

STATEMENT OF PURPOSE

RS18215

The Board of Social Work Examiners is updating its requirements in section 54-3202, Idaho Code by striking the reference to a degree in a related field. This change reflects the degrees now offered at Idaho colleges. It also amends section 54-2309, Idaho Code to increase the cap on application fees and renewal fees from \$75 to \$150.

FISCAL NOTE

There is no impact on the General Fund. These changes would increase the caps for applications and renewal. Fees would need to be established by board rule in order to impact the Bureau's dedicated fund.
