CONVENED: **Co-Chairman Agenbroad** called the meeting of the Joint Finance-Appropriations Committee (Committee) to order at 8:01 a.m.

LSO STAFF PRESENTATION: **LEGISLATIVE BRANCH - FY 2023 ORIGINALS; Keith Bybee, Legislative Services Office (LSO) Division Manager**
Mr. Bybee reviewed that the State Controller transfers payments quarterly to the legislative account with the current budget's fiscal year (FY) 2023 being \$8,511,000, pointing out the removal of one time expenditures of \$250,000. He stated subsequent action for reappropriation authority was appropriated to the legislative branch to study payments in lieu of taxes, and subsequent budgets would allow the Legislature to carry over that amount to continue working on some of the federal issues that they've been studying over the past two years.

LSO STAFF PRESENTATION: **LEGISLATIVE BRANCH - FY 2023 ORIGINAL - LEGISLATIVE TECHNOLOGY; Keith Bybee, LSO Division Manager**
Mr. Bybee reviewed in 2008, the Legislature appropriated funds for technology updates and upgrades through a separately budgeted program to fund laptop replacements and backend technology. Since the recession, budgeted technology has gone through LSO. He offered that due to a United States Department of Treasury rule, State Fiscal Recovery Funds from the American Rescue Plan Act can be used for technology upgrades and updates. The proposed budget will include upgrading the systems for bill drafting, creating and posting agendas, real-time tracking of action on the Senate and House floors, and developing and supporting the Legislature's websites, among other things. The estimated cost for the five-year plan is \$3,053,000.

MOTION: Moved by **Representative Amador** for FY 2023 for \$3,053,000 from federal funds. This motion includes exemptions from Section 67-3511(1) and (3), Idaho Code, allowing transfers between object codes for July 1, 2022 through June 30, 2023; seconded by **Senator Ward-Engelking**.

LSO STAFF PRESENTATION: **ITD - FY 2023 ORIGINAL - CONTACT CONSTRUCTION AND RIGHT-OF-WAY ACQUISITION; Christine Otto, LSO Senior Budget and Policy Analyst**

Ms. Otto explained this budget is the largest part of ITD's overall budget requests since it entails new construction on roads and right-of-ways. In the Governor's recommendation is a \$200 million cash transfer from the General Fund into two separate dedicated funds, which would need an appropriation for part of it. **Ms. Otto** summarized it would take three motions if the Committee chooses, with the first motion being the original appropriation, the second being a cash transfer, and the third being the second part of that cash transfer.

MOTION: Moved by **Senator Woodward** beginning with the FY 2023 base, add the following line items: line item 1, which provides \$111,859,700 for excess revenue and receipts; line item 2, which provides \$120,000,000 for roads and bridge maintenance in the Strategic Initiatives Program (Dedicated) Fund; add a line item to provide \$210,000,000 in onetime trustee and benefit payments to the Strategic Initiative Program (Local) Fund; and line item 47, which provides \$124,884,100 for federal construction funding. DISCUSSION: **Senator Woodward** summarized the budget requires a longer term perspective regarding carry over authority due to the time frame of these large, multi-year construction projects. He informed the last few years, the Committee authorized \$250 million in carry over and this FY ITD will be taking on significantly more projects. To ensure efficient appropriation, reappropriation authority, in addition to the carryover authority, was added.
