His Excellency, the Governor of the State of Idaho, Brad Little, was introduced by the Speaker and the following **State of the State Message and Budget Address** was delivered by Governor Little.

\* \* \* \* \*

Mr. Speaker, Mr. Pro Tem, Madam President, honored legislators, my fellow constitutional officers, Mr. Chief Justice and members of the judiciary, my family, friends, and my fellow Idahoans.

It's good to deliver this speech back in the chambers. Last year I closed my State of the State address by saying, "In times of hardship, opportunity for growth emerges."

There's no doubt the past couple of years have presented incredible challenges. Our frontline workers in healthcare, public safety, and education in particular have done an exceptional job.

Today, we have a few of these pandemic heroes here with us. They are nurses, doctors, police officers, guardsmen, and teachers. I would like to invite them to please stand up. Please, everyone, join me in recognizing them and their colleagues and thanking them for their service to our great state.

My friends, I stand before you today with great optimism and excitement about the once-in-a-lifetime opportunity before us.

Idaho's economy is stronger than ever before.

We're one of only four states with more jobs today than before the pandemic.

Idahoans are working. We have one of the lowest unemployment rates in the country.

Our budget is balanced.

We have robust reserves.

Idaho businesses and citizens benefit from living and working in the least regulated state in the nation.

We've turned more money back to the citizens through historic tax relief and strategic investments in the areas that impact their daily lives.

And for the second year in a row, we have yet another record budget surplus.

My friends, our success is no accident.

While other states liquidated their rainy-day funds and begged politicians in Washington, D.C. for a bailout, together we rolled up our sleeves, made tough decisions, and led Idaho.

In Idaho, we manage government the same way families manage a household budget. It is basic "kitchen table economics." It means facing tradeoffs head on, choosing to live within our means, saving for hard times, cutting waste, and stretching our dollars further.

While D.C. is digging the country into a \$29 trillion hole, Idaho has a record surplus of \$1.9 billion and counting.

While D.C. continues to crank out onerous new regulations, we took an axe to Idaho's regulations for three straight years, and

we continue to widen our lead as the least regulated state in the nation. In fact, since I took office three years ago, we have cut or simplified 95-percent of Idaho regulations. And now, through our Zero-Based Regulation initiative, this year we aim to cut or simplify another 20-percent of what remains, removing rocks from the shoes of small businesses.

While D.C. wants to raise taxes on all citizens as Bidenflation surges, Idaho has put more money back into the people's pockets. Last year, together we cut income taxes and returned \$450 million to all Idaho citizens and businesses.

It was called the biggest tax cut in state history, but I call it a good start.

While President Biden divides Americans in his attempts to elevate the role of government in citizens' lives, coercing Americans with government-imposed vaccine mandates, Idaho says, "No."

Our lawsuits challenging Biden's polarizing vaccine mandates are working.

I banned divisive "vaccine passports."

I never mandated masks or vaccines.

We responded to a crisis with a balanced approach and kept Idaho open.

And, while President Biden continues to dismiss the catastrophe at the U.S.-Mexico border, Idaho is banding together with other states to act.

I traveled to the border last summer, where I saw for myself how Mexico drug cartels control access into our country! All because of President Biden's flawed border policies. This is completely unacceptable. Biden's inaction has spawned a growing drug threat in our state. The vast majority of illicit drugs in Idaho are now sourced in Mexico.

Idaho families deserve better.

Last summer, I sent a specialized team of Idaho State Troopers to Arizona to help fight the drug flow into our country and our state. We sent our best to protect Americans and Idahoans from the drug cartels, and those troopers returned with new knowledge and training to help law enforcement here at home fight the drugs that have devastated so many lives.

We have some of those troopers here with us today. Gentlemen, please stand so we can recognize you.

And now, I am asking for your support to deploy "Operation Esto Perpetua." I will have more to share in the coming weeks, but "Operation Esto Perpetua" will bring together law enforcement and communities in new ways.

We will continue to fight the consequences of our loose border and curb the smuggling of killer drugs such as fentanyl into our state from Mexico.

Folks, we have been able to set the example of accountable, responsible government here in Idaho. My family and Teresa's have been in Idaho for generations. We want nothing more than for our grandchildren to stay settled in Idaho and enjoy their grandchildren here too.

Teresa and I want the same for your grandchildren, too.

By now, you know my goal - for Idaho to be the place where we all can have the opportunity to thrive, where our children and

grandchildren choose to stay, and for the ones who have left to choose to return.

Think about someone you know who demonstrated true leadership. For me, my father, David Little, Teresa's father, Phil Soulen, and an old friend, Louise Shadduck, come to mind.

Here's what I've learned from them.

Leaders give people confidence and show the way through humble strength.

Leaders go through life with a spirit of service.

Leaders listen.

The voice of a leader is effective, not just loud.

Every day I endeavor to live up to the example of my mentors. That is what the people of Idaho deserve from their Governor, and it is what they deserve from all those elected to public office.

I have a plan for Idaho - a path to give back our record budget surplus to Idahoans through continued tax relief and strategic investments where they make the biggest difference in their daily lives.

My plan is called LEADING IDAHO.

My plan is rooted in a longstanding conservative principle - fiscal discipline.

For the first time in state history, Idaho was upgraded to a Triple-A credit rating. It is an achievement that will save taxpayer dollars and, importantly, reflects our dedication to conservative, responsible budgeting.

Earlier today I delivered a budget that is balanced and holds the line on spending.

My budget pays off state building debt, saving taxpayers tens of millions of dollars in interest payments.

My budget also puts us on a path to pay off all known deferred maintenance needs - those backlogged repairs needed in our infrastructure - over the next ten years.

And my budget bolsters our rainy-day funds to a record level, putting more than \$1 billion in the bank to guard against future downturns.

We must be even more vigilant in perceived times of plenty to make decisions that are prudent and will withstand the test of time. We did not spend our way to a surplus, and budget surpluses must never become an excuse for wasteful spending.

There's no better feeling than giving back to hardworking Idahoans more of what they earned.

To date, in my first term, we have cut nearly \$1 billion in taxes.

Let me repeat that.

Together, we have given back nearly \$1 billion to Idahoans through income tax relief, property tax relief, and relief from unemployment taxes on Idaho businesses.

And today, I am proposing we double down on our efforts.

I propose we return more than \$1 billion in income tax relief to Idaho taxpayers over the next five years!

And let's not wait. Right now, Idaho families are forced to pay more for food, gas, and everyday goods as inflation swells under Biden's watch. Poor handling of the economy, oppressive regulations, and a bloated federal budget have all contributed to inflation rates we have not seen in 40 years.

With Bidenflation exploding, let's immediately pass \$600 million in income tax relief that we can get back into the wallets of all Idahoans this spring!

I propose \$350 million in immediate rebates and \$250 million in ongoing income tax relief, allowing working families to keep more of what they earned and free them from the penalty of living with historic inflation.

We cannot delay in deploying this investment in working families.

We must also support Idaho's small businesses, the backbone of our economy.

Last year, we strengthened our unemployment insurance trust fund, making it one of the most solvent funds in the country. Doing so led to a \$200 million tax cut for Idaho businesses.

I propose we lock in these lower rates for the next two years, saving Idaho businesses \$64 million so they can continue creating good Idaho jobs.

Some say we shouldn't cut taxes, that we have to choose between cutting taxes and meeting important needs within our state.

This is false.

My budget shows we can do both.

We can spend less than we bring in, offer tax relief, and fund the top priorities - education and infrastructure.

More than 130 years ago, the founders of our state in writing the Idaho Constitution recognized the stability and endurance of our republican form of government depends mainly on "the intelligence of the people."

A person's education starts in the home. Parents are in the drivers' seat, as they should be and always will be in Idaho.

The children today will become the workforce of tomorrow. They will be the engineers, loggers, doctors, farmers, construction workers, entrepreneurs, teachers, truckers, you name it. We want our Idaho students to receive a strong foundation of learning now so they can stay here and make our state strong for future generations.

And Idaho schools partner with parents in the education of their children.

That's why I propose making the largest investment in Idaho education, ever.

My budget adds \$1.1 billion over the next five years to improve Idaho education.

And it all starts with literacy.

Today, I propose adding \$47 million in ongoing funding to literacy programs - to build on the reading success that parents instill at home. Local school districts across Idaho, with input from families, will decide how best to deploy the resources.

Literacy has been my top priority because it just makes sense. Our investments in education later on will have more impact if we can work with families to get more students to read proficiently early on.

Adding these investments now will increase state literacy funding five-fold since I took office just three years ago.

I cannot think of a more "back to basics" investment that will make a meaningful difference in students' lives today and for years to come.

The key to strong schools is parental involvement. Our system of public education in Idaho is locally driven, and the system works best when parents and families engage.

Parents partner with teachers in the education of their children, and we cannot meet our commitment to our students without supporting the people who teach them in the classroom.

If you're running a business, you know you can only attract and retain dedicated, quality workers by paying them competitively, offering good benefits, and making them feel valued.

Our educator workforce is no different.

My budget invests in these partners - our teachers - which ultimately serves Idaho families.

The pandemic pushed many parents toward new ways of meeting the educational needs of their children. Last year, we served 18,000 Idaho families and 46,000 students with grants to help cover educational needs outside the classroom.

And now, to build on our success, I am proposing \$50 million for the new Empowering Parents grants. The grants will cover things such as computers, tutoring, internet connectivity and other needs so students have the best chance for success.

The Empowering Parents grants put families in control of their child's education, as it should be.

My Leading Idaho plan also makes other key investments to support law enforcement, our veterans, our valued members of the Idaho National Guard, and safe and secure elections.

I want to add more than \$60 million to address needs within the Idaho State Police. Idaho is a state that openly values its police officers. While others seek to "defund the police," Idaho DEFENDS the police. Idaho truly is a state that "backs the blue."

I also propose we make the biggest investment ever in our State Veterans Homes - \$75 million - to give our veterans better quality of life and improve services for them. Our veterans have done so much for us, and they deserve it.

I also want to invest in the soldiers and airmen of the Idaho National Guard. My plan doubles our investment in scholarships for Guardsmen, which boosts our efforts to get more Idahoans to sign up for the Guard. Military service has always been and always will be one of the most honorable ways for a person to serve their community, state, and country. We are so grateful to our Guardsmen and all military service members and veterans for all they have done and continue to do to promote freedom and peace in our country.

We can honor the sacrifice of our military heroes by doing our part to make America as strong as possible - and we all know free and fair elections are the cornerstone of our democracy.

We're very fortunate to live in Idaho where our elections are free of fraud. But there is more we can do to elevate Idahoans' trust in their elections.

Last year, I established my Cybersecurity Task Force to come up with new ways to protect Idaho from cyber-attacks and bolster election integrity. My Leading Idaho plan implements recommendations from the task force.

I am proposing \$12 million to establish the new Cyber Response and Defense Fund to ensure the state is prepared to respond to any cyber-attack from bad actors in China, Russia, or elsewhere.

I'm also pushing for proactive integrity audits to enhance transparency and confidence in our elections here in Idaho.

We must make election integrity a priority, to give our citizens confidence that their vote matters.

Idaho has a strong track record of giving back through tax relief and by making significant investments in the areas that impact Idahoans' daily lives the most.

Things like... clean and plentiful water for a strong agricultural sector; improved broadband access; increased medical capacity to support a healthy Idaho and our healthcare heroes; better access to outdoor recreation and improved land and fire management; and better opportunities through investments in career technical education, colleges, workforce development and housing, and childcare.

The list goes on and on. My Leading Idaho plan will continue to invest in all of these important areas and many others.

Protecting Idahoans of all ages from the afflictions of mental illness and addiction led to the creation of the three-branch Behavioral Health Council in 2020. It was a step that is now helping Idaho families access the services they need when they need it most.

Behavioral health issues affect Idaho's corrections system, judicial system, hospitals, local communities, and schools.

Today, we are joined by Krista Gneiting, the brave teacher who confronted and disarmed a 12-year-old girl at school last May in Rigby. Krista calmly took the gun away from a little girl in crisis, and then held her in her arms until police arrived.

Krista, please stand so we can recognize you for protecting everyone in the building that day and for your compassion with that sixth-grade girl.

As I know Krista can attest, there is a strong connection between safe communities and access to behavioral health resources for Idahoans of all ages.

Today, I am proposing we accelerate the implementation of the Behavioral Health Council's recommendations by investing \$50 million to improve behavioral healthcare across Idaho. It is one step of many we will take to help prevent tragedy, improve lives, and make our communities safer.

Another area where we are making real progress to improve safety is the time Idahoans spend on the road.

Last year, together we passed the largest transportation funding package in state history. Our sustainable transportation funding solution added historic amounts for new infrastructure

to improve safety and ease congestion, giving all Idahoans more precious time with their families.

And we did it without raising taxes.

But we cannot stop there.

The continued prosperity of our farmers, ranchers, and the folks who work in the woods depends on a safe, efficient system of roads and bridges.

We cannot continue our record economic trajectory if our logging trucks can't get across old bridges or we can't get our farm products to market.

My budget invests another \$200 million in ongoing funding to fully address our known maintenance needs locally and statewide. I also propose we invest another \$200 million in one-time funding to clear out one-third of the backlog of deficient bridges.

We have a once-in-a-lifetime opportunity to fully fund known needs - to maintain our roads and bridges permanently - with no new taxes.

I am unwilling to put the safety of Idahoans and the maintenance of our state's roads and bridges at the whims of the feds. We must not look to Washington, D.C. to solve our problems. Leading Idaho means addressing our own state's needs. Together, we'll show Washington, D.C., how to tackle transportation - by fully funding known gaps with no new taxes and providing long-term funding for long-term needs.

Ladies and gentlemen, the challenges of the past two years for many, including myself, have driven us to more frequent prayer and a closer relationship with our creator.

And out of the hardships we have strengthened. We have kept things headed in the right direction.

We won't spoil the once-in-a-lifetime opportunity before us to give the people back their hard-earned dollars through tax relief and make historic investments where they matter most.

We will stay focused on LEADING IDAHO.

I want to thank my family for their unwavering support. Family is the nucleus of all that is important in life. And our First Lady - her good heart is a source of strength and peace for our family and the entire state.

And I want to thank YOU - the people of Idaho - for Idaho's success. You have proven you will always stand up for the strength and prosperity of our great state.

Thank you and God bless.

 A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND HONORING THE LONG LIFE OF HARRY FOX LEMOYNE AND HIS STEADFAST SERVICE TO THE UNITED STATES AND THE STATE OF IDAHO.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Harry Fox LeMoyné, a longtime resident of Twin Falls, was born August 21, 1918, passing away on August 9, 2021, at the age of 102. Harry was born in Hailey, Idaho, to Harry (Henri) and Jeanette LeMoyné and moved to Hagerman when he was 10 years old. He graduated from Hagerman High School and attended Boise Junior College and the University of Idaho; and

WHEREAS, Harry served in the Army Air Corps from 1941 to 1945 flying P-47 fighters on over 60 combat missions, escorting bombers on their way to and through Europe. Although he was never shot down, there were several close calls. During one mission, Harry's plane was hit by a 20 mm shell that knocked the canopy off the plane, severely wounding Harry. Despite his injuries, Harry guided the damaged plane and landed it in England after a very difficult flight; and

WHEREAS, Harry was awarded the Distinguished Flying Cross and the Purple Heart in 1944 along with many other commendations during his time in the service. Harry remained proud to have served during the beginnings of the United States Air Force. Harry stayed active in the Air Force Reserves and after being a Captain during the war, retired as a full Colonel; and

WHEREAS, after the war, Harry went to work for the Bacon Sheep Company, where he learned a great deal about trailing and caring for sheep. After working for the Bacon Sheep Company, Harry bought a band of sheep to raise on a 40-acre pasture he purchased west of Hagerman; and

WHEREAS, in 1999, Harry was inducted into the Southern Idaho Livestock Hall of Fame. The Southern Idaho Livestock Hall of Fame was established to recognize and honor the men and women who have made positive impacts on the livestock industry; and

WHEREAS, Harry began his real estate career in 1953. Harry obtained an Idaho real estate broker's license and began listing and selling farms and ranches primarily in Idaho. Harry also worked for the Gooding County Assessor appraising farms and ranches. Harry retired from real estate sales in 2016 after 63 years in the business.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that we honor the long life of Harry Fox LeMoyné and his steadfast service to the United States and the State of Idaho.

**HOUSE CONCURRENT RESOLUTION NO. 29**  
**BY HEALTH AND WELFARE COMMITTEE**

A CONCURRENT RESOLUTION  
STATING FINDINGS OF THE LEGISLATURE AND  
ENCOURAGING CERTAIN OFFICERS, AGENCIES, AND

EMPLOYEES OF THE STATE TO BECOME INFORMED ABOUT THE IMPACTS OF TRAUMATIC CHILDHOOD EXPERIENCES AND TO IMPLEMENT INTERVENTIONS AND PRACTICES TO DEVELOP RESILIENCY IN CHILDREN AND ADULTS WHO SUFFERED FROM TRAUMATIC CHILDHOOD EXPERIENCES.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, there have been recent significant advances in neuroscience with increased understanding of how emotional neglect and exposure to serious trauma affect the way children perceive and interact with their world both during childhood and into adulthood; and

WHEREAS, post-traumatic stress disorder and other trauma-related disorders in children and adults can be caused both by exposure to a single severe traumatic incident or by exposure to a cumulative series of serious traumatic events; and

WHEREAS, such traumatic incidents and events include emotional and physical abuse and neglect, sexual abuse, separation from or loss of a parent due to divorce or other reasons, serious injury or death of a parent, exposure to family discord, domestic violence, parental mental illness, substance abuse, criminal activity in the home, and other traumatic and nonnurturing experiences and environments; and

WHEREAS, abuse, neglect, and traumatic events compose part of what has been described in medical literature as "adverse childhood experiences" or "ACEs," and the cumulative potential impact to a child who has a significant history of exposure to neglect and trauma can be calculated using what is called an ACE score; and

WHEREAS, it is now understood that significant exposure to severe traumatic events as described above can negatively affect the neurobiology and anatomy of a child's developing brain and result in a substantially impaired ability to absorb new information, develop healthy coping skills, and adapt to life's challenges as the child becomes locked into a "fight-flight-or-freeze" mode that becomes the child's and future adult's default approach when interacting with the world around them; and

WHEREAS, children and adults whose brains have been negatively affected by exposure to severe or repeated serious trauma often experience persistent and sometimes overwhelming dysfunctional emotions of fear, anxiety, depression, hopelessness, and anger and may exhibit socially inappropriate labile and aggressive behaviors or may exhibit socially inappropriate emotional detachment and avoidance behaviors; and

WHEREAS, these negative coping behaviors and dysfunctional emotions limit a person's capacity to form healthy stable relationships, foster social capital, learn from experiences and mistakes, set and achieve short-term and long-term goals, and succeed in educational and vocational pursuits; and

WHEREAS, in addition to the above negative outcomes, children and adults are more likely to attempt to self-medicate trauma-related "fight-flight-or-freeze" anxiety and emotional dysfunction by using available substances such as tobacco, alcohol, prescription medications, and street drugs, including heroin, methamphetamine, cocaine, and cannabis; and

WHEREAS, because of the cumulative adverse effects of the above negative outcomes on their physical health and emotional and cognitive capabilities, children and adults affected by severe traumatic events, despite their sincere and best efforts to succeed in life, are more likely to:

1. Perform poorly in school and other academic pursuits;
2. Struggle with work performance and sustainable employment;

3. Become chronically unemployed as adults, resulting in financial stress, reduced quality of life, and increased risk of experiencing long-term disability, homelessness, and other personal and family traumatic experiences;
4. Become dependent on and addicted to tobacco, alcohol, prescription medications, illicit drugs, and other substances;
5. Become directly engaged with law enforcement and the criminal justice system;
6. Suffer from significant mental illness, including depression, psychosis, and severe anxiety, leading to suicides and attempted suicides that otherwise would not have occurred;
7. Suffer from serious physical health problems with poor long-term outcomes that otherwise would not have occurred;
8. Engage in high-risk sexual behaviors as adolescents and adults, including onset of sexual activity at an early age and multiple sexual partners, resulting in increased risks of adolescent pregnancy and paternity, other unintended pregnancies, and sexually transmitted diseases;
9. Experience significant problems and failures in marriage and other intimate partner relationships;
10. Become victims or perpetrators of intimate partner violence as adults;
11. Struggle, despite their sincere efforts, to provide a stable and nurturing environment for their current and future children, resulting in increased likelihood of intergenerational trauma and intergenerational poverty; and
12. Face a life expectancy shortened by as many as 20 years when compared to average life expectancy for adults who did not experience severe trauma as children; and

WHEREAS, with an increase in understanding about the impacts of trauma has come the development of evidence-based questionnaires that identify behaviors and health-related disorders in children and adults that can be indicative of possible trauma-related exposures; and

WHEREAS, using these questionnaires can provide the opportunity to identify and refer a child or adult for appropriate additional evaluation and treatment; and

WHEREAS, the mental health profession can effectively diagnose and treat trauma-related disorders following evidence-based approaches that have been proven to be successful; and

WHEREAS, early childhood offers an important window of elevated opportunity to prevent, treat, and heal the impacts of adverse childhood experiences and toxic stress on a child's brain and body; and

WHEREAS, a critical factor in buffering a child from the negative effects of toxic stress and adverse childhood experiences is the existence of at least one stable, supportive relationship between the child and a nurturing adult; and

WHEREAS, with the increase in scientific understanding and ability to identify, prevent, and treat trauma-related disorders, there is great hope for thousands of Idaho children and adults to begin healing from the negative effects of adverse childhood experiences, to develop resiliency, and to have brighter, more productive futures than was previously possible; and

WHEREAS, in order to maximize the potential for positive outcomes of evidence-based interventions in the treatment of severe trauma, it is imperative that employees of the State of Idaho and other people who interact directly with vulnerable children and adults become informed regarding the effects of trauma on the human brain and available screening and assessment tools and treatment interventions that lead to increased resiliency in children and adults who struggle in life as the result of trauma-related disorders.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that all officers, agencies, and employees of the State of Idaho whose responsibilities include working with vulnerable children and adults, such as the State Board of Education, the State Department of Education, the Department of Health and Welfare, the Department of Correction, the Department of Juvenile Corrections, the Department of Labor, and Idaho courts, are encouraged to:

1. Become informed regarding well-documented detrimental short-term and long-term impacts to children and adults from serious traumatic childhood experiences as outlined above; and
2. Implement evidence-based interventions and practices that are proven to be successful in developing resiliency in children and adults currently suffering from trauma-related disorders to help them recover from their trauma and function at their full capacity and potential in school, in the workplace, and in community, family, and interpersonal relationships.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the State Board of Education, the State Department of Education, the Department of Health and Welfare, the Department of Correction, the Department of Juvenile Corrections, the Department of Labor, and the Idaho Supreme Court.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to all nonprofit agencies and other entities that contract with the State of Idaho to provide services to vulnerable children and adults.

**HOUSE CONCURRENT RESOLUTION NO. 30**  
**BY HEALTH AND WELFARE COMMITTEE**  
A CONCURRENT RESOLUTION  
STATING FINDINGS OF THE LEGISLATURE AND  
RECOGNIZING PANDAS/PANS AWARENESS DAY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection (PANDAS) and pediatric acute-onset neuropsychiatric syndrome (PANS) involve a misdirected autoimmune process that affects or weakens the blood-brain barrier in children; and

WHEREAS, children afflicted with PANDAS or PANS display sudden, dramatic changes in personality manifesting as obsessive compulsive disorder together with accompanying symptoms following a strep, bacterial, or viral infection. Accompanying symptoms may include tics, intense fear or anxiety, depression, behavioral regression, deterioration in school performance, sensory sensitivities, severely restricted food intake, and more; and

WHEREAS, it is estimated that at least 1 in 200 children in the United States, including more than 2,000 children in Idaho, are affected by PANDAS/PANS; and

WHEREAS, children with PANDAS/PANS can often go undiagnosed or be misdiagnosed or undertreated. PANDAS/PANS is likely as common as pediatric cancer and pediatric diabetes and can seriously affect health outcomes in a child's life; and

WHEREAS, established standards of care for treatment of PANDAS/PANS include antibiotics, steroids, intravenous immunoglobulin, plasmapheresis, cognitive behavioral therapy, and anti-inflammatory medications and are utilized based on the needs of the child and the severity of an individual case; and

WHEREAS, greater public awareness of this health issue is imperative to improve timely diagnosis and access to treatment so that health outcomes for affected children may be improved; and

WHEREAS, on September 21, 2021, Governor Little issued a proclamation recognizing October 9, 2021, as PANDAS/PANS Awareness Day in Idaho, which proclamation directly inspired this resolution.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that October 9, 2022, be recognized in the State of Idaho as PANDAS/PANS Awareness Day.

BE IT FURTHER RESOLVED that the Legislature recognizes and honors the patients and families affected by PANDAS/PANS and the practitioners who assist them.

BE IT FURTHER RESOLVED that the Legislature encourages the Department of Health and Welfare, in cooperation with the State Board of Education, the State Department of Education, and school districts, to ensure accurate information about PANDAS/PANS is readily accessible to Idaho families by collaborating with an established PANDAS/PANS nonprofit organization on educational materials.

**HCR 30** was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

#### BY JUDICIARY, RULES AND ADMINISTRATION

#### A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Yellowstone National Park was established in 1872 as the first national park in America; and

WHEREAS, while the majority of Yellowstone is located in Wyoming, small portions of the park are located in Montana and Idaho; and

WHEREAS, as a national park, Yellowstone is federal land, and any crimes committed within the confines of Yellowstone are federal crimes; and

WHEREAS, Congress has established in United States Code that all of Yellowstone, including the portion in Idaho, falls under the jurisdiction of the United States District Court for the District of Wyoming; and

WHEREAS, an article by Professor Brian C. Kalt in the Georgetown Law Journal theorizes that the United States Constitution requires that for any crime committed in the portion of Yellowstone located in Idaho, the jurors in such a trial would need to be drawn from the portion of Yellowstone located in Idaho; and

WHEREAS, according to the 2020 census, the population of the portion of Yellowstone located in Idaho is zero, meaning there would be no potential jurors for a crime committed there; and

WHEREAS, without any potential jurors, a person who commits a crime in the portion of Yellowstone located in Idaho would theoretically be deprived of their constitutional right to a trial by jury, and the United States District Court may have no choice but to dismiss any such charges; and

WHEREAS, such a legal loophole creates a scenario where any person who commits a crime in the portion of Yellowstone located in Idaho could commit such crime with impunity; and

WHEREAS, placing the portion of Yellowstone located in Idaho under the jurisdiction of the United States District Court for the District of Idaho would theoretically close such a loophole.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature calls upon Congress to close this potential legal loophole by amending United States Code and placing the portion of Yellowstone National Park located in Idaho under the jurisdiction of the United States District Court for the District of Idaho while maintaining the United States Court of Appeals for the Tenth Circuit as the proper venue for all administrative appeals concerning Yellowstone.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress and to the congressional delegation representing the State of Idaho in the Congress of the United States.

Be It Resolved by the House of Representatives of the State of Idaho:

##### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND RECOGNIZING THE OUTSTANDING CONTRIBUTIONS THAT LOUISE MCCLURE MADE TO THE PEOPLE OF IDAHO THROUGH HER SELFLESS PUBLIC SERVICE AND COMMITMENT TO THE ARTS AND RECOGNIZING MARCH 30, 2022, AS "LOUISE MCCLURE DAY" IN HONOR OF HER EXTRAORDINARY IMPACT ON IDAHO AND THE WORLD.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Louise Miller McClure was born March 30, 1928, in Troy, Idaho, to wheat farmers Claude and Dorothy Miller and grew up in Nezperce, Idaho, along with her older brother, Duane. She began school in a one-room schoolhouse, riding there behind her brother on their horse. Her lifelong love

of music and the arts began early, with public performances at the age of five that continued through high school by playing the piano for community dances; and

WHEREAS, in 1946, she graduated from Nezperce High School as valedictorian and continued her studies at the University of Idaho. She pursued a bachelor's degree in music and education at a time when most young women were content to find a future in their own backyards. Her time at the University of Idaho and in the Greek system as a member of the Delta Delta Delta sorority was transformative. It was during these four years that she established her reputation of leadership, commitment to service, and a life guided by fairness, intelligence, and grace. While at the University of Idaho, she captured the mind and heart of a young law student, James A. McClure. She was singing as a soprano soloist with the University of Idaho choir, the "Vandaleers," when she met Jim, who sang bass in the choir. To the joy of their friends, family, and many acquaintances throughout their lifetime, Jim and Louise often lead groups in song, from the Star Spangled Banner to the Idaho State Song and the University of Idaho Alma Mater, "Here We Have Idaho." After she graduated in 1950 with a BA degree in Music, Phi Beta Kappa, Jim and Louise married and moved to Payette, where Jim practiced law with his father; and

WHEREAS, Louise continued her enduring commitment to enriching her local community, which included joining the Payette P.E.O., Friday Musicale, a couples bridge club, and directing the church choir, while raising their three children, Marilyn, Ken, and David; and

WHEREAS, Jim was also busy starting his political career, eventually leading to state and national responsibilities. He served as the Payette County prosecuting attorney, served as an Idaho state senator, was a three-term member of Congress (1967-1972) representing the First District of Idaho, and was elected three times to the United States Senate (1973-1991). Louise was his full partner in campaigning and influencing, and, with her warm, outgoing personality, she made loyal, lifelong friends across Idaho, in Washington, D.C., and the world; and

WHEREAS, in Washington, D.C., she joined the Congressional Club and the International Club, whose members included wives of senators, congressmen, ambassadors, and journalists. The women forged influential international friendships. When Jim was elected to the Senate, Louise became actively engaged with the Senate Wives' Club, which organized to serve the International Red Cross and impact other important issues. While furthering the mission of the International Red Cross, the Senate Wives, later called Senate Spouses, hosted a First Lady Luncheon every year. These events facilitated professional networking, enhanced idea exchange, and fostered lifelong friendships, like the relationship between "Mrs. James A. McClure" and "Mrs. George H.W. Bush" and their families. Congressional families are integral to robust policymaking. Entertaining dignitaries, visiting communities, representing constituents, and advocating are all part and parcel of the job of a congressional spouse. Louise was precisely the kind of leader who led the charge into the activities that built relationships and fostered collaborations. Her service was an absolute necessity on innumerable occasions, ranging from international events to hosting dignitaries. The relationships cultivated in the International Club were so important in these settings. Louise's leadership, organization, and strategic thinking complemented and provided the kind of counsel that Senator McClure needed to navigate and negotiate a nearly 30-year stellar career in Idaho and federal politics; and

WHEREAS, Louise met a tremendous number of leaders and spouses while traveling as part of delegations and attending receptions and dinners. She had the honor and pleasure of meeting

all United States presidents and first ladies from President Lyndon B. Johnson and First Lady "Lady Bird" Johnson through President George W. Bush and First Lady Laura Bush; and

WHEREAS, supporting and fostering the arts, Louise's fine arts education and talents were welcomed in Washington, D.C., and she became recognized as a champion for the arts. In 1983, she was the driving force for "Sawtooths and Other Ranges of the Imagination," an Idaho art exhibit at the Smithsonian American Art Museum in Washington, D.C. In 1991, President George H.W. Bush appointed Louise to the National Council on the Arts, the body that oversees the National Endowment for the Arts (NEA). She helped guide the NEA through a particularly challenging period during her six-year term of service. Louise was a formidable champion, advocating tenaciously to Congress and arts leadership for continued support of the NEA; and

WHEREAS, in 1990, Louise was honored to sponsor the Navy submarine U.S.S. Boise, christening it by smashing a champagne bottle across its bow, leading to lifelong relationships with its crew; and

WHEREAS, when her time in Washington, D.C., had ended, Louise focused on advancing communities and the arts in Idaho. She served on the Boise Philharmonic, Parents and Youth Against Drug Abuse, Boise State Radio, and the Women's and Children's Alliance. In 2010, Idaho Governor C.L. "Butch" Otter honored Louise and Jim by bestowing them with the Lifetime Achievement Award at the Governor's Awards in the Arts; and

WHEREAS, Louise also took great pride in serving the University of Idaho, sharing her leadership on numerous college and department advisory boards, including the University Foundation; Lionel Hampton Jazz Festival; College of Letters, Arts and Social Sciences; and the Martin Institute. Jim and Louise served as honorary co-chairs of the "Campaign for Idaho" alongside Malcolm and Carol Renfrew and Frank and Harriett Shrontz from 2000 to 2004. The campaign was the first successful comprehensive campaign in University of Idaho history, thanks in large part to the efforts of the McClures and many other volunteers. Her service to the University of Idaho was honored with the President's Medallion, Alumni Hall of Fame Award, and Distinguished Idahoan Award. The university awarded her an honorary doctorate of Humane Letters in 2012 and chose her to be commencement speaker in 2014; and

WHEREAS, the McClures also worked tirelessly to establish the James A. and Louise McClure Center for Public Policy Research based at the University of Idaho, recognizing the importance of solid facts and well-researched science to making sound public policy decisions. Louise was gratified to see it become an important contribution to the development of public policy and understanding in Idaho; and

WHEREAS, throughout her life, Louise was an involved citizen, concerned about the civic life of our world. She always remained an engaged and engaging farm girl from a small town in Idaho who grew up to live a storied life, meeting presidents, the Pope, kings and queens, Mother Teresa, famous artists and musicians, and impacting the lives of so many people in Idaho and around the world. In addition to U.S. presidents and dignitaries, other notable international leaders and royalty she met include those from Britain, Egypt, Jordan, Saudi Arabia, and Thailand. Over her life, Louise visited more than 80 countries. Forging connections with the partners and families of world leaders was integral to Senator McClure's success, bridging policymaking and community making; and

WHEREAS, Louise passed away on September 19, 2021. Due to the pandemic, no services in honor of Louise were held. Louise is missed by her many friends, and in particular by her family, including her daughter Marilyn Roach (Randy), her son Ken (Sally), her son David (Cheryl), grandchildren Emily

McClure (Trevor Lindsay), Katie Moon (Jarrett), Dillon Roach (Holly), Eileen Archer (Scott), Joel McClure (Shanin), Kevin McClure (Melissa), and seven great-grandchildren.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the State of Idaho recognizes the outstanding contributions that Louise McClure made to the people of Idaho through her selfless public service and commitment to the arts.

BE IT FURTHER RESOLVED that the Idaho Legislature will recognize March 30, 2022, as "Louise McClure Day" in honor of her extraordinary impact on Idaho and the world.

**HOUSE CONCURRENT RESOLUTION NO. 36  
BY JUDICIARY, RULES AND ADMINISTRATION  
COMMITTEE**

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND  
RECOGNIZING AND THANKING THE MINING INDUSTRY  
FOR ITS CONTRIBUTIONS TO THE PAST, PRESENT, AND  
FUTURE OF IDAHO AND RECOGNIZING MAY 2, 2022, IN  
MEMORY OF THOSE WHO LOST THEIR LIVES IN THE  
SUNSHINE MINE DISASTER.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, mining has been at the core of Idaho's history, and the discovery of gold ensured the Idaho Territory would be established in 1863. Almost every important metal and mineral is found in Idaho. As the gold fields were depleted, the search for other opportunities uncovered silver, lead, and zinc deposits in the Coeur d'Alene area, which became known as one of the world's richest mineral areas. Idaho is the nation's top producer of newly mined silver, producing almost 45% of the total mined in the United States; and

WHEREAS, the Coeur d'Alene mining district that encompasses Kootenai and Shoshone counties is considered one of the richest metal mining areas in the world, producing an estimated two billion dollars since 1885. The largest and richest silver mines in the United States include the Sunshine, Galena, and Bunker Hill mines, all located in Shoshone County; and

WHEREAS, On May 2, 1972, 173 men began work at 7:00 a.m. at the Sunshine silver mine, which is over a mile deep with more than 100 miles of tunnels. At about 11:40 a.m., two electricians stepped out of the electric shop that was located on the 3700 level, smelled smoke, and shouted a warning. A fire had broken out, and smoke, carbon monoxide, and other gases swept through the tunnels and shafts; and

WHEREAS, the management team and officials of the Sunshine Mining Company were attending the annual stockholders' meeting in Coeur d'Alene, about 45 miles away, leaving no designated individual in charge of the rescue operations and the remaining foremen underground and on the surface to organize the rescue operations for their own crews;

WHEREAS, 83 men survived the disaster, with 81 making it to safety on May 2 and two more rescued on May 9; and

WHEREAS, 91 miners died from smoke inhalation or carbon monoxide poisoning, making it one of the worst mining disasters in American history and the worst in Idaho's history; and

WHEREAS, the community erected a monument in honor of the lost miners near the mine site; and

WHEREAS, former Idaho Governor Philip E. Batt authored the poem, "We Were Miners Then" in 1972 that reflected the horror, sadness, solidarity, and pride in recovery that Idahoans felt in response to the Sunshine silver mine disaster that reads as follows:

"Our tongues have not tasted the bitter dust  
The roar of the drills has never reached our ears.  
Unfelt to us is the darkness of the shafts.

Yet we are Idahoans

and we were miners then.

We are farmers

We run the water from melted snows

Onto parched desert soil.

The planted seeds take root and grow

The harvest fills our granaries.

The pits are strange to us

But we are Idahoans

And we were miners then.

We are loggers

We are your neighbors

We share the high country with you

But we sing our song

To the buzzing of the chainsaw

And do our dance on the spinning logs.

There's no room in the mine

For our trees to fall

But we are Idahoans

And we were miners then.

We are cattlemen, innkeepers, merchants,

Men of the law and men of the cloth

Ours are a thousand trades

But only you go into the bowels of the

Earth to do your daily chores

Yet we are all Idahoans

And we were miners then.

Yes, we were miners;

We waited in spirit at the mouth of the pit

Ached in unison at the news of the dead

Joined the jubilation at the rescue of the living

Marveled at the poise of the tiny community.

And we became strong

The flux of the widows' tears welded

Your strength into our bodies.

And we were all Idahoans

And we were all miners

And we were all proud."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that Idaho recognizes and thanks the mining industry for its contributions to the past, present, and future of Idaho.

BE IT FURTHER RESOLVED that the Legislature recognizes May 2, 2022, in memory of those who lost their lives in the Sunshine silver mine disaster.

**HOUSE JOINT MEMORIAL NO. 4  
BY JUDICIARY, RULES AND ADMINISTRATION  
COMMITTEE**

A JOINT MEMORIAL

TO THE SENATE AND THE HOUSE OF  
REPRESENTATIVES OF THE UNITED STATES IN  
CONGRESS ASSEMBLED, TO THE CONGRESSIONAL  
DELEGATION REPRESENTING THE STATE OF IDAHO IN  
THE CONGRESS OF THE UNITED STATES, AND TO THE  
OFFICE OF MANAGEMENT AND BUDGET.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, Butte County is a rural area with a population of approximately 2,500 people. In 2013, Butte County was included

as an outlying county of the Idaho Falls Metropolitan Statistical Area (MSA). This designation leaves Butte County ineligible for a variety of grants and opportunities; and

WHEREAS, the circumstances surrounding Butte County are unique. It is home to the Idaho National Laboratory (INL), an 890-square-mile Department of Energy facility, employing approximately 4,000 workers. Under current Office of Management and Budget standards, Butte County is an outlying county of the MSA because at least 25% of its workforce resides in Bonneville County, where Idaho Falls is located; and

WHEREAS, as the nation's premier nuclear energy research lab, the INL is a secure facility. The lab transports, stores, and handles sensitive materials in this remote location; and

WHEREAS, due to the nature of the INL's work, Butte County businesses and residents cannot access the property or provide goods or services to the thousands of employees. Butte County receives minimal economic benefit from the commuting workforce. The INL should not affect the rural designation of the county; and

WHEREAS, unfairly designating Butte County as metropolitan is an unintended consequence of the Office of Management and Budget's 2010 standards. Idaho's congressional delegation introduced Senate Bill 372 and House of Representatives Bill 1113, the Statistical Area Fairness Act, to ensure that rural counties with large federal facilities are not negatively affected by MSA designations.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that it must be ensured that rural counties with large federal installations within their borders are not negatively affected by core-based statistical area designations.

BE IT FURTHER RESOLVED that in delineating core-based statistical areas, the Office of Management and Budget should not include a county in which a large federal installation is located in a core-based statistical area on the basis of the percentage of the employment in that county that is accounted for by workers who reside in the central county or counties of the core-based statistical area, as determined by the Office of Management and Budget.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, to the congressional delegation representing the State of Idaho in the Congress of the United States, and to the Office of Management and Budget.

**HCR 34, HCR 35, HCR 36, and HJM 4** were introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

## 7TH ORDER

### Motions, Memorials, and Resolutions

#### HOUSE JOINT MEMORIAL NO. 5 BY STATE AFFAIRS COMMITTEE A JOINT MEMORIAL

TO JAY INSLEE, GOVERNOR OF THE STATE OF WASHINGTON.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-sixth Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the State of Idaho and the State of Washington have always enjoyed a supportive and mutually beneficial relationship; and

WHEREAS, a strong and cooperative relationship among the states is in the best interest of residents of both states; and

WHEREAS, a recent proposal in the Washington Legislature to impose a six-cent-per-gallon tax on gasoline and diesel fuel exported to Idaho, for the purpose of funding transportation and other projects in Washington, would create additional and unnecessary costs to Idahoans; and

WHEREAS, the proposed tax would be a clear violation of the Commerce Clause in Article I, Section 8 of the United States Constitution, which prohibits states from imposing an undue burden on interstate commerce; and

WHEREAS, the United States Supreme Court has previously found similar taxing schemes unconstitutional; and

WHEREAS, the proposed tax would impose an enormous financial burden on Idahoans in the name of offsetting Washington business costs; and

WHEREAS, the proposed tax would further impose an additional burden and cost on many Idaho businesses, which rely on the great work of our long-haul truck drivers to supply their

businesses and workers and to get Idaho's agricultural products to market; and

WHEREAS, businesses, manufacturers, farmers, truckers, ranchers, and other Idahoans oppose the imposition of the proposed tax and have demanded that the Idaho Legislature take action against it; and

WHEREAS, Idahoans should not be subject to a tax imposed by a legislative body in which they have no representation.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature strongly opposes the imposition of a tax on fuel exported by Washington to Idaho.

BE IT FURTHER RESOLVED that the Legislature believes the proposed tax is strongly antithetical to the letter and spirit of the United States Constitution.

BE IT FURTHER RESOLVED that the Legislature strongly opposes a trade war imposed by one state against its sister state.

BE IT FURTHER RESOLVED that the Legislature urges Governor Jay Inslee to speak out immediately against the proposed tax and to commit to vetoing the unwise and disruptive legislation should it reach his desk.

**HOUSE RESOLUTION NO. 19  
BY STATE AFFAIRS COMMITTEE**

**A HOUSE RESOLUTION**

**STATING FINDINGS OF THE HOUSE OF REPRESENTATIVES AND URGING THE SUPREME COURT**

**TO REVERSE ITS JURISPRUDENCE ON ABORTION AND INSTEAD RECOGNIZE THE AUTHORITY OF THE STATE OF IDAHO TO APPLY STATE LAWS TO PROTECT EVERY HUMAN BEING FROM FERTILIZATION TO NATURAL DEATH.**

Be It Resolved by the House of Representatives of the State of Idaho:

WHEREAS, the Supreme Court of the United States (hereafter referred to as the "Federal Court") is an integral component of our country's federal system and of our republican form of government; and

WHEREAS, Article VI of the United States Constitution designates the Constitution itself, not the opinions of the Federal Court, as the supreme law of the land; and

WHEREAS, the Federal Court is not only bound by the text of the Constitution, but it is also bound by the limits on human civil authority revealed by God; and

WHEREAS, only decisions by the Federal Court that are consistent with the Constitution are the supreme law of the land and therefore binding on the states; and

WHEREAS, the Federal Court's egregious decision in *Roe v. Wade* in 1973 is an affront to God and finds no basis in the text of the Constitution; and

WHEREAS, preborn persons are entitled to the equal protection of the laws under the Fourteenth Amendment to the United States Constitution; and

WHEREAS, Idaho's courts and prosecutors have long recognized equal protection by enforcing the state's criminal murder laws and imposing prison sentences for the murder of preborn persons; and

WHEREAS, 31 children are killed every week, and over 1,500 a year, in abortions in just three cities in Idaho: Boise, Meridian, and Twin Falls; and

WHEREAS, the Idaho legislature has conformed Idaho Code to *Roe v. Wade* and has patiently endured 49 years waiting for the Federal Court to change its judicial precedent set in *Roe v. Wade* and has abided by the Federal Court's unconstitutional opinions while over 73,000 children have been aborted in this state; and

WHEREAS, regardless of which president has appointed the Federal Court's justices, the Federal Court has asserted in at least 40 opinions over the decades that children killed in abortions have no constitutional right to life; and

WHEREAS, the last such unconstitutional abortion opinion of the Federal Court was as recent as the June 29, 2020, decision in *June Medical Services L.L.C. v. Russo*; and

WHEREAS, the Federal Court will, once again, issue another opinion on murder by abortion in the summer of 2022 in *Dobbs v. Jackson Women's Health Organization*; and

WHEREAS, the legislators in the Idaho House of Representatives are oath-bound to follow the decisions of the Federal Court only insofar as the Federal Court follows the Constitution; and

WHEREAS, the ongoing killing of children in abortions in Idaho is an emergency and is contrary to the right to life, safety, and equal protection of all persons regardless of age, size, ability, or location declared in Article I of the Idaho Constitution.

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives, assembled in the Second Regular Session of the Sixty-sixth Idaho Legislature, that the Idaho House of Representatives urges the Supreme Court of the United States to reverse its longstanding jurisprudence on abortion and instead recognize the authority of the State of Idaho to apply state laws equally, without exception, to protect every human being from fertilization to natural death.

BE IT FURTHER RESOLVED that if the Federal Court does not reverse course and recognize this state's authority over murder, that the Idaho House of Representatives will no longer just patiently endure the unconstitutional opinions of the Federal Court on this subject but will examine and pursue its constitutional authority under Article VI and the Tenth and the Fourteenth Amendments to the United States Constitution to outlaw all murder by abortion in the state's jurisdiction.

### Motions, Memorials, and Resolutions

#### HOUSE CONCURRENT RESOLUTION NO. 52

#### BY WAYS AND MEANS COMMITTEE

#### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND DIRECTING THE COMMITTEE ON FEDERALISM TO STUDY AND DRAFT LEGISLATION RELATING TO ENVIRONMENTAL, SOCIAL, AND GOVERNANCE STANDARDS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Idaho Legislature and the people of Idaho acknowledge the Idaho Constitution and the United States Constitution as the supreme law of the land that cannot be usurped in any form or by any outside forces, including those that may come from outside the United States; and

WHEREAS, the rights and freedoms of the people of Idaho are increasingly threatened by the alliance of large corporations, banks, investors, and governmental entities in their efforts to impose environmental, social, and governance (ESG) standards; and

WHEREAS, ESG standards are intended to alter how businesses and investments are evaluated so that instead of focusing on the quality of goods and services, profits, and other traditional economic metrics, businesses and investments are instead evaluated based on various environmental, social justice, or corporate governance causes and assigned scores so that they can be compared, rewarded, or potentially punished according to such factors; and

WHEREAS, central banks, governments, and wealthy investors have invested trillions of dollars into ESG-related investments; and

WHEREAS, the Glasgow Financial Alliance for Net Zero (GFANZ), a group supported by the Biden administration, claims to have more than 450 banks, insurers, and other asset managers in dozens of countries as members, as well as \$130 trillion in assets; and

WHEREAS, the widespread use of ESG standards by central banks, financial institutions, corporations, and governments threatens to restrict individual and economic rights and to usurp legislative processes, the Idaho Constitution, and the United States Constitution; and

WHEREAS, Klaus Schwab, founder and executive chairman of the World Economic Forum, has called for a fundamental change to Americanism when he said, "the world must act jointly and swiftly to revamp all aspects of our societies and economies, from education to social contracts and working conditions. Every country, from the United States to China, must participate, and every industry, from oil and gas to tech, must be transformed. In short, we need a 'Great Reset' of capitalism"; and

WHEREAS, Larry Fink, the CEO of Blackrock, the world's largest asset management company, and most powerful person on Wall Street, promises to use ESG scores as a way to alter society. Fink has said, "every company and every industry will be transformed by the transition to a net-zero world... The question is, will you lead, or will you be led?"; and

WHEREAS, the threat to our individual freedoms from the use of ESG standards will increase significantly if the Federal Reserve adopts a digital currency, which could help banks and governments track all spending across the entire U.S. economy; and

WHEREAS, according to a report by the accounting firm KPMG, thousands of companies located in more than 50 countries already use ESG standards, including 82% of large companies in the United States; and

WHEREAS, ESG standards are designed to create a "great reset" of capitalism and to revamp all aspects of our society and economy, from education to social contracts and working conditions; and

WHEREAS, free market capitalism requires a level playing field and the ability to compete; and

WHEREAS, various states have considered legislation to address the risks of ESG to their citizens; and

WHEREAS, legislative efforts to curtail the usage and impact of ESG standards have focused on divestment from financial institutions and other businesses that discriminate against vital state sectors and the elimination of ESG, social credit, or similar metrics that allow discrimination in providing goods and services to individuals and businesses; and

WHEREAS, states, local businesses, and families should be able to control their rights, freedoms, and choices; and

WHEREAS, protecting those proper rights and freedoms is the fundamental role of our government; and

WHEREAS, the Legislature's Committee on Federalism is authorized pursuant to Section 67-9301, Idaho Code, to "monitor and review federal acts, laws, and regulations that may impact the jurisdiction, governance, and sovereignty of the state of Idaho."

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-sixth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Committee on Federalism, the sponsors of this resolution, and the Idaho State Treasurer, where appropriate, at the direction of the Idaho Legislature, shall work with concerned parties to study the topic of ESG standards and shall draft legislation that protects the State of Idaho and its citizens from the use of ESG standards.

BE IT FURTHER RESOLVED that the Committee on Federalism shall report its findings and recommendations, along with the proposed legislation, to the Legislative Council in November 2022 and to the First Regular Session of the Sixty-seventh Idaho Legislature.

### 4TH ORDER

#### Consideration of Messages from the Governor and the Senate

THE OFFICE OF THE GOVERNOR

#### CERTIFICATE OF APPOINTMENT

**KNOW ALL MEN**, that pursuant to the provisions of Section 59-917, Idaho Code, BARBARA EHARDT, State Representative, District 33, Seat A, Bonneville County, State of Idaho, has nominated, BRYAN ZOLLINGER, of 2355 S. Ballin Road, Idaho Falls, Idaho 83402, to perform the duties of this office temporarily as Acting State Representative, District 33, Seat A.

**NOW, THEREFORE, I, BRAD LITTLE**, Governor of the State of Idaho, by virtue of the authority vested in me do hereby appoint Bryan Zollinger of Idaho Falls, Idaho, to the office of Acting State Representative, District 33, Seat A, for a term commencing March 16, 2022, and continuing until such time as Representative Ehardt is able to resume her duties.

**IN TESTIMONY WHEREOF**, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this 16th day of March, in the year of our Lord two thousand and twenty-two, and of the Independence of the United States of America, the two hundred and forty-sixth year

and of the Statehood of Idaho the one hundred and thirty-second year.

OFFICE OF THE GOVERNOR  
Boise

March 16, 2022

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 16, 2022 and am transmitting to the Secretary of State the following House bills, to wit:

**H 469, H 559, and H 563**

Sincerely,  
/s/ Brad Little

THE OFFICE OF THE GOVERNOR  
Boise

March 16, 2022

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I am returning herewith, without my approval, disapproved and vetoed:

**H 533**

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 10:20 a.m. on March 11, 2022.

I veto this legislation because Master Educator Premiums are currently set to sunset on July 1, 2024. Prior to sunseting this program, Master Educator Premiums were intended to be an incentive to keep teachers in the classroom; by providing them to teachers who moved outside of teaching roles, this appears to be at odds with the original purpose of this program.

I share the goal of ensuring all our educators are appropriately compensated and rewarded. A more appropriate way of doing that is focusing on pay and benefits. My budget this year provides a record CEC and a historic investment in health insurance for teachers, classified staff, and administrators. I urge the legislature to bring these critical budget items across the finish line this session.

/s/ Sincerely,  
Brad Little  
Governor

As required by Article 4, Section 10 of the Idaho Constitution, **H 533** was before the House for reconsideration.

The question being, "Shall **H 533** pass, the veto of the Governor notwithstanding?"

Mr. Moyle asked unanimous consent to postpone consideration of vetoed **H 533** until Monday, March 21, 2022. Without objection, it was so ordered.

**HOUSE RESOLUTION NO. 21**  
**BY WAYS AND MEANS COMMITTEE**

A HOUSE RESOLUTION

STATING FINDINGS OF THE HOUSE OF REPRESENTATIVES AND PLEDGING TO CONTINUE TO BE ACTIVELY ENGAGED IN DISCUSSIONS WITH THE GREATER IDAHO MOVEMENT TO DETERMINE THE BEST POSSIBLE COURSE FOR IDAHO.

Be It Resolved by the House of Representatives of the State of Idaho:

WHEREAS, many members of the House of Representatives have been actively engaged with members of Citizens for a Greater Idaho to move Idaho's borders to include portions of Oregon; and

WHEREAS, the people of Oregon are eager to continue talks with Idahoans and Idaho legislators about the possibility of moving the borders; and

WHEREAS, Oregon has many resources that would be highly beneficial to Idaho and Idahoans, some of which include a large open and rugged land mass, water resources, timber, and minerals; and

WHEREAS, Idaho would have the ability to approve tax-based projects at the deep-water port at Coos Bay, thus no longer needing to rely upon the Portland port and making it much easier to get products to market with the new option at Coos Bay; and

WHEREAS, access to Coos Bay provides a backup to potential dam breaches on the Snake River; and

WHEREAS, the proposed Oregon counties that would join with Idaho would be a huge boost to Idaho's tax base once they were free and clear of the regulatory constraints of Oregon.

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives, assembled in the Second Regular Session of the Sixty-sixth Idaho Legislature, that the

House of Representatives will continue to be actively engaged in discussions with the Greater Idaho movement as we determine the best possible course for Idaho.

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 24, 2022 and am transmitting to the Secretary of State the following House bill, to wit:

**H 714**

I have consistently said that our state tax policies should be fair, simple, competitive, and predictable. I am concerned that **House Bill 714** may not meet this standard, particularly because of the bill's retroactive, unpredictable effect. The fiscal note

assumes the impact to be less than \$400,000, but the actual fiscal impact is completely unknown. I have asked the Idaho State Tax Commission to provide me, to the best of their ability, with the actual impacts of this legislation following its implementation. I will share this information with the relevant committees in the House and Senate.

Sincerely,  
/s/ Brad Little

Be It Resolved by the House of Representatives of the State of Idaho:

WHEREAS, Article III, Section 24 of the Idaho Constitution affirms the bedrock principle that the "first concern of all good government is the virtue and sobriety of the people" and further directs the Idaho Legislature to enact policies that promote temperance and morality; and

WHEREAS, the Idaho Legislature has long declared its policy to "restrain the distribution, promotion, or dissemination" of obscene material or material harmful to minors as provided in Section 18-1513, Idaho Code; and

WHEREAS, the Supreme Court of the United States confirmed in *United States v. American Library Association* that states have a compelling government interest in protecting young library users from material inappropriate for minors; and

WHEREAS, the Idaho Library Association acknowledges the value of Sections 18-1513, 18-1514, and 18-1515, Idaho Code, including the statutory definition of "harmful to minors," in ensuring that obscene material is not made available in sections of the library designated for minors. The Association has affirmed its commitment to ensuring that libraries are a place where the safety of children is prioritized. The Association states that it is committed to working with state lawmakers to this end; and

WHEREAS, the Idaho Commission for Libraries has committed to: (1) Verifying that its resources for K-12 students comply with Sections 33-2508 and 33-137, Idaho Code; (2) Incorporating references to relevant statutes regarding obscene material in the Commission's Electronic Resources Collection Development Policy; and (3) Providing a written report to the House Working Group for Protecting Idaho Children from Material Harmful to Minors in Libraries.

This report included the plan adopted by the Commission in November, which was later upheld by the Idaho Supreme Court.

Thank you, and please feel free to contact me if you have any questions.

Pursuant to Section 72-1508, Idaho Code, the Speaker ordered the Final Report of the Commission for Reapportionment spread upon the pages of the Journal. (see Appendix)

**IN TESTIMONY WHEREOF**, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this 31st day of March, in the year of our Lord two thousand and twenty-two, and of the Independence of the United States of America, the two hundred and forty-sixth year and of the Statehood of Idaho the one hundred and thirty-second year.

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 25, 2022 and am transmitting to the Secretary of State the following House bill, to wit:

**H 565**, as amended in the Senate

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 9:40 a.m. on March 21, 2022.

I have concerns with the fiscal note and the potential tax shift this legislation will cause. Joint Senate and House Rule 18(b) requires the bill sponsor to reasonably provide "the increase or decrease in revenues by the state or units(s) of local government." The fiscal note is one sentence and simply states there is no impact to the state's General Fund. We know exempting a large category of personal property from taxation will have a significant impact at the local level, and the public deserves to better understand the full budgetary implications of this legislation.

Sincerely,

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 25, 2022 and am transmitting to the Secretary of State the following House bill, to wit:

**H 777**

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:25 p.m. on March 25, 2022.

I appreciate the extensive amount of time and work spent by the Joint Finance and Appropriations Committee to develop a sound budget that benefits all Idahoans to the fullest extent. I face the same challenges when developing my executive budget recommendation and can relate to the difficult decisions

involved in managing a lean and efficient budget that fulfills state obligations and accomplishes priorities.

Budgeting involves confronting tradeoffs and setting priorities. Given the growth trajectory of Medicaid spending, my budget proposed to leverage excess Millennium Funds to partially offset the impact to the General Fund. The legislature instead chose to use these funds for a range of other programs, including television content on smoking and vaping.

Rather than addressing this tradeoff in priorities, **House Bill 777** simply leaves a \$3.8 million gap in the General Fund budget that will have to be filled as a supplemental appropriation next legislative session and each session thereafter. This maneuver falls short of the budget integrity ideals espoused in Section 10 of the appropriation bill. Similarly, the passage of **S 1283** with no trailer appropriation, and failing to provide adequate spending authority for childcare assistance grants in **H 764**, will require supplementals next session - a budget mechanism that is intended to be reserved for unanticipated and emergency needs and one that precludes the agency from efficiently managing its annual budget.

Sincerely,  
/s/ Brad Little  
Governor

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 28, 2022 and am transmitting to the Secretary of State the following House bills, to wit:

**H 499 and H 589**

within the time prescribed by law, both having arrived in the Office of the Governor at the hour of 6:10 p.m. on March 24, 2022.

From time to time the Legislature sees fit to add additional classes of employees to Police Officer Member Status in PERSI, thus making these employees eligible for earlier retirement under the Rule of 80. Police Officer Member Status was initially meant for individuals who work in professions that require strength, endurance, or had the possibility of perishing in the line of duty. While I appreciate the stress and difficult nature of emergency communications officers, this addition stretches beyond the original intent of Police Officer Member Status.

Furthermore, these bills have inherent inconsistencies. **House Bill 499** adds emergency communications officers employed by counties and cities and by the Idaho State Police, but neglects emergency communications officers employed by the Department of Health and Welfare. **House Bill 589** adds county juvenile detention officers, misdemeanor probation officers, and adult misdemeanor probation officers, but neglects juvenile corrections direct care staff at the Idaho Department of Juvenile Corrections, the equivalent of correctional officers in the adult system. In fact, as a consequence of these two bills, the state employees not covered are the only employees of either state

or local government required to have POST Certification who remain ineligible for Rule of 80.

In a tight labor market, the piecemeal approach to Rule of 80 could actively harm the state's competitiveness in recruiting and retaining a qualified workforce in these important positions. I encourage the Legislature to add these state employees as soon as possible so this inconsistency does not remain in law more than a year. Notwithstanding my abiding concern about expanding Police Officer Member Status beyond its original intent, I have signed these bills.

Sincerely,

OFFICE OF THE GOVERNOR  
Boise

March 29, 2022

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 28, 2022 and am transmitting to the Secretary of State the following House bill, to wit:

**H 583**

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 6:10 p.m. on March 24, 2022.

While **House Bill 583** appears to be a simple bill that incorporates a series of definitions into our Idaho statutes, many view this piece of legislation as a first step to bringing digital assets, such as cryptocurrency, into the mainstream of financial transactions in our state. This effort concerns me greatly, and I have always been transparent about that.

Cryptocurrency is at the forefront of the kinds of illicit activity we have worked tirelessly to prevent in our state - human trafficking, drug trafficking, ransomware attacks, and the list goes on.

I have heard that argument that Idaho has the opportunity to be on the forefront of recognizing cryptocurrency before the federal government decides how they want to move forward in this area. To that, I say it is the constitutional obligation of the federal government to regulate our currency. If the federal government decides to take action, we will be required to update our statutes and regulations to conform whether the state takes action or not.

Sincerely,  
/s/ Brad Little  
Governor

OFFICE OF THE GOVERNOR  
Boise

March 30, 2022

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 30, 2022 and am transmitting to the Secretary of State the following House bill, to wit:

**H 575**

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 6:10 p.m. on March 24, 2022.

While I have signed this bill, it does give me some concern. Recall that just three years ago the state was asked by one county for special dispensation - which was ultimately granted - to replace a courthouse that dated back to the 1880s. I do not want counties coming hat in hand to the Legislature to become the norm because we have made it even more difficult to finance a jail or courthouse with this bill.

Additionally, this bill singles out only counties, while cities and other taxing districts retain the ability to enter long-term leases. I am also concerned with the unintended consequences if counties are forced to seek judicial confirmation as the sole means to comply with their statutory obligation. Given these concerns, my hope is the Legislature will follow closely the consequences of this bill to see if restricting long-term leases is, in fact, the correct policy.

Sincerely,  
/s/ Brad Little  
Governor

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I have signed on March 31, 2022 and am transmitting to the Secretary of State the following House bill, to wit:

**H 800**

within the time prescribed by law, the same having arrived in the Office of the Governor at the hour of 12:25 p.m. on March 25, 2022.

This session I proposed, and the Legislature appropriated, a historic CEC. Given the tight labor market and record inflation under President Joe Biden, this salary adjustment will be critical to recruiting and retaining top talent for state agencies.

The judicial branch is no different. Recruiting and retaining high quality justices serves Idaho well. Tying judicial salaries to **House Bill 782** is unfortunate, and our judges deserve the courtesy of having their salaries considered separately from complex policy changes. I sign this appropriation bill in the hopes that judicial salaries are remedied early in the 2023 legislative session.

Sincerely,  
/s/ Brad Little  
Governor

THE OFFICE OF THE GOVERNOR  
Boise

March 30, 2022

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I am returning herewith, without my approval, disapproved and vetoed:

**H 723**, as amended in the Senate

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 10:45 a.m. on March 24, 2022.

Added investments in education have been a bright spot of this legislative session. Together, we passed the single largest increase in education funding in state history with targeted investments in teacher pay, health insurance benefits, increases in classified staff salaries, and K-3 literacy. Combined, these efforts added nearly \$300 million for public schools on top of the Elementary and Secondary School Emergency Relief (ESSER) funds that school districts continue to access.

The past two years, I have approved a temporary rule adopted by the State Board of Education, substituting enrollment for average daily attendance. Each time this rule was adopted, it was designed to address known funding challenges that schools were facing due to a large drop in daily attendance created by the pandemic - often by 15-percent or more.

I am supportive of the State Board reviewing the data with school administrators this fall and promulgating a temporary rule to maintain enrollment funding for the upcoming school year. My preference is not to commit to this change in advance of such data for the following year. In anticipation of such rule this fall, I have signed **House Bill 807** to provide the stability and resources that school districts need this year.

I am committed to additional education resources in the out years. There are many areas to address. A new funding formula is one area to explore, but I also want to continue exploring opportunities to increase pay and benefits and improve facilities, among others. All these options should be on the table.

/s/ Sincerely,  
Brad Little  
Governor

As required by Article 4, Section 10 of the Idaho Constitution, **H 723**, as amended in the Senate, was before the House for reconsideration.

The question being, "Shall **H 723**, as amended in the Senate, pass, the veto of the Governor notwithstanding?"

Mr. Moyle asked unanimous consent that **H 723**, as amended in the Senate, be held at the Desk.

THE OFFICE OF THE GOVERNOR  
Boise

March 30, 2022

The Honorable Scott Bedke  
Speaker of the House

Dear Mr. Speaker:

I have the honor to advise you that I am returning herewith, without my approval, disapproved and vetoed:

**H 782**

within the time limited by law, the same having arrived in the Office of the Governor at the hour of 12:25 p.m. on March 25, 2022.

As Governor, and previously as Lieutenant Governor, I have participated in the appointment of dozens of district judges and

appellate court justices over the last decade. I have seen first-hand that our judges value our way of life and endeavor to interpret Idaho law consistent with its plain meaning.

I agree with the legislative sponsors of this bill that there is a need to modernize the Judicial Council. There were components of **H 782** I supported, but I think it is in Idaho's best interest to spend more time properly vetting these changes with all relevant stakeholders. Our starting point must be filtered through the lens of what will help us recruit and retain top quality judges for Idaho.

My office stands ready to support future efforts to modernize and improve the process by which Idaho fills judicial vacancies. I encourage my friends in the judicial and legislative branches to collaborate and identify areas of compromise that will increase transparency, preserve impartiality, and improve judicial recruitment.

/s/ Sincerely,  
Brad Little  
Governor

As required by Article 4, Section 10 of the Idaho Constitution, **H 782** was before the House for reconsideration.

It shall be the duty of the sergeant-at-arms to announce to the presiding officer of his house all committees sent to it by the other house. The sergeant-at-arms of the House shall be the sergeant-at-arms of all joint sessions.

**JOINT RULE 14****Press Accreditation. –**

The Capitol Correspondents Association shall be recognized as the accrediting agency for newsmen and news photographers covering either house of this legislature.

### JOINT RULE 15

#### **Mistaken Transmittals. –**

In event any bill, resolution or memorial or other document shall, by mistake, have been transmitted from one house to the other, it shall, upon request of the presiding officer of the house from whence it came, be immediately returned thereto unless substantive action of amendment or vote shall have already been taken thereon. The request shall clearly outline the mistake requiring the request.

### JOINT RULE 16

#### **Hours Chambers Open. –**

The Chambers of the Senate and House of Representatives shall be open, during any regular or special session, hours to be determined by the Senate Pro Tempore and the Speaker of the House of Representatives. Chamber hours may be adjusted by the Senate Pro Tempore and Speaker of the House of Representatives as necessary during all other times of the year.

### JOINT RULE 17

#### **NUMBERING. –**

(a) All bills, joint resolutions, joint memorials and concurrent resolutions in the Senate and House of Representatives shall be numbered consecutively, commencing with numbers as follows:

Bills introduced in the Senate shall commence with the number 1001.

Bills introduced in the House shall commence with the number 1.

Senate joint resolutions, joint memorials and concurrent resolutions respectively, shall commence with the number 101.

House joint resolutions, joint memorials and concurrent resolutions, respectively, shall commence with the number 1.

(b) With the exception of extraordinary sessions, bills, resolutions and memorials shall be numbered consecutively from the first through the second regular sessions of the legislature. Bills, resolutions and memorials introduced during any extraordinary session shall be numbered without regard to the numbering system used in any regular session.

### JOINT RULE 18

#### **Statement of Purpose and Fiscal Notes – General Provisions. –**

No bill shall be introduced in either house unless it shall have attached thereto a concise statement of purpose and fiscal note. The contact person for the statement of purpose and fiscal note shall be identified on the document. Statements of purpose and fiscal notes may be combined in the same statement.

#### **Statement of Purpose. – (a)**

The statement of purpose applies only to a bill as introduced, and does not necessarily reflect any amendment to the bill that may be adopted. All statements of purpose shall be reviewed for compliance with this rule by the committee to which the bill is assigned, excepting that any review is subject to Joint Rule 18(e).

#### **Fiscal Notes. – (b)**

The fiscal note applies only to a bill as introduced, and does not necessarily reflect any amendment to the bill that may be adopted. The fiscal note shall reasonably contain the proponent's full fiscal year projected increase or decrease in existing or future appropriations, and/or the increase or decrease in revenues by the state or unit(s) of local government. The bill's proponent bears the responsibility to provide a reasonably accurate fiscal note. If the fiscal note states there is no projected fiscal impact, then the fiscal note must contain a statement of the reasons that no fiscal impact is projected. All fiscal notes shall be reviewed for compliance with this rule by the committee

to which the bill is assigned, excepting that any compliance review is subject to Joint Rule 18(e). A member of the committee may challenge the sufficiency of a fiscal note at any time prior to the committee's final action on the bill.

**Debate. – (c)**

Any member of either house may debate the sufficiency of a statement of purpose or fiscal note at the time of consideration of the bill.

**May be Revised. – (d)**

Either house may revise the statement of purpose or fiscal note at any time before that house's final action on the bill; however, the revision to the statement of purpose or fiscal note is ministerial only and shall not be done by action of the house.

**Not a Statement of Legislative Intent. – (e)**

Statements of purpose and fiscal notes are mere attachments to the bill and are not voted on. The statement of purpose and fiscal note are not expressions or statements of legislative intent, and are not intended for any use outside of the legislative process, including judicial review.

**Notice to Others. – (f)**

Each statement of purpose and fiscal note shall contain this notice: "This statement of purpose and fiscal note are a mere attachment to this bill and prepared by a proponent of the bill. It is neither intended as an expression of legislative intent nor intended for any use outside of the legislative process, including judicial review (Joint Rule 18)."

## JOINT RULE 19

**Minutes of Standing Committee Meetings. –**

Minutes of standing committee meetings shall be prepared in summary fashion, in the discretion of the individual committee chair. Any tape recordings of committee meetings shall be made only for the purpose of assisting the committee secretary, and thereafter any such tapes shall be recycled at the discretion of the committee chair. Minutes of standing committee meetings shall include at least the following information:

- (1) All members of the governing body present;
- (2) All motions, resolutions, orders, or ordinances proposed and their disposition; and
- (3) The results of all votes, and upon the request of a member, the vote of each member by name.

## JOINT RULE 20

**Constitutional Amendments. –**

A Joint Resolution proposing an amendment to the Constitution of the State of Idaho must be introduced on or before the thirty-sixth day of the Regular Legislative Session and must be transmitted from the house of origin to the other house prior to the fifty-fifth day of the Regular Legislative Session; provided however, in the event the fifty-fifth day of the Regular Legislative Session falls on a Saturday or Sunday, such transmittal must be made on or prior to the fifty-seventh day of the Regular Legislative Session. The provisions of this rule may be waived by the presiding officer of either house upon presentment of a signed petition by the majority or minority leadership of the house. Requests for a proposed amendment to the Constitution of the State of Idaho shall be in the Office of Legislative Services for drafting at least seven calendar days prior to its intended introduction date.

## JOINT RULE 21

**Recording of Proceedings of the Chambers. –**

The proceedings of each house shall be recorded and live streamed by an authorized designee, provided that either house may suspend or end recording and/or live streaming of its proceedings upon a two-thirds vote of the chamber

wherein the proceeding takes place. A statement made during floor or committee proceedings is indicative only of the individual speaker and is not an expression of legislative intent by the body as a whole. No recording shall substitute for the Journal of either house as required by Section 13, Article III of the Constitution of the State of Idaho. All recordings shall be maintained by the Director of Legislative Services or his designee. A copy of any recorded proceedings more than two years old will be provided to the state archivist. No member of the Legislature, its employees, or designees shall be permitted to certify or authenticate any recording made under this rule.

## JOINT RULE 22

### **Contest of Election for Executive Offices – Procedures.**

This Rule governs procedures leading up to and including a hearing on the contest of election for executive offices. It should be read in conjunction with Chapter 21, Title 34, Idaho Code. For purposes of this Rule, the term "Party" means either the CONTESTEE or the CONTESTOR; the term "Parties" means both.

- (1) Any proof of the CONTESTEE's or CONTESTOR's legal arguments, including depositions, affidavits, production of papers, and examination of poll books and ballots (herein "Record") that either CONTESTEE or CONTESTOR desires the Senate and the House of Representatives to consider in adjudication of a Contest must be completed on or before December 29. CONTESTEE and CONTESTOR's Record must be delivered to the Office of the Secretary of State no later than the close of business on the next business day. Any Record or evidence from the CONTESTEE or CONTESTOR not delivered to the Office of the Secretary of State by that day and time will not be considered by the Senate and the House of Representatives.
- (2) The Parties must file a Memorandum that outlines their claims, defenses, legal authority, legislative precedent, proposed form of relief, and a description of witness fees and discovery costs that are incurred. The Memorandum must be filed with the Office of the Secretary of State no later than the close of business four (4) business days following delivery of the Record to the Office of the Secretary of State as provided in paragraph (1). However, CONTESTEE is not required to file a responsive pleading to the Contest.
- (3) Any Party may file a Responsive Memorandum. If a Party chooses to file a Responsive Memorandum, it must be filed with the Office of the Secretary of State no later than the close of business on the first day of the next Regular Session.
- (4) If an unresolved discovery or Record dispute exists and continues between the CONTESTEE and the CONTESTOR, and on motion duly made, the presiding officer or his designee may rule on the dispute. Neither the CONTESTEE nor the CONTESTOR will be granted any additional time beyond December 29 to develop or deliver his Record.
- (5) Committee hearing procedures. If the Legislature refers the Contest of Election to a Committee, the Committee Chairmen will notify the Parties of the Committee hearing procedures. The following procedures, subject to the discretion of the Committee Chairmen, will govern the hearing:
  - (a) No additional testimony or Record may be presented, taken, or allowed by the Parties beyond the Record delivered to the Office of the Secretary of State as provided in paragraph (1) of this Rule.
  - (b) Neither CONTESTEE nor CONTESTOR may examine or cross-examine any witness that testifies before the Committee. All examination will be performed by Committee members.
  - (c) Pursuant to Section 34-2104, Idaho Code, only the named points in the Notice of Contest of Elections may be argued.
  - (d) The Committee may send for and receive persons, papers, and records, whether written or oral, including from the Office of the Attorney General, other State Elected Officers, State officials, County Elected Officers, County officials, or other witnesses that the Committee determines will reasonably assist the Committee in the performance of its constitutional duty as a "judge of the election, qualifications and returns of its own members," Section 9, Article III, Idaho Constitution.
  - (e) In all other respects, the Committee will be governed by the rules of the legislature.
- (6) The Committee may adopt any of the following as part of the hearing procedures:
  - (a) Permit the Parties to have counsel present at Committee meeting(s); and
  - (b) Establish a time limit for the CONTESTEE and CONTESTOR to argue their positions to the Committee.

- (7) Neither CONTESTEE nor CONTESTOR, nor their counsel, may participate in ex parte communication with any member of the Idaho Legislature regarding the merits of the Contest of Election prior to final determination.
- (8) Service of all Record, Memorandum, Responsive Memorandum, motions, or objections must be made on the other Party as provided in Idaho Rules of Civil Procedure 5(b), excepting subpart 5(b)(2)(D). The Parties must also provide a proof of service as provided by Idaho Rules of Civil Procedure 5(e). The Parties must work in good faith to ensure reasonable and timely service, considering the limited time periods.
- (9) Nothing in this rule limits or restricts the Legislature in the performance of its duties as the judge of the election.

### **JOINT RULE 23**

#### **Public Display of "In God We Trust." –**

The words "In God We Trust" shall appear in the Chambers of the Senate and of the House of Representatives above the chairs of the presiding officers.

Order Establishing Commission for Reapportionment

## Introduction

Idaho law<sup>1</sup> requires the Secretary of State to establish a Commission for Reapportionment when the results of a new federal census are available. The State of Idaho received the results of the 2020 census on August 12, 2021.<sup>2</sup> That same day, Secretary of State Lawrence Denney issued an Order Establishing Commission for Reapportionment,<sup>3</sup> which named the following individuals<sup>4</sup> to the Commission:

Bart Davis, appointed<sup>5</sup> by Chuck Winder, President Pro Tempore of the Idaho Senate;

Tom Dayley, appointed by Scott Bedke, Speaker of the Idaho House of Representatives;

Nels Mitchell, appointed by Fred Cornforth, Chair of the Idaho Democratic Party;

Amber Pence, appointed by Ilana Rubel, Minority Leader of the Idaho House of Representatives;

Eric Redman, appointed by Tom Luna, Chair of the Idaho Republican Party; and

Dan Schmidt, appointed by Michelle Stennett, Minority Leader of the Idaho Senate.

The Commission convened on September 1, 2021, and elected Commissioners Davis and Schmidt as co-chairs. During business meetings<sup>6</sup> held in Boise in the first and second weeks of September, the Commission adopted rules<sup>7</sup> regarding organization, procedure, and other matters, and drafted redistricting plans<sup>8</sup> for discussion and consideration by the public. Over the next four weeks, the Commission toured the state, holding in-person public hearings at seventeen different locations,<sup>9</sup> during which public testimony was taken on matters pertinent to redistricting, including the Commission's draft

<sup>1</sup> See Idaho Const. art. III, § 2, and I.C. § 72-1501.

<sup>2</sup> Ordinarily, the state would have received these results by April 1, but census activities were delayed by the COVID-19 pandemic.

<sup>4</sup> Commissioner biographies appear in Appendix I of this report.

<sup>5</sup> The appointing authorities — individuals who nominate members of the Commission — are designated in I.C. § 72-1502.

<sup>7</sup> The Commission's rules appear in Appendix IV of this report.

plans and draft plans submitted by the public through the Commission's website.<sup>10</sup> The Commission held an eighteenth public hearing on October 12, 2021. This was a remote testimony session, during which residents from around the state testified using video conferencing technology, to accommodate individuals who wished to testify but could not or preferred not to do so in person. The Commission also accepted written public comments submitted through its website.

In the last week of October and the first week of November, the Commission held business meetings in Boise to finalize legislative and congressional redistricting plans, having taken into consideration applicable redistricting law and the testimony, written comments, and draft plans submitted by the public. Sixty-five days after convening, on November 5, 2021, the Commission adopted **Plan L03** and **Plan C03** as Idaho's legislative and congressional redistricting plans, respectively. For reasons described below, on November 10, the Commission reaffirmed its adoption of **Plans L03** and **C03**, adopted this report, and adjourned.

## Process

To draft an initial legislative redistricting plan, the Commission divided itself into three subcommittees that focused on specific regions of the state. Each subcommittee was composed of a Democratic appointee and a Republican appointee who were familiar with the regions of the state to which they were assigned. Cochair Schmidt and Commissioner Redman formed the North Idaho Subcommittee; Cochair Davis and Commissioner Pence formed the East Idaho Subcommittee; and Commissioners Dayley and Mitchell formed the Treasure Valley Subcommittee.

The Commission assigned counties that each subcommittee would work with<sup>11</sup> and agreed that no district should deviate more than five percent, either over or under, from the ideal district size,

<sup>10</sup> <http://redistricting.idaho.gov>

<sup>11</sup> For the North Idaho Subcommittee: Boundary, Bonner, Kootenai, Shoshone, Benewah, Clearwater, Latah, Nez Perce, Lewis, Idaho, and Adams. For the Treasure Valley Subcommittee: Ada, Canyon, and Owyhee, and later Washington, Payette, and Gem. For the East Idaho Subcommittee: all remaining counties.

unless there was a compelling reason for such deviation. The Commission also agreed to “meet in the middle” when drafting a plan for the entire state, with the understanding that the subcommittees could work with counties adjacent to their regions if necessary to get closer to the ideal district size.

Once the regional maps were finished, the Commission merged them to create **Plan L01**, the discussion draft that was presented to the public during the Commission’s tour of the state. The Treasure Valley Subcommittee, focused primarily on Ada, Canyon, and Owyhee Counties, also produced two draft congressional plans, C01 and C02. **Plan C01** depicted congressional districts similar to what Idaho has had in the past, with Ada County divided, while **Plan C02**, with no counties divided, created a southwestern congressional district and united the rest of the state in another district. Both draft congressional plans were presented to the public for discussion as well. At public hearings, the Commission distributed a handout<sup>12</sup> describing the legal criteria for both legislative and congressional redistricting, so that the public would have an understanding of the requirements that must be weighed in creating a valid redistricting plan.

The Commission spent the next four weeks touring the state and wrapped up its public hearing schedule with the remote testimony session on October 12. Following a business meeting on October 13, the commissioners took the next two weeks to consider the testimony and written comments they had received, as well as the proposed draft plans submitted by the public. Reconvening in Boise, the Commission published **Plan L02**<sup>13</sup> on October 28 and invited the public to take the next week to provide feedback. The Commission also announced an intended timeline for the next two weeks:

- By November 4, a new draft congressional plan would be posted for public consideration;
- By November 10, the Commission would make final adjustments to the legislative and

<sup>12</sup> This handout is included in Appendix II of this report.

<sup>13</sup> Draft Commission plans appear in Appendix XI of this report.

congressional redistricting plans; and

- On November 10, the Commission would vote on the final plans as well as the Final Report.

On November 2, the Treasure Valley Subcommittee met with staff to incorporate changes to **Plan L02**, having received considerable feedback from the public. Over the next two days, the other subcommittees made adjustments to **Plan L02** as well. On November 3, at a noticed business meeting, the full Commission discussed various options for congressional redistricting. Cochair Schmidt and Commissioner Mitchell supported a no-county-split plan such as **Plan C036**,<sup>14</sup> while Cochair Davis proposed a plan that would split Ada County with a 0% population deviation. Cochair Davis's plan would be published the next day as **Plan C03**, and this was ultimately the plan adopted by the majority of the Commission.

Commissioner Dayley was not feeling well on November 3 and participated in the business meeting by video conference. On the morning of November 4, he informed the other commissioners and staff that he had tested positive for COVID-19. Commissioner Mitchell, as well as three staffers, had been with Commissioner Dayley most of the day on November 2 during the Treasure Valley Subcommittee's meeting and had therefore been potentially exposed.

At this point, the Commission had less than a month to conclude its business. Believing it necessary under the circumstances to proceed expeditiously, and having sought counsel from the Office of the Attorney General, the Commission announced on the record at the November 4 business meeting that votes on the final plans would be taken at a 3:30 p.m. special meeting the next day. An agenda for the special meeting was posted on the Commission's website and in the State Capitol at 2:13 p.m. on November 4, more than 24 hours before the special meeting was to take place.

---

<sup>14</sup> All proposed plans submitted by the public as well as the comments accompanying the plans may be found in Appendix XII.

At the meeting on November 5, after preliminary votes to set aside certain redistricting criteria described in I.C. § 72-1506(7) and (9), the Commission voted to adopt **Plans L03** and **C03**. The vote on the Final Report remained scheduled for November 10. Following the November 5 meeting, it was brought to the attention of the Commission that the agenda posted for the special meeting on November 5 might not have complied with the provisions of the Open Meetings Law. To cure any potential violation, the Commission repeated the votes of November 5 at the November 10 meeting and concluded its business after adopting this report and delivering it to the Secretary of State.

### **Legal Criteria for Legislative Redistricting**

The Fourteenth Amendment of the United States Constitution prohibits a state from denying “to any person within its jurisdiction the equal protection of the laws.”<sup>15</sup> This clause, the Equal Protection Clause, “guarantees the opportunity for equal participation by all voters in the election of state legislators” and requires that seats in both houses of a state legislature be apportioned on a population

---

<sup>15</sup> U.S. Const. amend. XIV, § 1.

basis.<sup>16</sup> A person's right to vote for state legislators is unconstitutionally impaired when the weight of that person's vote is "in a substantial fashion diluted" compared to the votes of citizens in other parts of the state.<sup>17</sup> For this reason, the districts from which legislators are elected must be substantially equal in population, "so that the vote of any citizen is approximately equal in weight to that of any other citizen in the [s]tate."<sup>18</sup>

This constitutional requirement for substantial equality does not demand an "unrealistic overemphasis on raw population figures" or a "mere nose count in the districts."<sup>19</sup> A state, in creating districts, may "legitimately desire to maintain the integrity of various political subdivisions" and take into account other valid considerations, such as "natural or historical boundary lines."<sup>20</sup> In fact, not allowing the state to consider geographical factors "may be little more than an open invitation to partisan gerrymandering."<sup>21</sup> However, while maintaining county or other political subdivision boundaries "can justify small deviations, it cannot be allowed to negate the fundamental principle of one person, one vote."<sup>22</sup> Using political subdivision boundary lines in establishing state legislative districts is "constitutionally valid, so long as the resulting apportionment [is] one based substantially on population and the equal population principle [is] not diluted in any significant way."<sup>23</sup>

In general, a redistricting plan with a maximum population deviation under 10% is permissible, while a plan with larger disparities in population is *prima facie* unconstitutional.<sup>24</sup> Maximum population deviation:

expresses the difference between the least populous district and most populous district in terms of the percentage those districts deviate from the ideal district size. (The ideal district size is calculated by dividing the total population by the number of districts.) For

example, if among thirty-five districts, the least populous district is four percent below the ideal, and the most populous district is four percent above the ideal, the maximum population deviation would be 4-(-4), or eight percent.<sup>25</sup>

A maximum population deviation under 10% is no safe harbor, however.<sup>26</sup> A redistricting plan with a maximum population deviation under 10% may be found unconstitutional if the deviation “results from some unconstitutional or irrational state purpose.”<sup>27</sup> Additionally, a redistricting plan with a maximum population deviation under 10% will be held unconstitutional if the individual right to vote in one part of the state is substantially diluted compared to the individual right to vote in another part of the state.<sup>28</sup> In other words, a redistricting plan is unconstitutional under the Equal Protection Clause, regardless of the maximum population deviation, if the weight of a person’s vote depends substantially on where in the state that person lives. The votes of citizens in one part of the state should not be given “two times, or five times, or 10 times the weight of votes of citizens in another part of the [s]tate,” as that would dilute the vote of those living in the “disfavored areas.”<sup>29</sup>

Essentially, in considering whether a redistricting plan violates the Equal Protection Clause, it is not enough to consider the mere size of the population disparities between districts; the “consistency of application and the neutrality of effect of the nonpopulation criteria” must also be considered, to ensure that the right to vote is not being diluted for some citizens based on the area in which they live.<sup>30</sup> Inconsistent application of nonpopulation criteria will not justify population deviation.<sup>31</sup>

The Idaho Constitution provides nonpopulation criteria for the Commission to consider in the redistricting process. A county must remain whole unless it is “reasonably determined” that counties

must be divided to comply with the United States Constitution.<sup>32</sup> When a county must be divided to create legislative districts, *internal divisions*, which create districts wholly contained within a county, are favored over *external divisions*, which create districts that combine part of the county with another county.<sup>33</sup> A county may not “be divided and aligned with other counties to achieve ideal district size if that ideal district size may be achieved by internal division of the county.”<sup>34</sup> When it is necessary to combine counties to create a district, the counties in the district must be contiguous.<sup>35</sup>

Idaho statute provides additional nonpopulation redistricting criteria, some of which echo or expand on federal and state constitutional criteria. These statutory criteria are either mandatory or advisory.<sup>36</sup> Under the mandatory criteria, a redistricting plan shall:

- Be based on population data reported by the United States Census Bureau. This census data shall be the exclusive permissible data;
- Preserve traditional neighborhoods and local communities of interest to the maximum extent possible;
- Create districts that are substantially equal in population;
- Avoid dividing counties;
- Include districts composed of contiguous counties when counties must be divided;
- Retain local voting precinct boundaries, unless this requirement is waived by Commission vote;
- Not divide counties to protect a political party or an incumbent; and
- Include districts that, when containing more than one county or a portion of a county, are directly connected by an interstate, a U.S. highway, or a state highway, unless this

requirement is waived by Commission vote.<sup>37</sup>

Under the advisory criteria, a redistricting plan should:

- Avoid oddly shaped districts; and
- Keep divisions per county to a minimum.<sup>38</sup>

When the various redistricting criteria conflict with each other, there is a hierarchy of applicable law in creating a redistricting plan.<sup>39</sup> First, the United States Constitution — its requirement for substantially equal population — must be satisfied; following that, the requirements of the Idaho Constitution must be met; and only then may statutory criteria be considered, with mandatory criteria ranking above advisory criteria.<sup>40</sup> “A lower ranking source of law in this hierarchy is ineffective to the extent that it conflicts with a superior source of law.”<sup>41</sup>

The effect of this hierarchy is to place the prohibition on unnecessary county division above all criteria except equal protection. A redistricting plan must

begin with the premise that the counties will not be split unless it is necessary to meet standards of equal protection. If it is necessary to go outside county boundaries to form a district, considerations in § 72-1506 come into play, such as joining communities of interest and avoiding oddly shaped districts. These are factors to be considered, but they are subordinate to the [c]onstitutional standard of voter equality and the restrictions in the Idaho Constitution upon splitting counties except to achieve that voter equality.<sup>42</sup>

In other words, the prohibition on unnecessary county division is a threshold standard and the “baseline for consideration within the state system — trumped only by the [c]onstitutional need for equal protection.”<sup>43</sup> To the “extent possible, counties should not be split, or the splits should be kept to the minimum possible while meeting equal protection standards.”<sup>44</sup>

With this legal hierarchy in place, the Commission, in drafting potential redistricting plans and in evaluating proposed plans submitted by the public, treated as threshold standards both substantially equal population and minimum county divisions. Only after these standards were satisfied did the Commission consider and weigh the criteria provided in statute.

### **Equal Protection and County Division**

While numeric equality between districts is not the only redistricting criterion the Commission is obliged to consider, it is the first and most important one. In creating legislative districts, the Commission must “make an honest and good faith effort to construct districts, in both houses of its legislature, as nearly of equal population as practicable.”<sup>45</sup> This principle, known as the “one person, one vote” principle, allows small deviations from a strict population standard only if the deviations are based on “legitimate considerations incident to the effectuation of a rational state policy.”<sup>46</sup>

Idaho’s total state population, as determined by the 2020 census, is 1,839,106. The ideal district size — the quotient of the total state population divided by the total number of districts, 35 — is 52,546. That number — 52,546 — must serve as the Commission’s polestar, and each deviation in each district from that number must result from service to a rational state policy, legitimately applied.

As discussed above, plans with a maximum population deviation less than 10% are generally constitutional but are unconstitutional if the deviation results from an irrational purpose or if the individual right to vote in some parts of the state is diluted as compared to others. Even a deviation meant to serve a rational state policy is impermissible if the application of the policy is inconsistent, arbitrary, or discriminatory. Nonpopulation criteria may justify deviation from the ideal district size only if they are applied consistently and neutrally.

The Commission determined that a good faith effort to achieve voter equality — the standard

<sup>45</sup> *Reynolds*, 377 U.S. at 577.

<sup>46</sup> *Reynolds*, 377 U.S. at 579.

mandated by the United States Supreme Court in *Reynolds* — requires staying as close as possible to the ideal district size while still effectuating state policy. The Commissioners agreed that in no instance would they craft a district that deviated more than 5% over or under the ideal district size, unless the district was an outlier and there was an extraordinarily compelling reason for the larger deviation.

The Commission's rationale here was threefold. First, any district deviation that was over or under 5% from the ideal district size would put pressure, perhaps significant, on other districts to have a minimal deviation. Otherwise, the plan might violate the 10% guideline for constitutionality. If, for example, one district was very underpopulated, with a deviation of -7.5%, then every other district in the state would require a deviation less than +2.5%. The Commission did not believe, absent an extraordinary reason, that the people in one district deserved such preferential treatment at the expense of the people in the rest of the state.

Second, the Commission believed that a lopsided deviation might well represent an arbitrary and inconsistent application of state policy, especially if an exception were made for multiple districts, instead of one outlier district with unique geographical challenges.

Finally, the Commission suspected that a lopsided deviation, which would represent significant overpopulation or underpopulation of a district — a difference of thousands of people — could result in dilution of the individual right to vote and the diminishment of effective representation. Constituents in a heavily overpopulated district, for example, could not be said to enjoy approximately the same access to their legislators as constituents in more underpopulated districts.

The Commission's approach ultimately yielded **Plan L03**, which has a 5.84% maximum population deviation and divides eight counties. The Commission's detailed rationale for dividing eight counties is explained in the General Legislative Plan Findings below. However, five proposed plans<sup>47</sup>

---

<sup>47</sup> Proposed plans submitted by the public and the comments accompanying those plans appear in Appendix XII of this report.

submitted by the public divided only seven counties. After closely analyzing the plans, the Commission finds that each would likely violate the Equal Protection Clause and that they are also inconsistent with other principles applicable to the redistricting process.

**Figure 3**  
Plan L075

Two of the plans, **L071** and **L077**, both have maximum population deviations of 12.72%, which means they are *prima facie* unconstitutional. Two more, **L075** and **L076**, have a maximum population deviation of 9.97%, and the last one, **L079**, has a maximum population deviation of 10%. These last three plans have significant defects and stand on dubious equal protection grounds.

**L075** and **L076** are presumptively constitutional, if barely. But that is not the end of the analysis. As mentioned above, the 10% guideline is not a safe harbor; a plan with a presumptively constitutional deviation may still be found unconstitutional if the deviation results from an unconstitutional, irrational, inconsistent, or discriminatory state purpose.

The plain purpose of **L075** is to achieve a seven-county-split plan. This is not a plan one would draw if equal protection were the primary purpose being served. The five northernmost districts in the state are all underpopulated to an extreme degree, with deviations of either -7.25% (Districts 1, 2, 3, and 4) or -7.24% (District 5). District 6 is also significantly underpopulated, with a -6.6% deviation. Outside of North Idaho, Districts 10 through 26, along with 28, 31, and 33, are all overpopulated, with ten districts — 11, 12, 14, 17, 18, 19, 20, 22, 23, and 33 — at the top end of the deviation range, +2.72%. Three more districts, 10, 15, and 16, have a deviation of +2.71%; one district, 24, has a deviation of +2.7%; two districts, 13 and 21, have a deviation of +2.69%; and one district, 26, has a deviation of +2.68%. There is a difference of over 5,200 people between the least and most populated districts in **L075**. In legislative districts, that is a significant disparity.

If the Commission adopted **L075** as its redistricting plan, the Commission could not sincerely claim that it attempted, in good faith, to achieve voter equality. This becomes obvious when the district boundary lines in some of the overpopulated districts are examined. Consider the boundary line between Districts 11 and 12 in Figure 4 on the next page. The yellow line is the district boundary, while the straight horizontal line running above it is Ustick Road — a major thoroughfare and therefore an attractive prospect for a district boundary. One common theme that emerged in the public testimony

and comments submitted to the Commission is that roads, especially major roads, make for good district boundaries.<sup>48</sup> But the district boundary in Figure 4 does not follow the obvious straight line. Rather, the boundary meanders about on no set course, carving out census blocks here and there, following no logic or reason except this: to ensure that the people in the white, unshaded census blocks stay in District 11, so that District 12's population does not increase. If the boundary were cleaned up even slightly, so that the 38 people in the census blocks marked by red arrows were moved to District 12 instead of District 11, then that would raise the deviation of District 12 to +2.79%, making the maximum population deviation of **L075** 10.04% and the plan *prima facie* unconstitutional.

**Figure 4**  
Boundary Line between Districts 11 and 12  
Plan L075

<sup>48</sup> See e.g. the testimony of Phil McGrane, Ada County Clerk, in the Meridian Public Hearing Minutes, September 16, which may be found in Appendix III.

In the opinion of the Commission, a sincere commitment to equal protection — a *good faith* commitment to equal protection — requires more than drawing an irregular line so that 38 people fall on one side of the line instead of the other. If a plan requires irrational boundary manipulation to fall just under the 10% guideline, then the plan is, at the very least, constitutionally suspect.

In making this analysis, the Commission does not mean to imply that anyone who submitted a seven-county-split plan did so for improper purposes. The Commission sincerely appreciates the efforts and participation of all the Idahoans who submitted maps and provided guidance to the Commission.

But if equal protection is to mean anything, it must mean more than drawing irregular lines to capture 38 people for one district instead of another. Commitment to equal protection requires aiming for 0% deviation, not 10%. Commitment to equal protection requires being able to justify deviations with a rational state policy, consistently and neutrally applied.

It is undoubtedly a rational state policy to preserve county integrity as much as possible. But that interest must be served consistently and in a way that complies with both the federal and state constitutions, and the Commission finds that **L075** does neither. In addition to the equal protection problems discussed above, the plan fails to preserve county integrity. Though it does indeed divide only seven counties, it accomplishes this by dividing Bonner County — population 47,110 — into three separate legislative districts. In District 1, part of Bonner is combined with Boundary County; in District 2, part of Bonner is combined with Shoshone County and part of Kootenai County; and in District 3, part of Bonner is combined with part of Kootenai.

The reason this is problematic is that Article III, Section 5 of the Idaho Constitution provides that a county may be divided for only one reason: to comply with the United States Constitution. As the Idaho Supreme Court stated in *Twin Falls County v. Idaho Commission on Redistricting*, the word “only”

means “solely.”<sup>49</sup> “A county can be divided *solely* for one reason” — to comply with equal protection.<sup>50</sup> Thus, a county cannot be divided, once or more than once, just to spare another county from being divided. The protection of counties is a provision of the Idaho Constitution, not the United States Constitution.

If a redistricting plan divides a county, such as Bonner, for a reason other than equal protection, then the plan is invalid under the Idaho Constitution. And there is no equal protection standard that justifies dividing Bonner County more than once. Mathematically, Bonner County is smaller than the ideal district size and should not be divided at all. As explained in General Legislative Plan Finding 4.A., the Commission found it necessary, due to the population distribution in North Idaho, to split Bonner once, but finds no equal protection justification for splitting Bonner twice. Indeed, the division of Bonner into three districts might not even be necessary to produce a map that divides only seven counties. **Plan L079**, another seven-county-split plan, divides Bonner into two districts, not three.

Based on the analysis above — because **Plan L075** significantly underpopulates one region of the state at the expense of other regions, thus making the weight of a citizen’s vote dependent on where in the state the citizen lives, and because Bonner County is divided for reasons unrelated to equal protection — the Commission finds that **Plan L075** is constitutionally unviable and should not be adopted as Idaho’s legislative redistricting plan.

**Plan L076** shares many of the same problems that **L075** has. Six of the North Idaho districts are, again, significantly underpopulated. Bonner County is, again, unnecessarily divided into three districts. The systematic underpopulation of North Idaho puts so much pressure on the rest of the plan that 26 districts — almost 75% of them — are overpopulated. Seven of them — 11, 12, 14, 17, 18, 19, 20, and 33 — are at the top end of the maximum population deviation. Many district boundaries are similar to

---

<sup>49</sup> *Twin Falls County*, 152 Idaho at 349.

<sup>50</sup> *Twin Falls County*, 152 Idaho at 349 (emphasis in original).

those in **L075**, and similarly arbitrary; again, these boundaries seem to have been manipulated specifically to keep the maximum population deviation just under 10%. The Commission therefore finds that **Plan L076** is constitutionally unviable, for the same reasons that L075 was.

**Plan L079** is in some ways a more attractive plan than either **L075** or **L076**. The district boundary lines seem cleaner and less arbitrary. Bonner County is divided into two districts, not three. But **L079** has a maximum population deviation of exactly 10%.

Courts have been somewhat imprecise in describing how a maximum population deviation of exactly 10% should be viewed. The United States Supreme Court observed in *Brown v. Thomson*, 462 U.S. 835, 843 (1983), that plans with a maximum population deviation under 10% generally fall within the category of permissible minor deviations, while “a plan with larger disparities in population...creates a *prima facie* case of discrimination and therefore must be justified by the state.”<sup>51</sup> This would imply that a deviation of exactly 10% is *prima facie* unconstitutional. However, at other times, the United States Supreme Court has described plans with a maximum population deviation *above* 10% as being *prima facie* unconstitutional.<sup>52</sup>

Assuming *arguendo* that no presumption applies to a plan with a maximum population deviation of exactly 10%, or that a plan with a maximum population deviation of exactly 10% is presumptively constitutional, the Commission nevertheless finds that **Plan L079** does not satisfy equal protection standards for much the same reason that **L075** and **L076** did not: the significant underpopulation of the North Idaho districts at the expense of much of the rest of the state does not serve the cause of voter equality.

What all five seven-county-split plans demonstrated to the Commission is this: in order for the Commission to adopt such a plan, it would have to significantly underpopulate several North Idaho

---

<sup>51</sup> *Brown*, 462 U.S. at 842-843.

<sup>52</sup> See e.g. *Evenwel v. Abbott*, 578 U.S. 54 (2016).

districts, and furthermore, it would have to draw irregular district boundary lines to achieve a presumptively acceptable maximum population deviation. Drawing more regular boundary lines to avoid voter confusion would likely put the state in the position of having to justify a plan with a maximum population deviation of more than 10%. In light of existing precedent from both the United States Supreme Court and the Idaho Supreme Court, the Commission did not believe it could justify a seven-county-split plan.

To the Commission's knowledge, the Idaho Supreme Court has never upheld a legislative redistricting plan with a maximum population deviation of 10% or more. In three cases — *Bingham County v. Idaho Commission for Reapportionment*,<sup>53</sup> *Smith v. Idaho Commission on Redistricting*,<sup>54</sup> and *Hellar v. Cenarrusa*<sup>55</sup> — the Idaho Supreme Court invalidated plans with deviations of, respectively, 11.79%, 10.69%, and 32.94%.

However rational Idaho's policy of maintaining county integrity might be, the Idaho Constitution itself makes clear that the policy is subordinate to the requirements of equal protection, and the Commission is skeptical of its ability to justify any plan that appears to systematically underpopulate, to a significant degree, six districts in one region of the state. In coming to this conclusion, we have found the case *Larios v. Cox*<sup>56</sup> instructive. In that case, a federal court found Georgia's legislative redistricting plan unconstitutional. The plan had a maximum population deviation of 9.98% but "intentionally and systematically" underpopulated districts in certain parts of the state while overpopulating districts in other parts of the state. The federal court took a dim view of how the plan drafters, rather than making an effort to equalize districts throughout the state, only shifted "as much population...as they thought necessary to stay within a total population deviation of 10%."<sup>57</sup> The decision was affirmed without

comment by the United States Supreme Court, but in a concurring opinion, Justice Stevens remarked that “regionalism is an impermissible basis for population deviations.”<sup>58</sup>

Whether the underlying purpose of a seven-county-split map is a sincere effort to effectuate Idaho’s policy against county division or a discriminatory effort to give people in one region more voting power than people in the rest of the state, the effect is the same: North Idaho voters are favored and voters in other parts of the state are disfavored. Either way, the Commission does not believe these maps reflect the application of equal protection as the primary principle in redistricting.

Based on the analysis above, and for the reasons explicated in the General Legislative Plan Findings below, the Commission finds that the minimum number of counties that must be divided to comply with equal protection standards is eight.

## **General Legislative Plan Findings**

Having reviewed Idaho’s 2020 population data provided by the United States Census Bureau pursuant to Public Law 94-171, having considered the law, testimony, and public comments pertinent to legislative redistricting in Idaho, and having considered the proposed legislative redistricting plans<sup>59</sup> submitted by members of the public, the Commission unanimously makes the following findings:

1. **Number of Districts.** Article III, Section 4 of the Idaho Constitution provides that the “members of the legislature following the decennial census of 2020 and each legislature thereafter shall be apportioned to thirty-five legislative districts of the state.” As this is a constitutional mandate, the Commission has adopted a plan with 35 districts.

2. **Population and Ideal District Size.** The total state population, as determined by the 2020 decennial census, is 1,839,106. The ideal district size — the quotient of the total state population divided by the total number of districts — is 52,546.

---

<sup>58</sup> *Cox v. Larios*, 542 U.S. 947, 949 (2004, J. Stevens concurring).

<sup>59</sup> Proposed plans submitted by the public, and any comments accompanying such plans, may be reviewed in Appendix XII.

3. **County Divisions — Population.** Seven counties — Ada, Bannock, Bonneville, Canyon, Kootenai, Madison, and Twin Falls — have a population exceeding the ideal district size. Six of these counties must be divided to satisfy equal protection standards.

A. **Ada County.** Ada is the state’s most populous county, with 494,967 people.

Mathematically, this predicts nine internal districts, with a remainder of 22,053. Evenly dividing 22,053 people among nine districts would result in districts with a population of 54,996. This would be 2,450 above the ideal district size, for a +4.7% deviation.<sup>60</sup> If Ada were divided into ten internal districts, each with a population of 49,497, then the population of each district would be 3,049 below the ideal district size, for a deviation of -5.8%. It is mathematically possible to draw only internal districts in Ada County, but either nine or ten internal districts would deviate a great deal from the ideal district size.

Because lower deviations are possible with external divisions of Ada County, and because the Commission is obligated, under the Equal Protection Clause and the *Reynolds* line of cases, to make a good faith effort to achieve ideal district size, the Commission finds that Ada County should be externally split.

B. **Bannock County.** Bannock’s population is 87,018. Mathematically, this predicts one internal district, with a remainder of 34,472. If Bannock were made into one self-contained district, the population of the district would be 34,472 above the ideal district size, for a +65.6% deviation. If Bannock were divided into two internal districts, each with a population of 43,509, then the population of each district would be 9,037 below the ideal district size, for a -17.2% deviation. It is mathematically impossible to create a

---

<sup>60</sup> To find the percentage of deviation: (1) subtract the ideal district size from the actual district size; (2) divide the difference by the ideal district size; and (3) multiply the quotient by 100. For example, if the actual district size is 55,000 and the ideal district size is 50,000, then the deviation would be 10%:  $55,000 - 50,000 = 5,000$ ;  $5,000/50,000 = 0.1$ ;  $0.1 \times 100 = 10$ .

redistricting plan that presumptively satisfies equal protection standards without externally splitting Bannock County. Therefore, Bannock County must be externally split.

C. **Bonneville County**. Bonneville's population is 123,964. Mathematically, this predicts two internal districts, with a remainder of 18,872. Evenly dividing 18,872 people between two districts would result in districts with a population of 61,982. This would be 9,436 above the ideal district size, for a +18% deviation. If Bonneville were divided into three internal districts, each with a population of 41,321, then the population of each district would be 11,225 below the ideal district size, for a deviation of -21.4%. It is mathematically impossible to create a redistricting plan that presumptively satisfies equal protection standards without externally splitting Bonneville County. Therefore, Bonneville County must be externally split.

D. **Canyon County**. Canyon is the second most populous county in the state, with 231,105 people. Mathematically, this predicts four internal districts, with a remainder of 20,921. Evenly dividing 20,921 people among four internal districts would result in districts with a population of 57,776. This would be 5,230 above the ideal district size, for a +10% deviation. If Canyon were divided into five internal districts, each with a population of 46,221, then the population of each district would be 6,325 below the ideal district size, for a deviation of -12%. It is mathematically impossible to create a redistricting plan that presumptively satisfies equal protection standards without externally splitting Canyon County. Therefore, Canyon County must be externally split.

E. **Kootenai County**. Kootenai's population is 171,362. Mathematically, this predicts three internal districts, with a remainder of 13,724. Evenly dividing 13,724 people among three internal districts would result in districts with a population of 57,121. This would be 4,575 above the ideal district size, for a +8.7% deviation. If Kootenai were

divided into four internal districts, each with a population of 42,841, then the population of each district would be 9,705 below the ideal district size, for a -18.5% deviation. It is mathematically impossible for a redistricting plan to presumptively satisfy equal protection standards if it includes four internal districts in Kootenai County. While it might be mathematically possible, if unlikely, for a redistricting plan to satisfy equal protection standards if it includes three internal districts in Kootenai County, the Commission finds that a +8.7% deviation is unacceptably high. Because lower deviations are possible with external divisions of Kootenai County, and because the Commission is obligated, under the Equal Protection Clause and the *Reynolds* line of cases, to make a good faith effort to achieve ideal district size, the Commission finds that Kootenai County should be externally split.

F. **Madison County**. Madison's population is 52,913. This is only 367 above the ideal district size, for a deviation of +0.7%. This deviation is constitutionally insignificant. Madison County should be a self-contained district.

G. **Twin Falls County**. The population of Twin Falls is 90,046. Mathematically, this predicts one internal district, with a remainder of 37,500. If Twin Falls were made into one self-contained district, the population would be 37,500 above the ideal district size, for a deviation of +71.4%. If Twin Falls were divided into two internal districts, each with a population of 45,023, then the population of each district would be 7,523 below the ideal district size, for a deviation of -14.3%. It is mathematically impossible to create a redistricting plan that presumptively satisfies equal protection standards without externally splitting Twin Falls County. Therefore, Twin Falls County must be externally split.

4. **County Divisions — Other**. Two counties, Bonner and Nez Perce, must be divided to satisfy

equal protection standards, even though they do not, by themselves, have a large enough population to justify division.

A. **Bonner County**. For the following reasons, Bonner County must be divided so that part of it forms a district with Boundary County and part of it joins with a district to the south. Boundary is the state's northernmost county, with a population of 12,056. This is too low for Boundary to be a self-contained district. To satisfy equal protection standards, Boundary must be joined with another county, and to satisfy Article III, Section 5 of the Idaho Constitution, Boundary must be joined with a contiguous county. To the north, west, and east, Boundary borders other jurisdictions — British Columbia, Washington, and Montana. The only county in Idaho that borders Boundary is Bonner, with a population of 47,110. One legislative district containing the whole of both counties would have a population of 59,166 — 6,620 above the ideal district size, for a deviation of +12.6%. It is mathematically impossible for a redistricting plan with such a district to presumptively satisfy equal protection standards. Therefore, Bonner County must be divided, part of it combining in a district with Boundary, and part of it combining with counties to the south. Like Boundary, Bonner has a limited number of potential partners in a district, as its western and eastern neighbors, Washington and Montana, are other jurisdictions.

B. **Nez Perce County**. Six contiguous northern counties — Boundary, Bonner, Kootenai, Shoshone, Benewah, and Clearwater — together have a population of 261,961. Dividing that number by the ideal district size predicts five districts for these six combined counties, and **Plan L03**, adopted by the Commission, in fact allots five districts to these six counties.

The next three counties — Latah, Nez Perce, and Lewis — have a combined

population of 85,140, which mathematically predicts 1.62 districts. A district containing all three counties would exceed the ideal district size by 32,594, for an unconstitutional deviation of +62%. Each county is too small to be a self-contained district. Nez Perce, the most populous, has a population of 42,090, which deviates -19.9% from the ideal district size; Latah has a population of 39,517, which deviates -25% from the ideal district size; and Lewis has a population of 3,533, which deviates -93.3% from the ideal district size. No district combining two counties of the three would comply with constitutional requirements: Latah and Nez Perce are contiguous, but their combined population is 81,607, which deviates +55.3% from the ideal district size; Latah and Lewis are not by themselves contiguous, and even if they were, their combined population would deviate -18.1% from the ideal district size; and Nez Perce and Lewis, while contiguous, would together deviate -13.2% from the ideal district size. Combining these two counties together would also leave Latah stranded, with no contiguous county to combine it with.

What the Commission finds in this part of the state is a Gordian knot that must be untangled or cut through. Equal protection and the command in the Idaho Constitution to keep counties whole are in tension, but the Idaho Constitution resolves the dilemma by providing that its requirements must yield to those of the United States Constitution.

To create districts of acceptable population including these counties, Latah, Nez Perce, and Lewis Counties must be combined with counties farther south. Idaho County is contiguous with both Nez Perce and Lewis, and Adams County is contiguous with Idaho County. The five counties together have a population of 106,060; dividing that by the ideal district size would predict 2.02 districts. However, the only one of these

counties adjacent to Latah is Nez Perce. Therefore, Latah can form a district with one or more of the counties farther south only if part of Nez Perce County acts as a bridge between them. Based on this analysis, the Commission finds that Nez Perce County must be split.

5. **County Joinder**. Thirty-seven counties have populations lower than the ideal district size and must be joined with contiguous counties to form districts.

6. **Traditional Neighborhoods and Local Communities of Interest**. I.C. § 72-1506(2) does not define “traditional neighborhood” or “local community of interest.” Case law also does not provide any clarity on what constitutes a “traditional neighborhood;” therefore, the Commission has applied the common understanding of the term “neighborhood”: that is, an area, typically residential, within a larger community that shares common characteristics.

Case law does offer some guidance on what a community of interest is, including “whether the residents in the district regard themselves as a community, whether the residents in the district live in urban or rural areas, and whether the tentacles, appendages, or parts of the district share common transportation lines and media sources.”<sup>61</sup>

Public testimony focused almost exclusively on communities of interest, not neighborhoods. Based on court guidance and public testimony, the Commission finds that communities of interest include, but are not limited to, cities, tribal reservations, and, at times, neighboring cities or counties. More generally, the Commission finds that a community of interest is a group of people who share similar legislative concerns. Where possible, the Commission has attempted to keep communities of interest<sup>62</sup> together. However, the strict legal hierarchy governing legislative redistricting, which

<sup>61</sup> *Bingham County*, 137 Idaho at 877.

<sup>62</sup> The Commission sincerely wished to accommodate the request of the Shoshone-Bannock Tribes to combine most of the reservation in a district with Bingham County but found it impracticable for both equal protection and county integrity reasons. The Commission details the problem for possible consideration by Idaho policymakers in the Letter to Appointing Authorities, Appendix XV.

prioritizes equal population and maintaining whole counties, limits the Commission’s capacity to do so.

7. **Oddly Shaped Districts**. I.C. § 72-1506(4) does not define “oddly shaped.” Case law offers some guidance in determining what constitutes an oddly shaped district, including whether the district is distorted or elongated, has shoestring connections, disperses urban populations into rural areas, or splits up established areas, such as political subdivisions.<sup>63</sup> Idaho’s unique shape, unusually shaped counties, uneven population distribution, and rugged topographic features limit the Commission’s ability to draw compact square or rectangular districts — i.e., districts that appear to be normally shaped. However, the Commission has avoided the hallmarks of oddly shaped districts where possible.

8. **Precincts**. Under I.C. § 72-1506(7), a redistricting plan is required to retain local precinct boundary lines, unless the Commission finds that it cannot complete its duties by fully complying with this requirement. The Commission makes this finding by a unanimous vote and describes below, in the Specific Legislative Plan Findings, where precincts have been divided and the reasons for doing so.

9. **Political Parties and Incumbents**. I.C. § 72-1506(8) prohibits dividing counties to protect political parties or incumbents. The Commission explained its rationale for dividing counties in General Legislative Plan Findings 3 and 4, and the Commission specifically notes that it has not divided any county to protect a political party or an incumbent. When adopting a plan, the Commission declined to consider public testimony or public submissions regarding partisan interests or the home addresses of incumbents. Additionally, the Commission declined to include political or incumbent data in the Maptitude software program it used for redistricting.

10. **Highway Connection**. Under I.C. § 72-1506(9), if a district contains more than one county or a portion of a county, then the counties or the portion must be directly connected by an interstate or by a federal or state highway. As with the requirement to keep voting precincts intact, this requirement may be waived if the Commission finds that it cannot complete its duties by fully complying with this

<sup>63</sup> *Bingham County*, 137 Idaho at 876.

requirement. The Commission makes this finding by a unanimous vote and describes below, in the Specific Legislative Plan Findings, the districts that do not comply with this requirement.

11. **Discretion.** In something as inherently political and controversial as legislative redistricting, it is common for well-informed, well-meaning people to ardently disagree. The Commission, as the decision-making body, has tried in good faith to honor public opinion where possible, but “public opinion” is not always uniform. Even when a request is popular, granting the request might not be feasible.<sup>64</sup> Apportioning the legislature is a matter of discretion and judgment.<sup>65</sup> In the “high-wire act that is legislative district drawing,” many people have sincere, strongly held opinions about how districts should be drawn, and many of those sincere, strongly held opinions conflict with each other. In trying to balance conflicting requests, the Commission’s discretion and judgment were most influenced by what would best serve the interests of equal protection.

## Specific Legislative Plan Findings

12. **Plan L03.** The Commission hereby adopts, by a unanimous vote, **Plan L03** as Idaho's legislative redistricting plan.

13. **Data.** The population data used in drafting Plan L03 was exclusively<sup>66</sup> census data. The plan was drafted using the Maptitude software program, purchased by the Commission from the Caliper Corporation.

14. **Maximum Population Deviation.** The maximum population deviation for Plan L03 is 5.84%. The least populated district, 30, has a deviation of -3.77%. The most populated district, 26, has a deviation of +2.07%. Both districts are composed entirely of whole counties: Bingham and Butte in District 30, and Blaine, Lincoln, and Jerome in District 26. These deviations are justified by the requirement, provided in the Idaho Constitution, to keep counties whole as allowed by equal protection. None of these five counties is populous enough to justify division for equal protection purposes, and the district deviations are not great enough to dilute or otherwise negatively impact the individual right to vote in any part of the state. The Commission finds that a 5.84% maximum population deviation is permissible under the Equal Protection Clause.

15. **District Deviations.** Twelve districts in Plan L03 deviate less than 1%, either plus or minus, from the ideal district size. Fourteen districts in Plan L03 deviate between 1% and 1.99%, either plus or minus, from the ideal district size. Seven districts have a deviation between 2% and 3%, either plus or minus, from the ideal district size. Only two districts deviate more than 3% from the ideal district size. Seventy-four percent of the districts in Plan L03 are within 2% of the ideal district size. These deviations arose out of the Commission's effectuation of rational state policies, specifically those provided in

---

<sup>66</sup> At the remote testimony hearing on October 12, 2021, Lauren Bramwell, representing the ACLU of Idaho, urged the Commission to apportion incarcerated individuals to their home districts, rather than to the district in which they were confined. The Commission respects this request but finds it legally infeasible. Home addresses of incarcerated individuals are not provided in the census data, and the Commission is statutorily limited to using census data exclusively. We find that granting the ACLU of Idaho's request would require a change in Idaho law.

Article III, Section 5 of the Idaho Constitution and I.C. § 72-1506. The Commission finds that all district deviations from the ideal district size are minor and permissible under the Equal Protection Clause.

16. **County Divisions.** The Commission has determined that the minimum number of counties that need to be divided to satisfy equal protection requirements is eight. As discussed above, evidence in the Commission’s record suggests that seven-county-split plans are discriminatory under the Equal Protection Clause, as they consistently and significantly underpopulate districts in North Idaho at the expense of voters in other parts of the state, such that the weight of a person’s vote depends on the location in the state where that person lives.

17. **District Boundaries.** The following findings for each district include a general description of the district’s boundaries. A detailed report listing the census blocks in each district may be found in Appendix VI.

**Figure 6**  
District 1, Plan L03

18. **District 1.** This district consists of Boundary County and most of Bonner County. It has a population of 53,610, deviating +2.02% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** Residents of communities around and near Lake Pend Oreille, particularly residents of Sagle, testified

to the Commission about feeling connected to Sandpoint, the area's economic hub. Many of these people felt they had been disconnected from their community of interest during the past ten years, having been included in a district that excluded Sandpoint but included Idaho County, much farther south.<sup>67</sup> Based on this testimony, the Commission strove to keep these communities in the same district as Sandpoint to the extent possible. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** The western, northern, and eastern boundaries of District 1 are determined by political geography, being partly coterminous with Idaho's borders with Washington and Montana and wholly coterminous with Idaho's border with British Columbia. Part of the southern boundary is Bonner County's boundary with Kootenai County. The remaining portion of the southern boundary is drawn to exclude 5,556 Bonner County residents from District 1 and apportion them to District 2. This was done to ensure that District 1 had a population that was permissible under equal protection standards.

**C. County Division, Joinder, and Contiguity.** This district contains all of Boundary County and most of Bonner County. As explained in General Legislative Plan Finding 4.A. above, the division of Bonner County was found necessary for equal protection purposes. Boundary County is too small to constitute its own district and must be combined with part of Bonner to form a district of acceptable size. Boundary County and the portion of Bonner County combined with it in District 1 are contiguous.

**D. Precinct Boundary Retention.** One Bonner County precinct, Edgemere, was divided in

<sup>67</sup> See e.g. Sandpoint Public Hearing Minutes, September 22, 2021, Appendix III; and Written Testimony of Susan Drumholler (September 20, 2021), Judy Meyers (September 20, 2021), and Barbara Schriber (September 20, 2021), Appendix XIII.

the creation of this district. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7). Edgemere Precinct has a population of 2,934. In apportioning more than 5,000 Bonner County residents to District 2 to comply with equal protection requirements, the Commission found it necessary to allocate 1,892 Edgemere residents to District 2.

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Bonner County for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** Boundary County and the portion of Bonner County included in this district are connected by U.S. Route 95, which is part of the United States highway system.

**Figure 7**  
District 2, Plan L03

19. **District 2.** This district consists of a portion of Bonner County, a portion of Kootenai County, and all of Beneviah, Shoshone, and Clearwater Counties. The district has a population of 52,071,

deviating -0.9% from the ideal district size. In addition to the total populations of Benewah, Shoshone, and Clearwater Counties, 5,556 Bonner County residents and 15,082 Kootenai County residents are included in this district.

A. **Traditional Neighborhoods and Local Communities of Interest**. As a geographically large, multicounty district, District 2 does not in itself constitute a neighborhood or a true community of interest. The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as in the case of District 2. However, the Commission finds that the areas included in District 2 — primarily rural or small communities — share similar legislative concerns. The Commission further finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. The boundaries of District 2 are determined largely by political geography. The western boundaries are coterminous with part of Idaho's border with Washington, with precincts in Kootenai County, and with Shoshone and Clearwater's boundaries with Latah County. The eastern boundary of the district is coterminous with part of Idaho's border with Montana. The southern boundaries of the district are coterminous with Benewah's boundary with Latah County and with Clearwater's boundaries with Idaho and Lewis Counties.

C. **County Division, Joinder, and Contiguity**. This district contains a portion of Bonner County, a portion of Kootenai County, and all of Benewah, Shoshone, and Clearwater Counties. The latter three counties are all too small to form self-contained districts and must be combined with other counties to form districts of acceptable size. The rationale for dividing Bonner and Kootenai was described in General Legislative Plan Findings 3.E.

and 4.A. The portion of Bonner County in District 2 is contiguous with the portion of Kootenai County, which in turn is contiguous with Benewah and Shoshone Counties. Shoshone County is contiguous with Clearwater County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. One Bonner County precinct, Edgemere, was divided in the creation of this district, for the reason explained in Specific Legislative Plan Finding 18.D. Two Kootenai County precincts were also divided in the creation of this district. Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes.<sup>68</sup> These precinct divisions were warranted in creating a district of acceptable size, and the Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Bonner County or Kootenai County for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

<sup>68</sup> See Testimony of Asa Gray, Coeur d'Alene Public Hearing Minutes, September 22, 2021, Appendix III.

**Figure 8**  
District 3, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** District 3 includes the communities of Rathdrum, Hayden, Hayden Lake, and Dalton Gardens, which, as cities, are communities of interest. They are also neighboring cities, and the Commission finds that they share a community of interest and legislative interests with each other. The Commission further finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** The district boundaries include political boundaries, roads, and a railroad. The western boundary is coterminous with part of Idaho’s border with Washington. The northern boundaries and eastern boundaries follow precinct boundary lines, and the southern boundaries are the railroad and several roads.

**C. County Division, Joinder, and Contiguity.** The internal division of Kootenai County is necessary for equal protection purposes, as explained in General Legislative Plan Finding

3.E. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Kootenai County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Kootenai County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by U.S. Route 95, part of the United States highway system.

**Figure 9**  
District 4, Plan L03

52,384, which deviates -0.31% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 4 includes most of Coeur d'Alene as well as Fernan Lake Village. Coeur d'Alene, as a city, is a community of interest, and public testimony reflected a strong conviction that Fernan Lake Village shares a community of interest with Coeur d'Alene.<sup>69</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. The boundaries of this district are influenced by but do not entirely adhere to the city limits of Coeur d'Alene, which has a population of 54,628<sup>70</sup> and is therefore larger than the ideal district size. The district boundary lines consist of several roads.

C. **County Division, Joinder, and Contiguity**. The internal division of Kootenai County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.E. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Kootenai County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Kootenai County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is connected by Interstate 90, part of the interstate highway system, and U.S. Route 95, part of the United States highway system.

**Figure 10**  
District 5, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** District 5 includes most of Post Falls, which, as a city, is a community of interest. The district also includes five rural precincts with a total population of 8,303, which must be combined with a nearby urban population to attain an acceptable district size. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries.** The district’s boundaries are determined largely by political and

natural geography, with the western boundary being coterminous with part of Idaho's border with Washington, the southern boundary being Kootenai County's border with Benewah County, and the eastern boundary being Coeur d'Alene Lake.

C. **County Division, Joinder, and Contiguity**. The internal division of Kootenai County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.E. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Kootenai County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Asa Gray, Kootenai County elections manager, advised the Commission that Kootenai County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Kootenai County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 90, part of the interstate highway system, and U.S. Route 95, part of the United States highway system.

23. **District 6**. This district (see Figure 11, next page) includes two whole counties, Latah and Lewis, and a portion of Nez Perce County, including Lapwai, Culatesac, Peck, and a small part of Lewiston. The district has a population of 53,431, which deviates +1.68% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. As a geographically large, multicounty district, District 6 does not, in itself, constitute a neighborhood or a

true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution’s requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 6. However, the Commission finds that areas included in District 6, many of them rural or small communities, share similar legislative concerns. Public testimony is consistent with this.<sup>71</sup> Latah, Nez Perce, and Lewis Counties all share a health district, and the economies of the counties are intertwined. Additionally, this is a well-balanced district in which neither urban nor rural interests would dominate. Moscow, the largest city in the district, has a population of 25,435; the remaining district residents live predominantly in small towns or rural communities. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**Figure 11**  
District 6, Plan L03

<sup>71</sup> See e.g. Moscow Public Hearing Minutes, September 23, 2021, Appendix III; and Written Testimony of Gretchen Wissner, October 12, 2021, Appendix XIII.

B. **District Boundaries**. The district boundaries are determined mostly by political geography: the boundaries of Latah and Lewis Counties, along with several precincts in Nez Perce County.

C. **County Division, Joinder, and Contiguity**. The rationale for dividing Nez Perce County was provided in General Legislative Plan Finding 4.B. Latah and Lewis Counties are by themselves too small to form a district of acceptable size and must therefore be combined with other counties. Latah County is contiguous with the portion of Nez Perce County contained in this district, and that portion of Nez Perce County is contiguous with Lewis County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.<sup>72</sup>

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Nez Perce County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. While the component parts of this district are connected by U.S. Route 95, which is part of the United States highway system, the connection is not direct, as it is necessary to briefly leave the district while traveling through Lewiston.

The Commission determines, by a vote of 6-0, that it cannot complete its duties for this

<sup>72</sup> This is consistent with the request of Patty Weeks, Nez Perce County Clerk, who testified to the Commission at the Lewiston hearing on September 24 and submitted written testimony through the Commission's website on October 29, 2021. district by fully complying with the requirements of I.C. § 7-1506(9).

**Figure 12**  
District 7, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** As a geographically large, multicity district, District 7 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution’s requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 7. However, the Commission finds that this district is fairly well-balanced between urban and rural interests. While Lewiston contributes 31,709 people to this district, Idaho County and Adams County, in which there are primarily small towns and rural communities, contribute 20,920. The Commission finds that this district preserves traditional neighborhoods and local

communities of interest to the maximum extent possible.

B. **District Boundaries**. The district boundaries are determined mostly by political geography: precinct boundary lines in Nez Perce County, along with the boundaries of Idaho and Adams Counties, which in parts are coterminous with portions of Idaho's borders with Washington, Oregon, and Montana.

C. **County Division, Joinder, and Contiguity**. The rationale for dividing Nez Perce County was provided in General Legislative Plan Finding 4.B. Idaho and Adams Counties are by themselves too small to form a district of acceptable size and must therefore be combined with other counties. The portion of Nez Perce County contained in this district is contiguous with Idaho County, and Idaho County is contiguous with Adams County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Nez Perce County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. While the component parts of this district are connected by U.S. Route 95, which is part of the United States highway system, the connection is not direct, as it is necessary to leave the district while traveling through the part of Nez Perce County that is not included in this district. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

26. **District 8.** This district (see Figure 13, next page) consists of four counties: Valley, Boise, Elmore, and Custer. The district has a population of 52,297, which deviates -0.47% from the ideal district size.

**Figure 13**  
District 8, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** As a geographically large, multicity district, District 8 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution’s requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 8. However, the Commission finds that the areas included in District 8, many of them rural or small communities, share similar legislative concerns. The most populous city in the district is Mountain Home, at 15,979, or 31% — nearly a third — of the district’s residents. That is enough for a legislator to be attendant to the interests of Mountain Home, but not so great that the rest of the district will be ignored. The Commission finds that this district preserves

traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. The district boundaries are determined by political geography: the northern boundaries are the boundaries of Valley and Custer Counties, the western boundaries are the western boundaries of Valley, Boise, and Elmore Counties, the southern boundaries are the boundaries of Elmore and Custer Counties, and the eastern boundaries are the eastern boundaries of Valley, Custer, and Elmore Counties.

C. **County Division, Joinder, and Contiguity**. The component counties of this district are all too small to constitute self-contained districts and therefore must be combined with other counties. Valley County is contiguous with Boise and Custer Counties, Boise County is contiguous with all three of the other counties, Elmore is contiguous with Boise and Custer Counties, and Custer County is contiguous with all three other counties.

D. **Precinct Boundary Retention**. No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents**. This district contains no divided counties. The Commission nevertheless affirms that it did not attempt to protect a political party or an incumbent in the creation of this district.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 7-1506(9).

26. **District 9**. This district (see Figure 14, next page) consists of two counties, Washington and Payette, and a portion of Canyon County, including Parma, Notus, Wilder, and Greenleaf. The district has

a population of 52,960, which deviates +0.79% from the ideal district size.

**Figure 14**  
District 9, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** As a geographically large, multicounty district, District 9 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of geographically large districts that combine multiple communities of interest, as is the case with District 9. However, the Commission finds that the areas included in District 9, many of them rural or small communities, share similar legislative concerns. For example, the populations of Parma, Notus, Wilder, and Greenleaf are, respectively, 2096, 609, 1597, and 812. These are similar in size to companion communities elsewhere in the district, such as New Plymouth, population 1,494. Additionally, the district is well-balanced, with Canyon County contributing 17,074 residents, Payette County, 25,386, and Washington County, 10,500. Each

component county in the district is sizeable enough that its interests should be taken into consideration. Finally, on a historical note, these counties have all been combined together in the last two redistricting cycles, with a portion of Canyon County joining Payette, Washington, and Adams.<sup>73</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** The district boundaries are determined mostly by political geography: the western boundary is coterminous with part of Idaho's border with Oregon, the northern boundary is Washington County's border with Adams County, and the eastern boundary is mostly the eastern boundaries of Washington and Payette Counties. In Canyon County, the district boundaries are roads and part of Canyon County's southern border with Owyhee County.

**C. County Division, Joinder, and Contiguity.** This district combines two counties, Washington and Payette, with 17,074 Canyon County residents. The rationale for splitting Canyon County externally was provided in General Legislative Plan Finding 3.D. Washington and Payette are, by themselves, not populous enough to constitute self-contained districts and must therefore be combined with another county or counties. Washington County is contiguous with Payette County, and Payette County is contiguous with the portion of Canyon County included in the district. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

**D. Precinct Boundary Retention.** Several Canyon County precincts were divided to create this district. These divisions were warranted in creating a district of acceptable

population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** This district is directly connected by U.S. Route 95, which is part of the United States highway system, and by Interstate 84, part of the interstate highway system.

**Figure 15**  
District 10, Plan L03

**A. Traditional Neighborhoods and Local Communities of Interest.** District 10 includes 40,635 Canyon County residents, including the city of Middleton, and 12,863 Ada County residents, including the city of Star, which crosses the Ada-Canyon county line.

The district includes part of the city of Nampa and other parts of Canyon County as well. The Commission finds that Middleton and Star are both communities of interest and that crossing the county line is necessary to keep the city of Star together. Additionally, the Commission finds that Middleton and Star, together, are a community of interest.<sup>74</sup> Two notable proposed plans submitted to the Commission, **L023** and **L072**,<sup>75</sup> combined Middleton and Star in a legislative district. **Plan L023** received a great deal of public support in testimony, and **Plan L072**<sup>76</sup> was endorsed by the Ada and Canyon county commissioners. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** District 10 is bounded on the north by Payette and Gem Counties and to the east by State Highway 16, Can Ada Road, and Idaho Center Boulevard. Southern boundaries of the district include Chinden Boulevard, Interstate 84, State Highway 44, and Ustick Road. On the west, the district is bounded by Interstate 84 and other roads.

**C. County Division, Joinder, and Contiguity.** This district combines a portion of Ada County with a contiguous portion of Canyon County. The Ada County portion has 12,863 residents, and the Canyon County portion has 40,635 residents. In General Legislative Plan Findings 3.A. and 3.D. above, the Commission explained its rationale for dividing Ada and Canyon Counties externally. With regard to this specific district, the Commission finds that the external division is further justified based on the close ties and connection between Middleton and Star, as well as Star's status as a cross-county

city. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several precincts in both counties were divided to create this district. These divisions were warranted in creating a district of acceptable population and to keep communities of interest together. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada or Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is directly connected by State Highway 44, which is part of the state highway system.

**Figure 16**  
District 11, Plan L03

28. **District 11**. This district is an internal district in Canyon County. It has a population of 53,483,

which deviates +1.78% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 11 includes 83.7% of the city of Caldwell's population, which is a community of interest. Not all of Caldwell could be included in the district, because the city's population of 59,996 exceeds the ideal district size; however, this district includes the urban core of the city. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

B. **District Boundaries**. District 11's boundaries are influenced by, but do not precisely conform to, Caldwell's city limits. The district is bounded by major roads including State Highway 44, Farmway Road, Ustick Road, Tenth Avenue, Homedale Road, Montana Avenue, State Highway 55, Lake Avenue, Caldwell Boulevard, Middleton Road, Interstate 84, Linden Road, and U.S. Route 20/26.

C. **County Division, Joinder, and Contiguity**. This internal division of Canyon County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.D.

D. **Precinct Boundary Retention**. Several precincts in Canyon County were divided to create this district. These divisions were warranted in creating a district of acceptable population and to keep a community of interest together. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of

protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by Interstate 84, which is part of the interstate highway system.

**Figure 17**  
District 12, Plan L03

29. **District 12.** This district is an internal district in Canyon County. It has a population of 53,363, which deviates +1.55% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** District 12 includes 46,835 residents of the city of Nampa or 46.74% of the population of the city and residents of Caldwell. The Commission finds that Nampa is a community of interest, but with 100,200 people, Nampa is too populous to be included in one district. The Commission also finds that Nampa and Caldwell, being neighboring cities that share many throughways and economic interests, are a community of interest, and that it is appropriate to combine people from the outskirts of Caldwell into a district with Nampa. The Commission finds that this district preserves traditional neighborhoods and local

communities of interest to the maximum extent possible.

B. **District Boundaries**. District 12's boundaries include major roads, such as Interstate 84, Garrity Boulevard, Greenhurst Road, Midway Road, Orchard Avenue, and Karcher Road.

C. **County Division, Joinder, and Contiguity**. The internal division of Canyon County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.D. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several precincts in Canyon County were divided to create this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is directly connected by Interstate 84, which is part of the interstate highway system, and State Highway 55, which is part of the state highway system.

30. **District 13**. This district (see Figure 18, next page) is an internal district in Canyon County. It has a population of 53,581, which deviates +1.97% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 13 includes 42,144 residents of the city of Nampa which is 42.06% of the city's population. As stated in Specific Legislative Plan Finding 29.A., the Commission finds that Nampa is a

community of interest, but with 100,200 people, Nampa is too populous to be included in one district. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**Figure 18**  
District 13, Plan L03

B. **District Boundaries.** District 13’s boundaries include the border with Ada County in the north and east, and roads such as Garrity Boulevard, Idaho Center Boulevard, and East Lewis Lane in the west and south.

C. **County Division, Joinder, and Contiguity.** The internal division of Canyon County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.D. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention.** Several precincts in Canyon County were divided to create this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by Interstate 84, which is part of the interstate highway system.

**Figure 19**  
District 14, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** District 14 combines 96.35% of the residents of the city of Eagle with Gem County, including the city of Emmett. The Commission finds that Eagle and Emmett, as cities, are communities of interest in and of themselves, and that, as both are cities in the Treasure Valley, an area of the state that shares many throughways, media sources, and economic interests,

Eagle and Emmett are part of a larger Treasure Valley community of interest.

The proposed combination of Gem County with part of Ada was met with the objection of the Ada County commissioners, who decried the combination of “urban, growing communities of interest with rural, sparsely populated neighboring counties.”<sup>77</sup> The Ada County commissioners encouraged instead the adoption of **Plan L072**, which was proposed by them.

The Commission notes at the outset of this discussion that Gem County, which contributes 19,123 people to District 14 — 36% of the district’s residents — is not so “sparsely populated.” The Commission further finds that **Plan L072** would not serve the interests of Idahoans or Ada County residents for the following reasons. First, the plan has a maximum population deviation of 9.58%, considerably higher than **Plan L03**’s maximum population deviation of 5.84%. There is simply not the same commitment to equal protection in **Plan L072** that there is in **Plan L03**.

Second, both **Plan L072** and **Plan L03** divide Ada County into 11 districts. Whatever the Ada County commissioners’ objections to combining parts of Ada County with “rural, sparsely populated neighboring counties,” their own proposed plan combines portions of Ada and Canyon Counties with Owyhee County, just as L03 does.<sup>78</sup>

Third, **L072** divides some Ada County cities unnecessarily, in ways that fail to preserve their urban cores. Garden City is divided into two districts, while Meridian is split among four districts. In response to requests and comments from city officials and other parties, **Plan L03** recognizes communities of interest by minimizing the division of

cities and centering legislative districts around the various cities in Ada and Canyon Counties.

It is true that **Plan L072** creates two external splits for Ada County, while **Plan L03** creates three, but those three external splits, like all county divisions in **Plan L03**, were made in the interest of equal protection. To protect voter equality — to create districts close to the ideal size — we have found it necessary, in parts of the state such as this, to combine “rural, sparsely populated” areas with more urban ones. Where we have done so, we have looked to create districts with relatively balanced populations, so that urban and rural voters are coequals in the districts they share. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** District 14’s boundaries include most of Gem County’s boundaries and, in the Ada County portion of the district, major roads such as State Highway 16, State Highway 55, and Chinden Boulevard. In the southeastern part of the district, the Boise River provides some of the district boundary, as do the city limits of Eagle.

**C. County Division, Joinder, and Contiguity.** Gem County, with a population of 19,123, must be combined with another county or counties in order to form a district of acceptable size. The joinder with a portion of Ada County succeeds in creating such a district. Gem County is contiguous with the portion of Ada County to which it is being joined. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

**D. Precinct Boundary Retention.** Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable

population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes.<sup>79</sup> The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

**E. Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

**F. Highway Connection.** This district is directly connected by State Highway 16, which is part of the state highway system.

52,475, which deviates -0.14% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 15 includes a portion of the city of Boise and a portion of the city of Meridian, which, as cities, are communities of interest. In public testimony, Treasure Valley residents expressed a strong preference for preserving the existing legislative districts to the extent possible, believing that the existing districts include well-defined neighborhoods.<sup>80</sup> District 15 covers most of the same area as the existing District 15 does and has common boundaries such as Eagle Road, Chinden Boulevard, Maple Grove, and Interstate 84. Adjustments to district boundaries have been made to equalize population, as the existing District 15 deviates -12.73% from the ideal district size.<sup>81</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 15 is bounded on the west by Eagle Road, on the north by Chinden Boulevard, on the east by Maple Grove Road, in the southeast by Franklin Road, and in the south by Interstate 184 and Interstate 84.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore

<sup>81</sup> Data on the existing legislative district populations may be found in Appendix V.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 16 combines Garden City with a portion of the city of Boise. Garden City and Boise, as cities, are communities of interest, and Garden City, surrounded by Boise and closely tied to it, forms a community of interest with Boise. This district closely conforms to the existing District 16, as Treasure Valley residents expressed a strong preference in public testimony to preserve the current districts as possible. District 16 retains many of the same boundaries and even much the same shape. Adjustments have been made to equalize the population, as current District 16 deviates -8.99% from the ideal district size. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 16's boundaries include major roads such as State Street, Hill Road, Interstate 184, Maple Grove Road, and Franklin Road.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is connected by U.S. Route 20, which is part of the United States highway system, and State Highway 44, which is part of the state highway system.

**Figure 22**  
District 17, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** District 17 is completely made from residents of the city of Boise. Boise, as a city, is a community of interest. District 17 corresponds greatly with the existing District 17, because Treasure Valley residents expressed a strong preference in testimony to retain current districts as much as possible. Adjustments have been made to equalize the population, as the existing District 17 deviates -5.95% from the ideal district size. The Commission finds

that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 17's boundaries include major roads such as Interstate 184, Interstate 84, Cloverdale Road, Victory Road, Main Street, Capitol Boulevard, Federal Way, and Vista Avenue. Railroad tracks form part of the boundary in the east, as does the Boise River in the northeast.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 184 and Interstate 84, both of which are part of the interstate highway system.

35. **District 18**. This district (see Figure 23, next page) is an internal district within Ada County. It

has a population of 51,948, which deviates -1.14% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 18 contains a portion of the city of Boise. Boise, as a city, is a community of interest. This district corresponds closely to the existing District 18, as Treasure Valley residents expressed a strong preference for retaining existing districts to the extent possible. Many of the district boundaries remain the same. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**Figure 23**  
District 18, Plan L03

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal

protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 84, which is part of the interstate highway system, and State Highway 21, which is part of the state highway system.

**Figure 24**  
District 19, Plan L03

36. **District 19.** This district is an internal district within Ada County. It has a population of 52,334, which deviates -0.4% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** District 19 contains a portion of the city of Boise, the Hidden Springs development, and the Avimor development. Boise, as a city, is a community of interest, and Hidden Springs and Avimor are neighborhoods closely tied to Boise. District 19 closely corresponds to the existing District 19, because Treasure Valley residents expressed a strong preference for retaining current districts to the extent possible. Adjustments have been made to equalize population, as the existing district deviates -3.14% from the ideal district size. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries.** District 19's boundaries include part of Ada County's border with Boise County, and roads such as Parkcenter Boulevard, Warm Springs Road, State Street, and State Highway 55. The Boise River forms part of the boundary as well.

C. **County Division, Joinder, and Contiguity.** The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention.** Some precincts in Ada County were divided to create this district. **Figure 25**  
District 20, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest**. District 20 contains 48,447 residents of the city of Meridian or 41.18% of the total population of the city. As a city, Meridian is a community of interest, though with a population of 117,635, it must

be divided among districts. Public testimony supported putting the bulk of Meridian's population into two districts, and this district accommodates that request.<sup>83</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 20's boundaries include the border between Ada and Canyon Counties in the west and several major roads: Chinden Boulevard, Eagle Road, Fairview Avenue, Meridian Road, and Ustick Road.

C. **County Division, Joinder, and Contiguity**. The internal division of Ada County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.A. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

A. **Traditional Neighborhoods and Local Communities of Interest**. District 22 contains portions of Boise, Meridian, and Kuna. As cities, all three are communities of interest, and this district contains neighborhoods where the three cities intersect. The Commission finds that this district preserves traditional neighborhoods and local

communities of interest to the maximum extent possible.

District 22, Plan L03

B. **District Boundaries.** District 22’s boundaries include the border between Ada and Canyon Counties in the west and roads such as Interstate 84, Ten Mile Road, Victory Road, Cole Road, Hubbard Road, and Columbia Road.

D. **Precinct Boundary Retention.** Some precincts in Ada County were divided to create this district. These divisions were warranted in creating a district of acceptable population, and Phil McGrane, Ada County Clerk, advised the Commission to ignore precinct boundary lines, as Ada County intends to redraw precinct boundary lines after redistricting concludes. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-

1506(7).

E. **Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Ada County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is connected by Interstate 84, which is part of the interstate highway system, and State Highway 69, which is part of the state highway system.

**Figure 28**  
District 23, Plan L03

40. **District 23.** This district (see Figure 28, next page) combines portions of Ada and Canyon Counties with Owyhee County. District 23 has a population of 53,424, which deviates 1.67% from the ideal district size. Ada contributes 28,542 residents to the district, Canyon contributes 12,969, and Owyhee contributes 11,913.

A. **Traditional Neighborhoods and Local Communities of Interest**. In addition to Owyhee County, District 23 contains most of Kuna and Melba. Kuna and Melba were described as a community of interest in public testimony.<sup>84</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 23's boundaries are defined mostly by political geography. The western boundary is coterminous with part of Idaho's border with Oregon, the southern boundary is coterminous with part of Idaho's border with Nevada, the eastern boundary includes Owyhee County's borders with Twin Falls County and Elmore County, and part of the northern boundary is Owyhee County's border with Canyon County. Roads form most of the rest of the northern boundary.

C. **County Division, Joinder, and Contiguity**. Owyhee County requires joinder with another county or counties to form a district with an acceptable population. However, the options for joinder are limited, as Owyhee is contiguous with only four other counties: Canyon, Ada, Elmore, and Twin Falls. This district combines less densely populated areas of Ada and Canyon Counties with Owyhee County, because the areas included in the district, many of them rural or small communities, have similar legislative concerns. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some precincts in Ada and Canyon Counties were divided to create this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot

complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Ada or Canyon County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is not directly connected by roads and highways that are part of the interstate system, the U.S. highway system, or the state highway system. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 7-1506(9).

**Figure 29**  
District 24, Plan L03

41. **District 24**. This district (see Figure 29, next page) combines two counties, Camas and Gooding, with a portion of Twin Falls County. District 24 has a population of 53,121, which deviates

1.09% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest**. Public testimony was generally supportive of this district, first proposed in Plan L01. Several people who testified or submitted written comments to the Commission expressed that Camas, Gooding, and Twin Falls Counties have similar interests.<sup>85</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 24's boundaries are defined externally by the political boundaries of the constituent counties.

C. **County Division, Joinder, and Contiguity**. As discussed in General Legislative Plan Finding 3.G. above, Twin Falls County must be externally split. As neither Camas County nor Gooding County has a large enough population to be a self-contained district, the Commission found it reasonable to combine them with part of Twin Falls County in order to satisfy equal protection requirements. Camas County is contiguous with Gooding County, and Gooding County is contiguous with Twin Falls County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Two precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Twin Falls County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by State Highway 46, which is part of the state highway system.

**Figure 30**  
District 25, Plan L03

42. **District 25.** This district is an internal district within Twin Falls County. District 25 has a population of 53,600, which deviates 2.01% from the ideal district size.

B. **District Boundaries.** On the north, District 25 is bounded by the Snake River, while its other boundaries are defined by roads: Eastland Drive, Falls Avenue, N 3200 E, Hankins

Road, Orchard Drive, N 3000 E, E 3600 N, N 2800 E., U.S. Route 93, and Grandview Drive.

C. **County Division, Joinder, and Contiguity.** The internal division of Twin Falls County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.G. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention.** Two precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents.** The Commission specifically affirms that it has neither divided Twin Falls County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** This district is directly connected by State Highway 46, which is part of the state highway system.

**Figure 31**  
District 26, Plan L03

43. **District 26.** This district is composed of three counties: Blaine, Lincoln, and Jerome. The district's population is 53,636, which deviates +2.07% from the ideal district size.

A. **Traditional Neighborhoods and Local Communities of Interest.** Public testimony was generally supportive of this district, first proposed in **Plan L01**. Overall, public testimony agreed with the Commission that Blaine, Lincoln, and Jerome Counties have similar interests.<sup>86</sup> The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries.** District 26's boundaries are determined by the political boundaries of the constituent counties.

C. **County Division, Joinder, and Contiguity.** These counties must each be joined with other counties, as none is large enough to form a district of acceptable population on its own. Blaine is contiguous with Lincoln County, and Lincoln County is contiguous with Jerome County.

D. **Precinct Boundary Retention.** No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents.** This district contains no divided counties. The Commission nevertheless affirms that it did not attempt to protect a political party or an incumbent in the creation of this district.

F. **Highway Connection.** This district is directly connected by U.S. Routes 26 and 93, which are part of the United States highway system, and State Highway 75, which is part of the state highway system.

44. **District 27.** This district (see Figure 32, next page) is composed of three counties: Minidoka,

Cassia, and Oneida. The district's population is 50,832, which deviates -3.26% from the ideal district size.

**Figure 32**  
District 27, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** Public testimony was generally not in favor of combining Oneida County with Minidoka and Cassia.<sup>87</sup> Instead, public testimony overwhelmingly favored combining Oneida with Franklin, Bear Lake, and Caribou Counties.

Bingham, with 44,992 people, is too populous to be added to the Four Counties,

---

<sup>87</sup> See Fort Hall Public Hearing Minutes, October 6, 2021, and Pocatello Public Hearing Minutes, October 6, 2021, Appendix III.

and dividing Bingham would require a ninth county split.

Power's population is 7,878 — too low, on its own, to help the Four Counties reach the ideal district size.

Bannock's population is 87,018, and as discussed in General Legislative Plan Finding 3.B., Bannock must be externally split. However, Bannock's excess population, after providing for one internal district of ideal size, is 34,472 — too many people to be added to the Four Counties, as this would create a district with 66,629 and a deviation of +26.8%. If 20,389 people were taken from Bannock to help the Four Counties attain the ideal district size, then the remaining 14,083 people from Bannock would need to go to another district, either to the north or to the west. The Commission saw no option for where these people could go. Adding them to Bingham was not an option, as the resulting district would be too populous; adding them to Power was not enough to create a district; and adding them to Power, Minidoka, and Cassia would create a district with 68,224 people, much too populous.

Finally, Bonneville County has a population of 123,964, and Bonneville, like Bannock, must be externally split. Assuming that two internal districts of ideal district size could be created in Bonneville, that would leave 18,872 excess residents to add to the Four Counties. Mathematically, this is feasible; adding the excess Bonneville residents to the Four Counties would create a district with 51,029 people, for a -2.89% deviation.

However, using Bonneville's external split to accommodate the Four Counties left a problem of what to do with Teton County, with a population of 11,630. Excluding Bonneville, the only counties adjacent to Teton are Madison and Fremont. Madison has enough people to be a self-contained district and therefore cannot be combined with

any other county. Fremont, with a population 13,388, is not large enough to create an ideal district when combined with Teton.

Adding counties adjacent to Fremont would not solve the problem. Jefferson County is too populous; combining it with Fremont and Teton would create a district with 55,909 people, deviating +6.4% from the ideal district size. Clark County, with only 790 people, is not populous enough, and therefore more population would have to be added from counties farther west – counties that had already been allotted to other districts.

Having failed in its own efforts to accommodate the Four Counties, the Commission found no solution in the draft plans submitted by the public. Of the maps that grouped the Four Counties together, two, **L011** and **L012**, had maximum population deviations exceeding 10%; eleven — **L014, L015, L016, L026, L042, L044, L047, L055, L056, L060, and L074** — split Bingham County; and two, **L070** and **L078**, split Bannock into four different districts.

Based on its own efforts and the maps submitted by the public, the Commission is not persuaded that there is a viable way to keep the Four Counties together and comply with both equal protection and the Idaho Constitution. While the people in Oneida County might feel more connected to their neighbors to the east, the Commission finds, based on equal protection and the Idaho constitutional requirement to keep counties whole as possible, that the most reasonable placement for Oneida County is in a district with Minidoka and Cassia Counties. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

**B. District Boundaries.** District 27's boundaries are determined by the political

boundaries of the constituent counties.

C. **County Division, Joinder, and Contiguity.** Cassia, Minidoka, and Oneida Counties must each be joined with other counties, as none is large enough to form a district of acceptable population on its own. Minidoka is contiguous with Cassia, and Cassia is contiguous with Oneida.

D. **Precinct Boundary Retention.** No precincts were divided in the creation of this district.

E. **Political Parties and Incumbents.** This district contains no divided counties. The Commission nevertheless affirms that it did not attempt to protect a political party or an incumbent in the creation of this district.

F. **Highway Connection.** The counties in this district are directly connected by Interstate 84 and Interstate 86, both of which are part of the interstate highway system.

**Figure 33**  
District 28, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** As a multicounty

district, District 28 does not in itself constitute a neighborhood or a true community of interest. The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of districts that combine multiple communities of interest. This is especially true in Eastern Idaho, which has thirteen counties and uneven population distribution.

One county, Madison, cannot be combined with any others, as it by itself is very close to the ideal district size. This limits how counties adjacent to Madison, including Jefferson, Clark, Fremont, and Teton, may be combined into districts.

Bonneville County, adjacent to Jefferson, Bingham, Madison, Teton, and Caribou Counties, must be split.

Bingham County, with 47,992 people, is not populous enough to be its own district, but too populous to be combined with anything other than a much smaller neighbor. This limits the number of counties that might be combined with it.

Power, Oneida, Bear Lake, and Caribou Counties all have populations under 10,000 and must be combined with other counties. Franklin is slightly more populous, with 14,194 people, but it, too, must be combined with other counties.

Bannock, with 87,018 people, must be externally split.

Essentially, the population distribution in this part of the state is such that the most populous counties — Bannock, Bingham, Bonneville, Madison, and Jefferson — are clustered together, while the less populous counties surround them. The two most populous counties, Bonneville and Bannock, may be externally split, and therefore must distribute some of their population to form districts with the counties around them. Bannock, the southernmost of the populous counties, is surrounded on three sides by

much less populous counties. Because of the nature of the population distribution in Eastern Idaho, the Commission finds it necessary to divide Bannock into three different districts, with one internal division and two external splits. One external split — for District 28 — requires that Bannock be combined with Power and Franklin Counties. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 28’s boundaries correspond to the boundaries of Power and Franklin Counties and the northern boundary of Bannock. Interstate 15 forms part of the eastern boundary of the district, as do some precinct boundaries and census blocks. District 28 also surrounds District 29, a “doughnut hole” district that includes most of the city of Pocatello.

C. **County Division, Joinder, and Contiguity**. The rationale for dividing Bannock County in this way is discussed in General Legislative Plan Finding 3.B, as well as in Specific Legislative Plan Finding 45.A. Power and Franklin Counties are both too small to constitute self-contained districts and must be combined with other counties. Power County is adjacent to Bannock County, which is adjacent to Franklin County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Bannock County precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has

neither divided Bannock County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection.** While the component parts of this district are connected by Interstate 15 and Interstate 86, both of which are part of the interstate highway system, and U.S. Route 91, which is part of the United States highway system, the connection is not direct, as it is necessary to briefly leave the district while traveling through Pocatello. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(9).

**Figure 34**  
District 29, Plan L03

A. **Traditional Neighborhoods and Local Communities of Interest.** This district includes most of Pocatello, which, as a city, is a community of interest. Public testimony favored

keeping Pocatello together in one district.<sup>88</sup> With a population of 56,320, Pocatello could not be entirely included within one district, but the Commission did the best it could to honor this request. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 29's boundaries are influenced by but do not entirely conform to the city limits of Pocatello, which exceeds the ideal district size. The district is bounded on the north by Interstate 86 and on the west by Bannock County's border with Power County.

C. **County Division, Joinder, and Contiguity**. The internal division of Bannock County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.B. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Several Bannock County precincts were divided in the creation of this district. These divisions were warranted in creating a district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Bannock County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

F. **Highway Connection**. This district is connected by Interstate 86 and Interstate 15, both of which are part of the interstate highway system.

C. **County Division, Joinder, and Contiguity.** Neither Bingham County nor Butte County is populous enough to be a self-contained district; each must be joined with another county or counties to form a district with an acceptable population. The two counties

are contiguous with each other.

some public testimony was supportive of combining these counties.<sup>89</sup> The Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of multicounty districts that combine multiple communities of interest, as is the case with District 30. However, based on the public testimony, the Commission finds that these four counties share similar economies and legislative concerns. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

A. **Traditional Neighborhoods and Local Communities of Interest.** This district contains western Bonneville County, Ammon, Iona, and a portion of Idaho Falls. The latter three, as cities, are all communities of interest, though Idaho Falls is too populous for one district. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

C. **County Division, Joinder, and Contiguity.** The internal division of Bonneville County is necessary for equal protection purposes, as explained in General Legislative Plan Finding 3.C. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

A. **Traditional Neighborhoods and Local Communities of Interest.** As a multicounty district, District 35 does not, in itself, constitute a neighborhood or a true community of interest, though it includes several communities that are communities of interest. The

Commission finds that equal protection standards and the Idaho Constitution's requirement to keep counties whole where possible will at times necessitate the creation of multicounty districts that combine multiple communities of interest, as is the case with District 35. However, the Commission finds that the areas included in District 35, primarily small and rural communities, share similar legislative concerns. The Commission finds that this district preserves traditional neighborhoods and local communities of interest to the maximum extent possible.

B. **District Boundaries**. District 35 is bounded on the east by Wyoming, to the south by Utah, and to the north by Fremont County. The district's western boundary, for the most part, follows county boundaries and roads.

C. **County Division, Joinder, and Contiguity**. Bannock and Bonneville are divided externally for reasons described in General Legislative Plan Findings 3.B. and 3.C. and Specific Legislative Plan Finding 45.A. Based on the population distribution in Eastern Idaho and the need to combine residents of more populous counties with residents in smaller counties, the Commission finds it necessary to split Bannock and Bonneville Counties externally. The whole counties in this district are not by themselves populous enough to be a self-contained district; each must be joined with another county or counties to form a district with an acceptable population. Bear Lake County is contiguous to Caribou County, Caribou County is contiguous to the portions of Bannock and Bonneville Counties contained within this district, and Bonneville County is adjacent to Teton County. The Commission finds that this district complies with the requirements of equal protection while minimizing county divisions to the maximum extent possible.

D. **Precinct Boundary Retention**. Some Bannock and Bonneville County precincts were divided in the creation of this district. These divisions were warranted in creating a

district of acceptable population. The Commission determines, by a vote of 6-0, that it cannot complete its duties for this district by fully complying with the requirements of I.C. § 72-1506(7).

E. **Political Parties and Incumbents**. The Commission specifically affirms that it has neither divided Bannock or Bonneville County in the creation of this district for the purpose of protecting a political party or an incumbent nor taken any other action in the creation of this district to protect a political party or an incumbent.

### **Legal Criteria for Congressional Redistricting**

The United States Constitution requires proportional representation in Congress.<sup>90</sup> The population of congressional districts in the same state must therefore be as nearly equal as practicable.<sup>91</sup> Even where precise mathematical equality is not possible, the state should make a good-faith effort to draw districts of equal population.<sup>92</sup> However, a small deviation between district populations might be permissible if necessary to achieve a legitimate state objective.<sup>93</sup>

There are no fixed numerical standards under which a population deviation becomes presumptively acceptable.<sup>94</sup> Rather, the state must “justify population differences between districts that could have been avoided by a good-faith effort to achieve absolute equality.”<sup>95</sup> The deviation cannot be

so great that it would result in vote dilution for the more populated district.<sup>96</sup>

Courts will at times defer to state policies that are “consistent with constitutional norms, even if they require small differences in the population of congressional districts.”<sup>97</sup> Idaho policies on congressional redistricting appear in statute. These criteria include, to the extent possible, preserving traditional neighborhoods and local communities of interest,<sup>98</sup> avoiding oddly shaped districts,<sup>99</sup> avoiding division of counties, whether for partisan or other reasons,<sup>100</sup> and retaining local precinct boundary lines.<sup>101</sup>

### **General Congressional Plan Findings**

Having reviewed Idaho’s 2020 population data provided by the United States Census Bureau pursuant to Public Law 94-171, having considered the law, testimony, and public comments pertinent to congressional redistricting in Idaho, and having considered the proposed congressional redistricting plans submitted by members of the public, the Commission, by a 4-2 vote, makes the following findings:

1. **Number of Districts**. Following the 2020 census, Idaho was apportioned two seats in the United States House of Representatives, and I.C. § 34-1901 creates two congressional districts, with one member elected from each district. The Commission has therefore adopted a plan with two congressional districts.

2. **Population and Ideal District Size**. The total state population, as determined by the 2020 census, is 1,839,106. The ideal district size — the quotient of the total state population divided by the total number of districts — is 919,553. Because Idaho has an even number of people, it is possible to achieve precise numeric equality between the congressional districts.

<sup>100</sup> I.C. § 72-1506(5) and (8).

<sup>101</sup> I.C. § 72-1506(7).

3. **County Division.** Unlike for legislative redistricting, there is no Idaho constitutional provision concerning the division of counties in congressional redistricting. I.C. § 72-1506(5) provides that, “Division of counties shall be avoided where possible.” This criterion applies to both congressional and legislative redistricting. However, the Commission finds that complete avoidance of county division is not possible. As discussed above, the state must make a good-faith effort to achieve absolute numeric equality between congressional districts. Because Idaho has an even-numbered population, and because there are only two congressional districts, it is mathematically possible to achieve precise numeric equality between the districts. To achieve such equality, Ada County, the state’s most populous county, must be split. This conforms to how the state has divided its congressional districts since 1971, and the Commission also finds that maintaining the traditional division of Ada County would be less disruptive and confusing to voters than the creation of entirely new districts.

4. **Other State Criteria.** In congressional redistricting, the dictates of equal protection are paramount. While courts will at times show some deference to legitimate state objectives, the Commission finds that even a small deviation between districts to effectuate state policy is not reasonable in a redistricting year when precise numeric equality can be achieved. The Commission therefore declines to try to justify any deviation based on preservation of counties or other criteria mentioned in I.C. § 72-1506. However, the Commission specifically affirms that it has not divided Ada County or taken any other action in congressional redistricting for the purpose of protecting a political party or an incumbent.

5. **Precincts.** Under I.C. § 72-1506(7), a redistricting plan is required to retain local precinct boundary lines. The Commission finds, by a 5-1 vote, that it cannot complete its duties by fully complying with this requirement.

**Figure 41**  
**Adopted Plan C03**  
**Specific Congressional Plan Findings**

6. **Plan C03.** The Commission adopts, by a 4-2 vote, **Plan C03** as Idaho's congressional redistricting plan.

7. **Population Data.** The population data used in drafting Plan C03 was exclusively census data. The plan was drafted using the Maptitude software program, purchased by the Commission from the Caliper Corporation.

8. **Deviation**. There is no population deviation between the districts in Plan C03. Each district is the ideal district size of 919,553.

9. **District 1**. This district includes the following counties: Boundary, Bonner, Kootenai, Shoshone, Benewah, Latah, Clearwater, Nez Perce, Lewis, Idaho, Adams, Valley, Washington, Gem, Boise, Payette, Canyon, Owyhee, and part of Ada. A detailed census block equivalency report for the district is included in Appendix X.

10. **District 2**. This district includes the following counties: Lemhi, Custer, Elmore, Camas, Blaine, Lincoln, Gooding, Jerome, Minidoka, Twin Falls, Cassia, Butte, Clark, Fremont, Jefferson, Madison, Teton, Bonneville, Bingham, Power, Bannock, Caribou, Oneida, Franklin, Bear Lake, and part of Ada. A detailed census block equivalency report for the district is included in Appendix VII.

11. **Division of Ada County**. The portion of Ada County allocated to District 2 includes most of the city of Boise and some of Eagle and Meridian. The boundaries for the Ada County portion of District 2 are: in the northeast, the county line between Ada and Boise Counties up to State Highway 55; in the northwest, State Highway 55 south to State Street; in the west, State Highway 44 to Eagle Road, then Eagle Road south to Victory Road; and in the south, Victory Road, Orchard Street, Gowen Road, and Interstate 84. The southern boundary dips south from Victory Road for a brief distance to include some people in District 2 that are necessary to achieve precise numeric equality.

### **Minority Report on Congressional Redistricting**

Cochair Schmidt and Commissioner Mitchell respectfully dissent in part from General Congressional Plan Findings 1 and 2 and further respectfully dissent from General Congressional Plan Findings 3 and 4, except to note that they agree with their colleagues that the majority of the Commission has not taken action in congressional redistricting to protect a political party or an incumbent. Additionally, Commissioner Mitchell respectfully dissents from General Congressional Plan Finding 5. Cochair Schmidt and Commissioner Mitchell would find the following:

1. **County Preservation**. Maintaining the integrity of counties is a legitimate state objective, as determined by the United States Supreme Court in *Tennant v. Jefferson County Commission*, 567 U.S. 758 (2012). Minor deviations from precise numeric equality may be justified if the deviation results from effectuating a legitimate state objective. The Commission should do its utmost not only to achieve equal protection but also to effectuate state policy. As provided in I.C. § 72-1506(5), it is state policy to avoid the division of counties whenever possible.

2. **Plan C036**. Cochair Schmidt and Commissioner Mitchell would adopt Plan C036 or a similar plan that maintains whole counties with a minimal population deviation. In Plan C036, the difference between the districts is 102 people, or 0.01%. Such a minor deviation — less than the deviation in the congressional redistricting plan upheld in *Tennant* — would not dilute the voting power of any person in the state, and in adopting Plan C036 or something like it, the Commission would be abiding by statute and serving the legitimate state objective of maintaining whole counties.

## Conclusion

Based on the findings, reasons, and analyses described above, the Idaho Commission for Reapportionment reports to the Idaho Secretary of State that it has adopted **Plan L03** as Idaho's legislative redistricting plan, **Plan C03** as Idaho's congressional redistricting plan, and this document as its Final Report.

RE: Constituent Redistricting Concerns

Dear Appointing Authorities:

Thank you for the opportunity to serve on the Idaho Commission for Reapportionment. It has been our honor and privilege to fulfill this important function.

As a Commission, we held 18 hearings around the state to take public testimony on redistricting. In the testimony, certain concerns emerged as recurring themes. We wish to emphasize that, in describing these concerns, we are not recommending any specific action. Rather, our purpose is to bring the concerns to the attention of you, your parties, and your caucuses.

First, there is interest among some constituents for communities of interest, such as cities and tribal reservations, to be afforded greater protection than that currently allowed by law. Although I.C. § 72-1506(2) lists preserving communities of interest as a redistricting criterion, this statutory provision is subordinate to the mandate in the Idaho Constitution to keep counties whole. Thus, it is common for communities that cross county boundaries, such as the Fort Hall Reservation, to be divided between legislative districts. Greater legal protection for Idaho's communities of interest would likely require an amendment to Article III, Section 5, of the Idaho Constitution.

Second, some constituents reported feeling disenfranchised in their current districts. They testified that their legislators ignored parts of the district with less population. This feeling of disenfranchisement seemed most common among rural voters. It was suggested by Dr. Gary Moncrief and others that creating 70 representative districts — or two House districts for every Senate district — might help to alleviate this feeling of disenfranchisement, because House members would then be more geographically dispersed throughout the state. But creating 70 House districts would likely require a change to Article III, Section 4, of the Idaho Constitution, which requires 35 *legislative* districts, failing to

distinguish between Senate and House districts.

Again, our purpose in this letter is not to provide specific recommendations on these matters but to bring them to your attention.

Thank you again for the opportunity to serve.

Sincerely,

Bart Davis, Cochair
