

STATEMENT OF PURPOSE

RS32346 / S1105

This bill updates last session's legislation on the "Don't Tread on Me" license plate based on public and state input. It removes the 26,000-pound weight limit, making the plate available to more Idahoans. The design is clarified as a bright yellow and black plate with the snake centered. It also ensures funds go exclusively to **in-person firearms safety education** and establishes the **Idaho Firearms Safety Education Committee** to oversee grants in cooperation with the State Board of Education.

FISCAL NOTE

No impact on the General Fund. The fee structure remains unchanged, with a portion allocated for administration and the rest funding firearms safety grants. The new oversight committee will be volunteer-based, ensuring **better management and accountability** of funds without added costs. This bill expands access while strengthening financial oversight.
