STATEMENT OF PURPOSE

RS25901

The proposed legislation allows a person to be considered a resident of the state of Idaho if the person resides in Idaho for a period of thirty (30) days, is legally registered to vote in the state of Idaho, has legally obtained a driver's license or identification card, and has either been subject to real property tax in the state or is subject to reporting Idaho State income tax.

If a person does not meet these requirements, they must be domiciled in the state with the intent to make it his or her permanent abode for a period of not less than six (6) months immediately proceeding the date applied for any license, tag, or permit.

FISCAL NOTE

The proposed amendment will have no fiscal impact to the general fund, any other state fund or local governments. There is no fiscal impact because the amendment will not require the expenditure of any funds but is merely a change in the definition of what qualifies as resident.
