IDAPA 26.00.00 - Notice of Omnibus Rulemaking (Fee Rule) - Proposed Rule (Docket No. 26-0000-2100F)

Summary and Stated Reasons for the Rule

The Department of Parks and Recreation submits notice of proposed rule at IDAPA 26.00.00 - Notice of Omnibus Rulemaking. This is a fee rule. According to the department, the rulemaking publishes these rule chapters previously submitted to and reviewed by the Legislature:

- 26.01.33, Rules Governing the Administration of the Land and Water Conservation Fund Program.

Negotiated Rulemaking/Fiscal Impact

The department states that negotiated rulemaking was not conducted "because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare." The department states that the rules do not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Legislature. Fees and charges include:

• IDAPA 26.01.10, Rules Governing the Administration of Temporary Permits on Lands Owned by the Idaho Department of Parks and Recreation. Fees related to temporary permit processing, compensation, application and enforcement.

IDAPA 26 – DEPARTMENT OF PARKS AND RECREATION

DOCKET NO. 26-0000-2100F (FEE RULE)

NOTICE OF OMNIBUS RULEMAKING - PROPOSED RULEMAKING

AUTHORITY: In compliance with Sections 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 67-4223, 67-7115, and 67-7116, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This proposed rulemaking publishes the following rule chapters previously submitted to and reviewed by the Idaho Legislature under IDAPA 26, rules of the Department of Parks and Recreation:

IDAPA 26

- 26.01.10, Rules Governing the Administration of Temporary Permits on Lands Owned by the Idaho Department of Parks and Recreation;
- 26.01.20, Rules Governing the Administration of Park and Recreation Areas and Facilities; and
- 26.01.33, Rules Governing the Administration of the Land and Water Conservation Fund Program.

FEE SUMMARY: This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously submitted to and reviewed by the Idaho Legislature in the prior rules. The fees or charges, authorized in Sections 67-4223, 67-7115, and 67-7116, Idaho Code, are part of the agency's 2022 budget that relies upon the existence of these fees or charges to meet the state's obligations and provide necessary state services. The following is a specific description of the fees or charges:

- IDAPA 26.01.10, Rules Governing the Administration of Temporary Permits on Lands Owned by the Idaho Department of Parks and Recreation. Fees related to temporary permit processing, compensation, application and enforcement.
- IDAPA 26.01.20, Rules Governing the Administration of Park and Recreation Areas and Facilities. Fees related to motor vehicle entrance, parking violations, camping, reservations (placing, modifying, and canceling), vessel moorage, overnight use, surcharges, group facility use, winter access, returned checks, and winter recreation programs.
- IDAPA 26.01.33, Rules Governing the Administration of the Land and Water Conservation Fund Program. Service fee to administer and manage process to convert property from a recreation use.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2022 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rules, contact Seth Hobbs, (208) 514-2427.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. 080. APPLICATION PROCEDURE.

- **O1. Procedure.** To be considered for a grant, a sponsor must follow the procedural requirements, file a completed grant application form prior to the stated deadline, propose an eligible project, and submit all other documentation specified in this rule.
- **02. Review for Completeness and Eligibility.** Materials submitted by the sponsor are reviewed by the Department for completeness and for project eligibility.
- **03. LWCF Advisory Committee Rating.** The LWCF Advisory Committee rates projects and assists the Department in making funding priority recommendations to the Idaho Park and Recreation Board. To objectively rate competing eligible projects, the committee considers the application, the presentation by the sponsor, and how the project meets the OPSP criteria and established priorities.
- **04. Board and NPS Approval**. The board reviews and approves a priority list for submission to NPS. Applications are submitted to NPS according to priority after LWCF moneys have been appropriated by Congress and allocated to the state.
- **05. Grant Agreement.** Upon approval of a grant application by NPS, the Department will present the sponsor with a grant agreement that identifies eligible costs and obligates the sponsor to a specified project scope. The sponsor must sign the agreement prior to initiating work on the project. The signed agreement obligates the sponsor to complete all elements of the project as described in the agreement and any applicable approved amendment. The signed agreement must include a proclamation from the sponsor's governing body committing the project and the sponsor to LWCF requirements in perpetuity.

081. -- 099. (RESERVED)

100. FEES AND INCOME.

- **01. User Fees.** User or other types of fees may be charged in connection with facilities developed with LWCF grants, provided that the fees and charges are commensurate with the value of recreation services or opportunities furnished and are in the prevailing range of public fees and charges for the particular activity involved. Discrimination on the basis of residence, including preferential reservation or membership systems and annual permit systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence.
- **Nonrecreational Income**. Nonrecreational income that accrues to an outdoor recreation area other than the intended recreational use, including income from land management practices, must derive from use that is consistent with, and complementary to, the intended outdoor recreational use of the area. Gross nonrecreational income that accrues during the project period established in the project contract must be used to reduce the total cost of the project. Gross nonrecreational income that accrues subsequent to the ending date identified in the project contracts must be used only to offset the expense of operation and maintenance of the facility.

101. SPONSOR'S MATCHING SHARE.

The sponsor must match a portion of the approved project cost as determined by the National Park Service. The sponsor's share can be either local funds, acceptable state funds, force account (labor or equipment), or donation of privately owned lands, goods or services. All matching funds must meet LWCF Program rules as well as the allowable cost rules under 2 CFR 200.

102. APPRAISAL REQUIREMENTS.

A real estate appraisal is required for all land to be acquired. The appraisal must be prepared and paid for by the sponsor. All appraisals must be done according to "Uniform Appraisal Standards for Federal Land Acquisitions." NPS requires that the Department has each appraisal reviewed by a qualified appraiser. Any appraisal report that does not meet the basic content requirement or use correct analysis procedures must be corrected to the satisfaction of the Department. All costs are paid by the sponsor.

300. FUND ALLOCATION.

01. Administration Costs. Idaho's cost of administering the SCORP program, the LWCF program and a contingency fund are deducted from the state's annual apportionment. The remaining funds are divided fifty percent (50%) for local governmental agencies and fifty percent (50%) for state agencies. This standard may be altered in any year at the discretion of the board.

O2. Allocation by Population.

- a. To assure that the needs of rural areas are met, twenty percent (20%) of the amount dedicated for local governmental agencies is dedicated for use by governmental agencies of five thousand (5,000) population or less. If the cumulative request of the governmental agencies of five thousand (5,000) population or less is more than the twenty percent (20%) of the amount dedicated for local governmental agencies, governmental agencies of five thousand (5,000) population or less may compete for the total remaining allocation.
- **b.** If the total cost for a single project of a governmental agency with a population of five thousand (5,000) or less requires over one-half (1/2) of the twenty percent (20%) dedicated for use by governmental agencies of five thousand (5,000) population or less, that project will compete with the large governmental agency projects.
- c. The board may suspend (through formal action at the board meeting at which LWCF grant requests are considered) any provision of this section if the allocation is too small to warrant viable projects.
- **03.** Less Than Full Distribution. The board is not required to distribute all available funds. The Department may recommend, and the board determine, to reject projects with evaluation scores so low as to be noncompetitive.
- **04. Cost Overruns**. Twenty percent (20%) of the total allocation may be held out for needed cost overruns. Any unused funds at the end of the funding cycle are obligated through the normal process.

301. -- 514. (RESERVED)

515. PROJECT MANAGEMENT AND DISBURSEMENT OF FUNDS.

- **01. Authorization**. Except as otherwise provided herein, the SLO must authorize disbursement of funds allocated to a project through reimbursement basis. The LWCF program is a reimbursement program, which means that the sponsors initially pay all project costs and then seek reimbursement through the Department ()
- **02. Documentation of Property Purchase**. Prior to submitting for property acquisition cost reimbursement, the sponsor must document that all deed, title insurance and appraisal requirements are satisfied.
