

**STATEMENT OF PURPOSE**

**RS26781**

This legislation will allow parents the ability to opt-in their children to classes where the children will view sexually related materials. It also clarifies that all sexually related materials must be made available to parents to review and that all guest speakers or instructors must also comply with the provisions of sections 33-1608, Idaho Code.

**FISCAL NOTE**

There is no fiscal impact to the General Fund or any local governments because this bill is reversing the means of parental communication from opting out to opting in.
