Upon review of its existing rules, DEQ determined that its two revolving loan rule chapters could be simplified and consolidated into a single chapter. DEQ proposes to delete IDAPA 58.01.20, Rules for Administration of Drinking Water Loan Program, and merge necessary and relevant sections of IDAPA 58.01.20 with IDAPA 58.01.12, Rules for Administration of Water Pollution Control Loans. DEQ has initiated a separate rulemaking for the deletion of IDAPA 58.01.20 (Docket No. 58-0120-1901).

Prospective grant and loan recipients, consulting engineers, grant and loan administrators, other funding agencies, public officials representing various counties and cities, and the public at large may be interested in commenting on this proposed rule. The proposed rule text is in legislative format. Language the agency proposes to add is underlined. Language the agency proposes to delete is struck out. It is these additions and deletions to which public comment should be addressed.

After consideration of public comments, DEQ intends to present the final proposal to the Idaho Board of Environmental Quality (Board) in 2020 for adoption of a pending rule. The rule is expected to be final and effective upon adjournment of the 2021 legislative session if adopted by the Board and approved by the Legislature.

NEGOTIATED RULEMAKING: The text of the proposed rule was drafted based on discussions held and concerns raised during negotiations conducted pursuant to Idaho Code § 67-5220. On August 1, 2019, DEQ posted notice of the negotiated rulemaking on its website, and a preliminary draft rule was made available for public review. The Notice of Negotiated Rulemaking was published in the August 2019 issue of the Idaho Administrative Bulletin, [Vol. 19-8, pages 156–157](#), and a meeting was held on August 27, 2019. Key information was posted on the DEQ website and distributed to the public. No comments were received.

At the conclusion of the negotiated rulemaking process, DEQ formatted the draft for publication as a proposed rule. DEQ is now seeking public comment on the proposed rule. The negotiated rulemaking record, which includes the negotiated rule draft, documents distributed during the negotiated rulemaking process, and the negotiated rulemaking summary, is available at www.deq.idaho.gov/58-0112-1901.

Projects are rated by the Department on a standard priority rating form using public health, sustainability, the condition of the existing system and water quality criteria. ~~(3-29-12)~~()

01. Purpose. An ~~integrated~~ priority rating system shall be utilized by the Department to annually allot available funds to wastewater quality and drinking water projects determined eligible for funding assistance under ~~the water pollution control loan program in accordance with~~ these rules. ~~(5-3-03)~~()

02. Wastewater Priority Rating. The priority rating system shall be based on a numerical point system. Priority criteria shall contain the following points: (3-29-12)

- a. Public health emergency or hazard certified by the Idaho Board of Environmental Quality, the Department, a District Health Department or by a District Board of Health -- one hundred and fifty (150) points. (5-8-09)
- b. Regulatory compliance issues (e.g., noncompliance and resulting legal actions relating to infrastructure deficiencies at a wastewater facility) -- up to one hundred (100) points. (3-29-12)
- c. Watershed restoration (e.g., implementation of best management practices or initiation of construction at wastewater collection and treatment facilities as part of an approved total maximum daily load plan, implementation of nonpoint source management actions in protection of a threatened water, or is part of a special water quality effort) -- up to one hundred (100) points. (3-29-12)
- d. Watershed protection from impacts (e.g., improvement of beneficial use(s) in a given water body, evidence of community support, or recognition of the special status of the affected water body) -- up to one hundred (100) points. (3-29-12)

(3-29-12)
- g. Affordability (current system user charges exceed state affordability guidelines) -- ten (10) points. (3-29-12)

03. Drinking Water Priority Rating. The priority rating system shall be based on a numerical points

system. Priority criteria shall contain the following points. ()

a. Public Health Hazard. Any condition that creates, or may create, a danger to the consumer's health, which may include any one (1) or more of the following, may be awarded a maximum of one hundred (100) points: ()

i. Documented unresolved violations of the primary drinking water standards including maximum contaminant levels, action levels, and treatment techniques (to include maximum contaminant levels for acute and chronic contaminants): ()

ii. Documented unresolved violations of pressure requirements; ()

iii. Documented reduction in source capacity that impacts the system's ability to reliably serve water; ()

iv. Documented significant deficiencies (e.g., documented in a sanitary survey) in the physical system that are causing the system to not reliably serve safe drinking water; or ()

v. Documented unregulated contaminants that have been shown by EPA to be a risk to public health. ()

b. General Conditions of Existing Facilities. Points shall be given based on deficiencies, which would not constitute a public health hazard, for pumping, treating, and delivering drinking water - up to sixty (60) points. ()

c. Sustainability Efforts (e.g., prospective efforts at energy conservation, water conservation, extending the life of capital assets, green building practices, and other environmentally innovative approaches to infrastructure repair, replacement and improvement) - up to fifty (50) points. ()

034. Rating Forms. Rating criteria for ~~Subsection 020.02~~ is set forth in a rating form that is available in the Handbook. (3-29-12)()

045. ~~Integrated~~ Priority List. A list shall be developed from projects rated according to ~~Subsection 020.02. Such list shall be~~, submitted for public review and comment, and ~~shall thereafter be~~ submitted to the Board for approval. (3-29-12)()

a. Priority Reevaluation. Whenever significant changes occur, which in the Department's judgment would affect the design parameters or treatment requirements by either increasing or decreasing the need for or scope of any project, a reevaluation of that priority rating will be conducted. (1-1-89)

~~**b. Priority Target Date.** An eligible applicant whose project is on the approved priority list, and for which funding is available, will be contacted by the Department and a target date for submission of a completed loan application will be established.~~ (5-3-03)

eb. Project Bypass. A project that does not or will not meet the ~~project target date or a~~ Department schedule that allows for timely utilization of loan funds may be bypassed, substituting in its place the next highest

ranking project(s) that is ready to proceed. An eligible applicant that is bypassed will be notified in writing of the reasons for being bypassed. (3-29-12)()

056. Amendment of ~~Integrated~~ **a** Priority List. The Director may amend ~~the Integrated~~ **a** Priority List as set forth in Section 995 of these rules. (5-8-09)()

021. DISADVANTAGED LOANS.

Disadvantaged Loan Awards. In conjunction with the standard loans, the Department may award disadvantaged loans to applicants deemed disadvantaged using the following criteria: (3-29-12)

01. Qualifying for a Disadvantaged Loan. In order to qualify for a disadvantaged loan, a loan applicant must have an ~~annual residential~~ user rate for ~~either drinking water or~~ wastewater services ~~for residential customers which that~~ exceeds two percent (2%) of the applicant community's median household income or, if the user rate is between one and one-half percent (1½%) and two percent (2%) of the applicant community's median household income, the community must also have: unemployment that exceeds the state average; and a decreasing population. The applicant shall agree to a thirty (30) year loan unless the design life of the project is documented to be less than thirty (30) years. The annual user rate would be based on all operating, maintenance, replacement, and debt service costs (both for the existing system and for upgrades). If the applicant's service area is not within the boundaries of a municipality, or if the applicant's service area's median household income is not consistent with the municipality as a whole, the applicant may use the census data for the county in which it is located or may use a representative survey, conducted by a Department approved, objective third party, to verify the median household income of the applicant's service area. (3-25-16)()

02. Adjustment of Loan Terms. DEQ will equally apportion funds available for principal forgiveness to all prospective disadvantaged loan recipients. ~~For wastewater loan funding, the length of the repayment period is set at the borrower's discretion, up to the maximum repayment period of thirty (30) years. For drinking water loan funding, extensions of repayment term to thirty (30) years are only allowed for disadvantaged applicants.~~ Consistent with achieving user rates as per the criteria set forth in ~~Subsection 021-01~~, and where possible with available funds, loan terms may be adjusted in the following order: decreasing the interest rate and providing principal forgiveness. (3-25-16)()

a. Decreasing Interest Rate. The loan interest rate may be reduced from the rate established by the Director for standard loans to a rate that results in an annual user rate equaling the criteria set forth in ~~Subsection 021-01~~. The interest rate may be reduced to as low as zero percent (0%). (3-25-16)()

b. Principal Forgiveness. If even at zero percent (0%) interest, the annual user rate per residential user still exceeds the criteria set forth in ~~Subsection 021-01~~, then the principal ~~which that~~ causes the user charge to exceed the criteria set forth in ~~Subsection 021-01~~ may be partially forgiven or reduced. The principal reduction cannot exceed fifty percent (50%) of the total loan, ~~unless the user rate will exceed \$100 per month (in which case the principal reduction may exceed fifty percent (50%)).~~ Principal forgiveness terms may be revised (from initial estimates established in the annual Intended Use Plan) based upon final construction costs, such that loan terms do not result in user rates that are below the criteria set forth in ~~Subsection 021-01~~. (3-25-16)()

022. SUPPLEMENTAL GRANTS.

In conjunction with loans, the Department may award state funded supplemental grants, not to exceed ninety percent (90%) of total eligible costs, to loan recipients in the following manner: (3-29-12)

01. Projects Not Funded by Loans. Planning and design projects may receive grant assistance up to ninety percent (90%) funding of eligible costs not funded by a loan; and (1-1-89)

02. Costs in Excess of Financial Ability. (3-30-01)

a. Loan recipients may receive supplemental grant assistance for eligible costs that exceed the amount a loan recipient is able to pay. In order to qualify for a supplemental grant, a loan recipient must have the following: (3-29-12)

i. An annual user rate per household which exceeds one and one-half percent (1 1/2%) of the median

household income from the most recent census data. If the loan recipient's service area is not within the boundaries of a municipality, the loan recipient may use the census data for the county in which it is located or may use an income survey approved by the Department; and (3-29-12)

ii. The annual user rate includes all operating, maintenance, replacement and debt service costs, both for the existing system and for upgrades. (3-29-12)

b. If a loan recipient meets the requirement of ~~Subsections 022.02.i. and 022.02.ii.~~, a supplemental grant may be made for the amount of the project that causes the annual user rate for wastewater service per household to exceed one and one-half percent (1 1/2%) of the median household income, subject to available funds. (3-29-12)()

~~03. **Accrued Interest on Loans with Supplemental Grants.** Interest will not be accrued during the design and construction phases on loan projects that also have a supplemental grant. (3-30-01)~~

The public comment period shall be held after alternatives have been developed and the Department has approved the draft planning document. The loan recipient shall provide written notice of the public comment period and hold at least one (1) public meeting within the jurisdiction of the loan recipient during the public comment period. At the public meeting, the draft planning document shall be presented by the loan recipient with an explanation of the alternatives identified. The cost effective and environmentally sound alternative selected shall consider public comments received from those affected by the proposed project. After the public meeting and public comment period, the final alternative will be selected and the Environmental Information Document will be prepared. (3-29-12)()

g. Funding For ~~Wastewater~~ Reserve Capacity. Funding for reserve capacity of a treatment plant will not exceed a twenty (20) year population growth and funding for reserve capacity of an interceptor will not exceed a forty (40) year population growth as determined by the Department. (1-1-89)()

For eligible ~~point source~~ projects, the loan recipient shall complete an environmental review as part of and in conjunction with a planning document. Projects funded exclusively as nonpoint or estuary management projects may not be required to complete an environmental review. The loan recipient shall consult with the Department at an early stage in the loan process to determine the required level of environmental review. Based on review of existing information, and assessment of environmental impacts, the loan recipient shall complete one (1) of the following per the Department's instruction:

(3-29-12)()

a. Determine if the action is consistent with categories eligible for exclusion whereupon the Department ~~shall~~ will issue a notice of CE from substantive environmental review. Once the CE is granted for the selected alternative, the Department will publish a notice of CE in a local newspaper in the geographical area of the proposed project to inform the public of this action, following which the planning document can be approved and the loan award can proceed; or

(3-29-12)()

b. Determine if the action is not consistent with categories eligible for exclusion and that issuance of a CE is not appropriate. If a CE is not issued, the Department ~~shall~~ will notify the loan recipient to prepare an EID.

(3-29-12)()

03. Environmental Information Document Requirements. When an EID is required, the loan recipient shall prepare the EID in accordance with the following Department procedures:

58.01.20 – RULES FOR ADMINISTRATION OF DRINKING WATER LOAN PROGRAM

DOCKET NO. 58-0120-1901 (CHAPTER REPEAL)

NOTICE OF RULEMAKING – PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking. The action is authorized by Chapters 1 and 76, Title 39, Idaho Code.

PUBLIC HEARING SCHEDULE: No hearings have been scheduled. Pursuant to Section 67-5222(2), Idaho Code, a public hearing will be held if requested in writing by twenty-five (25) persons, a political subdivision, or an agency. Written requests for a hearing must be received by the undersigned on or before November 20, 2019. If no such written request is received, a public hearing will not be held.

DESCRIPTIVE SUMMARY: DEQ initiated this rulemaking in response to [Executive Order No. 2019-02](#), Red Tape Reduction Act, issued by Governor Little on January 21, 2019. Upon review of its existing rules, DEQ determined that its two revolving loan rule chapters could be simplified and consolidated into a single chapter. DEQ proposes to delete IDAPA 58.01.20, Rules for Administration of Drinking Water Loan Program, and merge necessary and relevant sections of IDAPA 58.01.20 with IDAPA 58.01.12, Rules for Administration of Water Pollution Control Loans. DEQ has initiated a separate rulemaking for the revisions to IDAPA 58.01.12 (Docket No. 58-0112-1901).

Prospective grant and loan recipients, consulting engineers, grant and loan administrators, other funding agencies, public officials representing various counties and cities, and the public at large may be interested in commenting on this proposed rule.

After consideration of public comments, DEQ intends to present the final proposal to the Idaho Board of Environmental Quality (Board) in 2020 for adoption of a pending rule. The rule is expected to be final and effective upon adjournment of the 2021 legislative session if adopted by the Board and approved by the Legislature.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the incorporation by reference is necessary: N/A

NEGOTIATED RULEMAKING: The text of the proposed rule was drafted based on discussions held and concerns raised during negotiations conducted pursuant to Idaho Code § 67-5220. On August 1, 2019, DEQ posted notice of the negotiated rulemaking on its website, and a preliminary draft rule was made available for public review. The Notice of Negotiated Rulemaking was published in the August 2019 issue of the Idaho Administrative Bulletin, [Vol. 19-8, pages 158–159](#), and a meeting was held on August 27, 2019. Key information was posted on the DEQ website and distributed to the public. No comments were received.

At the conclusion of the negotiated rulemaking process, DEQ formatted the draft for publication as a proposed rule. DEQ is now seeking public comment on the proposed rule. The negotiated rulemaking record, which includes the negotiated rule draft, documents distributed during the negotiated rulemaking process, and the negotiated rulemaking summary, is available at www.deq.idaho.gov/58-0120-1901.

IDAHO CODE SECTION 39-107D STATEMENT: This proposed rule does not regulate an activity not regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: N/A

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this rulemaking, contact Tim Wendland at tim.wendland@deq.idaho.gov or (208) 373-0439.
