RE: Extension of the Invitation for Written Employee Testimony

The Commerce and Human Resources Committees of the Senate and House of Representatives will be meeting jointly as the Change in Employee Compensation Committee on January 4, 2008.

An important part of this annual CEC Committee meeting is employee testimony. We gain a better understanding of our state workforce's perspective when we can hear employees' views directly on compensation and benefit issues. We do consider all employees testimony and appreciated the responses. We are requesting that employees who would like to testify this year do so in written form. Employees may send written comments by e-mail, fax, or letter to:

Legislative Services Office
Attn: CEC Committee
514 W. Jefferson
Boise, ID 83720
or
334-2668 (FAX)
or
CEC@lso.idaho.gov

The written comment period has been extended to close of business Monday, January 14, 2008.
