MEMORANDUM

TO: Rules Review Subcommittee of the Senate Commerce & Human Resources Committee and the House Business Committee

FROM: Research & Legislation Staff - Eric Milstead

DATE: August 20, 2008

SUBJECT: Division of Building Safety

The Division of Building Safety has submitted rules as discussed below.

1. IDAPA 07.01.02 - Rules Governing Fees for Electrical Inspection
(Docket No. 07-0102-0801 Fee Rule)

The Division of Building Safety submits notice of temporary and proposed rulemaking at IDAPA 07.01.02 - Rules Governing Fees for Electrical Inspection. The Division states that the temporary and proposed rule addresses concerns from electrical contractors that the current fee schedule applicable to new residential dwellings for homes over 4,500 square feet is too complicated. The temporary and proposed rule simplifies the calculation of permit fees for homes over 4,500 square feet. The rule also clarifies that the entire fee schedule calculation applies to living space only. The Division states that negotiated rulemaking was not conducted because of the need for temporary rulemaking.

The Division's proposed rule appears to be authorized pursuant to Section 54-1006(5), Idaho Code.

2. IDAPA 07.02.03 - Rules Governing Permit Fee Schedule (Docket No. 07-0203-0801)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.02.03 - Rules Governing Permit Fee Schedule. [NOTE: This temporary and proposed rule is identical to the above docket except that this relates to plumbing contractors instead of electrical contractors.] The Division states that the temporary and proposed rule addresses concerns from plumbing contractors that the current fee schedule applicable to new residential dwellings for

homes over 4,500 square feet is too complicated. The temporary and proposed rule simplifies the calculation of permit fees for homes over 4,500 square feet. The rule also clarifies that the entire fee schedule calculation applies to living space only. The Division states that negotiated rulemaking was not conducted because of the need for temporary rulemaking.

The Division's proposed rule appears to be authorized pursuant to Sections 54-2605(1) and 54-2623, Idaho Code.

3. IDAPA 07.02.06 - Rules Concerning Uniform Plumbing Code
(Docket No. 07-0206-0801)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.02.06 - Rules Concerning Uniform Plumbing Code. The proposed rule provides an amendment to the Uniform Plumbing Code authorizing and regulating the use of nonwater urinals where appropriate.

The Division's proposed rule appears to be authorized pursuant to Section 54-2606, Idaho Code.

4. IDAPA 07.03.01 - Rules of Building Safety – Fee Rule (Docket No. 07-0301-0802)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.03.01 - Rules of Building Safety. The proposed rule, relating to manufactured homes, increases fees related to in-plant inspections from \$26 to \$45 per floor and increases fees for other inspections from \$36 to \$70 per hour. There is no specific fee limit found in statute, but Section 39-4004(1), Idaho Code, does provide a fee ceiling of sorts in stating that the "fee schedule shall be consistent with the actual cost of maintaining the program." The Division states that negotiated rulemaking was not conducted because of the simple changes in the proposed rule.

The Division's proposed rule appears to be authorized pursuant to Sections 39-4004, Idaho Code.

5. IDAPA 07.04.02 - Safety Rules for Elevators, Escalators, and Moving Walks
(Docket No. 07-0402-0801)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.04.02 - Safety Rules for Elevators, Escalators, and Moving Walks. The proposed rule corrects an incorrect reference to ANSI/ASME.

The Division's proposed rule is authorized pursuant to Sections 39-8605, Idaho Code.

6. IDAPA 07.04.02 - Safety Rules for Elevators, Escalators, and Moving Walks
(Docket No. 07-0402-0802 -- Fee Rule)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.04.02 - Safety Rules for Elevators, Escalators and Moving Walks–Fee Rule. The proposed rule revises reinspection fees for “all types of conveyances.” The Division correctly notes that Section 39-8616, Idaho Code, which establishes certification and reinspection fees for elevators, directs that fee amounts set forth in this section “may be reduced by the division as set forth in duly promulgated administrative rules.”

We note, however, that the proposed rule states that reinspection fees shall be \$100 for the first hour of inspection and \$100 for each hour of inspection thereafter. (See Proposed Rule, Section 011.04). While the rates found in the proposed rule are lower initially than the fees found in statute, it appears that in the event an inspection were to take more time than anticipated, it might be possible for the reinspection fee to exceed the fee cap found in statute. Consequently, it might be appropriate to include language in the proposed rule to the effect that *in no event, shall the reinspection fee exceed the reinspection fee established in section 39-8616, Idaho Code.*

Other than the matter we raised above, the Division’s proposed rule appears to be authorized pursuant to Sections 39-8605 and 39-8616, Idaho Code.

7. IDAPA 07.07.01 - Rules Governing Installation of Heating, Ventilation, and Air Conditioning Systems, Division of Building Safety – Fee Rule (Docket No. 07-0701-0801)

[NOTE: This temporary and proposed rule is identical to the first two dockets addressed in this memorandum except that this temporary and proposed rule applies to HVAC systems instead of electrical and plumbing systems.] The Division of Building Safety submits notice of temporary and proposed rulemaking at IDAPA 07.07.01 - Rules Governing Installation of Heating, Ventilation, and Air Conditioning Systems, Division of Building Safety. The Division states that the temporary and proposed rule addresses concerns from HVAC contractors that the current fee schedule applicable to new residential dwellings for homes over 4,500 square feet is too complicated. The temporary and proposed rule simplifies the calculation of permit fees for homes over 4,500 square feet. The rule also clarifies that the entire fee schedule calculation applies to living space only. The Division states that negotiated rulemaking was not conducted because of the need for temporary rulemaking.

The Division’s proposed rule appears to be authorized pursuant to Section 54-1006(5), Idaho Code.

07.01.02 - RULES GOVERNING FEES FOR ELECTRICAL INSPECTIONS

DOCKET NO. 07-0102-0801 (FEE RULE)

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2008.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-1006(5), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 17, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Contractors feel the fee schedule applicable to new residential dwellings for large homes (homes over 4,500 square feet) is too complicated. Additionally, the basis of the permit fee schedule as square footage of living space only is not clearly stated for all sizes of single family dwellings. This rule change would simplify the calculation of permit fees for larger homes (homes over 4,500 square feet) to include a base fee plus additional fees for every 1,000 feet of square footage beyond 4,500 square feet (or a portion thereof). It also clarifies for the entire fee schedule that the square footage basis for the permits includes living space only.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(a), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This temporary rule is necessary to confer a benefit to affected electrical contractors, general contractors, and property owners doing their own electrical installations by simplifying the calculation of permit fees for larger homes.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: This proposed rule would simplify the calculation of permit fees for electrical inspections of larger residences.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: None.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because of the need for temporary rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Steve Keys, Deputy Administrator - Operations, (208) 332-8986.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 24, 2008.

It also clarifies for the entire fee schedule that the square footage basis for the permits includes living space only.

DOCKET NO. 07-0206-0801
NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-2606, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 17, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Uniform Plumbing Code only expressly addresses standard water-flush urinals. The Idaho Plumbing Board has determined that technology has advanced to the point where "nonwater urinals" using chemicals are an acceptable alternative, thereby conserving substantial quantities of water. This rulemaking provides an amendment to the Uniform Plumbing Code authorizing the use of nonwater urinals where appropriate and authorizes the installation and use of nonwater urinals under certain conditions and requirements. The rulemaking also requires the installation of a standard water distribution line for the urinal location in the event of a future retrofit.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: None.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because of the simple nature of the proposed rule change.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Steve Keys, Deputy Administrator - Operations, (208) 332-8986.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 24, 2008.

NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 39-4004, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 17, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Current revenues are insufficient to support the ongoing inspection process for the HUD manufactured housing program. The program is currently drawing on fund balances to support its operation. Fee changes are necessary to generate sufficient revenue to support the ongoing program. Fees have not been increased since 1990.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased:

The per floor inspection fee would increase to \$45 per floor from the current \$26 per floor fee. The hourly fee for hourly inspections would increase from \$36 to \$70.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

The fee increase would increase revenues by approximately \$65,000 per year.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because of the simple nature of the proposed rule change.

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2008.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 39-8605 and 39-8616, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 17, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The rule change is necessary to establish by rule, pursuant to Sections 39-8605 and 39-8616, Idaho Code, the fees for reinspection of various types of conveyances including elevators, escalators, and lifts. The current fee schedule is established by Section 39-8616, Idaho Code, and pursuant to that statute reductions in fee amounts must be achieved through rules. Currently, the fees exceed the costs associated with a typical reinspection and are not reflective of the actual cost of providing the associated service.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This rule will reduce the fee for reinspections of elevators, escalators, and lifts to a flat fee thereby ensuring the safety of such conveyances through the reinspection process.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

The current fee schedule is established by Section 39-8616, Idaho Code. This rule will reduce the fee for reinspections of elevators, escalators, and lifts from \$500 or \$250 to a flat fee of \$100 thereby ensuring the safety of such conveyances through the reinspection process.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There would likely be no resulting change in revenues, as the current reinspection fees are seldom assessed due to the excessive fees associated with same.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because of the need for temporary rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Steve Keys, Deputy Administrator – Operations, (208) 332-8986.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 24, 2008.

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2008.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-5005(1) and (2), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 17, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Contractors feel the fee schedule applicable to new residential dwellings for large homes (homes over 4,500 square feet) is too complicated. Additionally, the basis of the permit fee schedule as square footage of living space only is not clearly stated for all sizes of single family dwellings. This rule change would simplify the calculation of permit fees for larger homes (homes over 4,500 square feet) to include a base fee plus additional fees for every 1,000 feet of square footage beyond 4,500 square feet (or a portion thereof). It also clarifies for the entire fee schedule that the square footage basis for the permits includes living space only.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(a), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

This temporary rulemaking is necessary to confer a benefit to affected HVAC contractors, general contractors, and property owners doing their own HVAC installations by simplifying the calculation of permit fees for larger homes.

FEE SUMMARY: Pursuant to Section 67-5226(2), Idaho Code, the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

This proposed rule would simplify the calculation of permit fees for heating, ventilation, and air conditioning systems (HVAC) inspections of larger residences.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: None.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because of the need for temporary rulemaking.
