## Division Description

The constitutions of both the United States and the state of Idaho require that congressional and legislative district boundaries be redrawn after each decennial census to equalize the population among districts and ensure that every citizen's vote carries the same weight, supporting the principle of "one person, one vote." From statehood until 1994, when the Idaho Constitution was amended to establish a six-person, bipartisan Commission on Redistricting, the new district lines were drawn by the Legislature after each census. Beginning with the 2000 census, that responsibility was delegated to the Redistricting Commission. **The Redistricting Commission is mandated to fulfill its constitutional responsibilities of drawing new legislative and congressional districts. In accordance with Section 72-1507, Idaho Code, the Legislative Council shall furnish secretarial and other staff assistance as the commission requires in the performance of its duties. This support is furnished through the Legislative Services Office under the direction of Legislative Council.**

## 1. Redistricting Costs

## Redistricting

This request is for \$171,800 onetime from the General Fund for the commission's FY 2022 operations. Redistricting is a process that requires complex geographic information systems (GIS) mapping and drawing functions, and as a consequence requires the purchase of GIS software, a network server, workstations, and contracting with personnel whose skill set is not currently employed by Legislative Services Office. The overall project timeline is to purchase resources early in FY 2021, prepare the system for the Commissioners, receive the Census data in April 2021, begin work in June 2021, and complete the work of the Commission within 90 days of its creation by the Secretary of State, as outlined by Idaho Code. Therefore, the commission's work will fall within FY 2022 and this funding, along with carryover, is necessary to complete the project.

## Budget Law Exemptions and Adjustments

LUMP SUM: The agency requests an appropriation that is exempt from Section 67-3511, Idaho Code, which restricts the transfer of appropriation among personnel costs, operating expenditures, capital outlay, and trustee and benefit payments. This authority requires legislative approval.

CARRYOVER: The agency requests authority to carry over its unencumbered and unspent appropriation balances from FY 2021 into FY 2022. Carryover requires legislative approval.
