

## STATEMENT OF PURPOSE

### RS28956 / H0385

This is the FY 2022 original appropriation and FY 2021 supplemental appropriation bill for the Public Schools Educational Support Program's Division of Teachers.

This division provides state and federal funding support for grades K-12 for instructional and pupil service staff salaries and benefits, and other programs specific to certificated instructors in Idaho's school districts and public charter schools.

For FY 2021, the bill provides funding as a result of the Legislature approving H22aaS that lifted the statutory cap for support unit growth for public charter schools for one year (school year 2020-2021).

For FY 2022, the bill includes statutory-based adjustments including: full funding of \$44.9 million of additional money for the career ladder; \$1.7 million for master educator premiums; \$408,100 for leadership premiums; and \$379,500 for math and science requirements. The bill fully restores the reductions made by the Board of Examiners on July 23, 2020, and provides an additional \$1 million for professional development services.
