The rules are the same as those we have already reviewed and we are therefore forwarding our 2008 memorandums for your information.

These rules have all been submitted as temporary and proposed rules. Legislative Services did not receive these rules until the afternoon of December 11, 2008. With the exception of **IDAPA 11.04.05 - Rules Governing Advanced Deposit Wagering- Docket No. 11-0405-0901**, noted in paragraph (4) of this memorandum, with a proposed effective date of November 12, the remaining temporary rules are stated to be in effect on January 1, 2009.

Section 67-5226(4), Idaho Code, provides that a temporary rule must be published in the "first available issue of the Bulletin" after its adoption by the agency. According to the Rule Writer's Manual of the Department of Administration, failure to submit a temporary rule for publication in the next available Bulletin is a procedural violation of the APA and renders a temporary rule invalid. The Notice of Rulemaking for each of these rules is dated either November 12 or November 18. The next available Bulletin was December 3, 2008. The rules were not published in that Bulletin. We contacted the Commission regarding this issue and Commission personnel indicated they would determine when the rules were submitted and the reason for the delay in publication for report to the Committees during rules review. As to the proposed portion of the rules:

1. IDAPA 11.04.01 - Rules Governing Horse Racing - Docket No. 11-0401-0901

According to the Commission, this is a chapter repeal which will be replaced with several rule chapters. The Commission states that the rule needs to be updated, reorganized, and written in a plain English format. Negotiated rulemaking was not conducted but the Commission states that the rule was developed with input from a committee comprised of representatives of all segments of the horse racing industry.

The rulemaking appears to be authorized pursuant to Section 54-2506, Idaho Code. We have no further comment relating to this proposed rule.

2. IDAPA 11.04.04 - Rules Governing Disciplinary Hearings - Docket No. 11-0404-0901

According to the Commission, this is also a chapter repeal which is being rewritten to provide a clear, concise chapter on hearings and appeals. The Commission states that the rule

conforms more closely with the Association of Racing Officials International Model Rules in a plain English format. The Commission states that negotiated rulemaking was not conducted because of the simple nature of the rulemaking.

The rulemaking appears to be authorized pursuant to Section 54-2506, Idaho Code. We have no further comment relating to this proposed rule.

3. IDAPA 11.04.04 - Rules Governing Disciplinary Hearings And Appeals - Docket No. 11-0404-0902

According to the Commission, this is a rewrite which provides a clear concise rule chapter on disciplinary hearings and appeals and more closely conforms to the Association of Racing Commissioners International Model Rules in a plain English format. Negotiated rulemaking was not conducted but the Commission states that the rule was developed with input from a committee comprised of representatives of all segments of the horse racing industry.

We note that greyhounds are also included in the provisions of this rule. The rulemaking appears to be authorized pursuant to Section 54-2506, Idaho Code. We have no further comment relating to this proposed rule.

4. IDAPA 11.04.05 - Rules Governing Advanced Deposit Wagering - Docket No. 11-0405-0901

Negotiated rulemaking was not conducted but the Commission states that the rule was developed with input from a committee comprised of representatives of all segments of the horse racing industry.

The rulemaking appears to be authorized pursuant to Section 54-2506, Idaho Code. We have no further comment relating to this proposed rule.

6. IDAPA 11.04.07 - Rules Governing Racing Associations - Docket No. 11-0407-0901

This is a fee rule requiring every racing association conducting a race meet in Idaho to pay a fee of twenty-five dollars for each day of racing. The Commission states, in terms of the temporary rule (but please note validity issues relating to the temporary rules as noted in the initial paragraphs of this memorandum) that the rule is necessary to “avoid immediate danger.” The Commission doesn’t describe exactly what that “immediate danger” would be.

According to the Commission, this rule provides a clear concise rule relating to racing associations and conforms more closely with the Association of Racing Commissioners International Model Rules in a plain English format. Negotiated rulemaking was not conducted but the Commission states that the rule was developed with input from a committee comprised of representatives of all segments of the horse racing industry.

Negotiated rulemaking was not conducted but the Commission states that the rule was developed with input from a committee comprised of representatives of all segments of the horse racing industry.

We contacted the Commission to inquire about a number of provisions that were omitted or modified from the current version of the rule. Those provisions dealt with sections 110 (Pools Dependent On Betting Interests), 205 (Win Three Pools), 206.02.f and 206.07 (Pick (N) Pools), 210 (Trifecta Pools), and 212.04 (“Dead Heat - Second Place” provisions of Twin Quinella Pools). The Commission indicated that the changes were all made to comport with the Model Rules noted above. Commission personnel indicated it was going to check on the omission of several subsections in section 210 to insure that those subsections were, in fact, omitted from the Model Rules.

The rulemaking appears to be authorized pursuant to Section 54-2506, Idaho Code. We have no further comment relating to this proposed rule.

8. IDAPA 11.04.09 - Rules Governing Claiming Races - Docket No. 11-0409-0901

According to the Commission, this rule provides a clear concise rule relating to claiming races and conforms more closely with the Association of Racing Commissioners International

Model Rules in a plain English format. Negotiated rulemaking was not conducted but the Commission states that the rule was developed with input from a committee comprised of representatives of all segments of the horse racing industry.

103. ADVANCE WAGERING.

No racing association may permit wagering to begin more than one (1) hour before scheduled post time of the first contest of a performance unless it has first obtained the authorization of the Racing Commission. This does not preclude earlier common pool wagers in accordance with a contract with the host association that has been approved by the Racing Commission. (1-1-09)T

104. CLAIMS FOR PAYMENT FROM PARI-MUTUEL POOL.

At a designated location, a written, verified claim for payment from a pari-mutuel pool must be accepted by the racing association in any case wherein the racing association has withheld payment or has refused to cash a pari-mutuel wager. The claim must be made on such form as approved by the Racing Commission. The original of such claim must be forwarded to the Racing Commission within 48 hours. (1-1-09)T

01. Claim for Mutilated Ticket. In the case of a claim made for payment of a mutilated pari-mutuel ticket which does not contain the total imprinted elements required in these rules, the racing association will make a recommendation to accompany the claim forwarded to the Racing Commission as to whether or not the mutilated ticket has sufficient elements to be positively identified as a winning ticket. (1-1-09)T

02. Racing Commission to Adjudicate or Deny Claim. In the case of a claim made for payment on a pari-mutuel wager, the Racing Commission must adjudicate the claim and may order payment thereon from the pari-mutuel pool or by the racing association, or may deny the claim, or may make such other order, as it may deem proper as provided for in Section 113 of these rules. (1-1-09)T

01. Underpayments. Verification is required to show that the amount of the commission, the amount in breakage, and the amount in payouts is equal to the total gross pool. If the amount of the pool is more than the amount used to calculate the payout, the underpayment belongs to the Racing Commission. In the event there is an underpayment on any race in the amount actually due to the wagerers, the amount of such underpayments to wagerers, at the end of each day of racing, will revert to and be paid to the Racing Commission and may not be retained by the racing association. (1-1-09)T

02. Dead Heat Involving Coupled Entry. For the purpose of price calculations only, coupled entries and mutuel fields are calculated as a single finisher, using the finishing position of the leading contestant in that coupled entry or mutuel field to determine order of placing. This rule applies to all circumstances, including situations involving a dead heat, except as otherwise provided by these rules. (1-1-09)T

110. POOLS DEPENDANT UPON BETTING INTERESTS.

01. Offer Wagering Pools. Unless otherwise provided by the Racing Commission, upon request received no later than twenty-four (24) hours after the post position draw, at the time the pools are opened for wagering, the racing association: (1-1-09)T

01. Pari-Mutuel Wagering Pools Must Be Separately and Independently Calculated and Distributed. commission pools. (1-1-09)T

03. Profit per Dollar. For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar. (1-1-09)T

04. Single Commission Pools. With written approval from the Racing Commission, either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools. (1-1-09)T

a. Standard Price Calculation Procedure. (1-1-09)T

Table - Single Price Pool (Win Pool)

gross pool	=	sum of wagers on all betting interest-refunds
takeout	=	gross pool x percent takeout
net pool	=	gross pool - takeout
profit	=	net pool - gross amount bet on winner
profit per dollar	=	profit / gross amount bet on winner
\$1 unbroken price	=	profit per dollar + \$1
\$1 broken price	=	\$1 unbroken price rounded down to the break point
total payout	=	\$1 broken price x gross amount bet on winner
total breakage	=	net pool - total payout

(1-1-09)T

i. Profit Split (Place Pool). Profit is net pool less gross amount bet on all place finishers. Finishers split profit one-half (1/2) and one-half (1/2) (place profit), then divide by gross amount bet on each place finisher for two (2) unique prices. (1-1-09)T

ii. Profit Split (Show Pool). Profit is net pool less gross amount bet on all show finishers. Finishers split profit one-third (1/3) and one-third (1/3) and one-third (1/3) (show profit), then divide by gross amount bet on each show finisher for three (3) unique prices. (1-1-09)T

b. Net Price Calculation Procedure. (1-1-09)T

Table - Single Price Pool (Win Pool)

gross pool	=	sum of wagers on all betting interest-refunds
takeout	=	gross pool x percent takeout
# for each source:		
net pool	=	gross pool - takeout
net bet on winner	=	gross amount bet on winner x (1 - percent takeout)
total net pool	=	sum of all sources net pools
total net bet on winner	=	sum of all sources net bet on winner

total profit	=	total net pool - total net bet on winner
profit per dollar	=	total profit / total net bet on winner
\$1 unbroken base price	=	profit per dollar + \$1 for each source:
\$1 unbroken price	=	\$1 unbroken base price x (1 - percent takeout)
\$1 broken price	=	\$1 unbroken price rounded down to the break point
total payout	=	\$1 broken price x gross amount bet on winner
total breakage	=	net pool - total payout

(1-1-09)T

i. Profit Split (Place Pool). Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split total profit one-half (1/2) and one-half (1/2) (place profit), then divide by total net amount bet on each place finisher for two (2) unique unbroken base prices. (1-1-09)T

ii. Profit Split (Show Pool). Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit one-third (1/3) and one-third (1/3) and one-third (1/3) (show profit), then divide by total net amount bet on each show finisher for three (3) unique unbroken base prices. (1-1-09)T

c. If a profit split results in only one (1) covered winning betting interest or combinations it is calculated the same as a single price pool. (1-1-09)T

d. Minimum payout and the method used for calculating breakage are established by the Racing Commission. (1-1-09)T

e. The individual pools outlined in these rules may be given alternative names by each racing association, provided prior approval is obtained from the Racing Commission. (1-1-09)T

f. In the event a minus pool occurs in either the Win, Place or Show pool, the expense of said minus pool will be born by the racing association and the State will receive intact its share of the remaining pools. (1-1-09)T

201. WIN POOLS.

01. Win Pools. The amount wagered on the betting interest that finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest. (1-1-09)T

02. Net Win Pool. The net Win pool must be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish: (1-1-09)T

b. To those whose selection finished second; but if there are no such wagers, then; (1-1-09)T

c. To those whose selection finished third; but if there are no such wagers, then; (1-1-09)T

d. The entire pool must be refunded on Win wagers for that contest. (1-1-09)T

03. Dead Heat for First. If there is a dead heat for first involving: (1-1-09)T

a. Contestants representing the same betting interest, the Win pool is distributed as if no dead heat occurred. (1-1-09)T

b. Contestants representing two (2) or more betting interests, the Win pool is distributed as a profit split. (1-1-09)T

(1-1-09)T

02. Net Place Pool. The net Place pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (1-1-09)T

- 04. Dead Heat for Second.** If there is a dead heat for second involving: (1-1-09)T
 - a. Contestants representing the same betting interest, the Place pool is distributed as if no dead heat occurred. (1-1-09)T
 - b. Contestants representing two (2) or more betting interests, the Place pool is divided with one-half (1/2) of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally among Place wagers on those betting interests involved in the dead heat for second. 203. SHOW POOLS.

01. Show Pools. The amounts wagered to Show on the first three (3) betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three (3) equal portions, one (1) being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest. (1-1-09)T

02. Net Show Pool Distribution. The net Show pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (1-1-09)T

204. DOUBLE POOLS.

01. Double Pools. Only one (1) Daily Double will be permitted during a single racing day, unless approval is obtained from the Racing Commission. (1-1-09)T

02. First Place Finisher. The Double requires selection of the first-place finisher in each of two (2) specified contests. (1-1-09)T

03. Winning Distribution. The net Double pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (1-1-09)T

a. As a single price pool to those whose selection finished first in each of the two (2) contests; but if there are no such wagers, then; (1-1-09)T

b. As a profit split to those who selected the first-place finisher in either contest; but if there are no such wagers, then; (1-1-09)T

c. As a single price pool to those who selected the one (1) covered first-place finisher in either contest; but if there are no such wagers, then; (1-1-09)T

d. As a single price pool to those whose selection finished second in each of the two (2) contests; but if there are no such wagers, then; (1-1-09)T

e. The entire pool must be refunded on Double wagers for those contests. (1-1-09)T

04. Dead Heat for First. If there is a dead heat for first in either of the two (2) contests involving: (1-1-09)T

a. Contestants representing the same betting interest, the Double pool is distributed as if no dead heat

occurred. (1-1-09)T

b. Contestants representing two (2) or more betting interests, the Double pool is distributed as a profit split if there is more than one (1) covered winning combination. (1-1-09)T

05. Scratched Interest -- First-Half. Should a betting interest in the first-half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest is deducted from the Double pool and refunded. (1-1-09)T

06. Scratched Interest -- Second-Half. Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest is deducted from the Double pool and refunded. (1-1-09)T

07. Consolation Payout. Should a betting interest in the second-half of the Double be scratched after the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest are allocated a consolation payout. In calculating the consolation payout the net Double pool is divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net Double pool before calculation and distribution of the winning Double payout. Dead heats including separate betting interests in the first contest will result in a consolation payout calculated as a profit split. (1-1-09)T

08. Cancelled or "No Contest." If either of the Double contests are cancelled prior to the first Double contest, or the first Double contest is declared "no contest," the entire Double pool must be refunded on Double wagers for those contests. (1-1-09)T

09. Second Double Cancelled or "No Contest." If the second Double contest is cancelled or declared "no contest" after the conclusion of the first Double contest, the net Double pool is distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool is distributed as a profit split. (1-1-09)T

10. Payoff Posting. Before the running of the last half of the Daily Double pool, the payoff of each combination coupled with the winner of the first half of the Daily Double must be posted in a prominent place. (1-1-09)T

11. Third Heat Announcement. In case of a dead heat for winner in the first half (1/2) of the Daily Double, the payoff of the Daily Double need not be posted until after the running of the second half of the Daily Double. However, announcement of this fact must be made over the loud speaker and notice to this effect be posted on the board at conclusion of the first half of the Daily Double. (1-1-09)T

12. Close of Sale. Sale of Daily Double tickets must close not later than "off-time" of the first race of the Daily Double. (1-1-09)T

13. Daily Double Not a Parlay. The Daily Double Pool is not a parlay and is not connected with the WIN, PLACE, SHOW or other pools in any manner whatsoever. (1-1-09)T

205. WIN THREE POOLS.

01. Win Three Pools. The Win Three (3) requires selection of the first-place finisher in each of three (3) specified contests. (1-1-09)T

02. Distribution. The net Win Three (3) pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (1-1-09)T

a. As a single price pool to those whose selection finished first in each of the three (3) contests; but if there are no such wagers, then; (1-1-09)T

b. As a single price pool to those who selected the first-place finisher in any two (2) of the three (3) contests; but if there are no such wagers, then; (1-1-09)T

c. As a single price pool to those who selected the first-place finisher in any one (1) of the three (3) contests; but if there are no such wagers, then; (1-1-09)T

d. The entire pool must be refunded on Win Three (3) wagers for those contests. (1-1-09)T

03. Dead Heat. If there is a dead heat for first in any of the three (3) contests involving: (1-1-09)T

a. Contestants representing the same betting interest, the Win Three (3) pool is distributed as if no dead heat occurred. (1-1-09)T

b. Contestants representing two (2) or more betting interests, the Win Three (3) pool is distributed as a single price pool and is distributed as follows: (1-1-09)T

i. As a profit split to those whose selections finished first in each of the three (3) contests; but if there are no such wagers, then; (1-1-09)T

ii. As a single price pools to those who selected the first place finisher in any two (2) of the three (3) contests; but if there are no such wagers, then; (1-1-09)T

iii. As a single price pool to those who selected the first place finisher in any one (1) of the three (3) contests; but if there are no such wagers, then; (1-1-09)T

iv. The entire Win Three (3) pool is refunded. (1-1-09)T

04. Substitution of a Scratch. Should a betting interest be scratched from a leg of the Win Three (3)

all bets with the scratched betting interest will be handled as follows: (1-1-09)T

a. If the scratch (that herein after includes being declared a non-starter or a non-betting starter) was made prior to the start of the first leg, all bets containing such scratched betting interest must be refunded to determine the gross pool and removed from further consideration in the pool; (1-1-09)T

b. If the scratch was made in the second leg after the start of the first leg, a consolation payoff will be computed for those bets combining the winners of the first and third legs with the scratched betting interest as follows: (1-1-09)T

i. The statutory take-out is deducted from the gross pool and then the amount represented by the bets on combinations involving betting interests scratched from the third leg (reduced by the take-out thereon). (1-1-09)T

ii. The resulting remainder is divided by the amounts bet on the combination of such first and third leg winners with all betting interests (less breaks) to determine the consolation price per dollar payable to those bets combining winners of the first and third legs with the betting interest scratched in the second leg. The break may not be deducted from the pool. (1-1-09)T

c. If a betting interest is scratched in the third leg after the start of the first leg, a consolation payoff must be computed as for those bets combining the winners of the first and second legs with such scratched betting interest as follows: (1-1-09)T

i. The statutory take-out is deducted from the gross pool and then the amount represented by bets on combinations involving betting interests scratched from the second leg (reduced by the rate of the take-out thereon). (1-1-09)T

ii. The resulting remainder is divided by the amount bet on the combination of such first and second leg winners with all betting interests in the third leg (less breaks) to determine the consolation price per dollar payable to those bets combining winners of the first and second legs with a betting interest scratched in the third leg. The breaks must not be deducted from the pool. (1-1-09)T

d. If betting interests are scratched in both the second and third legs after the start of the first leg, a consolation payoff is computed for those bets combining the winner of the first leg with the betting interests scratched in both the second and third legs as follows:

i. The takeout is deducted from the gross pool and the remainder is divided by the amount bet on the winner of the first leg combined with all other betting interests (less breaks) to determine the consolation price per dollar payable to those tickets combining the winner of the first leg with the scratch betting interests from both the second and third legs. (1-1-09)T

05. All Three Cancelled. If all three (3) Win Three (3) contests are cancelled or declared “no contest,” the entire pool must be refunded on Win Three (3) wagers for those contests. (1-1-09)T

06. One or Two Canceled. If one (1) or two (2) of the Win Three (3) contests are cancelled or declared “no contest,” the Win Three (3) pool will remain valid and must be distributed in accordance with these rules. (1-1-09)T

206. PICK (N) POOLS.

01. Pick (n) Pools. The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The racing association must obtain written approval from the Racing Commission concerning the scheduling of Pick (n) contests, the designation of one (1) of the methods prescribed in these rules, and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the Racing Commission. (1-1-09)T

02. Apportioning the Pool. The Pick (n) pool is apportioned under one (1) of the following methods: (1-1-09)T

a. Method 1- Pick (n) with Carryover: The net Pick (n) pool and carryover, if any, must be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool will be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder will be added to the carryover. (1-1-09)T

b. Method 2 - Pick (n) with Minor Pool and Carryover: The major share of the net Pick (n) pool and the carryover, if any, must be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool will be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major will be added to the carryover. (1-1-09)T

c. Method 3 - Pick (n) with No Minor Pool and No Carryover: The net Pick (n) pool must be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded. (1-1-09)T

d. Method 4 - Pick (n) with Minor Pool and No Carryover: The major share of the net Pick (n) pool must be distributed to those who selected the first place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool is combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded. (1-1-09)T

e. Method 5 - Pick (n) with Minor Pool and No Carryover: The major share of net Pick (n) pool must be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool is distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool is combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded. (1-1-09)T

f. Method 6 - Pick (n) with Minor Pool, Jackpot Pool, Major Carryover and Jackpot Carryover: Predetermined percentages of the net Pick (n) pool must be set aside as a Major pool, Minor pool and Jackpot pool. The Major share of the net Pick (n) pool and the Major carryover, if any, is distributed to those who selected the first-place finisher of each of the Pick (n) contests, based on the official order of finish. If there are no tickets selecting the first-place finisher in each of the Pick (n) contests, the Major net pool is added to the Major carryover. If there is only one (1) single ticket selecting the first-place finisher of each of the Pick (n) contests, based on the official order of finish, the Jackpot share of the net Pick (n) pool and the Jackpot carryover, if any, is distributed to the holder of that single ticket, along with the Major net pool and the Major carryover, if any. If more than one (1) ticket selects the first-place finisher of each of the Pick (n) contests the Jackpot net pool is added to the Jackpot carryover. The Minor share of the net Pick (n) pool is distributed to those who selected the first-place finisher of the second greatest number of Pick (n) contests, based on the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the Minor net pool of the Pick (n) pool is distributed as a single price pool to those who selected the first-place finisher of the greatest number of Pick (n) contests. (1-1-09)T

03. Dead Heat. If there is a dead heat for first in any of the Pick (n) contests involving: (1-1-09)T

a. Contestants representing the same betting interest, the Pick (n) pool must be distributed as if no dead heat occurred. (1-1-09)T

b. Contestants representing two (2) or more betting interests, the Pick (n) pool must be distributed as a single price pool with each winning wager receiving an equal share of the profit. (1-1-09)T

04. Scratched Entry. Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at host association for the contest at the close of wagering on that contest, will be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two (2) or more favorites is identical, the substitute selection will be the betting interest with the lowest program number. The totalisator must produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination. (1-1-09)T

05. Cancellation and Refunds. The Pick (n) pool will be cancelled and all Pick (n) wagers for the individual performance will be refunded, if: (1-1-09)T

a. At least two (2) contests included as part of a Pick Three (3) are cancelled or declared “no contest”; (1-1-09)T

b. At least three (3) contests included as part of a Pick Four (4), Pick Five (5) or Pick Six (6) are cancelled or declared “no contest”; (1-1-09)T

c. At least four (4) contests included as part of a Pick Seven (7), Pick Eight (8) or Pick Nine (9) are cancelled or declared “no contest”; or (1-1-09)T

d. At least five (5) contests included as part of a Pick Ten (10) are cancelled or declared “no contest.” (1-1-09)T

06. Net Pool Distribution. If at least one (1) contest included as part of a Pick (n) is cancelled or declared “no contest,” but not more than the number specified in these rules the net pool must be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribution must include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances. (1-1-09)T

07. Course Condition. If the condition of the course warrants a change of racing surface in any of the legs of the Pick (n) races, and such change was not known to the public prior to the closing of wagering for the Pick (n) pool, the stewards must declare the changed leg(s) a “no contest” for Pick (n) wagering purposes only. A “no contest” race is not to be considered as a contested race. (1-1-09)T

08. Capped Carryover. The Pick (n) carryover may be capped at a designed level approved by the Racing Commission so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick (n) carryover is frozen, one hundred (100%) percent of the net pool, part of which ordinarily would be added to the Pick (n) carryover, must be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance. (1-1-09)T

09. Carryover Requested. A written request for permission to distribute the Pick (n) carryover on a specific performance may be submitted to the Racing Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. (1-1-09)T

10. Single Price Distribution. Should the Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool must be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover must be designated for distribution on a specified date and performance only under the following circumstances: (1-1-09)T

a. Upon written approval from the Racing Commission as provided in these rules. (1-1-09)T

b. Upon written approval from the Racing Commission when there is a change in the carryover cap, a change from one (1) type of Pick (n) wagering to another or when the Pick (n) is discontinued. (1-1-09)T

c. On the closing performance of the meet or split meet. (1-1-09)T

11. Carryover Deposit. If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover must be deposited in an interest-bearing account approved by the Racing Commission. The Pick (n) carryover plus accrued interest must then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the Racing Commission. (1-1-09)T

12. Contribution to Pool. With the written approval of the Racing Commission, the racing association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap. (1-1-09)T

13. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited until the race is made official. This does not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (1-1-09)T

14. Suspension of Wagering. The racing association may suspend previously-approved Pick (n) wagering with the prior approval of the Racing Commission. Any carryover must be held until the suspended Pick (n) wagering is reinstated. A racing association may request approval of a Pick (n) wager or separate wagering pool for specific performances. (1-1-09)T

207. QUINELLA POOLS.

01. Quinella Pools. The Quinella requires selection of the first two (2) finishers, irrespective of order, for a single contest. (1-1-09)T

02. Distribution. The net Quinella pool must be distributed to winning wagers in the following precedence, based upon the official order of finish: (1-1-09)T

a. If contestants of a coupled entry or mutuel field finish as the first two (2) finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish, otherwise; (1-1-09)T

b. As a single price pool to those whose combination finished as the first two (2) betting interests; but if there are no such wagers, then; (1-1-09)T

c. As a profit split to those whose combination included either the first- or second-place finisher; but if there are no such wagers on one (1) of those two (2) finishers, then; (1-1-09)T

d. As a single price pool to those whose combination included the one (1) covered betting interest included within the first two (2) finishers; but if there are no such wagers, then; (1-1-09)T

e. The entire pool must be refunded on Quinella wagers for that contest. (1-1-09)T

03. Dead Heat -- First Place. If there is a dead heat for first involving: (1-1-09)T

a. Contestants representing the same betting interest, the Quinella pool is distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish. (1-1-09)T

b. Contestants representing two (2) betting interests, the Quinella pool is distributed as if no dead heat occurred. (1-1-09)T

The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. (1-1-09)T

16. Winning Precedence. Should the Twin Trifecta carryover be designated for distribution on a specific date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Twin Trifecta after completion of the first-half of the Twin Trifecta: (1-1-09)T

a. As a single price pool to those whose combination finished in correct sequence as the first three (3) betting interests; but if there are no such wagers, then; (1-1-09)T

b. As a single price pool to those whose combination included, in the correct sequence, the first two (2) betting interests; but if there are no such wagers, then; (1-1-09)T

c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then; (1-1-09)T

d. As a single price pool to holders of valid exchange tickets. (1-1-09)T

e. As a single price pool to holders of outstanding first-half winning tickets. (1-1-09)T

17. Exchange of Tickets. Contrary to Subsection 213.04 of these rules, during a performance designated to distribute the Twin Trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first- and second-place betting interest. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the Twin Trifecta, all first-half tickets will become winners and will receive one hundred percent (100%) of that day’s net Twin Trifecta pool and any existing Twin Trifecta carryover. (1-1-09)T

18. Carryover Designation. The Twin Trifecta carryover must be designated for distribution on a specified date and performance only under the following circumstances: (1-1-09)T

a. Upon written approval from the Racing Commission as provided in Subsection 213.15 of these rules. (1-1-09)T

b. Upon written approval from the Racing Commission when there is a change in the carryover cap or when the Twin Trifecta is discontinued. (1-1-09)T

- c. On the closing performance of the meet or split meet (1-1-09)T

19. Carryover from Past Subsequent Meet. If, for any reason, the Twin Trifecta carryover must be held over to the corresponding Twin Trifecta pool of a subsequent meet, the carryover must be deposited in an interest-bearing account approved by the Racing Commission. The Twin Trifecta carryover plus accrued interest will then be added to the second-half Twin Trifecta pool of the following meet on a date and performance so designated by the Racing Commission. (1-1-09)T

20. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited until the race is made official. This does not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (1-1-09)T

21. Contest Approval. The racing association must obtain written approval from the Racing Commission concerning the scheduling of Twin Trifecta contests, the percentage of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Trifecta format require prior approval from the Racing Commission. (1-1-09)T

214. TRI-SUPERFECTA POOLS.

01. Tri-Superfecta Pools. The Tri-Superfecta requires selection of the first three (3) finishers, in their exact order, in the first two (2) designated contests and the first four (4) finishers, in exact order, in the second of the two (2) designated contests. Each winning ticket for the first Tri-Superfecta contest must be exchanged for a free ticket on the second Tri-Superfecta contest in order to remain eligible for the second-half Tri-Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Tri-Superfecta contest. Winning first-half Tri-Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Tri-Superfecta contests will be included in only one (1) Tri-Superfecta pool. (1-1-09)T

02. Providing Pools. After wagering closes for the first-half of the Tri-Superfecta and commissions have been deducted from the pool, the net pool will then be divided into two (2) separate pools: the first-half Tri-Superfecta pool and the second-half Tri-Superfecta pool. (1-1-09)T

03. Winning Precedence. In the first Tri-Superfecta contest only, winning tickets must be determined using the following precedence, based upon the official order of finish for the first Tri-Superfecta contest: (1-1-09)T

a. As a single price pool to those whose combination finished in correct sequence as the first three (3) betting interests; but if there are no such wagers, then; (1-1-09)T

b. As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, then; (1-1-09)T

c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then; (1-1-09)T

d. The entire Tri-Superfecta pool must be refunded on Tri-Superfecta wagers for that contest and the second-half must be cancelled. (1-1-09)T

04. Carryover Pool. If no first-half Tri-Superfecta ticket selects the first three (3) finishers of that contest in exact order, winning ticket holders will not receive any exchange tickets for the second-half Tri-Superfecta pool. In such case, the second-half Tri-Superfecta pool must be retained and added to any existing Tri-Superfecta carryover pool. (1-1-09)T

05. Exchange of Tickets. Winning tickets from the first-half of the Tri-Superfecta will be exchanged for tickets selecting the first four (4) finishers of the second-half of the Tri-Superfecta. The second-half Tri-Superfecta pool must be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Tri-Superfecta contest: (1-1-09)T

a. As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four (4) betting interests; but if there are no such tickets, then; (1-1-09)T

b. The entire second-half Tri-Superfecta pool for that contest must be added to any existing carryover monies and retained for the corresponding second-half Tri-Superfecta pool of the next performance. (1-1-09)T

06. Forfeiture of Rights. If a winning first-half Tri-Superfecta ticket is not presented for cashing and exchange prior to the second-half Tri-Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Tri-Superfecta pool but forfeits all rights to any distribution of the second-half Tri-Superfecta pool. (1-1-09)T

07. Coupled Entries and Mutuel Field. Coupled entries and mutuel fields are prohibited in Tri-Superfecta contests. (1-1-09)T

08. Scratched Interest. Should a betting interest in the first-half of the Tri-Superfecta be scratched, those Tri-Superfecta tickets including the scratched betting interest must be refunded. (1-1-09)T

09. Second-Half Betting Interest Scratch. Should a betting interest in the second-half of the Tri-Superfecta be scratched, an announcement concerning the scratch must be made and a reasonable amount of time must be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Tri-Superfecta contest, the ticket holder forfeits all rights to the second-half Tri-Superfecta pool. (1-1-09)T

10. Reduced Interests. If, due to a late scratch, the number of betting interests in the second-half of the Tri-Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets will be entitled to the second-half Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover. (1-1-09)T

11. Dead Heat. If there is a dead heat or multiple dead heats in either the first- or second-half of the Tri-Superfecta, all Tri-Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, is a winner. In the case of a dead heat occurring in: (1-1-09)T

a. The first-half of the Tri-Superfecta, the payoff is calculated as a profit split. (1-1-09)T

b. The second-half of the Tri-Superfecta, the payoff is calculated as a single price pool. (1-1-09)T

12. Cancelled Contest. If either of the Tri-Superfecta contests are cancelled prior to the first Tri-Superfecta contest, or the first Tri-Superfecta contest is declared "no contest," the entire Tri-Superfecta pool must be refunded on Tri-Superfecta wagers for that contest and the second-half must be cancelled. (1-1-09)T

13. Second-Half Cancelled. If the second-half Tri-Superfecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first-half winning Tri-Superfecta tickets will be entitled to the net Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover. If there are no such tickets, the net Tri-Superfecta pool must be distributed as described in Subsection 214.03 of these rules. (1-1-09)T

14. Capped Carryover. The Tri-Superfecta carryover may be capped at a designated level approved by the Racing Commission so that if, at the close of any performance, the amount in the Tri-Superfecta carryover equals or exceeds the designated cap, the Tri-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Tri-Superfecta carryover is frozen, one hundred percent (100%) of the net Tri-Superfecta pool for each individual contest will be distributed to winners of the first-half of the Tri-Superfecta pool. (1-1-09)T

15. Request to Distribute Carryover. A written request for permission to distribute the Tri-Superfecta carryover on a specific performance may be submitted to the Racing Commission. The request must contain justification for the distribution, an explanation of the benefits to be derived, and the intended date and performance for the distribution. (1-1-09)T

16. Winning Precedence. Should the Tri-Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Tri-Superfecta after completion of the first-half of the Tri-Superfecta: (1-1-09)T

a. As a single price pool to those whose combination finished in correct sequence as the first four (4) betting interests; but if there are no such wagers, then; (1-1-09)T

b. As a single price pool to those whose combination included, in correct sequence, the first three (3) betting interests; but if there are no such wagers, then; (1-1-09)T

c. As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, then; (1-1-09)T

d. As a single price pool to those whose combination included, in correct sequence, the first-place betting interest only; but if there are no such wagers, then; (1-1-09)T

e. As a single price pool to holders of valid exchange tickets. (1-1-09)T

f. As a single price pool to holders of outstanding first-half winning tickets. (1-1-09)T

17. Exchange of Tickets. Contrary to Subsection 214.04 these rules, during a performance designated to distribute the Tri-Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Tri-Superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets will be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the Tri-Superfecta, all first-half tickets will become winners and will receive one hundred percent (100%) of that day's net Tri-Superfecta pool and any existing Tri-Superfecta carryover as a single price pool. c. On the closing performance of the meet or split meet. (1-1-09)T

19. Carryover from Past Subsequent Meet. If, for any reason, the Tri-Superfecta carryover must be held over to the corresponding Tri-Superfecta pool of a subsequent meet, the carryover must be deposited in an interest-bearing account approved by the Racing Commission. The Tri-Superfecta carryover plus accrued interest will then be added to the second-half Tri-Superfecta pool of the following meet on a date and performance so designated by the Racing Commission. (1-1-09)T

20. Prohibited Information. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited until the race is made official. 21. Contest Approval. The racing association must obtain written approval from the Racing Commission concerning the scheduling of Tri-Superfecta contest, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. 04. Accuracy Questioned. If the accuracy of the electronic timer or the average of the hand times, or both, are questioned, the video of a time trial may be used by the stewards to estimate the winning time by counting the number of video frames in the race from the moment the starting gate stall doors are fully open parallel to the racing track. (1-1-09)T

(1-1-09)T

452. -- 454. (RESERVED).

455. STARTING GATE MALFUNCTION.

01. Malfunction. (1-1-09)T

02. Breaks Through Gate. If a horse breaks through the stall door, or the stall door opens prior to the exact moment the starter dispatched the field, the horse must be declared a non-starter and the starting and entry fees refunded. If the field has not been dispatched, the horse may be allowed to start at the discretion of the Stewards. (1-1-09)T

03. Considered Starters. If one (1) or more, but not all, stall doors open at the exact moment the starter purposely dispatches the field, all horses should be considered starters for qualifying purposes and placed according to their electronic time. (1-1-09)T

465. SCRATCHED FROM FINALS.

If a horse that qualified for the final should be unable to enter due to racing soundness, or scratched for any reason other than a positive drug test or a rule violation, the horse is deemed to have earned and the owner will receive, last place purse money. 466. -- 469. (RESERVED).

470. QUALIFIER INELIGIBLE.

01. Prior to Entry. If a qualifier for a final or consolation is disqualified for ineligibility or a rule violation after the trials are declared official, but prior to entry for the final or consolation, the next eligible horse to qualify will replace the disqualified horse. (1-1-09)T
