**HOUSE BUSINESS COMMITTEE
MANWARING SUBCOMMITTEE**

DATE: Wednesday, January 17, 2018
TIME: 1:30 P.M.
PLACE: Room EW41
MEMBERS: Chairman Manwaring, Representatives Collins, Palmer, Dixon, Toone
**ABSENT/
EXCUSED:** Rep. Palmer
GUESTS: Warren Wing, Arlan Smith, John Nielsen, Ron Whitney, Gary Barnes, Larry Jeffres, Division of Building Safety; Marty Durand, Building Trades; Brady Aston, IDABO; Jerry Deckard, A.L.C.; Jason Blais, Daryl DeGrange, City of Boise; Jay Shaw, Admin. Rules.

Chairman Manwaring called the meeting to order at 1:30 p.m.

DOCKET NO. 07-0106-1701: **Warren Wing**, Electrical Program Manager for the Division of Building Safety, presented **Docket No. 07-0106-1701**. This rule governs the use, inspection and safety of submersible well pumps in Idaho's lakes, ponds and streams. The rule amends the electrical code relating to installation and safety requirements of submersible well pumps in water where swimming and marine activities take place.

MOTION: **Rep. Collins** made a motion to recommend the full committee approve **Docket No. 07-0106-1701**. **Motion carried by voice vote.**

DOCKET NO. 07-0204-1701: **John Nielsen**, Plumbing/HVAC Program Manager for the Division of Building Safety, presented **Docket No. 07-0204-1701**. Mr. Nielsen stated this rule creates clarity by eliminating the need for plumbers and inspectors to reference the Cross Connection Control Manual. The Idaho State Plumbing Code (ISPC) already contains provisions related to backflow installations and the industry would prefer to reference only one manual, the ISPC.

MOTION: **Rep. Toone** made a motion to recommend the full committee approve **Docket No. 07-0204-1701**. **Motion carried by voice vote.**

DOCKET NO. 07-0206-1701: **John Nielsen**, presented **Docket No. 07-0206-1701**. This rule amends the Idaho State Plumbing Code to remove a requirement that sanitary yard hydrants be protected by a non-removable bibb-type backflow preventer. The rule eliminates the need for installing an addition tracer wire in a trench in situations where the electrical wiring for the pump is also installed in the same trench.

MOTION: **Rep. Collins** made a motion to recommend the full committee approve **Docket No. 07-0206-1701**. **Motion carried by voice vote.**

- DOCKET NO. 07-0301-1701:** **Arlan Smith**, Building Program Manager for the Division of Building Safety, presented **Docket No. 07-0301-1701**. Mr. Smith stated this rule brings into compliance with other standards, the splicing of reinforced masonry and construction by limiting the required lap splices for allowable stress design. This rule adds provisions addressing certain aspects of "Tiny Homes" including ceiling height, lofts, stairways and ladders, as well as escape and rescue roof access windows. In answer to committee questions, Mr. Smith said the tiny home provisions contained in this rule would be added as an appendix to the 2012 International Residential Code, and may be adopted by local building code jurisdictions to address the installation of such homes. Mr. Smith also stated that some would represent this as being more restrictive than the current code. Some would say it relieves code requirements and makes it easier to build tiny homes depending on how the code is applied and interpreted by the building official. Local jurisdictions would not have to adopt the appendix. This is something that has gone to the International Code Council and may appear as a future standard in the International Residential Code (IRC). It would be considered an amendment to the Idaho Residential Building Code.
- Chairman Manwaring** questioned whether the rulemaking is permitted under Idaho Code 39-4109 (3) if the standards are considered more restrictive than those published by the International Code Council.
- MOTION:** **Rep. Dixon** made a motion to send **Docket No. 07-0301-1701** to the full committee without recommendation for further discussion. **Motion carried by voice vote.**
- DOCKET NO. 07-0311-1701:** **Ron Whitney**, Deputy Administrator for the Division of Building Safety, presented **Docket No. 07-0311-1701**. Mr. Whitney stated this rule changes the name of the Manufactured Housing Board to the Factory Built Structures Board. The rule also establishes the amount of continuing education credits in an amount consistent with federal licensing requirements. This new requirement reflects a more practical and valuable schedule for licensees to acquire necessary education.
- MOTION:** **Rep. Dixon** made a motion to recommend the full committee approve **Docket No. 07-0311-1701**. **Motion carried by voice vote.**
- DOCKET NO. 07-0312-1701:** **Ron Whitney** presented **Docket No. 07-0312-1701**, which deals with the governance of manufactured or mobile home installations and modifies training requirements for manufactured home installation inspectors.
- MOTION:** **Rep. Collins** made a motion to recommend the full committee approve **Docket No. 07-0312-1701**. **Motion carried by voice vote.**
- DOCKET NO. 07-0401-1701:** **Gary Barnes**, Industrial Safety Program Manager for the Division of Building Safety, presented **Docket No. 07-0401-1701**. This rule updates safety standards applicable to safety inspections the DBS conducts on state-owned buildings. It eliminates unnecessary references to programs that are no longer administered. The rule also updates certain requirements for public employers to ensure a safe workplace.
- MOTION:** **Rep. Collins** made a motion to recommend the full committee approve **Docket No. 07-0401-1701**. **Motion carried by voice vote.**

- DOCKET NO. 07-0701-1702:** **John Nielsen** presented **Docket No. 07-0701-1702.** This rule requires HVAC inspectors to be appropriately certified for the type of HVAC work they are inspecting. Mechanical inspectors shall obtain certification from the International Association of Plumbing and Mechanical Officials, the International Code Council, or another professional certifying body as approved by the HVAC Board.
- MOTION:** **Rep. Toone** made a motion to recommend the full committee approve **Docket No. 07-0701-1702. Motion carried by voice vote.**
- DOCKET NO. 07-0817-1701:** **Larry Jeffres**, Region One Manager for the Division of Building Safety presented **Docket No. 07-0817-1701.** The implementation of these rules is for the primary purpose of ensuring the safety of those involved in logging operations, particularly operations requiring specialized cable-assisted logging equipment.

DOCKET NO. 18-0102-1701: **Dean Cameron**, Director, Department of Insurance, presented **Docket No. 18-0102-1701**. The existing rule consists of one sentence barring the approval of any life insurance policy bearing a name which is misleading or confusing. This will repeal that rule.

MOTION: **Rep. Troy** made a motion to recommend the full committee approve **Docket No. 18-0102-1701**. **Motion carried by voice vote.**

DOCKET NO. 18-0108-1701: **Director Cameron** stated the purpose of this rule is to repeal the chapter dealing with filing policy forms because it is outdated.

MOTION: **Rep. Troy** made a motion to recommend the full committee approve **Docket No. 18-0108-1701**. **Motion carried by voice vote.**

DOCKET NO. 18-0120-1701: **Director Cameron** stated the proposed rule provides a standard statement regarding uninsured and underinsured motorist coverage which carriers must begin using no later than January 1, 2019. In answer to questions, Director Cameron clarified agents appreciate the change. Previously agents were required to provide the form only if a consumer rejected the uninsured or underinsured policy.

DOCKET NO. 18-0122-1701: **Director Cameron** said the purpose of this rule is to repeal a chapter that deals with the sale of insurance by vending machines. No licenses currently exist to sell insurance by vending machines and none are expected. Internet options replace this mode of accessibility for the public and there are provisions for limited travel insurance on credit cards.

MOTION: **Rep. Monks** made a motion to recommend the full committee approve **Docket No. 18-0122-1701**. **Motion carried by voice vote.**

DOCKET NO. 18-0125-1701: As stated by **Director Cameron**, this rulemaking amends language to make title insurance policy cancellation fees permissive rather than mandatory. There are various scenarios where it seems inappropriate to charge a cancellation fee. Director Cameron deferred to **Jim Scanlon**, Department of Insurance and **Hillary Vaughn**, Idaho Land Title Association, to answer questions from the committee. They confirmed Title insurance agents would not charge cancellation fees if it wasn't in the current rule.

MOTION: **Rep. Monks** made a motion to recommend the full committee approve **Docket No. 18-0125-1701**. **Motion carried by voice vote.**

DOCKET NO. 18-0130-1701: **Director Cameron** stated this rule will allow, but not require, carriers to offer return of premium or cash value benefits to covered persons for specified diseases, limited benefit policies and accident only policies in addition to the other types of policies currently permitted.

MOTION: **Rep. Monks** made a motion to recommend the full committee approve **Docket No. 18-0130-1701. Motion carried by voice vote.**

DOCKET NO. 18-0135-1701: This rule repeals the requirement for insurers to furnish, to hospitals and certain other service providers, a six month supply of paper forms for the filing of claims. **Director Cameron** said the vast majority of claims are submitted electronically and it is no longer necessary for providers to have a six month supply of paper forms on hand at all times.

MOTION: **Rep. Troy** made a motion to recommend the full committee approve **Docket No. 18-0135-1701. Motion carried by voice vote.**

DOCKET NO. 18-0156-1701: According to **Director Cameron**, this rule addresses rebates and illegal inducements to obtaining title insurance. The rule revises the definition of "things of value" and provisions relating to cancellation fees.

MOTION: **Rep. Troy** made a motion to recommend the full committee approve **Docket No. 18-0156-1701. Motion carried by voice vote.**

DOCKET NO. 18-0173-1701: **Director Cameron** said this rule repeals a chapter of rules relating to plan design under the Idaho Individual High Risk Reinsurance Pool. In answer to committee questions, he said it is no longer necessary for individuals to be enrolled in unique high risk pool plans.

The Director noted approval of this rule should result in lower prices for Idaho consumers. In answer to committee questions, he said certified reinsurers are rated on their financial strength from an acceptable rating agency.

MOTION: **Rep. Troy** made a motion to recommend the full committee approve **Docket No. 18-0175-1701. Motion carried by voice vote.**

RS 25766: **Roger Batt**, Western Equipment Dealers Association, presented **RS 25766**. The purpose of this proposed legislation is to provide clarification of legislative intent by prohibiting equipment suppliers from substantially changing the equipment dealer's competitive circumstances without good cause. This benefits consumers by increasing broker supervision of their licensees' activities and reduces broker liability due to the acts of the sales associates. Director Cory deferred to **Joan Calahan**, legal counsel for the Bureau of Occupational Licenses. She said the proposed legislation modernizes and reorders provisions of the Idaho Code so it is better organized and easier to understand. The proposal provides legislative intent and organization in a manner consistent with the way legislation for regulated professions and occupations is written today. In answer to committee questions, Ms. Calahan stated the proposed legislation does not expand the scope of practice or the honorarium. The code has not been updated since 2001.
- MOTION:** **Rep. Thompson** made a motion to introduce **RS 25687. Motion carried by voice vote.**
- RS 25652:** **Tana Cory**, Bureau of Occupational Licenses presented **RS 25652**.
Director Cory deferred to **Scott Calhoun** of the Real Estate Appraiser Board. This docket was referred by the Manwaring Subcommittee to the full committee without recommendation for further consideration. Mr. Smith stated the construction of tiny homes in Idaho has significantly increased and there is a need to establish specific residential code provisions to properly address some of the unique characteristics of tiny homes. The tiny home provisions contained in this rule would be added as an appendix to code currently being used. It may or may not be adopted by building code jurisdictions to address the installation of such homes. In addition, this rule adds an amendment that will place a limit on the required length of reinforcement lap splices for allowable stress design of masonry.

Jason Blais, City of Boise, testified **in support** of the rule, saying this rule is less restrictive to the city and gives more flexibility.

MOTION: **Rep. Palmer** made a motion to reject **Docket No. 07-0301-1701**.

Rep. Manwaring spoke **in support** of the motion saying there are two possible interpretations in the appendix and for that reason the rule should be rejected.

H 459: **Scott Calhoun**, Real Estate Appraiser Board, presented **H 459**. The Real Estate Appraiser Board is proposing a change to its current law to reflect the language used in the law regulating Appraisal Management Companies (AMC) in Idaho. This change will provide consistency between AMC appraisers and non-AMC appraisers pertaining to appraisal reviews.

MOTION: **Rep. Thompson** made a motion to send **H 459** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Thompson** will sponsor the bill on the floor.

H 497: **Ty Palmer**, Capital Auto Loan, presented **H 497**. Mr. Palmer said the purpose of this legislation is to clarify that when an authorized police officer requests removal of a vehicle, the owner and the lien holder of the towed vehicle are both to be notified. The time frame to send the notifications is reduced from ninety-six (96) hours to seventy-two (72) hours.

MOTION: **Rep. Monks** made a motion to send **H 497** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Monks** will sponsor the bill on the floor.

Chairman Barbieri called the meeting to order at 1:31 p.m.

MOTION: **Rep. Toone** made a motion to approve the minutes of the February 13, 2018 meeting. **Motion carried by voice vote.**

H 478: **Warren Wing**, Division of Building Safety, presented **H 478**. Mr. Wing stated this bill would allow the Division of Building Safety to self-certify inspectors without having to pay an outside agency to do so. Inspectors are already required to be licensed as journeyman or master electrician, and as such maintain continuing education to keep their journeyman or master electrician licenses. The organizations currently providing inspector certification do not require anything of the inspector in addition to that, but do require a fee. In answer to committee questions, Mr. Wing said the requirements to maintain the certifications currently require inspectors to submit 24 hours of continued education courses approved by the certifying agency and pay the certifying agency a renewal fee. Idaho electrical inspectors are already required to take 24 hours of continued education courses to maintain their electrical licenses. It would save the division the cost of renewing certifications every three years with no additional requirements or services provided by the certifying agency (other than sending them money and proof of continued education) DBS would be doing this even without the certifying agency requirement to renew certifications.

MOTION: **Rep. Dixon** made a motion to send **H 478** to the floor with a **DO PASS** recommendation. **Reps. Dixon and Crane** invoked Rule 38 stating a possible conflict of interest. **Motion carried by voice vote.** **Rep. Dixon** will sponsor the bill on the floor.

H 479: **Warren Wing** presented **H 479**. This bill clarifies and cleans up a number of statutes in Idaho Code related to electrical installations and electricians. The bill updates language to reflect proper terminology of permits, as well as an on-line permit process. It clarifies that the Electrical Board may amend the National Electric Code through negotiated rule making. Mr. Wing said this legislation provides licensing authority for facility accounts for employers who perform their own electrical installations. It clarifies the scope of the licensure exemption for maintenance work and HVAC installers, and properly identifies the term industrial "machinery". The bill will help to alleviate confusion between the statutes, rules and policies that are dictated by DBS technology and the online permit process. The Board and DBS will have more clear authority to do what it has traditionally been doing.

- MOTION:** **Rep. Clow** made a motion to send **H 479** to the floor with a **DO PASS** recommendation. **Reps. Dixon and Crane** invoked Rule 38 stating a possible conflict of interest. **Motion carried by voice vote.** **Rep. Wagoner** will sponsor the bill on the floor
- H 480:** **Warren Wing** presented **H 480**. Mr. Wing said this bill changes the name of specialty contractors, specialty journeyman, and specialty trainees to limited electrical contractors, limited electrical installers and limited electrical trainees. It also allows Limited Energy contractors to make connections to their equipment. This clarifies the work being performed by the holders of these licenses are limited and restricted in nature.
- MOTION:** **Rep. Thompson** made a motion to send **H 480** to the floor with a **DO PASS** recommendation. **Reps. Dixon and Crane** invoked Rule 38 stating a possible conflict of interest. **Motion carried by voice vote.** **Rep. Thompson** will sponsor the bill on the floor.
- H 521:** **Lance Giles**, American Vehicle Protection Products Association, presented **H 521**. Mr. Giles said this legislation moves the authority to enforce the Idaho Motor Vehicle Service Contract Act from the Attorney General to the Department of Insurance. In addition, the bill clarifies the definition of a service contract to expressly authorize certain types of contracts. In answer to committee questions, Mr. Giles said automobile manufacturers are not regulated under this act. He added consumers are seeking the coverage provided by the products enumerated in the bill. Neither insurance coverage, warranty coverage or traditional vehicle service contracts offer the range and specificity of coverage provided by the products listed in the bill.
- Tom Donovan**, Department of Insurance, addressed concerns about regulation of motor vehicle service contracts. He said original vehicle warranties are not considered insurance. This bill carves out an exception for these supplemental products so they are not required to be sold as insurance.
- MOTION:** **Rep. Armstrong** made a motion to send **H 521** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Reps. Palmer and Manwaring** requested to be recorded as voting **NAY**. **Rep. Palmer** reserved the right to vote **NAY** on the floor. **Rep. Armstrong** will sponsor the bill on the floor.
- H 522:** **Randy Pipal**, Vice President, Independent Insurance Agents and Brokers of Idaho, presented **H 522**. Mr. Pipal stated this bill includes language that would allow for a Certificate of Insurance to include reference to a contract number or description or project number or description. This inclusion would not convey any additional rights to the Certificate holder. The inclusion would not replace or extend coverage on the policy. The bill would simply allow for contract or project descriptions to be referenced on the Certificate of Insurance.
- Rep. Troy** said the insurance certificate is being used inappropriately. This legislation simply adds reference to contract/project numbers to the form. The form will be used as proof of insurance, similar to proof of insurance which drivers carry in their vehicle.
- MOTION:** **Rep. Troy** made a motion to send **H 522** to the floor with a **DO PASS** recommendation. **Reps. Troy, Dixon and Collins** invoked Rule 38 stating a possible conflict of interest. **Motion carried by voice vote.** **Rep. Troy** will sponsor the bill on the floor.

H 526: **Roger Batt**, Western Equipment Dealers, presented **H 526**. Mr. Batt stated **H 526** adds clarity to Idaho's Dealer Protection Statute to ensure Idaho's equipment dealers are on a level playing field when contracting with farm equipment manufacturers. Currently, farm equipment manufacturers have far greater bargaining strength compared to Idaho farm equipment dealers. This is due to the fact that dealers have to sign contracts of adhesion with the manufacturer in order to continue to stay in business. The contracts are non-negotiable where the dealer assumes all of the risk.

MOTION: **Rep. Thompson** made a motion to send **H 526** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Thompson** will sponsor the bill on the floor.

Chairman Barbieri took a moment to recognize committee Page, Jake Allen whose term of service is finished. Jake shared his plans for the future and thanked the committee for their kindness. Jake was presented with a gift of appreciation. The Chairman and committee members wished him well in his endeavors.

There being no further business to come before the committee the meeting adjourned at 2:36 p.m.

Chairman Barbieri called the meeting to order at 1:32 p.m.

Chairman Barbieri introduced committee Page, **Eli Lake**. Eli is a student at Eagle High School. He lives in Eagle, Idaho with his parents **Jenna and James Lake**. He enjoys playing basketball, hiking, snowboarding and other outdoor activities. Eli has received his Eagle Scout Award.

H 481: **John Nielsen**, Program Manager, Division of Building Safety, presented **H 481**. Mr. Nielsen said this bill allows a homeowner to perform plumbing work on his primary or secondary residence, accessory buildings, quarters and grounds used for noncommercial purposes. Maintenance personnel are also allowed to perform plumbing repairs and replacement of fixtures and equipment at their place of employment in commercial buildings. Alterations, extensions or new construction must be done by a licensed plumbing contractor.

H 482: **John Nielsen**, presented **H 482**. Mr. Nielsen said this bill allows a homeowner to perform HVAC work on his primary or secondary residence, accessory buildings, quarters and grounds used for noncommercial purposes. H 483: **John Nielsen** presented **H 483**. This legislation provides general authority for the HVAC Board, in conjunction with the Division of Career-Technical Education, to standardize an approved curriculum offered by schools providing HVAC apprenticeship courses of instruction, as well as provide some administrative oversight to ensure schools meet those standards. In answer to committee questions, Mr. Nielsen said there are currently six schools that teach HVAC codes and three testing facilities in Idaho.

MOTION: **Rep. Thompson** made a motion to send **H 483** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Tway** will sponsor the bill on the floor.

H 484: **John Nielsen**, presented **H 484**. Mr. Nielsen stated the current statute allows plumbing contractors and specialty contractors to renew their license on an inactive basis annually at a reduced fee if they are not actively engaged in plumbing contracting in the state. The Plumbing Board, industry, and the Division of Building Safety feel, after payment of the initial fee for placing a license in an inactive status, there should not be any additional annual fee for continuing to keep the license inactive.

MOTION: **Rep. Smith** made a motion to send **H 484** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Smith** will sponsor the bill on the floor.

Chairman Barbieri called the meeting to order at 1:31 p.m.

H 518: **Rep. Blanksma** presented **H 518**, a bill clarifying recording fees for certain types of instruments that exceed 30 pages. The 30-page limit and the flat fees outlined in the bill were determined through analysis of public recording information for the types of documents presented in this bill. Some descriptions of documents are amended for clarity.

H 519: **Rep. Blanksma** presented **H 519**. This bill allows title insurance companies to reimburse bona fide employees for both title insurance premiums and escrow fees otherwise payable by the employee to the insurance agent or company in connection with the employee's non-business real estate transactions. H 548: **Tim Olson**, representing the Idaho Life and Health Guaranty Association, presented **H 548**. He said the association is a non profit legal entity established in 1977. This legislation is intended to incorporate into Idaho Insurance Law newly adopted provisions regarding the assessment formula for costs incurred by the Idaho Life and Health Insurance Guaranty Association for long term care insurance policies of insurance company members who become insolvent. The guarantee association is funded by member companies. It protects policy holders against insolvent member insurers. Because of CO-OP (consumer operated and oriented) plan insolvencies, the association determined the necessity to protect policyholders and the association from unlimited liability created by the Affordable Care Act. The bill provides an exception for allocation of assessments for long-term care insurance.

Insurance companies agreed the amount of an assessment for long-term care insurance should be allocated 50/50 between Life and Health Insurance.

John Mangen, Regional Vice President of the American Council of Life Insurers, spoke **in support** of the bill. He complimented the State of Idaho for the steps they're taking to protect consumers. In answer to a committee question, he said long term policy holders should not experience a rate increase due to this legislation.

MOTION: **Rep. Thompson** made a motion to send **H 548** to the floor with a **DO PASS** recommendation.

Rep. Armstrong asked if **Dean Cameron**, Director, Idaho Department of Insurance, could speak to the motion. Director Cameron spoke **in support** of the motion. He said his department read and helped draft the legislation.

GUESTS: The sign-in sheet will be retained in the committee secretary's office until the end of the session. Following the end of the session, the sign-in sheet will be filed with the minutes in the Legislative Library.

Chairman Barbieri called the meeting to order at 1:30 p.m.

MOTION: **Rep. Toone** made a motion to approve the minutes of the February 21, 2018, meeting. **Motion carried by voice vote.**

H 523: **Rich Hahn** presented **H 523** on behalf of Sun Surety and the American Bail Coalition. Mr. Hahn said current Idaho Code requires the clerk to provide written notice to the person posting bail within five days of order of forfeiture. This bill amends the code by adding the clerk shall also notify the surety insurance company. It also adds language to clarify that failure to provide notice will exonerate the bail.

MOTION: **Rep. Thompson** made a motion to send **H 523** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote.** **Rep. Thompson** will sponsor the bill on the floor.

H 527: **Pam Eaton**, representing Idaho Retailers' Association, presented **H 527**. This legislation codifies the traditional joint employer standard of "direct and immediate control" for purposes of state law and protects businesses from certain joint employment claims. The bill provides clarity to state agencies when they are presented with joint employment claims. Ms. Eaton stated this legislation simply makes clear a franchisee is the owner of the business and the ultimate employer of any individual who works in that business. A franchisee's employees are not employees of the franchisor.

MOTION: **Rep. Manwaring** made a motion to send **H 527** to the floor with a **DO PASS** recommendation. **Rep. Tway** invoked Rule 38 citing a possible conflict of interest. **Motion carried by voice vote.** **Rep. Malek** will sponsor the bill on the floor.

H 547: **Rep. Palmer** presented **H 547**. He said the intent of this legislation is to amend the Idaho Building Code Act to clarify that local jurisdictions are limited in their authority to adopt residential building codes different from building codes reviewed, amended, and adopted by the Idaho Building Code Board. The legislative intent of the Idaho Building Code Act is to provide uniformity and consistency of residential building codes across jurisdictions of the state. The bill more clearly defines the role of local jurisdictions in maintaining that intent.

Steve Martinez, Trade Winds Contracting and Building Code Collaborative spoke **in support** of the bill. In answer to committee questions, he said the Idaho Building Code Collaborative is a volunteer group who reviewed the 2009 International Building Code page by page to help create an Idaho State Residential Building Code. The Collaborative could not agree on adopting the 2015 code in its entirety so the cities and counties started developing their own codes.

Speaking **in opposition** to **H 547** were: **Jan Welch**, Stapely Engineering, member of Idaho Building Code Board; **Joe Levitch**, National Association of Remodeling Industry; **Sharon Grant**, member of Idaho Building Code Collaborative; **Jon Laux**, Idaho Association of Building Officials; **Bill Nichols**, City of McCall; **Pat Riley**, Idaho Fire Chiefs; **Andy Erstad**, Erstad Architects; **Patrick Sullivan**, City of Nampa; **Tyler Resnick**, City of Boise Building Code Board; **Leah McMillan**, Mill Creek Architecture; and **Jeff Easley**, Blaine County, expressed their concerns about the bill. They agreed local jurisdictions should be allowed to adapt the building code to specific local needs.

Speaking **in support** were **Dave Yorgason**, Building Contractors of Southwest Idaho; **Andrew Bick**, Idaho State Building Code Board; **Pat Minegar**, A-1 Heating Co.; **Roy Ellis**, building contractor. They said they look forward to more uniformity in the building code.

MOTION: **Rep. Monks** made a motion to send **H 547** to the floor with a **DO PASS** recommendation.

Rep. Monks spoke to the motion and said he would like to see more consistency in the building code for the benefit of builders. He voiced concerns relative to possible future changes in energy codes and reserved the right to vote **NAY** to this legislation on the floor.

Rep. Wagoner invoked **Rule 38** stating a possible conflict of interest. He said he would like to see further legislation to clear up existing confusion between the entities involved relative to the Residential Building Code.

Rep. Clow spoke to the motion. He said he feels the bill goes a step too far in regards to the lack of authority of local jurisdictions.

In his closing remarks, **Rep. Palmer** said the bill addresses the Residential Building Code only. The code book has chapter, page and reference numbers that give local jurisdictions the authority to adapt code to their needs.

VOTE ON MOTION: **Motion carried by voice vote. Reps. Toone, Tway, Smith, Wagoner and Clow** requested they be recorded as voting **NAY**. **Rep. Palmer** will sponsor the bill on the floor.

S 1219: **Rep. Armstrong** presented **S 1219**. This bill amends Idaho Code relating to Joint Public Agency Self-Funded Health Care Plans. The purpose of the bill is to allow the Director of the Department of Insurance to waive the requirement for a joint agency self-funded health benefits plan to purchase aggregate stop loss insurance when certain conditions are met.

MOTION: **Rep. Smith** made a motion to send **S 1219** to the floor with a **DO PASS** recommendation. **Motion carried by voice vote. Rep. Armstrong** will sponsor the bill on the floor.
