

# IT Programmer

## Non-Classified Classification

### Legislative Services Office

Open for Recruitment: September 19, 2018 - October 12, 2018

Salary Range: \$20.00 per hour

Location(s): Boise

**SPECIAL NOTIFICATION:** This position is exempt from classified state service and the rules of the Division of Human Resources and the Idaho Personnel Commission.

### **IT PROGRAMMER (PART-TIME)**

The Legislative Services Office is pleased to offer a part-time position for a computer programmer. This is an excellent opportunity for someone wanting to return to the workforce or a recent college graduate with a Computer Science or related degree who desires some real work experience.

The candidate should be focused, detail oriented and competent in coding. You will have a primary role in helping to create, design, develop and test various software programs. You'll also have the opportunity to solve a variety of existing software problems, working with other developers, and helping to correct designs, programs and applications. Candidate will possess the talent to create and modify specific programs with the ability to convert all project requirements into code.

Our applications are written in a variety of languages and relational databases (Oracle 12c, MySQL and Microsoft SQL). Our mission critical application is written in JAVA EE, Oracle and XML; we also have applications written in ASP.NET AND C#.

**Salary Range:** \$20.00 hourly (this position does not include benefits)

**Work Schedule:** Monday - Friday, between hours of 7:30 a.m. - 4:30 p.m. (minimum of 20 hours per week)

**Location:** State Capitol Building, Boise, Idaho

#### **Programmer Responsibilities:**

- Write and test applications and software codes
- Apply new and test existing applications and programs
- Correct critical errors in codes and update
- Debug and correct inaccurate lines of code
- Update and expand existing programs

#### **Programmer Requirements and/or Preferred Qualifications:**

- Understanding and familiarity with several coding languages such as Java, Java Script, jQuery, C#, etc.
- Excellent communication skills both verbal and written
- Knowledge and fundamentals of software development, design, tuning, testing, and debugging
- Critical thinking, troubleshooting and problem-solving skills
- Ability to manage time efficiently
- Ability to follow directions

**Approximate Duration:** November 2018 – April 2019, with the possibility of extending part-time through June 2019. The candidate will be expected to work a minimum of 20 hours per week.

**To Apply:** Mail or e-mail cover letter, resume and professional references or two letters of recommendation to:

Norma Clark, IT Deputy Division Manager  
Legislative Services Office  
P.O. Box 83720
