

## STATEMENT OF PURPOSE

RS32254 / H0201

This legislation modifies §56-265 of Idaho Code to raise the minimum risk sharing level within agreements between the Idaho Department of Health and Welfare and Value Care Organizations.

## FISCAL NOTE

Value Care Organizations (VCOs) are limited in their ability to create and share savings with the state due to their ability to select conservative risk sharing levels. Raising the minimum risk sharing level in VCO contracts will increase the financial risk to which VCOs are exposed, thereby increasing savings potential for VCOs and the state.
