5 RELATING TO WATER; AMENDING SECTION 42-202A, IDAHO CODE, TO PROVIDE FOR USES
6 WHERE A TEMPORARY APPROVAL SHALL BE GRANTED, TO PROVIDE FOR DURATION OF
7 APPROVAL, TO DEFINE A TERM AND TO PROVIDE THAT TEMPORARY APPROVAL SHALL
8 NOT BE REQUIRED FOR RESERVOIR FLOOD CONTROL AUTHORIZED BY STATE OR FED-
9 ERAL LAWS; AND DECLARING AN EMERGENCY.

10 Be It Enacted by the Legislature of the State of Idaho:

11 SECTION 1. That Section 42-202A, Idaho Code, be, and the same is hereby
12 amended to read as follows:

13 42-202A. TEMPORARY APPROVAL -- APPLICATION -- CRITERIA -- EXCEP-
14 TIONS. (1) Any person, association or corporation hereafter intending to
15 use the waters of any natural streams, springs or seepage waters, lakes or
16 ground water, or other public waters in the state of Idaho, for a minor use of
17 short duration may make application to the department of water resources for
18 temporary approval.

19 (2) Application for temporary approval shall be upon forms provided by
20 the department of water resources and shall be accompanied by a fifty dollar
21 (\$50.00) fee.

22 (3) The director of the department of water resources is not required
23 to publish notice of the application pursuant to the provisions of section
24 42-203A, Idaho Code, and is not required to make findings as provided in
25 section 42-203A or 42-203C, Idaho Code. The director may, however, give
26 notice of an application as he determines appropriate and may grant a tem-
27 porary approval upon completion of the application form, payment of the
28 filing fee, a determination by the director that the temporary approval can
29 be properly administered, a determination that other sources of water are
30 not available, a determination that approval is in the public interest and
31 a determination that the temporary approval will not injure public values
32 associated with the water source or any other water right. If the temporary
33 approval is within a water district, the director shall seek and consider the
34 recommendations of the watermaster before granting a temporary approval.
35 The director may issue a temporary approval with the conditions determined
36 by the director to be necessary to protect other water rights and the public
37 interest.

38 (4) The recipient of any temporary approval issued pursuant to the pro-
39 visions of this act shall assume all risk that the diversion and use of the
40 water may injure other water rights, or otherwise not comply with the crite-
41 ria described in section 42-203A(5), Idaho Code. Any applicant for a tempo-
42 rary approval who is aggrieved by a denial of the director of a temporary ap-

10 leum, as those terms are defined in section 39-7203, Idaho Code, from water
11 in response to state or federal health and safety requirements. Approvals
12 issued under the provisions of this section constitute a waiver of the manda-
13 tory permit requirements of section 42-201(2), Idaho Code, and do not create
14 a continuing right to use water. Temporary approvals shall not be issued as
15 an interim water supply for a use which requires a continuing water supply.

16 (6) The provisions of this section do not require a temporary approval:

17 (a) before diverting and using water to extinguish or prevent the spread of
18 an existing wildfire on private or public lands, facilities or equipment,
19 including the use of water by personnel engaged in fighting an existing wild-
20 fire, or (b) for reservoir flood control authorized by state or federal laws.
