1. IDAPA 13.01.04 - Rules Governing Licensing

The Department submits notice of proposed rulemaking at IDAPA 13.01.04 - Rules Governing Licensing. According to the Department, the purpose of the rule is to adopt a self-certification rule allowing a disabled applicant to self-certify that they are capable of holding, or holding and firing, without assistance from other persons, legal hunting and fishing equipment. The Department notes that the rule also provides revisions relating to documents in the disability license and motor vehicle permit provisions and defines the term “physician”. The Department adds that the rule amends the lifetime license application to streamline the process and allows reasonable accommodations for persons with disabilities in special weapon hunts. Negotiated rulemaking was not conducted.

We contacted the Department for additional information relating to the self-certification changes as well as provisions relating to modification permits for special weapon hunting seasons. Department personnel indicate that the self-certification is made in the form of an affidavit. The Department also noted that the change, in part, is the result of user concerns that non-handicapped individuals are not required to have a physician certify that they are capable of holding and firing legal hunting equipment. In addition, the Department indicated that the reasonable modification permit for special weapon hunting season provisions were added after some concerns were raised by Fish and Wildlife, and some individuals, in regard to accommodations and ADA requirements.

We have no additional comments regarding this rule as the result of our review. The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

2. IDAPA 13.01.04 - Rules Governing Licensing

The Department submits notice of proposed rulemaking at IDAPA 13.01.04 - Rules Governing Licensing. According to the Department, the purpose of the rule is to replace the word “handicapped” with “disabled” relating to disabled archery provisions, to ensure

consistency with governing law following statutory changes made during the 2008 legislative session.

We have no specific comments regarding the proposed rule as the result of our review. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b), 36-409A and 36-1101, Idaho Code.

3. IDAPA 13.01.04 - Rules Governing Licensing

The Department submits notice of proposed rulemaking at IDAPA 13.01.04 - Rules Governing Licensing. According to the Department, the purpose of the rule is to set outfitter set-aside tags for the 2008 seasons. The Department notes that the rule also adds a separate additional 1,500 white-tail deer nonresident tag quota. Negotiated rulemaking was not conducted.

We have no comments regarding the proposed rule as the result of our review. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b), 36-408 and 36-1101, Idaho Code.

4. IDAPA 13.01.07 - Rules Governing The Taking Of Upland Game Animals

The Department submits notice proposed rulemaking at IDAPA 13.01.07 - Rules Governing The Taking Of Upland Game Animals. According to the Department, the purpose of the rule is to amend the provisions to ensure consistency in references to Disabled Motor Vehicle Hunting Permits. Negotiated rulemaking was not conducted.

We have no comments regarding the proposed rule as the result of our review. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

5. IDAPA 13.01.08 - Rules Governing The Taking Of Big Game Animals

The Department submits notice of proposed rulemaking at IDAPA 13.01.08 - Rules Governing The Taking Of Big Game Animals. According to the Department, the Wolf Management Plan calls for maintaining viable wolf populations at or near current levels of 500-700 wolves and the proposed rule will allow hunting of wolves pursuant to seasons set by the Commission.

We contacted the Department for additional information. Tags will not be issued until the recent federal court injunction is lifted and the federal government is no longer in charge of management.

We have no additional comments regarding the proposed rule as the result of our review.

The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

6. IDAPA 13.01.08 - Rules Governing The Taking Of Big Game Animals

The Department submits notice of proposed rulemaking at IDAPA 13.01.08 - Rules Governing The Taking Of Big Game Animals. According to the Department, the purpose of the rule is to allow the use of “red dot” scopes on crossbows by disabled archers and to allow senior and disabled hunters to apply for leftover youth controlled hunt permits. In addition, the Department notes that the rule will simplify the evidence-of-sex rule to apply only during transportation of a big game carcass to a final place of storage or a commercial meat processing facility and correct obsolete rules concerning 3/4 curl and mandatory class requirements for bighorn sheep hunters. Negotiated rulemaking was not conducted.

We have no additional comments regarding this rule as the result of our review. The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

7. IDAPA 13.01.08 - Rules Governing The Taking Of Big Game Animals

The Department submits notice proposed rulemaking at IDAPA 13.01.08 - Rules Governing The Taking Of Big Game Animals. According to the Department, in January, 2007, changes were made to the muzzleloader equipment rules. The Department notes that the most controversial change has been the requirement for a pivoting hammer, functionally prohibiting the use of many in-line muzzleloaders in muzzleloader-only hunts. The Department states that it is now proposing to amend the rule to allow the use of in-line muzzleloaders.

We have no specific comments regarding the proposed rule as the result of our review. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

8. IDAPA 13.01.09 - Rules Governing The Taking Of Game Birds

The Department submits notice of proposed rulemaking at IDAPA 13.01.09 - Rules Governing The Taking Of Game Birds. According to the Department, the purpose of the rule is to extend the youth pheasant hunt season, revise the wildlife management area pheasant program hunter-orange rule, increase turkey controlled hunt tags for general and youth only, expand general season youth hunt and make a number of technical corrections.

Our only comment regarding the proposed rule is that there is a typographical error relating to the period of time within which a public hearing may be requested. The Notice indicates that date is October 15, 2007, rather than 2008. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

9. IDAPA 13.01.11 - Rules Governing Fish

The Department submits notice proposed rulemaking at IDAPA 13.01.11 - Rules Governing Fish. According to the Department, the purpose of the rule is to amend the two-pole permit rule to comply with amendments in governing law.

We have no specific comments regarding the proposed rule as the result of our review. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-901, Idaho Code.

10. IDAPA 13.01.11 - Rules Governing Fish

The Department also notes that the rule removes the general 12-inch minimum size limit on bass in North Idaho waters, restricts the use of live leeches, frogs, salamanders and shrimp as bait, and increases the maximum size of traps and seines for minnows and crayfish.

We have no comments regarding the proposed rule as the result of our review. The proposed rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-901, Idaho Code.

DOCKET NO. 13-0108-0803

NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 15, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

In January 2007, the Department recommended and the Commission adopted changes to muzzleloader equipment rules. The most controversial rule change has been the requirement for a pivoting hammer, functionally prohibiting the use of many in-line muzzleloaders in muzzleloader-only hunts. The Department recommends that the muzzleloader equipment rules be amended to allow the use of in-line muzzleloaders.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because of the need to comply with printing schedules for the 2008 hunting seasons.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the rule, contact Brad Compton (208) 287-2756.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 22, 2008.
