

REVISED

STATEMENT OF PURPOSE

RS29228 / S1239

The purpose of this legislation is to establish some uniformity to the legislative session and process. By identifying a "not to exceed" sine die date, it will help the Legislature to be more deliberative and timelier in doing the peoples business. Exceptions to address a gubernatorial veto and declared disaster and emergency events are provided for. In addition, with the passage of a concurrent resolution by both the Senate and the House the session can also be extended.

FISCAL NOTE

There will be a likelihood of savings as future sessions will have a "do not exceed" date. These potential savings will vary from session-to-session and is impossible to quantify.
