IDAPA 08.02.02 - Rules Governing Uniformity - Proposed Rule (Docket No. 08-0202-1703)
IDAPA 08.02.02 - Rules Governing Uniformity - Temporary and Proposed Rule (Docket No. 08-0202-1705)

IDAPA 08.02.02 - Rules Governing Uniformity - Proposed Rule (Docket No. 08-0202-1708)

The State Board of Education submits notice of proposed rulemaking at IDAPA 08.02.02.

Docket No. 08-0202-1703

This rule requires that residential schools must meet health and safety standards established by Section 39-1210, Idaho Code, in order to be fully accredited by the Board. The rule also revises some language.

Negotiated rulemaking was conducted, and there is no anticipated negative fiscal impact on the state general fund. The Board states that this rulemaking is authorized pursuant to several sections of the Idaho Code, including Section 33-119, which requires the Board to establish standards for school accreditation.

Docket No. 08-0202-1705

This rule, also a temporary rule, concerns teacher and administrator credentials. The rule: (1) Revises the definition of "institutional recommendation" to clarify differences between recommendations for teachers versus recommendations for administrators; (2) Clarifies requirements for courses administrators must take to have their certificates renewed; (3) Clarifies that laws and rules governing school staff holding certificates shall apply to all individuals serving in public schools, including those with interim certificates; and (4) Clarifies evaluation policies. The rule also revises terminology.

Negotiated rulemaking was conducted, and there is no anticipated negative fiscal impact on the state general fund. The Governor finds that the temporary rule is justified because, by clarifying evaluation requirements, the rule facilitates consistency in summative scoring and movement on the career ladder. The Board states that this rulemaking is authorized pursuant to several sections of the Idaho Code, including Section 33-1204, which authorizes rulemaking regarding certificates.

Docket No. 08-0202-1707

This rule provides that structured college or university visits, when such visits are part of a school district's college and career advising mentoring plan, are approved school activities for purposes of transportation and may thus be reimbursed under the Transportation Support Program. Negotiated rulemaking was conducted, and there is no negative fiscal impact on the state general fund. The Governor finds that the temporary rule is justified because this rule change brings the rule into alignment with Senate Bill 1123 (2017), which permits reimbursement of costs for transporting students to approved school activities. The Board states that this rulemaking is authorized pursuant to several sections of the Idaho Code, including Section 33-1006, regarding the Transportation Support Program.

Docket No. 08-0202-1708

This rule amends and clarifies certification requirements for career technical education instructors, including the age, education, and hours of experience necessary to obtain a certificate. Negotiated rulemaking was conducted, and there is no negative fiscal impact on the state general fund. The Board states that this rulemaking is authorized pursuant to several sections of the Idaho Code, including Section 33-1204, which authorizes rulemaking regarding certificates.

In addition to the standard instructional certificate, IDAPA 08.02.02.015, Educator Credential, outlines the provisions for career technical education instructors and administrators certification requirements. The standard and advanced certificates are renewable five-year certificates.

Occupational certification may be earned either through a degree based program from one of the approved educator preparation programs in Idaho or through an industry experience based route. The proposed amendments provide clarification to the various certification requirements and provides for additional options to receive occupational specialist certification within the existing routes.

Specific amendments include:

- Clarification that all occupational specialist certificates are approved through the Division of Career Technical Education and additional technical changes to allow for ease of understanding;
- Add an additional option for individuals holding an Administrator Certificate with a Superintendent or Principal endorsement to earn a Career Technical Administrator certificate;
- Increase the minimum age requirement to be eligible for a occupational specialist certificate from 18 to 21;
- Reduce the minimum number of years and or hours of experience necessary to receive an occupational specialist certificate from eight years or 16,000 hours to six years or 12,000 hours; and
