

Millennium Fund Annual Report

For the Period July 1, 2016, through June 30, 2017

The Idaho Legislature appropriates funding from the Idaho Millennium Fund to eligible applicants who provide services that help individuals to never start, to quit, or to receive treatment for, tobacco or substance use. This process begins with a submitted application to the Joint Legislative Millennium Fund Committee. Applicants that are awarded a Millennium Fund Grant must submit an annual report detailing the project, and any outcomes and expenses, using the criteria listed below. The report is to be submitted by October 13, 2017. Please contact Jared Tatro, Legislative Services Office, with any questions at (208) 334-4740 or email jtatro@iso.idaho.gov.

Millennium Fund Grant Award

\$94,000

Report Date

10/20/2017

I. Overview, Rationale, and Justification for the Project/Program: The Goal of the Idaho Tobacco Project Grant Application was to reduce youth access to tobacco products. This was achieved by conducting tobacco compliance inspections at retailer locations throughout Idaho. The ongoing conduct of tobacco retailer inspections is necessary to ensure retailers remain vigilant about preventing youth access to tobacco.

II. Distribution: The Idaho Tobacco Project their Millennium Fund Grant award (\$94,000) covered the cost of conducting 847 unannounced compliance inspections at tobacco retailers. The inspected retailers were located in all counties in Idaho. This funding, along with general funds, violation fines and block grant funds, enabled the Tobacco Project to conduct a total of 2200 retailer compliance inspections during the grant period. Employing a random sample model, all retailers were inspected at least one time during the calendar year and approximately 20% of the retailers were randomly selected for a second inspection. Additional targeted inspections were conducted in response to complaints and to evaluate compliance with vendor-assisted sales requirements. During this year, the Idaho Tobacco Project contracted with Benchmark Research and Safety, Inc., to conduct the inspections. Benchmark is an Idaho-based company specializing in research and evaluation. The Idaho State Police provided back-up to the inspection teams to ensure the safety of the minor and adult inspectors.

III. Goals: The goal of the Idaho Tobacco Project funding application was to reduce youth access to tobacco products. This is an ongoing goal, because there is a new cohort of youth reaching the age of tobacco initiation annually. The purpose of the funding request was to encourage retailers to remain dedicated to refusing to sell tobacco products to youth. During the past 16 years the Tobacco Project's statewide inspection system has reduced, the retailer sales to youth inspector rate from 30.01% in 2000 to a calendar year 2016 rate of 6.72%. (Per the Prevention of Minors' Access to Tobacco Statute, the tobacco compliance system is based on the calendar year.)

IV. Financial Statement: The FY 2017 Millennium Fund grant amount was \$94,000. All of these funds were used to cover the cost of tobacco retailer compliance inspections. The total projected budget for the Idaho Tobacco Project was \$367,481 comprised of Millennium, State General Fund, tobacco fine receipts and Substance Abuse Prevention and Treatment block grant dollars. The actual expenditures were \$365,881. The Millennium and General funds were used to cover the costs of conducting tobacco compliance inspections. Federal law prohibits the use of block grant funds for enforcement activities, so these funds are used to cover retailer training resources and completion of the annual Synar Report. The Tobacco Project has a remaining balance of \$1,600 in the Block Grant portion of the budget. This balance was due to smaller than anticipated costs for providing retailer point of sale materials.

V. Entities Visited/Sponsored and Participants in the Project/Program: As indicated in Section IV, the Millennium Funds were used for the conduct of retailer compliance inspections. These funds were contracted to Benchmark Research and Safety, the contractor responsible for the conduct of the compliance inspections.

Below is a list of the tobacco retailers whose inspections were covered this funding source. Although the inspections were conducted using random sample method, for ease of review, the permittees are listed in order of date inspected.

SUBCONTRACTING/SUBGRANTING INFORMATION	<copy/paste new sub-contract/grant rows as necessary>
---	---

Organization Name Benchmark Research and Safety, Inc.
 Amount \$367,481 (Total Paid: \$365,881)
 Purpose The millennium funds that were allocated to the Idaho Tobacco Project were solely used to cover the cost of tobacco compliance inspections. This activity is Conducted by Benchmark Research and Safety, Inc. and billed to the Tobacco Project at a fixed unit rate. This rate includes all costs associated with tobacco inspections – personnel, data management, travel, criminal history check and training costs. The contractor was not required to provide detailed data on the unit cost. A total of 847 inspections were funded during FY 17.
