. Note: Since 2002, there has not been a dairy plant in Idaho that has had a three (3) out of five (5) exceedances;
2. The definition of heat treated cream (section E 1.9) has been simplified in the 2011 version; and
3. Rooms and Compartments for Cottage Cheese (section E 5.1 and corresponding subsections) was removed because it was in conflict with the Pasteurized Milk Ordinance and cottage cheese is a Grade A product which is subject to the requirements of the Pasteurized Milk Ordinance.

These three changes will not affect how ISDA will license or inspect dairy plants.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact John Bilderback at 208-332-8541 or john.bilderback@agri.idaho.gov.
