

STATEMENT OF PURPOSE

RS25822

The purpose of this legislation is to reduce the training requirements to become a nursing home administrator. The new requirements of 1,000 hours as an Administrator in Training will take approximately 6 months to complete. This is a reduction from the current one-year requirement.

This legislation will align Idaho with the national standards for nursing home administrators and allow those coming into the state to obtain a license without having to get additional training, therefore, making it easier to recruit qualified administrators to Idaho.

FISCAL NOTE

There is no fiscal impact to the general fund, or the Board of Examiners of Nursing Home Administrators fund balance.
