

Through April, General Fund revenue collections are \$355.7 million below the forecast. The Division of Financial Management reports this is largely due to moving the 2019 income tax filing deadline from April 15 to June 15 as a response to COVID-19. The revenue forecast from January projected revenues in April would be nearly \$785 million (see page 2 line 6), while actual collections for the month were \$315.3 million. Depending when taxpayers file income taxes, some of this shortfall should be made up by the end of the fiscal year.

If FY 2020 were to end today, however, there would be a significant General Fund shortfall that would require using Budget Stabilization Fund as authorized by S1430, or a combination of short term borrowing against moneys currently in the State Treasury and Budget Stabilization Funds. The Governor and Board of Examiners have taken steps to balance the budget by declaring a 1% spending reduction in FY 2020. This is in addition to H577 that reduced state agency budgets by 1% during the legislative session.

Looking at the General Fund summary table below, line 7 in the update column shows the "missed" revenue forecast through April. Line 14 shows the action taken by the Board of Examiners to reduce the public schools budget by \$18.9 million. Line 16 shows the estimated budget shortfall of \$281.2 million. As of this printing, no official action has been made with regard to state agency budget reductions, other than Executive Order 2020-05. Next month's budget monitor will report on state agency actions, and additional revenue collections that should help chip away at the current budget shortfall of \$281.2 million.

For more information regarding General Fund revenues, please see this report from DFM.

Additional budget information can be found on our website.

FISCAL YEAR 2020 (\$ in Millions)

REVENUES	<u>At SINE DIE,</u>	<u>Update</u>	<u>Difference</u>
	<u>March 18, 2020</u>
