## General Fund Budget Monitor – February 2023

The cumulative amount of General Fund revenue is \$62.0 million or 1.0% more than at this point last fiscal year. For the month of February, General Fund revenue collections totaled \$268.3 million, or \$1.3 million more than the DFM revised forecast. February’s revenue brings the total FY 2023 collections to \$3,587.9 billion. Fiscal year to date, the General Fund revenue collections total \$25.6 million below the DFM revised forecast (line 5). Please find additional tables, charts, and graphs displaying historical General Fund revenue collection information on pages 2 - 3 of this report and on our website <https://legislature.idaho.gov/lso/bpa/budgetinformation/>. For information about the DFM revised forecast, please visit the March report here: <https://dfm.idaho.gov/>.

The Joint Finance-Appropriations Committee (JFAC) has approved \$472,200 to cover the costs of deficiency warrants for pests, tire disposal, and hazardous materials (line 8). Additionally, JFAC has approved several supplementals for a positive General Fund impact of \$67.8 million (line 12). This includes a reduction of \$103.5 million for Medicaid programs, and \$35.7 million of additions for several programs including: \$5.9 million to combat Fentanyl, \$4.1 million for youth assessment centers, \$3.2 million for firefighting operations, \$1.5 million for dyslexia training, and \$1.0 million for security incident costs at the University of Idaho.

If the Legislature was to adjourn Sine Die without additional funding decisions for the current year, and assuming the current JFAC approved supplementals are signed into law, the estimated ending balance would be \$1,408.6 billion (line 14).
