* * * * *

Mr. Speaker, Mr. President, honorable legislators, distinguished jurists, friends, my family, our First Lady, my fellow Idahoans: It is my high honor and distinct privilege to stand before you today to deliver my 12th and final State of the State and Budget Address.

It is my great good fortune to report to you that the State of Idaho is prosperous, positive, and poised for even better times ahead. Our population is growing fast. Our citizens are striving for a future with more opportunities and even brighter prospects. And our State government is leaner, more fiscally responsible,

more transparent, more responsive, and better prepared than ever to help Idahoans achieve their own best potential.

Our books are balanced. Our fiscal obligations are being met. Our credit is strong. We are planning wisely, working collaboratively and investing sustainably. Our national politics often is dysfunctional, but in Idaho our government processes are sound and our policies and priorities reflect the will of the people we serve.

Of course there is room for improvement. As with all things human, there are shortcomings and frailties in our government that could benefit from thoughtful change. Just as certainly, any change can be difficult or even painful to achieve in a state as prudently conservative as Idaho - especially when it comes to questions of government's proper role in our lives. Yet it is my firm belief that over the past 11 years of overcoming natural disasters and manmade challenges, stubborn political divisions and devastating economic recession, together we have constructed a stronger, more durable foundation on which we and the people of Idaho can build.

And we will build, and grow, and keep changing for the better - not because of any particular ideology or due to our own well-intentioned leadership, but because of the creative genius, the entrepreneurial spirit, and the native independence and self-reliance of our citizens. They are the source of Idaho's greatness.

As a State government, we benefit enormously from tapping into that deep well of sage advice and counsel. I hear it at the coffee shop in Star and walking around downtown Boise. I hear it each month at the nearly 100 Capital for a Day events we've held in every corner of our state. More formally, there are some 4,800 Idaho citizen volunteers serving at any given time on our State oversight and advisory boards and commissions - from accountability and aging to water resources and workforce development. They are and will remain an indispensable ingredient of our success, working quietly and tirelessly to ensure all voices are heard in the councils of government. They deserve our support and our thanks.

I also want to express my gratitude to our extraordinary State employees whose hard work and dedication help us all succeed. So let me begin by saying that my Executive Budget for fiscal 2019 includes a 3-percent pay increase for the men and women who make our State government one of the best run in America.

Allow me to also express my thanks to Major General Gary Sayler, Health and Welfare Director Dick Armstrong, Commerce Director Megan Ronk, Idaho State Police Colonel Ralph Powell, Court of Appeals Judge John Melanson, Supreme Court Justices Jim Jones, Daniel Eismann and Warren Jones, and many others who left State service in the past year.

Now please join me in welcoming new and newly elevated members to our official State of Idaho family - Adjutant General Michael Garshak, Health and Welfare Director Russ Barron, Commerce Director Bobbi-Jo Meuleman, Idaho State Police Colonel Ked Wills, Labor Director Melinda Smyser, Tax Commissioner Janet Trujillo, Drug Policy Administrator Nicole Fitzgerald, Court of Appeals Judge Jessica Lorello, and Supreme Court Justice Richard Bevan.

I know you will greet them with all the warmth and congeniality of comrades in arms.

We also are blessed to have back among us Director Gavin Gee, who survived a terrible accident last winter and a difficult

recovery to resume his responsibilities at the Department of Finance. Thanks for joining us today Gavin; keep fighting the good fight.

Now, despite the talent and experience contained in this august body, I'm sure many of you share my feelings about starting a legislative session without the able assistance of former Senate Majority Leader Bart Davis. Our new U.S. Attorney for the District of Idaho served here for 19 years, embodying great legal scholarship, incredible legislative talent and unfailing statesmanship. Bart's absence from these proceedings will be apparent, and we can all be grateful for his long service and consistent civic virtue.

Some of you joined me and thousands of Idahoans this past August in saying farewell to the late Governor Cecil Andrus, who gave even more State of the State speeches than me! The outpouring of fond remembrance and well-earned respect for Cece was a welcome throwback to another political time. In fact, one of the qualities I admired most about Governor Andrus was a lesson I internalized during my years in Congress: Simply saying "no" is not enough. When the people of Idaho give us authority to act on their behalf, we must govern. Republican and Democrat. Majority and minority. Executive and Legislature. Together. To do less or to dither rather than decide is to shirk our duty and betray the public's trust.

With the aging of our population, healthcare has led Idaho's employment growth since I took office in 2007. It's added more than 26,300 jobs, accounting for 46 percent of our overall job growth and 13 percent of total employment in Idaho. That illustrates two important questions that will be at the forefront of public policy debates for the next few decades: How do we make healthcare more accessible and affordable, and how do we ensure employers have enough educated, trained and skilled workers to meet the needs of Idaho's growing economy, especially in healthcare and other STEM fields? Let's start with education.

Most Idaho children who were in the first grade when I became Governor are now starting their last semester of high school. Every program, initiative and investment I mention here today is focused on providing those young men and women with a leg up on postsecondary education and career opportunities.

To ensure we have effective teachers leading that effort in every Idaho classroom, my Executive Budget calls for providing nearly \$42 million in fiscal 2019 for the fourth year of implementing our career-ladder system for educators. Shifting how we fund teacher salaries from years of service and education credits to student outcomes represents a significant ongoing investment in human capital - supporting teachers' professional development while establishing a long-term blueprint for teacher recruitment and retention.

For all of us, literacy is essential to developing the other skills needed to advance successfully through life. Thousands of Idaho children start their educational journey already reading below grade level. That leaves many of them struggling throughout their school years and beyond while requiring educators to employ more costly remedial reading programs.

With your help we implemented an early intervention program two years ago for kindergarten through third-grade students who face severe reading challenges. But that program addressed only those at the very lowest level of reading skill. There are thousands more who are not yet proficient. So I'm asking today for \$6.5 million in fiscal 2019 to expand our literacy intervention efforts. We must provide a timely boost for these children before the focus of their education moves from

the fundamental skill of reading to the applied skill of reading to learn.

I also am seeking an additional \$5 million a year for college and career advising. That money is intended to ensure that all districts can implement effective programs for helping students plan for life after high school. Whether for college or technical training, improving student and parent access to information about careers and postsecondary opportunities is an essential step in providing for Idaho's future workforce needs.

So is responsibly putting modern learning tools in every Idaho classroom. My budget recommendation calls for investing an additional \$10 million in school technology starting next year, bringing our total annual investment in technology for students and teachers to \$36 million. That will also require that districts and charter schools have well-developed plans for sustainably integrating technology into their curricula.

An even more fundamental change in our classrooms is Idaho's ongoing shift to mastery-based education. The effort benefitted from an initial investment in 19 incubator schools. Those schools have worked during the past two years to establish a network of support and best practices, and to identify barriers to implementation. By investing another \$1.4 million per year, we can continue developing and implementing our statewide plan by expanding the number of schools participating in the Mastery Education Network.

Ladies and gentlemen, our five-year plan for improving public schools is a watershed achievement for Idaho. With strong and diverse stakeholder involvement, with buy-in from educators, patrons and policy makers - and with your continuing leadership and support - Idaho will keep building a world-class education system.

That includes such local efforts as Bonneville County voters turning Eastern Idaho Technical College into the College of Eastern Idaho, with the help of \$5 million in start-up money from the State. Congratulations to the people of eastern Idaho for creating this great new opportunity for more of our citizens to affordably take their education beyond high school close to home.

As you know, there was a robust debate in Bonneville County and beyond about the costs and benefits associated with creating the College of Eastern Idaho. And that's a good thing. An open process and meaningful public engagement are necessary to crafting sound public policy. That's especially true on issues as complex and controversial as allocating limited resources to our education priorities. The success of our K-12 Task Force for Improving Education bears that out.

So I'd like to thank the 36 members of my Higher Education Task Force who worked during the past year to assess how we can achieve the moonshot goal of ensuring that 60 percent of our young adults have a postsecondary academic degree or professional-technical credential. Their assessment is sobering and their solution is bold. But I believe implementing it is necessary, not only for our students but for Idaho's economy.

The Task Force concluded that we will never achieve the 60-percent goal the way higher education in Idaho is structured today. So its 12 recommendations focus on dramatically changing the way our system works to make it more integrated, consolidated and student-centric.

Therefore, my budget request includes funding for the State Board of Education to hire an Executive Officer to coordinate

the work of all our higher education institutions. The Executive Officer also will manage a system-wide consolidation of higher education support operations and the Board's continuing policy functions.

There's no doubt these changes will upend the status quo. They will mean less working from isolated silos and more rowing in the same direction. And they will result in tens of millions of dollars in efficiencies - savings that can be used for scholarships and new initiatives. That includes creating a statewide digital campus to better keep pace with continuing change in what we need our higher education system to deliver.

I want to emphasize that what we're talking about here is not a chancellor system with schools becoming campuses of a single university. I agree with the Task Force finding that such a change would be overly disruptive. But there is no doubt about the advantages and the necessity of adopting an Executive Officer model if we are serious about making and keeping Idaho economically competitive.

Here's a staggering metric: The Task Force found that State income tax collections in Idaho will increase by \$500 million a year - with no change in population - when the state reaches our 60-percent achievement goal, compared with today's 42 percent.

This is not a reflection on our State Board of Education members or the leadership of our institutions. The system itself is slow to adapt and too good at perpetuating the status quo. It simply is not equipped or empowered to make the big management changes needed to achieve our 60-percent goal. Without these changes, we very likely will make no more progress toward that goal in the next ten years than we have in the past seven.

We still must better define the scope of work required to achieve the consolidation we need. As a first step, I'm seeking your support for the Task Force recommendation that we implement a statewide degree audit and data analytics system. That will enable all our postsecondary institutions to identify students early on who need additional support or guidance, and then track their progress toward degree completion anywhere in our system.

To address access and affordability, the Task Force recommended and I am requesting an additional \$5 million for the Opportunity Scholarship program, which is helping students like Boise's Holland Godby. It's enabled her to go to college full-time and work part-time without going deep into student loan debt. Holland, thanks for being with us today.

Holland is using her scholarship to attend Boise State University in hopes of entering the high-demand field of physical therapy. She was one of more than 1,500 Idaho students who received an Opportunity Scholarship for their first year of college. But that was less than half of the more than 3,300 Idaho students who applied and were eligible but got no assistance. We can and should do more.

My Executive Budget also calls for dedicating a portion of that \$5 million to providing Adult Completion Scholarships. That's not a program for subsidizing dropouts. It's about creating the workforce that Idaho employers need. It's about closing our skills gap by bringing students with some college credits back to one of our certificate, associate's or bachelor's degree programs to finish what they started. And it's about preserving the value of investments already made in partially completed studies.

Folks, the Adult Completion Scholarship program is like finding money! So let's get it done.

Creating a homegrown pipeline of educated, trained workers also was the mission of my industry-driven Workforce Development Task Force. My budget reflects the Task Force recommendations that we invest in expanding capacity at our postsecondary technical schools, in providing additional incentive funding for high school career-technical programs, and in expanding CTE offerings to the seventh and eighth grades. I'm also calling for development of more online CTE classes, and increased support for our six regional Workforce Training Centers.

In the meantime, I have implemented Task Force recommendations aimed at ensuring employers have a more meaningful role in making our statewide workforce training efforts more responsive and adaptive to industry's increasingly technical needs. I will introduce legislation this session codifying changes to the structure and authority of the Workforce Development Council and how it invests in one of the most crucial elements of Idaho's continuing economic growth. I appreciate the enhanced level of public-private partnership that this process has brought about, and I look forward to that collaboration paying dividends for years to come.

In the same vein, we have a responsibility to act quickly during this legislative session to ensure that Idaho employers don't pay for last year's failure to enact unemployment tax relief. I once again am proposing a bill to roll back a rate increase that took effect on January 1 as a result of inaction in 2017. It will cost the Department of Labor roughly \$75,000 to process the legally required tax notices once the change is made. However, that's a relatively small price compared with the \$115 million in higher-than-necessary taxes that Idaho businesses will pay over the next three years if we don't make the simple but necessary change.

As I said at the end of the 2017 legislative session, unemployment tax relief is job one for 2018.

A 2017 tax debate also led to the Idaho Supreme Court ruling last summer that we must change the way we do the people's business to ensure public transparency and protect the integrity of our political process. So contrary to traditional practices, all legislation now must be presented to the governor before the Legislature adjourns sine die. I welcome the new requirement and look forward to working even more productively with you on our shared priorities.

Those priorities include adding to the more than \$1.2 billion in tax relief we have provided Idaho citizens over the past decade. But that must be accomplished while meeting our constitutional and statutory obligations, sustainably advancing our education and other policy priorities, and ensuring that our State tax laws remain fair, stable and competitive.

It's true that our tax burden in Idaho is relatively light compared with other states. But our income levels also remain comparatively low, and beneath our own expectations.

Yet in terms of growth, it's important to note that personal income in Idaho is up about 40 percent since 2008 while General Fund revenue has increased less than 25 percent. So despite some selective arguments to the contrary, our economy clearly is growing faster than our State government.

However, we must never forget that it's the people's money. So I will gladly join you in reducing individual and corporate

income tax rates with an eye toward stimulating more economic growth. But that must be accomplished while keeping our fiscal house in order and our investments for the future on track. To make that possible, I will be proposing a plan to enable Idaho's substantial conformance with the new federal tax code without putting our State revenues or Idaho taxpayers at risk.

Of course, it's well known that predictability is an important part of sound tax policy. But when it comes to healthcare, the federal government seems to be going the extra mile to ensure that Idaho and other states have no certainty at all about what the future holds. At the same time, I have come to you repeatedly with proposals for making healthcare in Idaho more accessible and coverage more affordable with or without having a federal plan in place.

So in my last legislative session as your Governor, I am making one final attempt. No longer should this body use my agreement not to act alone on Obamacare issues as a way to stop progress that will benefit Idaho citizens. We can no longer wait for Congress. This issue is too pressing, and it's in our hands.

This session I will be advancing for your consideration the Idaho Health Care Plan - a proposal about which many of you have been hearing for months now. Simply put, it would stabilize Idaho's healthcare insurance market and give more working Idaho families the ability to purchase affordable coverage.

The Idaho Health Care Plan gives us the opportunity to be both conservative and compassionate. It will enable those with the most costly, medically complex conditions to move their coverage to Medicaid during the course of their illness. That in turn will enable insurance companies to reduce their premium rates for the majority of people who remain in the individual marketplace.

This is not expanding Medicaid. This is providing Idaho's working families who have modest incomes a more affordable way to get the coverage they need. And it's a matter of fairness for Idaho citizens who actually get less help with coverage under the so-called Affordable Care Act than non-citizens legally residing here.

The Idaho plan will require \$17.4 million from the General Fund and another \$11.4 million from the Millennium Fund. But the result will be lower rates for many more working Idahoans, leaving them better able to pay for life's other essential needs.

As I said before, healthcare affordability and accessibility are among the central public policy challenges of our time. In Idaho, those challenges involve a chronic shortage of physicians and other healthcare professionals, particularly in the more rural parts of our state. That's why I'm so excited about this year's opening of the Idaho College of Osteopathic Medicine - Idaho's first medical school. Classes begin in August on the Meridian campus of ICOM, which is working with Idaho State University and other stakeholders to address our last-in-the-nation ranking for the number of primary care physicians per capita.

ICOM also is committed to helping bring more residency opportunities to Idaho for physicians in training. In addition, my budget recommends funding for 11 new residencies at Eastern Idaho Regional Medical Center in Idaho Falls and Bingham Memorial Hospital in Blackfoot. That will complement our own efforts since 2013 to fund more medical school seats for Idaho students. We now have 40 seats dedicated to Idaho medical students through the regional WWAMI consortium - twice as many as when I assumed this office.

Having healthcare professionals nearby is one of the factors that can determine a community's success in developing its local economy by attracting and growing businesses that provide good-paying jobs. The services that our communities need increasingly include cost-effective ways of coping with acute substance abuse and mental health issues.

Thank you for supporting creation of behavioral health crisis centers through community partnerships in Coeur d'Alene, Idaho Falls, Twin Falls and most recently Boise. My Executive Budget request calls for continuing to build on the successful effort to cut back on the more costly use of emergency rooms and jail cells when our people face those life-shattering challenges. I'm asking for \$2.6 million in fiscal 2019 to stand up three more crisis centers in the Lewiston, Nampa-Caldwell and Pocatello areas.

This initiative is an example of Idahoans taking care of our own; not waiting for Washington, D.C. to prescribe or mandate a solution to our challenges. That's a strategy borne of necessity and hard experience. But in 2017 we saw a renaissance of responsiveness and regulatory relief from our national government. It has been especially refreshing to see the Trump administration's willingness to seek our input - to really listen and embrace the value of state perspectives on issues that affect us most directly.

As we all know, the whole concept of federalism spent years on the shelf. But now, what we here in Idaho say and how we collaborate and develop our own solutions matters again, maybe more than ever. It's a new day on issues from protecting sage-grouse to siting major electrical transmission lines and enjoying traditional uses of our public lands.

Of course there are still challenges. Obstructionists in Congress and the undue influence of a carryover proscribe-and-punish mentality in some federal agencies are still slowing progress. But we're having fewer "Mother may I" moments with our federal partners, and one of the results is better, more active management of our resources, and communities that are becoming better protected from catastrophic wildfires.

Two programs in particular stand out. First, let me update you on our rangeland fire protection associations. Over the past few years, the Bureau of Land Management and U.S. Fish and Wildlife Service have worked with our State Department of Lands to train and equip 330 southern Idaho farmers, ranchers and their employees as members of nine RFPAs. They now are providing initial attack capability and expert local protection on more than 9 million acres of Idaho rangeland - protection from wildfires that threaten sage-grouse habitat and the forage that our ranching and farming families need to stay in business.

Another example of our improving relationship with the feds is the degree to which federal Good Neighbor Authority has taken root in our timber communities. It's an innovative way to more quickly implement on-the-ground land and watershed improvements on Forest Service acreage.

Investments from the forest industry, the State and the feds so far have resulted in ten Good Neighbor Authority projects in Idaho. In the next few years, about 10,000 acres will be treated to improve forest health by carefully harvesting 65 million board feet of timber, providing \$13 million in program income.

The Department of Lands has sold and overseen the harvest of 6 million board feet of timber from fire salvage and forest thinning projects in the past year alone - generating more than

\$1.8 million in revenue. The efficiency and effectiveness of this work is so apparent that federal agencies are eager to line up more Good Neighbor Authority projects with help from the State. That's why I'm asking for spending authority for eight new positions at the Department of Lands as we expand this program that's working for Idaho.

Perhaps the most memorable part of last year was one that most of us would just as soon forget. You can call it "snowpocalypse" or just a great water year. Either way, the winter of 2017 was one for the record books. It disrupted lives, endangered travelers and did many millions of dollars in damage to property and infrastructure throughout Idaho.

Thank you for providing \$52 million in emergency assistance to help our communities address the most serious and immediate problems. We had some snags with disaster assessment teams being called away for one of the worst hurricane seasons on record. But we are getting relief out as quickly as possible, and we're working with cities, counties and highway districts to minimize the impact of delays in federal disaster funding.

As I said, it was a big year for water, whether it was falling from the sky or being recharged into Idaho's largest underground reservoir. Runoff from last year's snowpack on top of saturated soils required careful, coordinated management of dams and reservoirs. The effort successfully reduced flooding and ensured that dam structures were secure. Meanwhile it provided a full allocation of water in the Boise River and Snake River reservoirs and plenty of carryover for use in 2018.

Just as importantly, for the first time since the 1950s we put more water back into the Eastern Snake Plain Aquifer than we pumped out in 2017. Water levels in the Lake Erie-sized aquifer had been dropping at an average rate of 215,000 acre-feet per year for 60 years.

But last year the Idaho Water Resource Board worked with private canal companies to recharge 317,000 acre-feet of water. A landmark settlement agreement between surface water users and ground water users resulted in a net gain of another 200,000 acre-feet. Along with the wet weather, the result was a 660,000-acre-feet increase in water storage in the aquifer.

Without our work together on these issues it would have been impossible to realize these historic advances in managing and protecting our most precious and fragile natural resource.

About the only things we value more than water in Idaho are our families and our privacy.

Everything we're doing in education, workforce training, health and public safety is about strengthening and protecting Idaho's children and families. Now let's talk for a moment about securing our personal data.

From a technology standpoint, the world has been remade several times over since I became Governor. We have learned through hard experience that information is a vulnerable asset. And we are far better prepared now to ensure the responsible management, control and protection of private information.

Former Air Force cybersecurity expert Jeff Weak is now on board as Idaho's first director of Information Security. Under his leadership, State agencies have adopted rigorous national cybersecurity standards. Critical internet security controls have been put in place, and a comprehensive cybersecurity training program now is mandatory for every State employee. In short, we're doing all we can within our existing management structure to defend our State resources, and more importantly to keep our

citizens' personal information safe from hackers, criminals or worse.

The next step is improving the structure of that oversight. I am recommending a thorough assessment and centralization of scattered and disjointed information resources in the coming months. The goal is standardizing and optimizing cyber capabilities throughout State government. The proposed changes are aimed at making Idaho a model for hardening our defenses while enhancing our ability connect with citizens through social media and other online tools.

Idaho is well situated to be a global leader in this field. Just consider our investment and partnership in the Idaho National Laboratory's Cybercore Integration Center. Or the INL's cybersecurity training outreach to Idaho businesses. Consider the thriving cybersecurity degree programs at our universities and the Idaho National Guard's cyber operations squadron. So we are reaching a critical mass of infrastructure. All that's needed is our continuing commitment for Idaho to remain on the vanguard of this evolving discipline.

On a related note, no report on our progress over the past decade would be complete without highlighting the growing partnership between the State of Idaho and the Idaho National Lab. We are light years beyond the kind of legal and political disputes that dogged our relationship for many years. Today the INL is much more than a remote nuclear engineering outpost on the eastern Idaho desert. Our connections now include my Leadership in Nuclear Energy or LINE Commission, our Strategic Energy Alliance, and the Center for Advanced Energy Studies with its cutting-edge Smart Grid research. And let's not forget the INL's growing collaboration with our universities, as well as the Department of Energy's STEM education efforts at Idaho schools.

And there are more great things to come from the INL and the Battelle Energy Alliance, which just won a new five-year management contract that will ensure welcome stability in lab operations. Coming soon is the next stage in developing small modular reactor technology that could be the future of nuclear energy.

Now, from thinking globally to acting locally, allow me to update you on the success of a program with the goal of helping Idaho's at-risk youth develop such skills as critical thinking, teamwork and accountability.

The Idaho Youth ChalleNGe Academy so far has provided structure and a second chance for 648 graduates from 41 counties. Many of those cadets were struggling in school before they got to Pierce. A number were having trouble at home, or with the law. Well, through last year those citizens in training had earned over 9,000 high school credits, and more than 130 of them had earned their GED or high school diploma.

What's more, Youth ChalleNGe cadets have contributed more than 34,000 community service hours. They have improved forest trails, visited seniors at the local assisted living center, and volunteered at the State veterans home in Lewiston. I can tell you, the feeling of energy, renewed hope and endless possibilities that you get just being around the cadets is refreshing, invigorating, and contagious.

This program isn't the biggest around. It doesn't have all the bells and whistles. It's purposely located away from many of the distractions of modern life. But let me give you two quick examples of the results that the Youth ChalleNGe Academy is producing.

Dylan Hoopes of Lewiston was in trouble in school and at home. He'd even had some brushes with the law. As his mother Angela put it, he had "a 1.6 GPA and a chip on his shoulder."

All that changed at the Academy. Dylan embraced the training, buckled down, adopted a goal-oriented attitude, pursued leadership opportunities and earned his high school diploma with a 3.7 GPA.

His mom summed it up this way: "I am confident that because of his experience at the IDYCA he has found the confidence he needed to overcome life's obstacles and obtain the blessings that good citizenship has to offer him." Now Dylan is 20 and a full-time student at Lewis-Clark State College. He's working part-time and will receive his associate's degree in automotive mechanics this spring.

Dylan, congratulations, and thanks for being here today.

Daniel Smith of Nampa summed up his situation before entering the program this way: "I was overweight, under-confident and wasn't doing too well in school." The good news was that he recognized the need to start making better life choices, and the Idaho Youth ChalleNGe Academy was there to help. Friends who had been through the Academy told Daniel about the positive changes it had brought to their lives - changes emphasizing respect, excellence, persistence, integrity and leadership.

Now Daniel joins them in considering it one of the best decisions he's ever made. He got his high school diploma, joined the military and was selected for the elite United States Air Force Honor Guard. Daniel was part of the inauguration ceremony for President Trump and most recently was in the Macy's Thanksgiving Day Parade in New York City. He credits the Youth ChalleNGe program and the mentorship it provided for helping him get where he is today - which I'm pleased to say is here with us!

Airman First Class Smith, welcome to Idaho's Capitol and thank you for your service.

Dylan and Daniel are just two examples of how the Youth ChalleNGe Academy is improving lives, restoring families and creating the chance for real progress for the next generation of productive, contributing citizens. Some of you have visited Pierce to see the program for yourselves. I encourage anyone who questions its value to spend some time with these young people. I'm confident you will be as impressed as I was.

My friends, I say again: Idaho is stronger and more economically diverse than ever. Our unemployment rate is near a record low. Wages are on the rise. Whole industry sectors are emerging and growing, stretching our taxpayer resources to keep up with workforce demands. But we are sustainably and responsibly investing in K-through-Career education and training without raising taxes.

We will never mortgage our future by throwing money at business attraction like some other states. But with your support, we now have targeted, performance-based incentives that work. They add to an economic development portfolio that includes inexpensive renewable power, a great work ethic and among the most stable, business-friendly tax and regulatory climates in the country.

I call that real progress, and may it long endure. *Esto perpetua.*

You know, it's really too bad that the word "progress" has been so thoroughly high-jacked in today's political lexicon. The Republican-led Progressive movement of the early 20th century called for a more populist but still limited relationship between government and business. But since the Great Depression "progress" has become synonymous with bigger and more intrusive government - the "nanny state."

It's true that despite our best efforts and firmest resolve, government gets bigger. That's a function of a growing population, rising public expectations, more complex social realities, and a changing dynamic between our public and private sectors. But we all know that making government bigger often makes fulfilling its most necessary and proper functions less focused and less effective. More importantly, making government bigger without also making it better can be a barrier to real progress for our citizens - for individual Idahoans.

Now we all know that progress isn't linear. It doesn't go from point A to point B uninterrupted. It zigzags and swerves and dips. At times in human history it's trailed off altogether. But progress always comes back. It shakes off ignorance and political extremes. It overcomes natural calamities and human failings to return, time and again throughout the ages.

Progress makes a comeback when people start believing again - believing in their own abilities; believing that they can make a difference; and believing that government alone is not, never has been and never will be the answer. Progress makes a comeback when people start taking personal responsibility for moving it forward as best they can.

That's where we are in Idaho: Preparing our State government - and everyone and everything it touches - for the future. Once again during this legislative session, we will make choices that will echo down through the generations and play a role in shaping the destinies of our families and our descendants.

Because of the work we have done over more than a decade, we have never been readier for the challenges and opportunities ahead. The commonsense conservative policies advanced by this body - and by us together - have been essential to Idaho's progress toward better enabling our citizens to become the architects of their own destiny rather than surrendering to the siren song of entitlement.

Yet just as progress isn't linear, it also isn't singular. Eventually there will be another Great Recession, or worse. Disasters will beset us. At some point we may once again struggle to keep our heads above water.

That's why, to be truly meaningful and impactful, progress can't be a one-time thing. It must overcome setbacks and resistance. It must be more than good intentions and a high-profile start followed by inattention and eventually abandonment. There has to be a baton to pass. There must be a fire to stoke.

There has to be a clear understanding that what we do today will help our children and their children keep advancing the frontiers of freedom ... slowly but surely ... Because that enlightened freedom is where progress will be found for the people who rely on us to act in their best interest without upending their lives.

Ladies and gentlemen, progress takes commitment. It takes political and sometimes personal courage. It requires us to see the big picture and take the long view in crafting public policy. And we have only ourselves to blame when we reap the whirlwind

of apathy or inattention. Responsible citizenship - let alone leadership - requires us to regularly refresh the tree of liberty with the values of vigilance, prudence and common sense.

You see, well-informed and conscientious reluctance to change is not the truest enemy of progress. The truest enemy of progress is misguided, reflexive opposition to change.

Our Founders knew that more than 200 years ago. In 1816, Thomas Jefferson was 40 years beyond his days as a young revolutionary writing the Declaration of Independence. With his years as president behind him, Jefferson was asked how best to adapt our fledgling national government to rapid social and economic changes.

He wrote: "I am certainly not an advocate for frequent and untried changes in laws and constitutions. But I know also that laws and institutions must go hand in hand with the progress of the human mind. As that becomes more developed, more enlightened, as new discoveries are made, new truths disclosed, and manners and opinions change with the change of circumstances, institutions must advance also, and keep pace with the times."

That is not to dismiss or defame the timeless virtues that should populate our character or the undying truths that must light our path forward. Rather it is to remind us that our responsibility is not only to those who voted for us or only to our constituents, but also to "keep pace with the times" and the path of human progress.

We have constitutional, legal and social responsibilities to the people of Idaho. Those include preparing them for productive citizenship with accessible educational opportunities, safe communities and equal protection of the law. I believe the plan of action recommended in my Executive Budget and in the policies that will be presented to you this session move us closer to truly fulfilling that responsibility.

We must not waste the opportunity that relative prosperity now affords us to invest in the future. We must strive to be the kind of leaders who go beyond rhetoric, because sustaining what we have set in motion will require more than lip service.

As Teddy Roosevelt said in urging action over ideology in public life, "Our words must be judged by our deeds; and in striving for a lofty ideal we must use practical methods; and if we cannot attain all at one leap, we must advance towards it step by step, reasonably content so long as we do actually make some progress in the right direction."

My friends, we have made progress in the right direction over the past 11 years. Whether we continue on that course depends on our commitment to investing in an even better future for the people we serve. It depends on the value we place on joining with individuals, communities and our corporate citizens in overcoming hidebound opposition to a legitimate role for State government in pursuing our common interests.

I've come a long way from the brash young revolutionary who served in this chamber and ran for governor with big ideas but precious little perspective.

With the benefit of experience earned through the patience and confidence of Idaho voters, today I have a more nuanced view of the proper role of government. I have always understood its limitations and its flaws. But now I also know its possibilities, when responsibly led, for helping individual citizens realize their full potential. None of us can afford to dismiss the latter because we are hamstrung by the former.

Most of you know that Thomas Jefferson and Ronald Reagan are my political models. They were not roped and tied by ideology when pragmatism was the best path to progress. They led. We must do the same.

In conclusion, let me just say that the years I have had the opportunity to be your Governor have provided among the most precious and rewarding experiences of my life. Working with and for each of you - my fellow citizens - has been the honor of my lifetime, and the best job I ever had.

I appreciate more than I can express the chance to share this arena with you, and to join you in making significant and lasting progress for every member of the Idaho Family.

Thank you. God bless your work here, and may God continue to bless the State of Idaho and the United States of America.

7TH ORDER Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 31 BY RUBEL

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE AND COMPLETE A STUDY OF CLIMATE CHANGE AND THE IMPACTS AND OPPORTUNITIES FOR IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho resource-based economies are critical to Idaho's future; and

WHEREAS, agriculture is a vital sector of Idaho's economy. The crops, livestock and other agricultural products produced in Idaho contribute more than \$8 billion in total cash receipts to Idaho's economy each year; and

WHEREAS, many Idaho industries rely upon relatively stable and predictable climatic conditions to prosper; and

WHEREAS, there is substantial evidence that the global atmosphere is warming at rates unprecedented in the historical record; and

WHEREAS, seventeen of the eighteen warmest years on record have occurred since 2001; and

WHEREAS, 2016 was the hottest year on record, with 2017 and 2015 being the second and third hottest years on record according to the National Aeronautics and Space Administration and the National Oceanic and Atmospheric Administration; and

WHEREAS, Idaho's forests, rangelands, parks, lava fields, waters, public lands, fish and wildlife are a part of Idaho's natural heritage and represent critical elements of Idaho's history, development, custom and culture; and

WHEREAS, the occurrence and intensity of storms, floods, droughts and wildfires have impacted many Idaho communities with documented monetary and social costs; and

WHEREAS, extreme weather events, most notably heat waves and precipitation extremes, are striking with increasing frequency, with deadly consequences for people and wildlife; and

WHEREAS, snowpack is melting earlier in the year, and the flow of melt water into streams during summer is declining; and

WHEREAS, as noted in the 2012 Idaho Water Plan, evidence suggests that the Earth's climate is warming and that changes in climate conditions will likely be an important factor in determining the costs and benefits of additional water storage; and

WHEREAS, a National Climate Assessment study shows earlier winter snowpack melt contributes to drier landscapes and longer wildfire seasons, allowing wildfires to spread on private, state and local lands when they start; and

WHEREAS, a Columbia University study found climate change has doubled the size of areas burned each year by wildfires; and

WHEREAS, scientists have concluded that fire seasons are an average of seventy-eight days longer today than they were in the 1970s; and

WHEREAS, many states are taking action to reduce the activity that contributes to climate change and to prepare for the expected impacts; and

WHEREAS, the leaders of Idaho must inform themselves of significant threats to Idaho's people and economy and have an obligation to pursue reasonable efforts to reduce the adverse impacts of those threats; and

WHEREAS, Idaho has immense renewable energy resources that have the potential to yield enormous economic benefits and jobs in the state; and

WHEREAS, many jurisdictions in the United States and throughout the world, including Idaho's trading partners, have adopted policies focused on limiting carbon emissions, and it is likely that in the future they will require trading partners to address carbon emissions.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the causes and impacts of climate change on Idaho's agriculture, water resources, wildlife and public health, to study the potential policy options that are consistent with federal and state law, to explore economic

opportunities arising from increased use of renewable energy and decreased use of fossil fuels, and to make recommendations on the mitigation of the causes and impacts of climate change in Idaho and on renewable energy economic opportunities. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that nonlegislative members of the committee may be appointed by the cochairs of the committee who are appointed by the Legislative Council. Nonlegislative members of the advisory committee shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Sixty-fifth Idaho Legislature.

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 32 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND APPLYING TO THE CONGRESS OF THE UNITED STATES TO CALL AN AMENDMENT CONVENTION OF THE STATES PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION FOR SPECIFIC AND LIMITED PURPOSES RELATING TO THE REDUCTION OF THE ABUSE OF POWER BY THE FEDERAL GOVERNMENT; ADOPTING CERTAIN RESERVATIONS, UNDERSTANDINGS AND DECLARATIONS LIMITING THE APPLICATION; AND ADOPTING CERTAIN SELECTION CRITERIA FOR COMMISSIONERS AS WELL AS LIMITATIONS UPON THEIR AUTHORITY.

Be It Resolved by the Legislature of the State of Idaho:

SECTION 1. Application of a Convention for Proposing Amendments.

WHEREAS, the Founders of the United States Constitution empowered state legislators to be guardians of liberty against excessive use of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and

WHEREAS, the federal government has ceased to operate under a proper interpretation of the United States Constitution; and

WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people, particularly for the generations to come, by proposing amendments to the United States Constitution through a convention of the states under Article V for the purpose of restraining these and related abuses of power.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that pursuant to Article V of the Constitution of the United States, the Legislature of the State of Idaho joins in the applications of the states of Georgia (SR 736, 2014), Florida (SM 476, 2014), Alaska (HJR 22, 2014), Alabama (HJR 112, 2015), Tennessee (SJ 67, 2016), Indiana (SIR 14, 2016), Oklahoma (SJR 4, 2016), Louisiana (SCR 52, 2016), Texas (SJR 2, 2017), Missouri (SCR 4, 2017), North Dakota (HCR 3006, 2017) and Arizona (HCR 2010, 2017) for a convention for the specific and exclusive purpose of proposing amendments to the Constitution of the United States limited to the purposes stated therein; provided, however, that the delegates from Idaho to said convention are expressly limited to consideration and support of amendments that impose fiscal restraints on the federal government, and amendments that limit the power and jurisdiction of the federal government and no other amendments on any topic whatsoever.

SECTION 2. Reservations, Understandings and Declarations.

1. An application to the Congress of the United States to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to Congress other than the ministerial duty to name a reasonable time and place for the initial meeting of a convention;

2. Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two-thirds of the legislatures of the several states;

3. Congress does not have the power or authority to determine any rules for the governing of an amendment convention of the states called pursuant to Article V of the United States Constitution. Congress does not have the power to set the number of delegates to be sent by any state to such a convention, nor does it have the power to name delegates to such a convention. The power to name delegates remains exclusively within the authority of the legislatures of the several states;

4. By definition, an amendment convention of the states means that states shall vote on the basis of one state, one vote;

5. An amendment convention of the states convened pursuant to this application shall be limited to consideration of the topics specified herein and no other. This application is made with the express understanding that an amendment that in any way seeks to amend, modify, or repeal any provision of the Bill of Rights shall not be authorized for consideration at any stage.

6. Pursuant to Article V of the United States Constitution, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The Legislature of the State of Idaho recommends that Congress select ratification by the legislatures of the several states.

SECTION 3. Procedures for Selection of Commissioners to Article V Convention and Limitations Upon Their Authority.

A. Any time a convention is called pursuant to Article V of the United States Constitution, the selection of commissioners from Idaho to such convention and their participation shall be governed as follows:

1. Eligible commissioners and alternates shall be residents of Idaho for at least six months prior to their appointment and shall otherwise meet the same qualifications necessary to hold office in the Legislature of the State of Idaho. Commissioners and alternates may include persons holding public office, except that no member of the United States House of Representatives or Senate shall be eligible.

2. The House shall select, by simple majority vote, 3 commissioners who meet the eligibility requirements outlined in subsection (1), and the Senate shall select, by simple majority vote, 3 commissioners who meet said requirements. At least one commissioner from each chamber shall not be a sitting member of the Legislature of the State of Idaho at the time of appointment. Each chamber shall nominate two additional persons to serve as commissioners or alternates. The original six commissioners shall agree upon a priority list of these four nominees. The first nominee in priority shall become the seventh commissioner. The remaining three shall become alternates and shall be assigned a ranking of first, second, or third alternate to serve in that order should a vacancy occur for any reason. This total of 7 commissioners and 3 alternate commissioners shall constitute Idaho's delegation to the convention.

3. Each commissioner and alternate shall, by oath or affirmation as provided for in the Constitution of Idaho, and as a condition of participating in the convention, agree to faithfully and impartially discharge all the duties incumbent upon a convention commissioner, including the duty to abide by instructions established by concurrent resolution of the Legislature of the State of Idaho for participation in the convention and not to act outside the scope of the call for the convention. The taking of this oath shall be a condition precedent to the receipt of the issuance of formal credentials to said commissioners. Each commissioner and alternate shall further agree to immediately notify the Speaker of the House of Representatives and President Pro Tempore of the Senate if he or she believes that any Idaho commissioner or alternate has violated his or her oath or instructions while participating in the convention.

4. After commissioners have been selected, the Legislature of the State of Idaho may by concurrent resolution recall

commissioners or alternates to such convention, or appoint new commissioners or alternates.

5. When the Legislature of the State of Idaho is not in a regular session, the Speaker of the House, together with the President of the Senate, may call an extraordinary session of the Legislature to convene upon forty-eight hours' notice. Notice by email shall constitute a valid notice. Because the Legislature is acting under authority conferred on it directly by Article V of the Constitution of the United States, the requirement that the Governor shall call special sessions of the Legislature is inapplicable, as governors have no authority under said Article V. This extraordinary session shall be limited to a decision to recall commissioners or alternates.

B. Prior to the administration of the oath to the commissioners, the Legislature of the State of Idaho shall by joint resolution provide instructions to the commissioners selected pursuant to Section A regarding the scope of matters they may consider and vote on at a convention, including rules of procedure and proposed amendments. These instructions shall include, but shall not be limited to:

1. An instruction that the Idaho commissioners may not support any voting rule for votes taken by the entire body (regardless if meeting as the Committee of the Whole or otherwise) other than the rule whereby each state exercises one vote; and
2. An instruction that on all voting matters at the convention (concerning any vote taken by the entire body), the decision of a simple majority of the Idaho commissioners shall constitute a single vote for Idaho.
3. Individual commissioners may vote as an individual only in service on committees other than the Committee of the Whole.

C. Any vote cast by a commissioner or alternate at an Article V Convention that is outside the scope of:

1. The instructions established by a joint resolution adopted under Section B of this chapter; or
2. The limits placed by the Legislature of the State of Idaho in a joint resolution that calls for an Article V Convention for the purpose of proposing amendments to the Constitution of the United States on the subjects and amendments that may be considered by the Article V Convention;

is void.

D. In the event that the Speaker of the House of Representatives or President Pro Tempore of the Senate receives written notice from any other Idaho commissioner or from a member of either the Idaho House or Senate, that a commissioner is alleged to have violated his or her oath or instructions, a hearing shall be called by the leader of each respective chamber, to be held on the floor of each chamber. The sole issue in said hearing shall be whether or not the commissioner has in fact violated the terms of his oath or instructions. If a determination is made by both chambers that such a violation has occurred, the commissioner shall be discharged immediately and may no longer represent Idaho at the convention. The alternate who is next in the priority list shall immediately take the place of the discharged commissioner.

E. Alternates shall take the place of commissioners and may serve only if a commissioner dies, resigns, or is discharged as specified in paragraph D. Alternates shall take the place of commissioners in the order previously determined.

F. Expenses for commissioners and observers to travel to and participate in such convention shall be paid according to the per diem rate established for members of the Legislature of the State of Idaho as provided by the Citizens' Committee on Legislative Compensation.

RESOLVED FURTHER, that this application shall constitute a continuing application for such amendment convention of the states pursuant to Article V of the United States Constitution until the legislatures of two-thirds of the states have made applications on the same subject and such convention has been called by the Congress of the United States; however, this application shall expire and have no further effect unless a convention is called for the purposes specified herein within ten years of the date of its final passage; and, be it

RESOLVED FURTHER, that it is the intention of the Legislature of the State of Idaho that this application be aggregated with the subsequent applications of other states limited to the purposes stated in this application or to the purposes stated in the applications of the above-mentioned states; and, be it

RESOLVED FINALLY, that the Clerk of the House of Representatives transmit copies of this resolution to the President of the United States, the Speaker and the Clerk of the United States House of Representatives, the President and the Clerk of the United States Senate, the members of the Idaho Congressional Delegation, and the legislatures of each of the several states, attesting the adoption of this resolution by the Legislature of the State of Idaho.

HCR 32 was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

Mr. Speaker:

We, your COMMITTEE ON RESOURCES AND CONSERVATION, report that we have had under consideration **S 1217** and recommend that it do pass.

GIBBS, Chairman

S 1217 was filed for second reading.

There being no objection, the House advanced to the Seventh Order of Business.

7TH ORDER Motions, Memorials, and Resolutions

**HOUSE JOINT MEMORIAL NO. 10
BY RESOURCES AND CONSERVATION COMMITTEE
A JOINT MEMORIAL
TO THE PRESIDENT OF THE UNITED STATES,
THE SECRETARY OF AGRICULTURE, THE SECRETARY**

OF THE INTERIOR, THE ADMINISTRATOR OF THE ENVIRONMENTAL PROTECTION AGENCY AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, mining played an integral role in the settlement of the West and Idaho in particular, hence its motto "The Gem State"; and

WHEREAS, mining activity for minerals including tungsten, antimony, gold and silver has taken place in the Stibnite Mining District in Valley County, Idaho, since 1899; and

WHEREAS, the supply of tungsten and antimony from the Stibnite Mining District was critical to the United States war efforts during World War II and the Korean War; and

WHEREAS, after decades of mining activity that largely pre-dated state and federal regulatory guidelines, standards and oversight left the Stibnite area in need of repair and a legacy of millions of tons of unlined tailings, blocked fish passage and conditions degrading water quality; and

WHEREAS, Midas Gold Idaho, Inc., has proposed to redevelop a portion of the historic Stibnite Mining District as outlined in the Stibnite Gold Project Plan of Restoration and Operations, delivered to the United States Forest Service in September 2016 for review under the National Environmental Policy Act (NEPA); and

WHEREAS, the Stibnite Gold Project is designed to clean up legacy environmental impacts before and during mining; and

WHEREAS, the United States dependency on foreign minerals has doubled in the last twenty years, and China controls 83% of the world's antimony resources. The Stibnite Gold Project would be the only domestic source of primary antimony, a critical component for flame retardants essential to the defense and energy sectors and for metal strengthening; and

WHEREAS, bureaucratic delays and redundant policies have expanded the time frame for environmental permitting to anywhere from seven to ten years, or longer, which is considerably longer than other countries with comparable environmental standards; and

WHEREAS, modern regulations require that companies set aside adequate financial assurances to cover the cost of environmental cleanup, ensuring that reclamation is completed; and

WHEREAS, once approved, the Stibnite Gold Project will provide a \$1 billion investment in Idaho, including upgrades to public infrastructure such as roads and power lines in rural Idaho. The project will provide approximately 1,000 well-paying direct and indirect jobs to Idahoans, and expand the economy with more than \$40 million in direct annual payroll during operations and hundreds of millions in federal, state and local taxes over the life of the project. This will be an economic boon to the people and businesses of the great State of Idaho, where rural communities have been hard-hit over recent decades; and

WHEREAS, over the last seven years, Midas Gold Idaho's involvement in the community, commitment to building a mine that will help the community and the environment, and dedication to being a partner with local communities proves they are the right team to undertake this project.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State of Idaho supports actions by the U.S. Forest Service and other federal agencies, in partnership with agencies of the

great State of Idaho and Valley County, to move forward to approve the Stibnite Gold Project in a timely and cost-effective manner to permit the redevelopment and restoration of the site.

BE IT FURTHER RESOLVED that we believe Midas Gold Idaho's commitment to mining in a way that restores and protects the environment will serve as a global template for responsible, sustainable and successful mining practices.

BE IT FURTHER RESOLVED that the federal government agencies commit adequate, experienced and knowledgeable personnel and sufficient financial resources to complete the review under NEPA and other laws and regulations as expeditiously as possible, while ensuring compliance with those laws and regulations.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of Agriculture, the Secretary of the Interior, the Administrator of the Environmental Protection Agency, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

7TH ORDER
Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 38
BY HEALTH AND WELFARE COMMITTEE
A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING THE WEEK OF FEBRUARY 26 THROUGH MARCH 4, 2018, AS EATING DISORDERS AWARENESS WEEK IN THE STATE OF IDAHO, IN CONJUNCTION WITH THE OBSERVANCE OF NATIONAL EATING DISORDERS AWARENESS WEEK.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the 2018 theme of National Eating Disorders Awareness Week is "Let's Get Real" and will focus on expanding the conversation around eating disorders to include the diverse perspectives of the millions of people affected by eating disorders. Eating disorders are shrouded in stigma, secrecy and stereotypes, and the goal of this year's campaign is to shine a light on these deadly illnesses, dispel misinformation and connect people with the support they need to recover; and

WHEREAS, eating disorders are serious conditions that are potentially life-threatening and have a great impact on both a person's physical and emotional health. Too often, signs and symptoms are overlooked and many individuals, families and communities are unaware of the devastating mental and physical consequences of eating disorders, as well as the pressures, attitudes and behaviors that shape them; and

WHEREAS, in the United States, 20 million women and 10 million men suffer from clinically significant eating disorders at some time in their lives. These disorders affect people from all backgrounds and include anorexia nervosa, bulimia nervosa and binge eating disorders; and

WHEREAS, the National Eating Disorders Association strives to address the many misconceptions regarding eating disorders and to highlight the availability of resources for treatment and support; and

WHEREAS, National Eating Disorders Awareness Week is a collaborative effort consisting primarily of volunteers, including eating disorder professionals, health care providers, students, educators, social workers and individuals committed to raising awareness of the dangers surrounding eating disorders and the need for early intervention and treatment access; and

WHEREAS, eating disorders usually appear in adolescence and are associated with substantial psychological problems, including depression, substance abuse and suicide. They are serious illnesses, not lifestyle choices. In fact, anorexia has the highest mortality rate of any mental illness; and

WHEREAS, many cases of eating disorders go undetected. Less than one-third of youth with eating disorders will receive treatment; and

WHEREAS, eating disorders experts have found that prompt and intensive treatment significantly improves the chances of recovery. It is therefore important for educators, medical providers, parents and community members to be aware of the early warning signs and the symptoms of eating disorders; and

WHEREAS, National Eating Disorders Awareness Week will encourage people to share their stories and experiences with disordered eating and body-image struggles; highlight the importance of screenings for the early detection of and intervention in eating disorders; and destroy myths and present eating disorders as a public health issue that affects all kinds of people, regardless of age, gender, ethnicity, size or background; and

WHEREAS, the recognition of National Eating Disorders Awareness Week performs the vital function of promoting public and media attention to the seriousness of eating disorders and improving education about their biological and environmental causes, as well as helping those who are struggling with these debilitating diseases.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature hereby recognizes the week of February 26 through March 4, 2018, as Eating Disorders Awareness Week in the State of Idaho.

**HOUSE CONCURRENT RESOLUTION NO. 41
BY HEALTH AND WELFARE COMMITTEE**

A CONCURRENT RESOLUTION
STATING FINDINGS OF THE LEGISLATURE AND
AUTHORIZING THE LEGISLATIVE COUNCIL TO
APPOINT A COMMITTEE TO CONTINUE A STUDY OF
THE STATE EMPLOYEE GROUP HEALTH CARE PLAN
MODEL AND TO MAKE RECOMMENDATIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the State of Idaho offers a health insurance benefit to nearly 20,000 individuals employed by the state, of whom 18,900 employees opt into the group health insurance plan that supports an additional 28,000 dependents; and

WHEREAS, the state's share of medical and dental insurance costs has increased from approximately \$8,500 per employee in fiscal year 2011 to a projected cost of \$12,800 per employee in fiscal year 2019; and

WHEREAS, in 2017, the Idaho Legislature authorized a legislative study committee to continue the work of the 2016 State Employee Group Insurance and Benefits Legislative Interim Committee in studying the state employee group insurance plan structure and to receive advice from a health care consultant employed by the committee in 2017; and

WHEREAS, the 2017 State Employee Group Insurance and Benefits Legislative Interim Committee met seven times in 2017, reviewing request for proposals (RFP) responses from health care

consultants, selecting a consultant to advise the committee, and subsequently meeting with the consultant in order to exchange information and receive expert advice regarding desired benefits, outcomes and costs pertaining to state employee health care benefits; and

WHEREAS, the consultant recommended a multi-year strategy for making changes to the state health care plan model; and

WHEREAS, the committee's Final Report recommended the reauthorization of the committee in 2018 and again employing a consultant in 2018 to continue advising and guiding the committee in moving the state to a model of health care that contains the rising cost of health care but also provides quality health care to state employees and their dependents; and

WHEREAS, the committee recommended that the Department of Administration, with the assistance of the committee's contractor, develop an RFP to be issued by the state for the selection of one or more administrators to administer an array of health benefit plans adopted for employee health care benefits. Proposals may be made under the state's current hybrid fully insured model or a state self-funded model, or both. Invitations should also be issued for an analysis as to whether the state should exempt itself from Chapter 40, Title 41, Idaho Code, as all counties in Idaho were exempted in 2001; and

WHEREAS, the committee also recommended that the 2018 committee review the results and award of the RFP for compliance, fairness and thoroughness, and then make a funding recommendation to the Joint Finance-Appropriations Committee and the Idaho Legislature based upon that review.

WHEREAS, the committee also recommended that the Idaho Legislature authorize the 2018 committee to enter into a contract with its contractor, contingent upon the successful negotiation of a new statement of work and contract price between the contractor and the co-chairs of the committee, with the approval of the committee.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to continue the work of the 2017 State Employee Group Insurance and Benefits Legislative Interim Committee in working with a consultant, in conjunction with the Department of Administration, to issue and review the responses to an RFP. The RFP shall be issued according to the 2017 State Employee Group Insurance and Benefits Legislative Interim Committee's Final Report recommendations.

BE IT FURTHER RESOLVED that the committee is also authorized to retain the services of a consultant, with the prior approval of the Speaker of the House of Representatives and the President Pro Tempore of the Senate, who is familiar with health insurance and health care plans and who can provide advice and assistance to the committee in its work.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Sixty-fifth Idaho Legislature.

7TH ORDER Motions, Memorials, and Resolutions

HOUSE JOINT MEMORIAL NO. 11 BY RESOURCES AND CONSERVATION COMMITTEE A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, since it was implemented in 1964, the Columbia River Treaty has provided for a coordinated management of the Columbia River to reduce flooding impacts and increase power generation throughout the Columbia River Basin; and

WHEREAS, the treaty provides that either the United States or Canada may terminate the treaty by providing written notice at least 10 years in advance of termination; and

WHEREAS, the U.S. and Canadian entities previously reviewed the treaty and determined that the treaty should be modified; and

WHEREAS, on December 7, 2017, the U.S. State Department issued a press release stating that the United States and Canada will begin negotiations to modernize the treaty in early 2018; and

WHEREAS, the U.S. Entity Regional Recommendation of 2013 concluded that the purposes of a "modernized" treaty should be expanded to include consideration of "ecosystem-based function" in addition to the original flood control and hydropower purposes of the treaty; and

WHEREAS, unless otherwise agreed to, the treaty provides that, in 2024, flood control operations will automatically shift from providing guaranteed flood control space in Canadian reservoirs to "called upon" flood control operations; and

WHEREAS, the U.S. and Canadian entities have provided differing interpretations of the "called upon" flood control provisions, with the U.S. Entity asserting that "called upon" operations apply only to dams in the Columbia River Basin

specifically authorized for "system-wide flood control," and the Canadian Entity taking the position that all U.S. storage projects in the Columbia River Basin must be utilized for system-wide flood control before Canadian reservoirs are called upon to provide any flood control space; and

WHEREAS, altered flood control operations could have devastating impacts on reservoir storage and operation levels, irrigation, recreation, hydropower, local flood control and other authorized purposes in Idaho; and

WHEREAS, the Canadian Entitlement, whereby the U.S. and Canadian entities share the increased power production created by coordinated river operations, has proven to be imbalanced in favor of Canada; and

WHEREAS, including ecosystem-based function in a modernized treaty could have adverse impacts on existing beneficial uses of the river and create greater uncertainty in a river system that is already heavily regulated; and

WHEREAS, the Regional Recommendation fails to recognize the substantial investment in ecosystem-based function made by Northwest region hydropower producers and their customers, including billions of dollars invested in fish passage and habitat efforts and the development and implementation of robust environmental mitigation plans; and

WHEREAS, navigation should be protected, and adverse flows should not impact the transportation channel or lock system operations.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we urge the U.S. Department of State to support the following positions in negotiations with Canada regarding any modification or future implementation of the Columbia River Treaty:

- (1) Recognize and protect the authorized purposes and water rights for storage projects in Idaho, including irrigation, recreation, hydropower and local flood control;
- (2) Advocate that only storage projects specifically authorized by Congress for system-wide flood control may be required to provide such benefits under the treaty, with no increased flood control burden placed on projects in Idaho;
- (3) Recognize a need to review and rebalance the Canadian Entitlement;
- (4) Recognize the ecosystem benefits that have already been provided by storage projects in the United States pursuant to the other federal laws and refrain from advocating for additional ecosystem contributions from U.S. projects;
- (5) Recognize that ecosystem restoration, as that term has been used by some proponents of modernization, is intentionally vague and if incorporated into an international treaty could be used as a vehicle to override and infringe upon existing federal environmental laws and usurp state sovereignty over water and, therefore, require any treaty modification to preserve federal environmental protection laws and state water laws and reject any additional mitigation requirements;
- (6) Require any treaty modification to recognize the primary authority and state sovereignty of Idaho and its sister states over their respective water resources;

- (7) Reject any attempts through the treaty modification process to incorporate the reintroduction of anadromous species above Hells Canyon or Dworshak, as such efforts are outside the scope of the treaty purposes; and
- (8) Protect navigation so that adverse flows do not impact the transportation channel or block system operations.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States, the U.S. Department of State, the Columbia River Treaty Negotiator, the U.S. Entity Coordinator, Bonneville Power Administration and the U.S. Army Corps of Engineers.

HOUSE CONCURRENT RESOLUTION NO. 42 BY RESOURCES AND CONSERVATION COMMITTEE

A CONCURRENT RESOLUTION
STATING LEGISLATIVE FINDINGS AND SUPPORTING
LEGISLATION REDESIGNATING THE WHITE CLOUDS
WILDERNESS AREA AS THE CECIL D. ANDRUS-WHITE
CLOUDS WILDERNESS AND RECOGNIZING AND
HONORING CECIL D. ANDRUS FOR HIS WORK IN
PROTECTING IDAHO'S NATURAL RESOURCES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, on August 7, 2015, Idaho's Second District Congressman Mike Simpson's wilderness bill became law, creating three areas totaling 275,000 acres, including the White Clouds, Hemingway-Boulders and Jim McClure-Jerry Peak Wilderness Areas; and

WHEREAS, Cecil "Cece" D. Andrus was elected Governor of the State of Idaho four times in addition to serving as United States Secretary of the Interior; and

WHEREAS, during his first term as Governor, Cecil D. Andrus played a key role in winning support by the United States Congress for federal designation of the Sawtooth Wilderness Area in the State of Idaho; and

WHEREAS, Cecil D. Andrus stopped a major open-pit molybdenum mine that threatened Castle Peak, the highest peak in the White Cloud mountains, a top issue in his 1970 race for governor of Idaho; and

WHEREAS, Cecil D. Andrus assisted Congressman Simpson in his fifteen-year effort to win the wilderness designation; and

WHEREAS, Congressman Simpson introduced H.R. 4134, the Cecil D. Andrus-White Clouds Wilderness Redesignation Act, in the First Session of the 115th Congress (2017-2018) to redesignate the White Clouds Wilderness in the Sawtooth and Challis National Forests in the State of Idaho as the Cecil D. Andrus-White Clouds Wilderness in honor of former Idaho Governor and Secretary of the Interior Cecil D. Andrus.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we support the efforts of United States Congressman Mike Simpson of Idaho to redesignate the White Clouds Wilderness in the Sawtooth and Challis National Forests in the State of Idaho as

the Cecil D. Andrus-White Clouds Wilderness in honor of former Idaho Governor and Secretary of the Interior Cecil D. Andrus.

BE IT FURTHER RESOLVED that we honor and recognize Cecil D. Andrus for his work in protecting Idaho's natural resources.

HOUSE JOINT MEMORIAL NO. 12

**BY TRANSPORTATION AND DEFENSE COMMITTEE
A JOINT MEMORIAL**

TO THE UNITED STATES SECRETARY OF TRANSPORTATION, THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Congress has delegated authority to the United States Secretary of Transportation to prescribe regulations on minimum standards for written and driving tests of an individual operating a motor vehicle; and

WHEREAS, Congress granted authority to the United States Secretary of Transportation to prescribe different minimum testing standards for different classes of commercial motor vehicles; and

WHEREAS, Congress provided by law in 49 U.S.C. 31301 that one factor in establishing whether a vehicle is a commercial motor vehicle is whether the vehicle has a gross vehicle weight rating or gross vehicle weight of no more than 26,001 pounds, but made no mention of combination vehicles pulling trailers; and

WHEREAS, the United States Secretary of Transportation has prescribed regulations that apply the trigger weight to a combination of vehicles if a vehicle being towed exceeds 10,000 pounds. For example, the operator of a commercial truck weighing 15,500 pounds that tows a trailer weighing 11,000 pounds would be required to obtain a Class A commercial driver's license; and

WHEREAS, many small businesses use trailers in their work, such as landscape work and construction or repair work; and

WHEREAS, requiring small business owners to obtain commercial driver's licenses in order to pull trailers behind their trucks poses an unnecessary obstacle to the ability of small business owners to earn their living.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the United States Secretary of Transportation is urged to revise regulations to provide that the weight of a trailer being pulled by a commercial motor vehicle may not be included in the trigger weight of 26,001 pounds, requiring the truck's operator to have a commercial driver's license.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the United States Secretary of Transportation, the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

[HJM 11](#), [HCR 42](#), and [HJM 12](#) were introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

ENCOURAGE ORGAN DONATION AWARENESS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there are currently more than 850 people on the Idaho organ donation waiting list; and

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature recognizes that organ donation is a selfless and generous gift that can save lives.

BE IT FURTHER RESOLVED that the Legislature recognizes that the ability to transplant organs is one of the greatest success stories in modern medicine.

HOUSE JOINT MEMORIAL NO. 13
BY RESOURCES AND CONSERVATION COMMITTEE

A JOINT MEMORIAL
TO THE SENATE AND THE HOUSE OF
REPRESENTATIVES OF THE UNITED STATES
IN CONGRESS ASSEMBLED, AND TO THE
CONGRESSIONAL DELEGATION REPRESENTING THE
STATE OF IDAHO IN THE CONGRESS OF THE UNITED
STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, sixty-three percent of all land in Idaho is publicly managed by the federal government and exempt from property taxation; and

WHEREAS, there are eight Idaho counties having seventy-five percent or more of all lands within their political boundaries managed by the federal government; and

WHEREAS, private land continues to be purchased in these counties by entities with the intent to sell or donate the land to the federal government for conservation purposes; and

WHEREAS, the amount of public lands managed by the Bureau of Land Management, United States Forest Service, United States Army Corps of Engineers, Bureau of Reclamation, and other federal land management agencies in Idaho has increased from 32,462,088 acres in 1999 to 32,622,422 acres in 2017, an overall increase of 160,334 acres; and

WHEREAS, the act of transferring private lands to the federal government has the effect of reducing the overall taxable market value of a county, thereby shifting the tax burden within the county to other private property owners, including homeowners; and

WHEREAS, the federal government has established programs to provide payments in lieu of taxes to counties for federally managed lands; and

WHEREAS, total payments to counties through these payment programs, including the loss of payments from the Secure Rural Schools Act, continues to decline, further straining the ability of counties in rural Idaho to provide critical public services; and

WHEREAS, these payment programs have failed to fully cover the actual loss of property taxes that would otherwise be collected on lands transferred to the federal government; and

WHEREAS, these payment programs are insufficient to offset the loss of market value and resulting tax shift for lands that are transferred from private ownership to the federal government for conservation purposes.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that in order to provide fair and equitable funding to Idaho's forty-four counties for the loss of revenue due to private land being transferred to the federal government for conservation purposes, we urge Congress to enact federal legislation to require entities that sell or donate land to the federal government for conservation purposes to pay an annual fee in lieu of taxes to such counties for lands held by the federal government for conservation purposes.

BE IT FURTHER RESOLVED that the Idaho Legislature encourages federal land management agencies to take into account the effect of transferring private land to federal ownership on counties and their taxpayers, including the ability of local governments to provide necessary public services and the extent of any tax shift that will occur as a result of the land transfer.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

7TH ORDER

Motions, Memorials, and Resolutions

HOUSE CONCURRENT RESOLUTION NO. 44 BY STATE AFFAIRS COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE RECOGNIZING THE CONTRIBUTIONS OF CATHOLICS IN IDAHO HISTORY AND CONGRATULATING THE DIOCESE OF BOISE AND ALL IDAHOANS OF CATHOLIC FAITH ON THE ONE HUNDRED TWENTY-FIFTH ANNIVERSARY OF THE CREATION OF THE DIOCESE OF BOISE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the first Catholics to arrive in Idaho were French-Canadian fur trappers in the mid-eighteenth and early nineteenth century; and

WHEREAS, in 1815, a band of Iroquois, led by Ignace La Mouse, migrated from Canada to Idaho, bringing with them rudiments of the Catholic religion, and spoke of the need of priests in black robes to show the way to heaven to the local natives. This prompted members of the Flathead and Nez Perce Tribes to make four long journeys over the next twenty-five years to St. Louis, Missouri, to request a priest; and

WHEREAS, in February 1840, Father Pierre Jean De Smet, of Belgian origin, was appointed superior of the Rocky Mountain Missions and celebrated the first Mass in Idaho on July 23, 1840, at Henrys Lake; and

WHEREAS, in 1843, the first Catholic church in Idaho was built by Father Nicolas Point, a French-born Jesuit priest and missionary, on the St. Joe River near St. Maries. The church was named Sacred Heart, but popularly known as the Cataldo Mission, named after Father Joseph M. Cataldo. Due to flooding, the mission was moved to its present location on the Coeur d'Alene River in 1846. The current building, the oldest building

in Idaho, was built between 1850 and 1853 by Father Antonio Ravalli, an Italian-born Jesuit priest. Recently, a long-forgotten early painting of the Cataldo Mission was discovered among the many paintings and frescos of the Brumidi Corridors in the Senate wing of the United States Capitol; and

WHEREAS, on March 3, 1868, one hundred fifty years ago this year, His Holiness Pope Pius IX declared Idaho Territory a vicariate apostolate. A Belgian-born priest in the San Francisco diocese, Reverend Louis Aloysius Lootens was named the first Vicar Apostolic of Idaho; and

WHEREAS, on the twenty-fifth anniversary of that declaration, on August 26, 1893, one hundred twenty-five years ago, His Holiness Pope Leo XIII established Boise as a diocese, which included the entire State of Idaho, and appointed the first Bishop, Reverend Alphonse Glorieux, who made Boise his See and established St. John the Evangelist Parish as his Cathedral; and

WHEREAS, a large amount of the Diocese of Boise's charity work is through partnerships with Catholic Charities of Idaho, and the Diocese has historically supported the establishment and operation of several hospitals in Idaho, including Saint Alphonsus Regional Medical Center in Boise, Mercy Medical Center in Nampa, St. Joseph Regional Medical Center in Lewiston, and St. Mary's Hospital in Cottonwood; and

WHEREAS, the Diocese of Boise also supports the operation of several schools in Idaho, including Bishop Kelly High School, Sacred Heart, St. Joseph's, St. Mary's and St. Mark's in Boise, Holy Family in Coeur d'Alene, Summit Academy in Cottonwood, Sts. Peter and Paul in Grangeville, Holy Rosary in Idaho Falls, All Saints in Lewiston, St. Ignatius in Meridian, St. Mary's in Moscow, St. Paul's in Nampa, Holy Spirit in Pocatello, St. Nicholas in Rupert, and St. Edward's in Twin Falls; and

WHEREAS, the Diocese of Boise has been led since its creation by Bishop Alphonse Joseph Glorieux, Bishop Daniel Mary Gorman, Bishop Edward Kelly, Bishop James Byrne, Bishop Sylvester William Treinen, Bishop Tod David Brown, and the recently deceased and fondly remembered Bishop Michael Patrick Driscoll, each having left a unique imprint on Idaho. The Diocese of Boise is presently led by Bishop Peter Forsyth Christensen; and

WHEREAS, the Catholic Church has been a source of spiritual guidance, comfort, and fellowship for many Idahoans, including many immigrant communities, including people of Irish, Basque, German and Hispanic origin, among many others; and

WHEREAS, Catholics in Idaho now number more than 150,000, making it one of the largest churches in Idaho, and the church with the longest continuous presence in Idaho.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we recognize the contributions of Catholics in Idaho history.

BE IT FURTHER RESOLVED that we hereby recognize and congratulate the Diocese of Boise and all Idahoans of Catholic faith on the one hundred twenty-fifth anniversary of the creation of the Diocese of Boise.

HOUSE CONCURRENT RESOLUTION NO. 45 BY HEALTH AND WELFARE COMMITTEE A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND REQUESTING THAT THE DEPARTMENT OF INSURANCE CONSULT WITH INSURANCE INDUSTRY LEADERS TO DETERMINE HOW TO MAKE MEDICALLY NECESSARY HEARING DEVICES AND RELATED SERVICES AND

SUPPLIES AVAILABLE TO IDAHO CHILDREN NOT CURRENTLY COVERED BY MEDICAID.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the ability to hear can be critical to a child's brain development and can strongly affect educational progress; and

WHEREAS, more than 1,000 Idaho children are fully deaf, partially deaf or hard of hearing; and

WHEREAS, many children who are deaf or hard of hearing could experience substantial improvement in their hearing with hearing aids, bone-anchored hearing aids or cochlear implants; and

WHEREAS, a child's inability to obtain these devices is not only detrimental to the child's success but also costly to Idaho schools, which must supply special programming to support the learning needs of children who are deaf or hard of hearing; and

WHEREAS, while Medicaid covers these devices, families who do not qualify for Medicaid are frequently unable to pay for the devices and related services and supplies when insurance declines to cover them; and

WHEREAS, Idaho's administrative rules currently permit insurance companies to deny coverage for hearing devices and related services and supplies in many instances when the devices have been deemed medically necessary by a health care provider; and

WHEREAS, a change in the administrative rules and in the practice of many insurance companies could make necessary hearing devices and related services and supplies more available to the Idaho children who need them and who are otherwise covered under private insurance plans.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature requests that the Department of Insurance consult with leaders in the insurance industry to determine how to make medically necessary hearing devices and related services and supplies available to Idaho children who are not currently covered by Medicaid.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Insurance collect data and ascertain the costs for including this benefit in private insurance plans and, further, that the Department determine any impact on the Idaho general fund for the addition of this benefit.

BE IT FURTHER RESOLVED that the Legislature requests that the Department of Insurance and leaders in the insurance industry report their findings and recommendations, if any, to the First Regular Session of the Sixty-fifth Idaho Legislature.

[HCR 44](#) and [HCR 45](#) were introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

WHEREAS, it is appropriate to honor the many accomplishments and contributions that Marilyn Shuler made to the people of Idaho; and

WHEREAS, Marilyn was born in 1939 in Sacramento, California; and

WHEREAS, Marilyn attributed her commitment to human rights in part to seeing her father, an IBM engineer, tutor African-American students in math to help them pass hiring tests, stating "persons who are frequently the victims of discrimination need a helping hand"; and

WHEREAS, Marilyn also cultivated empathy for those who face discrimination after she contracted polio as a young girl and experienced the social isolation of being different from other students; and

WHEREAS, Marilyn's family moved to Utah, where Marilyn met her future husband John and earned a Bachelor of Science degree from the University of Utah; and

WHEREAS, Marilyn and John Shuler moved to Boise after their marriage, where Marilyn went to work for St. Luke's Hospital and volunteered as a lead kindergarten teacher for the YMCA Kindergarten Project for low-income children; and

WHEREAS, Marilyn was an early advocate for establishing public kindergartens in Idaho schools, and often said that the campaign's success was one of her proudest achievements; and

WHEREAS, Marilyn and John opened their home to "hard to place" teenage foster children and exchange students; and

WHEREAS, after John passed away, Marilyn established the John D. Shuler Memorial Fund within the Idaho Department of Health and Welfare, which supports the interests of children in foster care with opportunities they might not otherwise have, such as music lessons, summer camps and letter jackets; and

WHEREAS, Marilyn's commitment to children was demonstrated throughout her life, as she served as an advisory council member for the Casey Family Programs, a director of the YMCA, a child advocate through the Fourth District Court's Court Appointed Special Advocate program and a member of the Boise Public Schools Foundation; and

WHEREAS, Idaho Voices for Children named Marilyn as the recipient of the 2017 Children's Champion award; and

WHEREAS, Marilyn was well known for her 20-year career as director of the Idaho Commission on Human Rights, whose

purpose is to fight discrimination in Idaho based on race, color, religion, national origin, sex, and disability; and

WHEREAS, Marilyn was a cofounder of the five-state Northwest Coalition Against Malicious Harassment, which was formed in response to the rise of the Aryan Nations in Idaho, in order to monitor the activities of groups that harass individuals on the basis of race, religion, gender, sexual orientation, national origin or ancestry; and

WHEREAS, Marilyn was a cofounder of the Idaho Anne Frank Human Rights Memorial, the only Anne Frank memorial in the nation, which displays the Universal Declaration of Human Rights; and

WHEREAS, Marilyn served as director and president of the Wassmuth Center for Human Rights, a Boise-based human rights education center; and

WHEREAS, in addition to her work for children and human rights, Marilyn was also active in many other community organizations, such as the Osher Institute for Lifelong Learning at BSU, the City Club of Boise, the Idaho Board of Medicine as a lay member on prelitigation panels, the Boise Police Department's Greenbelt Patrol, the Junior League of Boise, the Boise Redevelopment Agency, the Boise Committee on Foreign Relations, the Idaho Public Television Foundation and the Idaho Statesman's Editorial Board; and

WHEREAS, Marilyn served as a gubernatorial appointee to the Public Employee Retirement System of Idaho; and

WHEREAS, former YMCA Director Jim Everett described Marilyn as "a saint and, I would add, a very busy saint"; and

WHEREAS, Boise State University has established in its School of Public Service the Marilyn Shuler Human Rights Initiative, which will offer an academic certificate program in human rights education and advocacy. The initiative will work to provide opportunities and resources for students, faculty, staff and community members to learn about human rights issues and advocacy outside of the normal classroom through events, including teach-ins, panel discussions, speakers and event sponsorship; and

WHEREAS, on January 15, 2018, Governor C.L. HOUSE CONCURRENT RESOLUTION NO. 49
BY EDUCATION COMMITTEE
A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE LEGISLATIVE COUNCIL TO APPOINT A COMMITTEE TO UNDERTAKE

AND COMPLETE A STUDY OF THE SPECIFIC CHANGES NEEDED IN ORDER TO IMPLEMENT THE RECOMMENDATIONS OF THE PUBLIC SCHOOL FUNDING FORMULA INTERIM COMMITTEE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in 2016, the Idaho Legislature authorized the Public School Funding Formula Interim Committee to study the public school funding formula, which was enacted in 1994; and

WHEREAS, the Public School Funding Formula Interim Committee held five meetings around the State of Idaho between July 2016 and December 2016, and it reported preliminary recommendations to the Legislature wherein it anticipated that its work would be a multiyear project due to the complexity of the issue of public school funding; and

WHEREAS, in 2017, the Idaho Legislature adopted HCR 12 to reauthorize the Public School Funding Formula Interim Committee in order to allow it to complete its study of the public school funding formula; and

WHEREAS, in an effort to complete its study, the committee held five meetings during the interim in which it received informative presentations from state and local stakeholders and staff, learned about Idaho's accountability framework and the national picture of public school funding formula transitions, spending and student outcomes, and consulted with national experts specializing in the study of education finance who provided an analysis of Idaho public schools funding and a national perspective of funding formula options; and

WHEREAS, the committee has completed its study of Idaho's public school funding formula and, based on the information it received, advises that the state's funding formula should be changed to ensure local control and transparency, and that it be readily comprehensible, equitable and focused on improving student outcomes; and

WHEREAS, in order to carry out these changes, the committee makes the following recommendations:

- (1) Implement year five of the career ladder compensation system;
- (2) Transition the Idaho public school funding formula from counting students based on average daily attendance to counting students based on enrollment;
- (3) Revise the timing, frequency and portion amounts of payment distributions to public school districts and charter schools;
- (4) Transition the Idaho public school funding formula from a resource allocation funding formula to a student-centered funding formula that includes a base funding amount per student with weights added thereto for special populations;
- (5) Provide public schools with more spending flexibility and fewer statutorily required programs and distributions;
- (6) Incorporate an accountability and fiscal transparency framework that focuses on student outcomes rather than on prescribed inputs; and
- (7) Ensure that public school districts and charter schools are held financially harmless in totality of state funds during the transition period; and

WHEREAS, each of the committee's recommendations require careful consideration as to how to implement the changes to the state's public school funding formula including, but not limited to, how and when to count students based on enrollment, fractional enrollment and students who are over one enrollment count; how to address absenteeism; when, how often and in what amount payments should be distributed to public school districts and charter schools; a base funding amount per student; weights to be added to the base funding amount, the value of

such weights and whether such weights should be compounded; which statutorily prescribed program distributions should be eliminated or consolidated; and the details of the accountability framework; and

WHEREAS, it is necessary to reauthorize the committee so that it can complete a study of these and other related considerations and make further recommendations for the specific changes needed to best serve Idaho public school students within the public schools funding formula framework recommended by the committee.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislative Council is authorized to appoint a committee to undertake and complete a study of the specific changes needed in order to implement the recommendations of the Public School Funding Formula Interim Committee as set forth in this concurrent resolution. The Legislative Council shall determine the number of legislators and membership from each house appointed to the committee and shall authorize the committee to receive input, advice and assistance from interested and affected parties who are not members of the Legislature.

BE IT FURTHER RESOLVED that the Superintendent of Public Instruction and another member of the Idaho State Board of Education shall serve as nonlegislative voting members of the interim committee.

BE IT FURTHER RESOLVED that the Legislative Services Office, the Office of the State Board of Education including the Public Charter School Commission, the State Department of Education, the Office of the Governor and the Division of Financial Management shall provide staff support to the interim committee.

BE IT FURTHER RESOLVED that, subject to approval from the President Pro Tempore of the Senate and the Speaker of the House of Representatives, the cochairs of the interim committee may retain the services of consultants or analysts who are familiar with education funding policy to provide necessary economic, financial, or other research and services that assist the interim committee and the Legislature in making informed decisions. Such consultants or analysts may be reimbursed for per diem, mileage or other expenses and may be compensated for their work.

BE IT FURTHER RESOLVED that nonlegislative members shall not be reimbursed from legislative funds for per diem, mileage or other expenses and shall not have voting privileges regarding the committee's recommendations or proposed legislation, except as otherwise specifically provided in this concurrent resolution.

BE IT FURTHER RESOLVED that the committee shall report its findings, recommendations and proposed legislation, if any, to the First Regular Session of the Sixty-fifth Idaho Legislature.

HOUSE CONCURRENT RESOLUTION NO. 50 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING THAT PORNOGRAPHY IS A PUBLIC HEALTH HAZARD LEADING TO A BROAD SPECTRUM OF INDIVIDUAL AND PUBLIC HEALTH IMPACTS AND ENCOURAGING ALL STATE AND LOCAL GOVERNMENT AGENCIES TO ENSURE THAT PORNOGRAPHIC MATERIALS ARE NOT ACCESSIBLE FROM THEIR INTERNET CONNECTIONS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, pornography is creating a public health crisis; and

WHEREAS, pornography perpetuates a sexually toxic environment; and

WHEREAS, efforts to prevent pornography exposure and addiction, to educate individuals and families concerning its harms, and to develop recovery programs must be addressed

systemically in ways that hold broader influences accountable; and

WHEREAS, pornography is contributing to the hypersexualization of teens, and even prepubescent children, in our society; and

WHEREAS, due to advances in technology and the universal availability of the Internet, young children are exposed to what used to be referred to as hard-core but is now considered mainstream pornography at an alarming rate; and

WHEREAS, the average age of exposure to pornography is now 11 to 12 years of age; and

WHEREAS, this early exposure is leading to low self-esteem and body image disorders, an increase in problematic sexual activity at younger ages, and an increased desire among adolescents to engage in risky sexual behavior; and

WHEREAS, exposure to pornography often serves as children's and youths' sex education and shapes their sexual templates; and

WHEREAS, pornography treats men, women and children as objects and commodities for the viewer's use; and

WHEREAS, pornography normalizes violence and abuse of men, women and children; and

WHEREAS, pornography treats men, women and children as objects and often depicts rape and abuse as if they are harmless; and

WHEREAS, pornography equates violence toward men, women and children with sex and equates pain with pleasure, which increases the demand for sex trafficking, prostitution, child sexual abuse images, and child pornography; and

WHEREAS, using pornography can negatively impact brain development and functioning, contribute to emotional and medical illnesses and lead to difficulty in forming or maintaining intimate relationships, as well as create harmful sexual behaviors and addiction; and

WHEREAS, recent research indicates that pornography is potentially biologically addictive, which means the user requires more novelty, often in the form of more shocking material, in order to be satisfied; and

WHEREAS, this biological addiction leads to increasing themes of risky sexual behaviors, extreme degradation, violence, and child sexual abuse images and child pornography; and

WHEREAS, pornography use is linked to a reduced desire in young men and young women to marry, dissatisfaction in marriage, and infidelity; and

WHEREAS, this link demonstrates that pornography has a detrimental effect on the family unit; and

WHEREAS, overcoming pornography's harms is beyond the capability of the afflicted individual to address alone.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature recognizes that pornography is a public health hazard leading to a broad spectrum of individual and public health impacts.

BE IT FURTHER RESOLVED that the Legislature recognizes the need for education, prevention, research and policy change at the community and societal level in order to address the pornography epidemic that is harming the people of our state and nation.

BE IT FURTHER RESOLVED that the Legislature encourages all state agencies, local governments and Idaho political subdivisions to implement policies, procedures and technology to ensure that pornographic materials are not accessible through their Internet access, either by a direct Internet connection or through a wireless Internet connection.

7TH ORDER Motions, Memorials, and Resolutions

HOUSE JOINT MEMORIAL NO. 14 BY WAYS AND MEANS COMMITTEE A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the Antiquities Act was passed by the United States Congress and signed into law by President Theodore Roosevelt on June 8, 1906. The law gives the President of the United States the authority to, by presidential proclamation, create national monuments from federal lands to protect significant natural, cultural or scientific features. The law has been used more than one hundred times since its passage; and

WHEREAS, the Wilderness Act was passed in 1964 and, since that time, the United States Congress has designated nearly 110 million acres of federal wildlands as official wilderness, which has the highest form of protection of any federal wildland; and

WHEREAS, almost sixty-two percent of land in Idaho is federal land; and

WHEREAS, residents of the State of Idaho support multiple use of public land. Current multiple use and private land protection policies governing the management of public land in

Idaho have generally served and sustained the interests of Idaho residents; and

WHEREAS, ranching and agriculture play a substantial role in the state's heritage and identity and should be preserved; and

WHEREAS, ranching, agriculture, mining, the forestry industry and recreation are primary economic drivers in the state, with agribusiness and recreation each contributing an estimated \$7.6 billion, the mining industry contributing \$1.3 billion and the forestry industry contributing \$2 billion to the economy annually in recent years, all of which would be substantially impacted by any land management changes; and

WHEREAS, Idaho residents, families and visitors currently enjoy multiple use on federal lands and have generations of family traditions. Changing federal land designations would impact local wildlife management as well as opportunities to hunt and fish; and

WHEREAS, changes in federal land designations or classifications would affect land use by imposing restrictions on development, resource extraction, recreation and land exchanges that would result in diminished economic opportunities and restrictions on access and multiple use; and

WHEREAS, the people of the State of Idaho value abundant water resources and water rights and have concern that new national monument designations or further designation of wilderness by Congress could affect those resources and rights; and

WHEREAS, the Idaho Roadless Rule is Idaho's 2006 plan that provides a framework for use and protection of more than nine million acres of federal public backcountry. The rule is viewed as a nationwide model of collaboration among groups and individuals with diverse interests and concerns; and

WHEREAS, the Roadless Rule specifically prescribes protective management under the wildland recreation theme, and it is feared that utilization of the Antiquities Act for new national monument designations or further designation of wilderness by Congress would overturn the agreement reached in the formulation of the Idaho Roadless Rule, with no effort to reach consensus through coordination as required by federal law; and

WHEREAS, several years ago, advisory votes relating to a suggested new national monument designation and a wilderness designation in Idaho were held in a number of potentially affected counties in central and eastern Idaho, both showing over ninety percent opposition to such designations.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-fourth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we oppose any new federal national monument designations or further designations of wilderness in the State of Idaho without the approval of the United States Congress and the Idaho Legislature.

BE IT FURTHER RESOLVED that the Idaho congressional delegation is urged to introduce and support legislation to oppose any new federal national monument designations or further designations of wilderness in the State of Idaho without the approval of the United States Congress and the Idaho Legislature.

BE IT FURTHER RESOLVED that any efforts to reach decisions regarding lands and resources of the State of Idaho administered by federal agencies or their designees be made through the lawful coordination process as required by the National Environmental Policy Act, the Federal Land Policy and Management Act, the National Forest Management Act, the 2012 Forest Service Planning Rule and other federal acts requiring coordination, rather than by unilateral administrative processes that exclude the residents of the State of Idaho.

BE IT FURTHER RESOLVED that, nothing in this Joint Memorial is intended to conflict with the maximization of the

collaborative process and the Good Neighbor Authority, together with the tools available to address stakeholder interests in the management of federal lands.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and to the congressional delegation representing the State of Idaho in the Congress of the United States.

[HJM 14](#) was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

Presentation of Petitions and Communications

HOUSE PROCLAMATION NO. 1
BY WAYS AND MEANS COMMITTEE
A PROCLAMATION

THAT THE JOYCE LIVESTOCK COMPANY AND THE LU RANCHING COMPANY SHOULD BE REIMBURSED FROM THE CONSTITUTIONAL DEFENSE COUNCIL FUND FOR ATTORNEY'S FEES THAT THEY INCURRED FOR RESTORING, MAINTAINING AND ADVANCING THE SOVEREIGNTY AND AUTHORITY OF THE STATE OF IDAHO OVER STOCKWATER RIGHTS.

We, the members of the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, proclaim as follows:

WHEREAS, pursuant to Section 67-6301, Idaho Code, the Constitutional Defense Council Fund is to be used to restore, maintain and advance the sovereignty and authority of the State of Idaho and the well-being of its citizens; and

WHEREAS, water rights are part and parcel of the sovereignty and authority of the state as evidenced by Article XV of the Constitution of the State of Idaho and the Idaho Code, and water rights are fundamental to the well-being of Idaho's citizens, especially those citizens whose livestock businesses depend on federal lands in the state; and

WHEREAS, the United States Supreme Court, the Idaho Territory, and the State of Idaho have held since 1890 that the acquisition of water by prior appropriation for a beneficial use is entitled to protection (see *Drake v. Earhart*, 2 Idaho 750, 23 P. 541 (Idaho Terr. 1890)); and

WHEREAS, in its unanimous *Joyce Livestock Co. v. United States of America* and *LU Ranching Co. v. United States of America* decisions in 2007, the Idaho Supreme Court made a number of important and precedent-setting water law rulings that restore, maintain and advance the sovereignty and authority of the State of Idaho and the well-being of its citizens; for example, that water rights on federal lands acquired by a rancher's predecessor are appurtenant to their deeded ranches and that when the United States does not apply stockwater to a beneficial use on federal lands, it may not avail itself of the constitutional method of appropriation to obtain a stockwater right from the state; and

WHEREAS, based on the Snake River Basin Adjudication Court's 1997 orders in the *Joyce Livestock Co.* case, the State of Idaho did not subsequently contest, as a matter of law or fact, the Bureau of Land Management's claim to water rights even though the United States Supreme Court held in *United States v. New Mexico*, 438 U.S. 696 (1978) that when the United States is not claiming a reserved water right, it may exercise no more rights than any ordinary appropriator under state law; and

WHEREAS, the 2017 Legislature of the State of Idaho amended the Idaho Code to codify the *Joyce Livestock Co.* decision in Section 42-501 et seq., Idaho Code, with the intent of enhancing "these important points of law from the *Joyce* case to protect Idaho stockwater right holders from encroachment by the federal government in navigable and nonnavigable waters"; and

WHEREAS, the House of Representatives assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature passed and transmitted to the Senate House Bill No. 603 to further amend Section 42-501 et seq., Idaho Code, to address the over 17,000 stockwater rights conveyed by the State of Idaho to the federal agencies prior to the Idaho Supreme Court's ruling in the *Joyce Livestock Co.* and *LU Ranching Co.* cases, reflecting once again the abiding and long-term positive impacts of the two decisions on water law and rights in Idaho; and

WHEREAS, the equitable principle of law known as the Private Attorney General Doctrine provides for recovery of attorney's fees when a successful plaintiff shows: (1) the strength or societal importance of the public policy vindicated by the litigation; (2) the necessity for private enforcement and the magnitude of the resultant burden on the plaintiffs; and (3) the number of people standing to benefit from the decision (see *Miller v. EchoHawk*, 126 Idaho 47, 49, 878 P.2d 746, 748 (1994)); and

WHEREAS, those equitable principles of fairness apply with equal force to the successful plaintiffs in the *Joyce Livestock Co.* and *LU Ranching Co.* cases; and

WHEREAS, Joyce Livestock Co. filed a claim in 1992 to protect its stockwater rights on federal lands having an 1878 priority date, and LU Ranching Co. similarly sought to protect its stockwater rights having an 1872 priority date, said rights having been finally vindicated by the Idaho Supreme Court's 2007 decision; and

WHEREAS, Joyce Livestock Co. and LU Ranching Co. incurred substantial attorney's fees that they negotiated down significantly to \$600,000 with each company bearing the sum of \$300,000; and

WHEREAS, the Constitutional Defense Council's payment of the negotiated attorney's fees would comport with the purpose of the Constitutional Defense Council and its use of funds in support of Idaho's sovereignty and authority over stockwater rights on federal lands in the State of Idaho.

NOW, THEREFORE, BE IT PROCLAIMED by the members of the House of Representatives assembled in the Second Regular Session of the Sixty-fourth Idaho Legislature, that Joyce Livestock Co. and LU Ranching Co. should receive funds from the Constitutional Defense Council Fund to offset the attorney's fees paid by them to restore, maintain and advance the sovereignty and authority of the State of Idaho over stockwater rights on federal lands within the State of Idaho.

HP 1 was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

Speaker of the House

Dear Mr. Speaker:

I hereby advise you that I have transmitted to the Office of the Secretary of State, with my approval, the following House Bill, to wit:

[H 611](#)

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 10:20 a.m. on March 16, 2018.

Transparency no longer can be an aspiration of government; it must be an expectation.

As public servants, we are duty bound to extend the limits of government transparency as far as technology will allow. We must provide for our citizens every opportunity for participation. That includes not limiting notices of public meetings to posted agendas on bulletin boards or outside conference rooms, but rather using the internet and government websites in addition to - not instead of - more traditional means of spreading the word.

That said, I have heard loud and clear the concerns from local government leaders about the expense of implementing this new requirement and the lingering possibility of being sued if they don't get it right. I strongly encourage local units of government to work with their legislators to address unintended consequences while we embrace the use of technology in meeting our public responsibilities.

Finally, I call on the Legislature during its next session to define what would constitute an "emergency" that would justify a public agency taking up issues during a meeting that were not included in a posted notice and agenda.

As Always - Idaho, "Esto Perpetua"

March 22, 2018

The Honorable Scott Bedke
Speaker of the House

Dear Mr. Speaker:

I hereby advise you that I have transmitted to the Secretary of State the following House Bill, which was allowed to become law without my signature:

[H 605](#)

as prescribed by the Constitution.

This targeted legislation is a perfect example of a troubling legacy of obsolescence and dysfunction in Idaho's liquor laws, which we unfortunately continue to support by our inaction.

Lawmakers rejected my efforts in 2009 to bring Idaho Code into the post-Prohibition era. Stakeholders agreed nine years ago that something had to be done to eliminate the potential for financial speculation or for skirting statutory intent by cynical specificity from the Legislature in approving certain liquor licenses at the behest of constituents. Since then there has been no indication of a change in attitude from the Capitol's third floor.

I strongly encourage the Legislature and my successor in this office to once again put forth the effort and collaboration necessary to bring this challenge to heel. The issues involved are difficult, but I must believe they can be overcome.

Please try harder.

March 26, 2018

The Honorable Scott Bedke
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I am returning herewith, without my approval, disapproved and vetoed:

[H 501](#)

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 9:25 a.m. on March 21, 2018.

Accountability for student outcomes is a hallmark of the career ladder for teacher pay approved by the 2015 Legislature. A teacher's movement on the ladder is based on performance criteria, specifically that a majority of students show measurable achievement. The statute allows local school districts to choose from among 12 student achievement and growth measures to determine movement on the career ladder. One of those options is the Idaho Reading Indicator (IRI).

H 501 is based on the contention that the IRI is a reading skills "screener" and should not be used as a measure of student achievement or growth. It was decided this session to replace the IRI with a more comprehensive assessment. However, even the existing IRI is a valid measure of student growth from fall to spring. Reading proficiency in kindergarten through third grade is a critical metric of student progress and teacher accountability. It should not be stricken from teachers' opportunities for movement on the career ladder.

With the fiscal 2019 appropriations set, Idaho will have invested more than 75 percent of the \$250 million earmarked for teacher pay based on the career ladder. We must continue allowing accountability to work.

As Always - Idaho, "Esto Perpetua"
/s/ C.L. "Butch" Otter
Governor

As required by Article 4, Section 10 of the Idaho Constitution, **H 501** was before the House for reconsideration.

AYES—Anderson, Barbieri, Boyle, Burtenshaw, Chaney, Collins, Crane, Dayley, Ehardt, Gestrin, Giddings, Hanks, Holtzclaw, Horman, Kingsley, McCrostie, Miller, Monks, Moon, Nate, Palmer, Scott, Shepherd, VanOrden, Vander Woude, Youngblood, Zito, Zollinger, Mr. Speaker. Total - 29.

NAYS—Amador, Anderst, Armstrong, Bell, Blanksma, Cheatham, Chew, Clow, Dixon, Erpelding, Gannon(17), Gibbs, Harris, Hartgen, Kauffman, Kerby, King, Kloc(Tway), Loertscher, Luker, Manwaring, McDonald, Mendive, Moyle, Perry, Raybould, Redman, Smith, Stevenson, Syme, Thompson, Toone, Wintrow, Wood. Total - 34.

Absent—DeMordaunt, Gannon(5), Malek, Packer, Rubel, Troy, Wagoner. Total - 7.

Total - 70.

Whereupon the Speaker declared that less than two-thirds of the members present having voted in the affirmative, **H 501** failed to pass the House, the veto of the Governor sustained. **H 501** and the Governor's veto message were ordered filed in the Office of the Chief Clerk.

[H 566](#), as amended in the Senate

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 5:18 p.m. on March 28, 2018.

Effective teachers are the biggest factor in determining student achievement. However, strong school leaders are essential to fostering and supporting effective teachers. Idaho needs administrators in all public schools, including charter schools, who are not merely building managers or finance officers but also instructional leaders who can establish a positive school climate and nurture collaboration among educators. Asking educators to follow a leader who shares neither experience nor educational preparation in the field undervalues the teaching profession.

[H 566aaS](#) would bifurcate standards for school administrators, one left entirely up to local discretion for charter schools and the other setting minimum statewide requirements for all other Idaho public schools. I have long supported charter schools and school choice and have championed local flexibility in hiring. But to ensure consistency and equity, that flexibility typically includes an expectation that new hires are at least working toward achieving statewide standards.

As we do with the teacher certification process, when we hire school administrators they should be employed on an interim basis and be working toward completion of a certificate that meets the minimum administrator standards. This will ensure that all public school students benefit from prepared, qualified administrators. To do less is at odds with the State's obligation under Section 1, Article IX, of the Idaho Constitution to "establish and maintain a general, uniform and thorough system of public, free common schools."

I encourage legislators to work with stakeholders and our education agencies to establish an interim certification process

and a defined pathway to certification for administrator candidates to work effectively in any of our public schools.

THE OFFICE OF THE GOVERNOR

March 28, 2018

The Honorable Scott Bedke
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I am transmitting today to the Secretary of State the following House bill which will be allowed to become law without my signature within the time limited by law:

[H 658](#), as amended in the Senate

I wholeheartedly support this legislation's goal of more rigorously protecting private property rights in Idaho. I applaud the Legislature's focus on consolidating and bringing more consistency to our scattered, piecemeal collection of trespass laws.

Yet there remain significant legal and practical concerns, the resolution of which is important to the success of these policy changes. Some of the most serious of the potential problems arise from:

- Subjecting innocent behavior to civil or criminal penalties - or both - with associated penalties that include large fines and payment of attorneys and investigative fees. For instance, under [H 658aaS](#) even neighborly behavior that involves stepping onto someone else's property, if misconstrued or uninvited, could result in a \$500 fine plus fees for each time it happens.
- Failing to include land surveyors among the lawful activities exempted from trespass law. The list correctly includes police, firefighters, utility personnel, mail carriers, and other logical and necessary categories. However, land surveyors are conspicuously absent despite routinely having to cross over property lines as part of their professional duties - including work to resolve boundary disputes.
- A need for clearer language expressly providing for treble damages for removing timber from public lands, including both U.S. Forest Service and Idaho's own endowment lands. Along with our reverence for private property, Idahoans love the freedom and opportunity that ready access to our public lands provides. We should not signal in our public policy that doing more to protect one means doing less to protect the other.

Once again, the concerns expressed and changes proposed to Idaho's trespass laws are warranted. The myriad problems and bad actors plaguing the agricultural community and other large landowners need to be addressed. This bill sends a strong message and undoubtedly will serve as a deterrent to those who brazenly disregard private property laws.

However, this legislation laudably calling for a "renewal of the neighborly way" also could have a chilling effect on recreationists, sportsmen and other outdoor enthusiasts, and ironically even neighbors afraid of inadvertently subjecting themselves to strict trespass laws.

I offered to help legislators resolve these issues before their 2018 session adjourns sine die in order to bring about the stated goal of fostering "a new culture of respect" for private property in Idaho. Since that idea was rebuffed, it will fall to a future Legislature and Governor to address the identified concerns as they move from hypothetical to actual.

The Honorable Scott Bedke
Speaker of the House

Dear Mr. Speaker:

It is my great pleasure to advise you that I have signed into law [H 675](#) as my last official action of the work product of

the 2018 Idaho Legislature. As you know, the bill increases Idaho's per-child nonrefundable income tax credit from the \$130 provided in House Bill 463 to \$205, retroactive to January 1, 2018.

I appreciate the work we did together toward providing broad yet meaningful tax relief to the people we serve. This bill is the cherry on top for Idaho families, and a fitting conclusion to your work this year. We all are fortunate to be in a position to keep more money in the hands of taxpayers by virtue of their contributions to Idaho's incredible economic growth and vitality.

Indeed, only the hard work, talent and ingenuity of our individual citizens enable us to continue making progress on public policies that in turn enable them to build stronger families, safer communities, a more educated and skilled workforce, and a more prosperous Idaho. This bill recognizes that essential relationship.

(2) The Caucus Chairman of each party shall conduct the election of ethics committee members as follows:

(a) Phase I: At a designated caucus meeting, each Caucus Chairman shall receive from members of their respective caucus a silent ballot nominating to membership on the ethics committee up to three members who have previously served at least one full term. Each caucus chairman and the two elected at-large legislative council members for the caucus shall prepare a ballot of nominees consisting respectively of the five nominees for the majority party and the four nominees for the minority party receiving the most nominating votes.

(b) Phase II: By silent ballot, each member of the majority party shall vote for three and of the minority party for two nominees on their respective ballots. The caucus chairman and the two elected at-large legislative council members for the caucus shall count the votes and prioritize the members from greatest to least number of votes received. The three members of the majority party and the two members of the minority party receiving the highest number of votes shall be members of the ethics committee for the term of the Legislature. Others receiving votes shall serve in order of priority as committee alternates for their respective party.

(c) Committee members may be reelected to a subsequent committee. A vacancy on the committee shall be filled with the highest priority alternate available to the party entitled to fill the vacancy. When no elected alternates are available to fill a vacancy, such vacancy shall be filled by majority vote of the House members of the party entitled to fill the vacancy. Except as otherwise provided in subsection (9) of this rule, a member filling a vacancy shall serve for the remainder of the unexpired term.

(d) The Speaker of the House shall appoint one of the members of the committee as chairman of the committee.

(3) (a) The chairman of the ethics committee shall receive complaints from any member of the House.

(b) The complaint shall be in writing, signed and contain one or more of the following allegations:

- (i) Conduct unbecoming a Representative which is detrimental to the integrity of the House as a legislative body;
- (ii) Disclosure of information that is confidential as provided in House rules;
- (iii) Conduct constituting a felony under any state law, or which violates any state law relating to the use of public office for private pecuniary gain;
- (iv) A violation of any state law or House rule relating to conflicts of interest involving legislative duties; or
- (v) A violation of any state law or House rule that brings discredit to the House of Representatives or that constitutes a breach of public trust.

(c) The complaint shall be specific and provide:

- (i) The name of the member of the House of Representatives alleged to be in violation;
- (ii) Reference to the House rule and/or applicable state law supporting the alleged violation;
- (iii) A description of the facts and circumstances supporting each alleged violation; and
- (iv) The evidence the complainant has at the time of making the complaint supporting the facts and violation alleged in the complaint.

(d) Subject to the provisions of this rule, the committee shall review the written complaint. The committee shall dismiss any ethics complaint that:

- (i) Does not comply with this rule; or
- (ii) Alleges violations that occurred either before the accused member was first elected to the House of Representatives or for which an applicable statute of limitation has run.

(e) Written complaints shall remain confidential until such time as the ethics committee finds probable cause that such member has committed misconduct as provided in this rule.

(4) The committee shall notify the person against whom the complaint was brought and shall provide such person with a copy of the complaint and evidence submitted supporting the complaint. The person complained against may submit a written answer to the committee. The member complained against shall provide such written answer to the chairman of the committee no later than fourteen days following the date that the copy of the complaint was provided to the member complained against. Following receipt of the answer or if no answer to the complaint is provided to the chairman within the time period provided, the committee shall meet and conduct a preliminary investigation of the complaint. Notwithstanding the provisions of House Rule 57, such meeting shall be held in executive session. At the preliminary investigation, the committee shall determine, based upon the complaint, other relevant information and the answer to the complaint, whether probable cause exists that the member committed misconduct as provided in this rule. If, at the conclusion of the preliminary investigation, the committee determines no probable cause exists that misconduct has occurred, the complaint shall be dismissed and the written complaint shall remain confidential. If, at the conclusion of the preliminary investigation, the committee determines probable cause exists that misconduct may have occurred, the committee shall so notify the person complained against and the written complaint against the member shall no longer be confidential but shall become a public document.

(5) Following a finding of probable cause and in a timely fashion, the committee shall conduct a public hearing before which the member shall be entitled to appear, present evidence, cross-examine witnesses, and be represented by counsel. The complainant or authorized agent of the complainant shall first present the complaint and supporting evidence and testimony to the committee. The committee shall have the power to take testimony under oath and to issue subpoenas and subpoenas duces tecum in the manner provided in Section 67-407, Idaho Code, and make inquiry and discover evidence relevant to the allegation. Formal rules of evidence are not applicable; however, evidence shall be weighed according to its reliability, and the accused may raise objection to any evidence. The accused may defer presentation of any defense until all of the evidence has been presented in support of the complaint. The accused shall have a full and fair opportunity to obtain and review all of the evidence in support of the complaint.

(6) If after investigation and hearings held pursuant to this rule, the committee finds by clear and convincing evidence that a violation of the standards contained in this rule occurred, the committee shall make appropriate recommendations to the House of Representatives. By four-fifths vote of the committee, the committee shall recommend dismissal of the charges, reprimand, censure or expulsion, provided that a recommendation for expulsion shall only be based upon a finding beyond reasonable doubt that misconduct involves commission of a felony or use of public office for pecuniary gain under subsection (3)(b)(iii) of this rule. The sanction of censure may be with or without conditions or restrictions placed upon the member. The committee shall prepare a report setting forth its findings, recommendation and reasons for such recommendation. The House of

Representatives shall vote on the recommendation of the committee, as set forth in the report, during the regular session of the Legislature in which the committee reports. If the committee meets and reports during the interim when the Legislature is not in session, then the House of Representatives shall vote on the committee recommendation during the next regular session of the Legislature. If the committee does not issue a recommendation within thirty days of the conclusion of the public hearing, the complaint shall be deemed dismissed. Expulsion of a House member shall require the affirmative vote of two-thirds of the members elected to the House, as provided by Section 11 of Article III of the Constitution. Reprimand or censure of a member shall require the affirmative vote of a majority of the members elected to the House. Action of the House pursuant to this rule is final and not subject to court review.

(7) The committee may retain such counsel and may hire such investigators as it deems necessary for the performance of its duties under this rule. All expenditures incurred pursuant to this subsection shall be approved by the Chairman and paid by vouchers and warrants drawn as provided by law from appropriations made to the Legislative Account.

(8) The committee may adopt rules of procedure for the orderly conduct of committee meetings, investigations and hearings, which rules shall be consistent with this rule and other applicable rules and statutes.

(9) If the written signed complaint concerns misconduct of a member of the ethics committee, then that member shall be disqualified and shall not serve on the committee for any purpose relating to such complaint. A vacancy on the committee created as a result of this subsection shall be filled by an alternate in accordance with the provisions of subsection (2)(c) of this rule, except that the fulfillment of any such vacancy shall only be for purposes relating to such complaint.
