

Senate Education Committee Summary Report, 1/18/2024

Region 1 Projects and Highlights		
Coeur d'Alene School District	\$340,000	New fencing, increasing fencing height and installing privacy fencing
North Idaho STEM Charter Academy	\$20,000	Bullet proof glass and security window film
Hayden Canyon Charter School	\$15,660	New fencing installation
Post Falls School District	\$240,000	This funding helped secure our schools and improve student safety by replacing old, end-of-life cameras with new ones with much better resolution. It also allowed us to install new locking door hardware in our secured vestibules.
Lakeland School District	\$220,000	Installing 6-foot fencing in multiple buildings
Plummer-Worley School District	\$60,000	Window film, door access systems, magnetic door holds, new exterior doors
Kellogg School District	\$80,000	Window Replacements, replacing exterior and interior doors
St. Marie's School District	\$96,500	Exterior lighting, secure vestibule installation and exterior fencing
West Bonner School District	\$100,000	Access control, new cameras, new door installation and generator installation
Boundary County School District	\$100,000	Video intercoms, new fencing, rekey and new key locks, new radios, Raptor visitor management system, PA system updates and bollard device installation

Post Falls- New Vision High School, Secure Vestibule

Region 2 Projects and Highlights

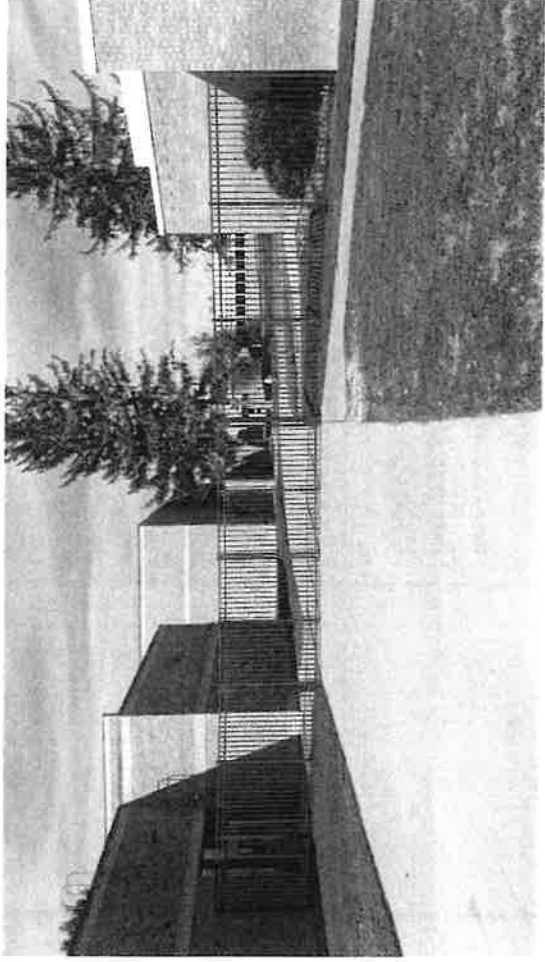

Lewiston School District	\$220,000	Door lock upgrades and PA system updates
Salmon River School District	\$36,713.51	Fencing, access control, and video intercoms
Moscow School District	\$140,000	Updating security cameras and PA systems
Palouse Prairie Charter School	\$20,000	Updated access control

Region 3 Projects and Highlights

Caldwell School District	\$200,000	Bullet-resistant window film, visitor management systems,
Middleton School District	\$120,000	Updating and replacing PA systems, new cameras and door security panels
Elevate Academy Nampa	\$20,000	New cameras and PA speaker for kitchen area
Basin School District	\$40,000	Updating and installing cameras and blue tooth door locks

Meridian Medical Arts Charter High School	\$20,000	<p>"Access control system is in place and working great. All students and staff have badges to access the school and our check in process and cameras are seamlessly addressing guests entering the building. Thank you for this opportunity to make it financially feasible to make my building and staff/students safer. For small schools/districts like mine, these high costs projects are nearly impossible without some financial assistance. "</p>
North Star Charter School	\$20,000	Update PA system, combining with Phase 2 application
Midvale School District	\$40,000	Access control and perimeter fencing
Payette River Technical Academy	\$20,000	<p>"We appreciate the ability to fast-track some of our security projects because of this funding. Our three teachers and 200+ students who use that building daily deserve to feel that their safety needs are as important as the teachers and students in our other buildings. We actually had a teacher a couple years back share with us that one of the reasons she was leaving our employ was because she didn't feel that her safety needs were being met. We immediately addressed those concerns in our building but needed to get our new building up to the same standards."</p>
Boise School District	\$861,962.35	Expansion and upgrade of camera system on campus.
Peace Valley Charter School	\$19,999.50	Replacing door hardware; installing fencing, new cameras, exterior lighting
Sage International School	\$20,000	Access control system and security alarm components
Vision Charter School	\$20,000	<p>"We completed our 6' fence with drive thru and walk thru gates. Our playground is now entirely closed off to vehicles, animals, and unwetted visitors. This has made a huge difference with stray dogs, which use to frequently chase our Kinder-12th grade students. We no longer have unknown persons driving through our playground during recess. We are working on getting security film on all of our entry</p>

building. This created a safety issue. Since the system has been replaced, the school is able to communicate more effectively and can provide proper alerts during an emergency situation. This has made the building a safer place for both students and staff.”

Region 6 Projects and Highlights

Idaho Falls School District	\$380,000	Security window film and fire suppression system update
Alturas Prep Academy	\$20,000	Updates to NVR and camera system
Alturas International Academy	\$20,000	Updates to NVR and camera system
American Heritage Charter School	\$20,000	Updating PA system and connecting to modulators
Taylor's Crossing Charter School	\$20,000	Security window film
White Pine Charter School	\$20,000	<i>“The SOF funds have been very helpful for our school! Our front desk appreciates the new access control system that allows them to</i>
