

STATEMENT OF PURPOSE

RS32406 / H0237

Currently, many students who transfer between Idaho schools during the school year are prevented from participating in sports at their new school, during the school year in which they transfer, because of their status as a transfer student. This legislation provides that these students are immediately eligible to participate in extracurricular activities, unless the sport's season has already started, and the transfer was not caused by a bona fide relocation to a new residence.

FISCAL NOTE

This legislation does not raise or reduce revenues for any public fund, nor does it require any increase or decrease in public expenditures. Therefore, there is no fiscal impact.
