Chairman Barbieri called the meeting to order at 1:31 p.m.

MOTION: **Rep. Hixon** made a motion to approve the minutes of the meeting of January 17, 2017. **Motion carried by voice vote.**

RS 24947C1 **Ron Williams**, LS Power, presented **RS 24947C1**. The proposed legislation will add a limited exemption to lighting and marking requirements on power poles and structures used to transmit electricity at 69,000 volts or higher. The poles or structures are owned by an entity that is not a cooperative or municipal utility, a federal power marketing agency, or state regulated utility. Self-supporting lattice towers are the more typical structure design. Tubular Guyed V structures have a smaller footprint, lower surface disturbance and, when fitted with perch deterrents on the main cross arm, provide minimal perching opportunities for raptors. This is a critical issue for sage grouse. BLM has approved Tubular Guyed V structures for use in sage grouse habitat. Lattice designs are no longer allowed in those areas.

MOTION: **Rep. Hixon** made a motion to introduce **RS 24947C1**. **Motion carried by voice vote.**

Dennis Stevenson, Idaho Department of Administration, presented a brief Legislative Rules Review. Mr. Stevenson spoke about the three groups of Rules to be reviewed during the legislative session and the actions taken by the legislature relative to these rules.

ANDERST SUBCOMMITTEE
Administrative Rules

DATE: Thursday, January 19, 2017

TIME: Upon Adjournment of the Full Committee

PLACE: Room EW41

MEMBERS: Chairman Anderst, Representatives Palmer, Stevenson, Armstrong, Manwaring, Toone

**ABSENT/
EXCUSED:** None

GUESTS: Francoise Cleveland, AARP Idaho; Teri Ottens, IAMP; Michael Larsen, ID Dept. of Finance; Miguel Legarreta, Assoc. of Taxpayers; Jim Burns, Dept. of Finance; Patricia Highley, Dept of Finance; Alan Conilye, OAG

Chairman Anderst called the meeting to order at 1:58 p.m.

Rep. Armstrong was assigned to proofread the minutes.

DOCKET NO. 01-0101-1601: **Kent Absec**, Board of Accountancy, stated this proposed Idaho Accountancy rule is being added to emphasize licensees who let their CPA or LPA license lapse and elect not to have their license moved to a status of "inactive" or "retired" may use the word "former" without violating Idaho Code.

MOTION: Rep. Palmer made a motion to recommend the full committee approve **Docket No. 01-0101-1601. Motion carried by voice vote.**

DOCKET NO. 10-0101-1601: **Keith Simila**, Board of Professional Engineers and Land Surveyors, presented **Docket No. 10-0101-1601**. The proposed rule will update the education requirements for licensure as a professional land surveyor for applicants with unaccredited surveying or related programs. The update aligns Idaho's education requirements with those used in most states and broadens the course options for those with unaccredited or non-surveying 4-year degrees. It provides more educational choices for those seeking to enter the land surveying profession.

MOTION: **Rep. Stevenson** made a motion to recommend the full committee approve **Docket No. 10-0101-1601. Motion carried by voice vote.**

DOCKET NO. 10-0101-1602: **Keith Simila**, Board of Professional Engineers and Land Surveyors, presented **Docket No. 10-0101-1602**. The proposed rule amendment adds a provision establishing procedures to implement a restricted PE license for faculty who teach upper division engineering courses at Idaho universities.

MOTION: **Rep. Manwaring** made a motion to recommend the full committee approve **Docket No. 10-0101-1602. Motion carried by voice vote.**

DOCKET NO. 10-0102-1601: **Keith Simila**, Board of Professional Engineers and Land Surveyors, presented **Docket No. 10-0102-1601**. The proposed rule change adopts language clarifying ethics rules. It is imperative licensees understand they must express opinions upon founded knowledge of the facts.

MOTION: **Rep. Toone** made a motion to recommend the full committee approve **Docket No. 10-0102-1601. Motion carried by voice vote.**

DOCKET NO. 12-0108-1601: **Jim Burns**, Idaho Department of Finance, presented **Docket No. 12-0108-1601**. The reason for adopting the proposed Pending Rule is to reflect changes that have been made to existing guidance governing securities industry participants such as dealers, dealer and advisor sales agents, investment advisors and issuers of securities. Recently the former National Association of Securities Dealers (NASD) was renamed as the Financial Industry Regulatory Authority (FINRA). Various rules changes are associated with eliminating and replacing NASD references to FINRA references.

MOTION: **Rep. Manwaring** made a motion to recommend the full committee approve **Docket No. 12-0108-1601**. **Motion carried by voice vote.**

DOCKET NO. 12-0110-1601: **Mike Larsen**, Idaho Department of Finance, presented **Docket No. 12-0110-1601**. The effect of this rule, if adopted, would be to promote consistent, uniform and familiar industry standards in the marketplace by updating references to federal laws and regulations. These updates are an effort by the Department to avoid exposing Idaho's mortgage licensees to inconsistencies in federal and state requirements.

Terri Ottens, Idaho Association of Mortgage Professionals, spoke **in support** of the rule.

MOTION: **Rep. Stevenson** made a motion to recommend the full committee approve **Docket No. 12-0110-1601**. **Motion carried by voice vote.**

DOCKET NO. 48-0101-1601: **Roger Batt**, Idaho Grape Growers and Wine Producers, presented **Docket No. 48-0101-1601**. Mr. Batt stated the proposed rules govern the voluntary taxes that are paid by grape growers and wine producers. These taxes are not mandatory. Grape growers and wine producers can opt out of payment of these taxes by submitting a letter to the Grape and Wine Commission's office. Rules language has been stricken and scored for easier readability.

MOTION: **Rep. Toone** made a motion to recommend the full committee approve **Docket 48-0101-1601**. **Motion carried by voice vote.**

DOCKET NO. 18-0110-1601: **Dean Cameron**, Director, Idaho Department of Insurance, presented **Docket No. 18-0110-1601**. The proposed rule seeks to add language concerning insurance producers' handling of fiduciary funds. The rule specifically relates to bail bonds and provides deposit rules for cash collateral similar to that of other funds insurance producers receive from clients. In answer to questions, **Tom Donovan**, Deputy Director, Idaho Department of Insurance, stated the rule is silent on whether cash collateral shall be in interest bearing accounts. Mr. Donovan also stated interest earned on cash collateral does not go to the client.

MOTION: **Rep. Armstrong** made a motion to recommend the full committee approve **Docket 18-0110-1601**. **Motion carried by voice vote.**

DOCKET NO. 18-0148-1601: **Dean Cameron**, Director, Idaho Department of Insurance, stated the proposed **Docket No. 18-0148-1601** will benefit insurance companies and agents by eliminating the need to mail duplicative notices annually. Customers will benefit from not receiving redundant notices that do not provide new information.

MOTION: **Rep. Palmer** made a motion to recommend the full committee approve **Docket No. 18-0148-1601**. **Motion carried by voice vote.**

DOCKET NO. 18-0150-1601: **Dean Cameron**, Director, Idaho Department of Insurance, presented **Docket No. 18-0150-1601**. The pending rule seeks to amend the International Fire Code to match the adoption of the International Building Code by the Division of Building Safety. The docket addresses the subject of sky lanterns by replacing the current prohibition on release of untethered sky lanterns with new language requiring a permit for their release. It authorizes the local fire jurisdiction to restrict or place conditions on their release.

MOTION: **Rep. Palmer** made a motion to send **Docket No. 18-0150-1601** to the full committee without recommendation for further discussion. **Motion carried by voice vote.**

DOCKET NO. 18-0154-1601: **Dean Cameron**, Director, Idaho Department of Insurance, presented **Docket No. 18-0154-1601**. The proposed rule seeks to require all Medicare Supplement (Medigap) carriers to offer coverage to pre-65 Medicare eligible individuals. Twelve of Idaho's 44 counties do not have Medicare Advantage plan options in 2017. This means people on Medicare under age 65 in those counties do not have a guaranteed coverage option to help with Medicare costs.

MOTION: **Rep. Toone** made a motion to recommend the full committee approve **Docket No. 18-0154-1601**. **Motion carried by voice vote.**

DOCKET NO. 18-0156-1601: **Dean Cameron**, Director, Idaho Department of Insurance, stated the proposed rule addresses rebates and illegal inducements to obtaining title insurance business. The rule provides limits on what items of value may be provided to producers of title business.

MOTION: **Rep. Armstrong** made a motion to recommend the full committee approve **Docket No. 18-0156-1601**. **Motion carried by voice vote.**

ADJOURN: There being no further business to come before the committee, the meeting adjourned at 3:17 p.m.

TIME: 1:30 P.M.

PLACE: Room EW41

MEMBERS: Chairman Barbieri, Vice Chairman Clow, Representatives Collins, Crane, Palmer, Thompson, Hixon, Monks, Anderst, Dixon, Troy, Stevenson, Armstrong, DeMordaunt, Manwaring, Smith (Nye), Kloc, Toone

**ABSENT/
EXCUSED:** Representative(s) DeMordaunt

GUESTS: Luke Papez, Project Manager, LS Power

Chairman Barbieri called the meeting to order at 1:33 p.m.

MOTION: **Rep. Kloc** made a motion to approve the minutes of the January 19, 2017, meeting. **Motion carried by voice vote.**

MOTION: **Rep. Anderst** made a motion to approve the minutes of the Anderst Subcommittee Meeting of January 19, 2017. **Motion carried by voice vote.**

H 27: **Luke Papez**, LS Power, presented **H 27**. Mr. Papez stated the bill will add a limited exemption to lighting and marking requirements on power poles and structures used to transmit electricity at 69,000 volts or higher. The poles or structures are owned by an entity that is not a cooperative or municipal utility, a federal power marketing agency, or state regulated utility. Tubular Guyed V structures used by these power companies have a smaller footprint, lower surface disturbance and when fitted with perch deterrents on the main cross arm, provide minimal perching opportunities for raptors. This is a critical issue for sage grouse. BLM has approved Tubular Guyed V structures for use in sage grouse habitat. Self Supporting Lattis Towers are no longer allowed in those areas.

Rep. Palmer spoke in support of **H 27**.

MOTION: **Rep. Thompson** made a motion to send **H 27** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Palmer** will sponsor the bill on the floor.

RS 24851: **Chris Jensen**, Administrator, Division of Building Safety, presented **RS 24851** which deals with remuneration of plumbing board members and its negative impact on the retirement savings programs of some of the board members. The proposed legislation changes the compensation for board members of the Idaho Plumbing Board from a salary to an honorarium. Many part-time board members are self-employed and have their own retirement accounts. Participation in PERSI can have negative tax consequences on those private retirement plans.

MOTION: **Rep. Clow** made a motion to introduce **RS 24851**. **Motion carried by voice vote.**

RS 24856: **Chris Jensen**, Division of Building Safety, presented **RS 24856**. The proposed legislation clarifies language and moves existing authority from the Public Works Contractor Licensing Board to the administrator in order to expedite and better address disputes that may be brought forward, without requiring formal board action.

MOTION: **Rep. Kloc** made a motion to introduce **RS 24856**. **Motion carried by voice vote.**

RS 24948: **Rep. Nate** presented **RS 24948**. Rep. Nate stated Idaho property owners are currently allowed to do their own electrical work in their primary residence or associated outbuildings without requiring the property owner to be a licensed electrician. The proposed legislation would allow homeowners to do electrical work in or on their residence, outbuildings and the land as well (for example, install a light for a flagpole or walkway).

MOTION: **Rep. Dixon** made a motion to introduce **RS 24948**. **Motion carried by voice vote**. **Reps. Kloc, Nye** and **Toone** requested they be recorded as voting **NAY**.

**VOTE ON
MOTION:** **Motion carried by voice vote.**

- RS 24839:** **Michelle Bird**, Executive Director of the Real Estate Commission, presented **RS 24839**, stating current license law requires the broker's licensed business name to be displayed on advertisements because the broker is responsible for the activities of the brokerage. This legislation would clarify the broker's licensed business name must be readily noticeable on licensee advertising.
- MOTION:** **Rep. Manwaring** made a motion to introduce **RS 24839**. **Motion carried by voice vote**. **Reps. Monks, Armstrong and Barbieri** requested to be recorded as voting **NAY**.
- RS 24882:** **Michelle Bird**, Executive Director of the Real Estate Commission, presented **RS 24882**. The proposed legislation will allow commercial real estate agents licensed in another state to work in Idaho in coordination with an Idaho broker without having to be licensed in Idaho. This applies to commercial real estate for one single transaction.
- MOTION:** **Rep. Thompson** made a motion to introduce **RS 24882**. **Motion carried by voice vote**.
- Dean Cameron**, Director, Department of Insurance, addressed the three RS's he is bringing before the committee. He said all three pieces of legislation are required for the Department to maintain their accreditation which is a system developed by the National Association of Insurance Commissioners to assure standards of regulation are met. Benefits of accreditation are (1) Other states know that an Idaho company wanting to sell their products in their state has been properly examined and held to appropriate standards (2) Idaho insurance companies do not have to be re-examined in every state they wish to sell products. This saves insurance carriers revenue, which saves consumers money.
- RS 24888:** **Dean Cameron**, Director, Department of Insurance, presented **RS 24888**. He stated this act is called Own Risk Solvency Assessment or ORSA. This proposed legislation must be passed by January, 2018, to maintain accreditation. It requires an insurance company to assess any risks they might be facing or could face, then report them annually to the DOI. There is a small company exemption for companies who do not exceed \$500 million.
- MOTION:** **Rep. Kloc** made a motion to introduce **RS 24888**. **Motion carried by voice vote**.
- RS 24924:** **Dean Cameron**, Director, Department of Insurance, presented **RS 24924**. Director Cameron stated, currently insurance companies purchase reinsurance to protect themselves. If they purchase reinsurance from a foreign non U.S. insurance, the foreign entity requires 100% collateral be deposited in a U.S. institution. Reinsurers are evaluated based on their financial strength, claims payment history, and qualified jurisdiction. This proposed legislation delineates conditions and situations in which a lower collateral would be required.
- MOTION:** **Rep. Thompson** made a motion to introduce **RS 24924**. **Motion carried by voice vote**.
- RS 24929:** **Dean Cameron**, Director, Department of Insurance, presented **RS 24929** also called Corporate Governance. The proposed legislation requires an insurance company to confidentially disclose their corporate structure, corporate relationships and internal governing procedures. At the request of insurance companies a provision has been added for a summary filing in subsequent years to reduce redundancy. The information is held confidentially and proprietary.
- MOTION:** **Rep. Troy** made a motion to introduce **RS 24929**. **Motion carried by voice vote**.

Chairman Barbieri stated the committee would now finish voting on the Troy Subcommittee Rules.

MOTION: **Rep. Troy** made a motion to approve **Docket No. 07-1001-1601**. **Rep. Crane** spoke in opposition to the motion. **Motion failed by voice vote.**

MOTION: **Rep. Manwaring** made a motion to introduce **RS 24904**. **Motion carried by voice vote.**

H 100: **Dean Cameron**, Director, Idaho Department of Insurance, presented **H 100**. This legislation is called Own Risk Solvency Assessment or ORSA. Director Cameron added the purpose of accreditation is to protect consumers.

In answer to questions, **Tom Donovan**, Deputy Director, Idaho Department of Insurance, stated the purpose of **H 100** is to work with insurance companies to prevent insolvency. RS 25112: **Roger Batt**, Western Equipment Dealers Association, presented **RS 25112** which provides clarification of the Idaho Equipment Dealer Protection Statute.

Eric Wareham, Government Affairs Director, Western Equipment Dealers, stated the proposed legislation prohibits suppliers from substantially changing a dealer's competitive circumstances without good cause. GUESTS: Kristen Atwood, PCI; Kent Day, Liberty Mutual; Angela Richards, American Family, Allstate, Farm Bureau Insurance

Chairman Barbieri called the meeting to order at 1:30 p.m.

RS 25212: **Bill Litster**, Idaho Public Policy Institute, presented **RS 25212**. The proposed legislation addresses an increase in the minimum amount of required automobile liability insurance. Mr. Litster stated minimum requirements have not been increased since 1983 while the cost of medical services has risen substantially.

Reps. Crane and **Monks** spoke in **opposition** to the proposed legislation. They were concerned about the appropriateness of the legislature raising rates for the insurance industry, and if insurance companies and rate payers had been included in discussions prior to drafting this legislation.

MOTION: **Rep. Thompson** made a motion to introduce **RS 25212**.

SUBSTITUTE MOTION: **Rep. Monks** made a substitute motion to return **RS 25212** to the sponsor.

Rep. Crane spoke in **support** of the substitute motion.

Rep. Thompson and **Rep. Hixon** spoke in **support** of the original motion.

VOTE ON SUBSTITUTE MOTION: **Chairman Barbieri** called for a vote on the substitute motion to return **RS 25212** to sponsor. **Motion failed by voice vote.**

VOTE ON ORIGINAL MOTION: **Chairman Barbieri** called for a vote on the original motion to introduce **RS 25212**. **Motion carried by voice vote. Reps. Crane, Monks, Anderst** and **Manwaring** requested to be recorded as voting **NAY**.

RS 25209: **Bill Litster**, Idaho Public Policy Institute, presented **RS 25209**. Mr. Litster stated Idaho drivers routinely purchase optional "backup" underinsurance to make sure their own insurance policy will cover any shortfall of unpaid medical expenses in the event the policy of a careless driver runs out in a significant automobile accident. Consumers expect their own backup insurance will pay in full until the amount they purchased is exhausted. The current practice of all insurance companies, except State Farm, is to insert an offsetting clause in the policy. This offset reduces the dollar amount paid out by the policy of the driver at fault. Injured drivers are surprised to find their own underinsurance can be slashed or eliminated entirely when they need it most.

MOTION: Rep. Hixon made a motion to introduce **RS 25209. Motion carried by voice vote.**

MOTION: **Rep. Hixon** made a motion to accept the report of the Rep. Anderst Subcommittee on Administrative Rules. **Motion carried by voice vote.**

Vice Chairman Clow thanked the subcommittee chairmen and turned the gavel over to **Chairman Barbieri** at 1:41 p.m.

H 86: **Ron Whitney**, Division of Building Safety, presented **H 86**. This bill amends existing language regarding what constitutes "acting in the capacity of a construction manager". The bill provides clearer statutory language and moves existing authority from the board to the administrator in order to expedite and better address disputes that may be brought forward, without requiring formal board action.

Wayne Hammon, Idaho Associated General Contractors, spoke **in support of H 86**.

- MOTION:** **Rep. Thompson** made a motion to send **H 86** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Thompson** will sponsor the bill on the floor.
- H 87:** **Ron Whitney**, Division of Building Safety, presented **H 87**. He stated the bill deals with remuneration of plumbing board members and its negative impact on the retirement savings programs of some of the board members. The proposed legislation changes the compensation for board members of the Idaho Plumbing Board from a salary to an honorarium. Many part-time board members are self-employed and have their own retirement accounts. Participation in PERSI can have negative tax consequences on those private retirement plans.
- MOTION:** **Rep. Anderst** made a motion to send **H 87** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Anderst** will sponsor the bill on the floor.
- H 98:** **MiChell Bird**, Real Estate Commission, brought **H 98** before the committee. This legislation clarifies the Broker's licensed business name must be readily noticeable on licensee advertising. In answer to questions, Ms. Bird stated the Designated Broker is lawfully in charge of all real estate activity that takes place in that office by all agents. The enforcement department continually trains, warns, and investigates agents who violate this principle. The commission believes strongly in education before enforcement. With this legislation, they seek to clarify the law and protect consumers.
- John Eaton**, Government Affairs Director for the Idaho Realtors Association, spoke **in support** of **H 98**. In answer to questions, he stated this legislation was a collaborative effort between stake holders based on feedback received from licensees and consumers.
- MOTION:** **Rep. DeMordaunt** made a motion to send **H 98** to the floor with a **DO PASS** recommendation.
- Rep. Clow** spoke in **support** of the motion.
- VOTE ON MOTION:** **Chairman Barbieri** called for a vote on the motion to send **H 98** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. DeMordaunt** will sponsor the bill on the floor.
- H 99:** **MiChell Bird**, Real Estate Commission, presented **H 99**. The proposed legislation will allow out-of-state commercial real estate agents licensed in another state to work in Idaho in coordination with an Idaho Broker without needing to be licensed in Idaho. It establishes a cooperative license between an individual licensed in another jurisdiction and an Idaho broker for a single commercial real estate transaction. Ms. Bird respectfully requested the bill be sent to the amending order.
- MOTION:** **Rep. Troy** made a motion to send **H 99** to General Orders. **Motion carried by voice vote.** Rep. Troy will sponsor the bill on the floor.
- DOCKET NO. 18-0150-1601:** **Dean Cameron**, Director, Idaho Department of Insurance, presented **Docket No. 18-0150-1601**. The docket deals with adoption of the 2015 International Fire Code with amended language addressing the subject of sky lanterns. The new language requires a permit for their release and authorizes the local fire jurisdiction to restrict or place conditions on their release.
- Knute Sandahl**, Idaho State Fire Marshall and **Spencer Humiston**, The Lantern Fest, spoke **in support** of **Docket No. 18-0150-1601**.
- Rep. Palmer** and **Rep. Crane** spoke **in opposition**.
- MOTION:** **Rep. Palmer** made a motion to reject **Docket No. 18-0150-1601**.

Rep. Crane declared Rule 38 stating the company he works for uses the fire code to install security systems. The code can be interpreted with the 2012 standard.

Rep. Clow and **Rep. Monks** spoke in **support** of the motion stating they feel it is more appropriate to adopt only those portions of the docket that are beneficial to the state.

Director Cameron pointed out the International Fire Code and the International Building Code, which has already been adopted, go hand in hand. It could cause confusion to adopt one and not the other.

Chairman Barbieri put the committee at ease at 3:05 p.m.

Chairman Barbieri resumed the meeting at 3:06 p.m.

SUBSTITUTE MOTION:

Rep. Thompson made a substitute motion to approve **Docket No. 18-0150-1601**.

Chairman Barbieri called the meeting to order at 1:30 p.m.

Nolon Largen was introduced as Business Committee Page for the second half of the session. He is a home school student who lives with his parents, **Anna** and **Bill Largen** in Cocolalla, Idaho. Nolon is training to receive his pilot's license and hopes to fly air tankers to fight forest fires.

MOTION: **Rep. Crane** made a motion to approve the minutes of the February 1, 2017, meeting. **Motion carried by voice vote.**

MOTION: **Rep. Hixon** made a motion to approve the minutes of the February 13, 2017, meeting. **Motion carried by voice vote.**

H 139: **Senator Den Hartog** presented **H 139**, a bill that combines the Idaho Barber Law and the Idaho Cosmetology Law. The bill combines the Board of Barber Examiners and the Idaho Board of Cosmetology into a single board to regulate the barbering, barber styling, cosmetology and electrology professions. The legislation allows for the transfer of education between professions and will facilitate efficiencies in licensing and oversight. The current mission statements of the two boards are to help safeguard the public health, safety and welfare through the licensure and regulation of the associated professions. The Senator stressed that this bill is about real people and real jobs in Idaho. It decreases barriers to employment and provides for business opportunities.

Speaking **in support** of the bill were **Sherry Sheline**, "I Do Wed" event magazine; **Samuel Marvin**, photographer; **Lou Starita**, Paul Mitchell Schools, The School, Boise; Ty Walker, Paul Mitchell, The School, Rexburg; **Kris Ellis**, NW Colleges Federation; **Jessica Armstrong**, **Nadia Saakyan**, **Micalah Howard**, **Miranda Hale**, MNM Beauty; **Jeri DeLang**, Locker Room, Inc.; **Bella Simpson**, Miss Idaho Teen USA; **Kirsten Rogers**, General Growth Properties; **Shea Cook**, NV Salon; **Chelsea Harshbarger**, Chelsea H Makeup; **Niki Woolstenhulme**, NW Makeup Artistry; **George Brunt**, Paul Mitchell Schools.

Those testifying **in support** of **H 139** voiced their support of lowering the hours of course instruction, defining event styling and thermal styling, as well as application of cosmetic products.

Speaking **in opposition** to **H 139** were **Linda Mottishaw**, Elevate Salon Institute; **Ronda Clark**, Cosmetology School of Arts; **Vicki Ellis**, Vogue Beauty College; **Rick Evans**, Evans Hair Styling College; **Leighann Morzano**, Brighten Boise; **Bethany Byers**, Nicholas Jay; **Wendy Florence**, Academi de Forenze.

Those testifying **in opposition** expressed concerns related to safety and sanitation, conditions of licensure, registration to practice outside a licensed establishment and renewal of licenses.

Speaking **in support** and **in opposition** were **Cynthia Sanabria**, Aveda Insitute Twin Falls & Boise, and **Margarita Castellanos**, Nicholas Jay Salon and Spa Academy. Both women support lowering the hours of course instruction, but oppose provisions for freelance or event styling.

MOTION: **Rep. Crane** made a motion to send **H 139** to the floor with a **DO PASS** recommendation.

SUBSTITUTE MOTION: **Rep. Smith** made a substitute motion to **HOLD H 139** in committee.

VOTE ON SUBSTITUTE MOTION: **Chairman Barbieri** called for a vote on the substitute motion to **HOLD H 139**. **Motion failed by voice vote.**

Rep. Clow spoke **in support** of the original motion on behalf of a constituent who owned a school that lost accreditation. The school is now closed because there was no grace period for license renewal.

Rep. Stevenson spoke **in support** of the bill while reserving the right to vote **NAY** on the floor.

VOTE ON ORIGINAL MOTION: **Chairman Barbieri** called for a vote on the original motion to send **H 139** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Smith** requested she be recorded as voting **NAY**. **Reps. Crane** and **Clow** will cosponsor the bill on the floor.

H 119: **Mitch Toryanski**, Bureau of Occupational Licenses, presented **H 119** on behalf of the Idaho Real Estate Appraiser Board. This bill is the last piece of the AMC funding picture. It allows the REA Board to collect and pass through a federal registry fee. States, like Idaho, that register and supervise AMC's, are required by federal law to pay a fee so the AMC's they regulate can appear on the Federal AMC Registry.

Scott Calhoun, Vice Chairman of the Real Estate Appraiser Board spoke **in support** of the legislation.

MOTION: **Rep. Troy** made a motion to send **H 119** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Stevenson** requested she be recorded as voting **NAY**. **Rep. Troy** will sponsor the bill on the floor.

H 120: **Mitch Toryanski**, Bureau of Occupational Licenses, presented **H 120** on behalf of the Idaho Board of Morticians. **H 120** provides the Board the authority to issue inactive licenses to morticians and funeral directors. The inactive license would allow professionals to discontinue practicing their profession within the state, but still maintain a connection to it.

MOTION: **Rep. Smith** made a motion to send **H 120** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Smith** will sponsor the bill on the floor.

H 122: **Mitch Toryanski**, Bureau of Occupational Licenses, presented **H 122** on behalf of the Board of Architectural Examiners. The bill allows architects licensed in other states to qualify for a license by endorsement or a temporary permit if they can pass an examination approved by the board. This will allow the board to consider applicants for endorsement licensure who may have taken an examination for licensure in another jurisdiction other than the examination required by the state of Idaho.

MOTION: **Rep. Armstrong** made a motion to send **H 122** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Armstrong** reserved the right to vote NAY on the floor. **Rep. Armstrong** will sponsor the bill on the floor.

The current statute does not provide for property owners to do their own electrical work "on" their residence or outbuildings. This bill will fix the technicality and permit homeowners to do electrical work in or on their residence, outbuildings and the land as well. Rep. Nate respectfully requested the bill be sent to General Orders.

MOTION: **Rep. Hixon** made a motion to send **H 137** to General Orders.

Benjamin Baker spoke **in support** of the bill, saying he installed his own solar panels before he realized he was required to hire a contractor to do the job. He worked with **Warren Wing**, Division of Building Safety, and **Rep. Nate** to bring this bill to committee.

Chris Jensen, Director, Division of Building Safety, spoke **in opposition** to the bill. His concerns included the possibility of electrocution and the definition of primary and secondary residence. He cited instances where people have been electrocuted trying to install their own irrigation pivot lines.

Rep. Clow spoke **in support** of the motion, adding caution should be taken with wording the definition of "entire property".

Chairman Barbieri called the meeting to order at 1:31 p.m.

MOTION: **Rep. Kloc** made a motion to approve the minutes of the February 27, 2017, meeting. **Motion carried by voice vote.**

S 1008: **Keith Simila**, Executive Director, Board of Professional Engineers and Professional Land Surveyors, presented **S 1008**. The bill clarifies ambiguity and states basis of bearing, an angle relative to true north, must be between two existing physical monuments. In answer to questions, Mr. Simila said there was a minor incident where a surveyor used a missing monument for the basis of bearing.

MOTION: **Rep. Clow** made a motion to send **S 1008** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Armstrong** will sponsor the bill on the floor.

RS 25427: **Rep. DeMordaunt** presented **RS 25427**. The proposed legislation establishes provisions regarding notice of lapse or termination of an individual life insurance policy. Included is the option for the policy holder to designate an individual, in addition to themselves, to receive notification by mail 14 days prior to termination of the policy.

MOTION: **Rep. Palmer** made a motion to introduce **RS 25427**. **Motion carried by voice vote.**

H 205: **Rep. Blanksma** presented **H 205**. This bill changes recording fees, for certain types of instruments not exceeding 30 pages, to a flat fee rather than a fee per page recorded. The bill simplifies the real estate settlement process for title companies, realtors, lenders and consumers by providing accurate recording and closing costs for consumers.

MOTION: **Rep. Thompson** made a motion to send **H 205** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Blanksma** will sponsor the bill on the floor.

Roger Batt, Western Equipment Dealers, introduced **Eric Wareham** and requested Mr. Wareham present **H 135**. **Mr. Batt** will present the amendment to the bill.

- H 135:** **Eric Wareham**, Government Affairs Director, Western Equipment Dealers, presented **H 135**. The bill prohibits farm equipment dealers from substantially changing an equipment dealer's competitive circumstances without good cause. It puts dealers on a more level playing field with manufacturers and gives the dealers greater bargaining strength.
- RS 25112a:** **Roger Batt** presented **RS 25112a**, an amendment to **H 135**. The proposed amendment adds a new definition of Competitive Circumstances called Change in Competitive Circumstances. Mr. Batt respectfully requested the bill be sent to General Orders.
- Suzanne Budge** spoke **in opposition** to the bill on behalf of John Deere.
- MOTION:** **Rep. Manwaring** made a motion to send **H 135** to General Orders with amendments attached. **Motion carried by voice vote.** **Rep. Manwaring** will sponsor the bill on the floor. **Rep. Crane** said he would support the motion while reserving the right to vote **NAY** on the floor.
- H 163:** **Bill Litster**, Idaho Public Policy Institute, presented **H 163**. Mr. Litster stated Idaho drivers routinely purchase optional "backup" insurance. Policy holders expect their backup insurance to cover any shortfall of unpaid medical expenses in the event the insurance of the careless driver runs out. He went on to say the current practice of insurance companies is to insert a little-understood "offsetting" clause. This technicality results in up to the entire face amount of the injured driver's backup insurance being "offset" (reduced) by the dollar amount paid by the policy of the driver at fault. With this legislation, under insurance will be defined as "excess" and make all of a consumer's backup insurance available in the event of an accident.
- Speaking **in opposition** to the bill were **Mike Kane**, Property and Casualty Insurance of America, Idaho Counties Risk Management Program, Liberty Insurance; **Jeff Neumeyer**, Legal Counsel, United Heritage Insurance; **Randy Pipal**, Insurance agent representing IABI; **Phil Barber**, American Insurance Association; **Woody Richards**, Farm Bureau Mutual Insurance, Farmers; **Julie Hart**, Enterprise Car Rental. In response to committee questions, it was stated insurance agents offer a bulletin detailing the requirements for under insured motorist coverage. They educate their clients relative to their policy and what it covers. There is no need for a retooling of the insurance industry when the current system is clear. The committee was urged to respect the traditional "promise to pay". If you force people to buy what they can't afford, they may not buy at all.
- Evan Mortimer**, Craig Swapp Associates, spoke **in support** of the bill. Mr. Mortimer stated, as an attorney, he witnesses the victim experience first hand. He often has to negotiate with medical providers to lower the cost of their services when there is not enough insurance money to pay all of the bills as a result of an accident.
- MOTION:** **Rep. Anderst** made a motion to **HOLD H 163** in committee.
- SUBSTITUTE MOTION:** **Rep. Thompson** made a substitute motion to send **H 163** to the floor with a **DO PASS** recommendation.
- VOTE ON SUBSTITUTE MOTION:** Roll call vote was requested. **Motion failed by a vote of 2 AYE, 15 NAY, 1 Absent/Excused.** **Voting in favor** of the motion: **Reps. Thompson, Armstrong.** **Voting in opposition** to the motion: **Reps. Clow, Collins, Crane, Palmer, Hixon, Anderst, Dixon, Troy, Stevenson, DeMordaunt, Manwaring, Smith, Kloc, Toone and Chairman Barbieri.** **Rep. Monks was absent/excused.**

Chairman Barbieri called the meeting to order at 1:57 p.m.

MOTION: **Rep. Hixon** made a motion to approve the minutes of the February 21, 2017, meeting. **Motion carried by voice vote.**

MOTION: **Rep. Kloc** made a motion to approve the minutes of the February 23, 2017, meeting. **Motion carried by voice vote.**

S 1075: **John Mackey**, United Heritage Financial Group, presented **S 1075**. This legislation is intended to clarify the term "realized capital gains" as used in determining whether a dividend or distribution is extraordinary or non-extraordinary. The clarification will ensure the calculation appropriately takes into account realized capital gains or losses and uses the net amount in the calculation.

MOTION: **Rep. Palmer** made a motion to send **S 1075** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Crane** will sponsor the bill on the floor.

H 220: **Rep. Zito** presented **H 220**. This legislation allows individuals to perform event styling and demonstrate thermal styling products until **H 139**, a bill relating to the Barber and Cosmetology Boards, goes into effect on July 1, 2017. If **H 139** passes, this legislation will be null and void on July 1, 2017.

MOTION: **Rep. Hixon** made a motion to send **H 220** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Zito** will sponsor the bill on the floor.

H 244: **Rep. DeMordaunt** presented **H 244**, legislation requiring an individual life insurance policy to include the option for the policy holder to designate an individual, in addition to themselves, to receive notification by mail 14 days prior to termination or lapse of the policy due to late or nonpayment of premiums. The legislation will act as a safety net to prevent inadvertent cancellation of an individual life insurance policy. It mirrors best practices in the insurance industry.

Kathy Peterson, Blaine Grow and **LeRoy Benson** testified in opposition to the legislation. They were of the opinion the policy holder and the designee should be sent a certified letter with a signed return receipt prior to termination or lapse of an individual life insurance policy.

Testifying **in support** of the legislation were **Jeff Neumeyer**, General Counsel, United Heritage Insurance, American Council of Life Insurers (consisting of 290 member companies), and **Woody Richards**, representing American Family, All State, and Farm Bureau Insurance. In answer to questions, it was stated industry standard is becoming monthly automatic bank withdrawals resulting in fewer lapses in payment. Many insurance companies send a secondary lapse notice to a designee, many do not. Sending certified mail would incur a significant expense and would change the structure of how insurance is sold.

In answer to committee questions, **Tom Donovan**, representing the Department of Insurance, stated he is not aware of any significant number of complaints to the Department relative to this issue. According to state law there is provision for a 30 day grace period for nonforfeiture.

MOTION: **Rep. Palmer** made a motion to send **H 244** to the floor with a **DO PASS** recommendation. **Rep. Collins** invoked Rule 38 stating a possible conflict of interest, but that he would be voting on the motion. **Motion carried by voice vote.** **Rep. DeMordaunt** will sponsor the bill on the floor.

Chairman Barbieri called the meeting to order at 1:32 p.m.

MOTION: **Rep. Kloc** made a motion to approve the minutes of the March 7, 2017, meeting. **Motion carried by voice vote.**

MOTION: **Rep. Kloc** made a motion to approve the minutes of the March 9, 2017, meeting. **Motion carried by voice vote.**

MOTION: **Rep. Kloc** made a motion to approve the minutes of the March 13, 2017, meeting. **Motion carried by voice vote.**

S 1077aa: **Lance Giles**, representing the Motor Vehicle Protection Products Association, presented **S 1077aa**. The legislation deals with providers, retailers, administrators, and insurers of motor vehicle ancillary products. The authority to enforce the Idaho Motor Vehicle Service Contract Act is moved from the Attorney General to the Director of the Idaho Department of Insurance. The definition of a service contract is defined and expressly authorizes certain types of contracts. The Director of Insurance is given the power to approve other similar service contracts not enumerated in the Act. A new chapter to regulate warranties associated with theft protection products installed on vehicles was added to the Act.

In answer to committee questions, **Director Dean Cameron**, Idaho Department of Insurance (DOI), stated this product is not intended to be property and casualty insurance, but specifically service agreements. The Department utilizes due process to protect the consumer and carrier. The Director clarified, consumers need a place to file a complaint. As a course of action, the DOI can revoke a license or issue a fine as deemed necessary. This legislation crystallizes current regulatory practice to ensure these products are not eventually treated as insurance subject to the full scope of the insurance code.

Reps. Armstrong, Troy, Anderst and Hixon spoke in support of the bill.

MOTION: **Rep. Armstrong** made a motion to send **S 1077aa** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Crane** requested to be recorded as voting **NAY**. **Rep. Armstrong** will sponsor the bill on the floor.

S 1079: **Sarah Bettwieser**, U.S. Travel Insurance Association, yielded to **Bill Scoggin**, Troutman Sanders LLP, representing the U.S. Travel Insurance Association, who presented **S 1079**. This legislation authorizes the Department of Insurance to issue limited lines travel insurance producer licenses to qualified applicants. The licensed limited lines travel insurance producer and the travel retailer are required to meet administrative and disclosure specifications. A transaction record must be maintained.

In answer to committee questions, **Director Cameron**, Department of Insurance, clarified this legislation gives him no more authority than he already has. He confirmed this is a practical matter and he would prefer to put it in statute rather than rule.

Reps. Anderst, Armstrong and Hixon spoke **in support** of the bill.

Chairman Barbieri called the meeting to order at 2:11 p.m.

MOTION: **Rep. Kloc** made a motion to approve the minutes of the March 15, 2017 meeting. **Motion carried by voice vote.**

S 1150: **Dean Cameron**, Director, Department of Insurance, presented **S 1150**. The purpose of the bill is to amend existing law to allow for individuals with high risk medical conditions and their dependents who are enrolled in individual health benefit plans to be reinsured through the Idaho High Risk Reinsurance Pool (HRRP). The proposed changes seek to upgrade the pool in order to more effectively stabilize the market rate and help consumers by lowering risk and cost. Existing customers who had HRRP plans before April 1, 2017, would be grandfathered in. The Board would establish which medical conditions are eligible for reinsurance. The carrier would decide whether or not to reinsure and would pay the cost for reinsuring. In answer to committee questions, Director Cameron clarified that the bill is modeled after current practice and was structured to make things clearer. He identified qualifications for dependents of Idaho residents who purchase the plan.

MOTION: **Rep. Clow** made a motion to send **S 1150** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Collins** will sponsor the bill on the floor.
