

## STATEMENT OF PURPOSE

RS32448 / H0279

This legislation modernizes the way Idaho funds our public schools. It moves our state toward funding our schools based on students who attend those schools. It will distribute discretionary funding on a per-student basis unless the amount is less than what would have been distributed under the current funding model. This ensures small and rural schools are kept whole.

## FISCAL NOTE

\$14.2 M in general funds that will be directed to small and rural districts to account for the enhancements they receive under the current funding model.
