19 SECTION 1. That Section 36-104, Idaho Code, be, and the same is hereby amended to  
20 read as follows:

21 36-104. GENERAL POWERS AND DUTIES OF COMMISSION. (a) Organization –  
22 Meetings. The members of the commission shall annually meet at their offices and organize by  
23 electing from their membership a chairman, who shall hold office for a period of one (1) year,  
24 or until his successor has been duly elected. In addition to the regular annual meeting, to be  
25 held in January, said commission shall hold other regular quarterly meetings each year at such  
26 places within the state as the commission shall select for the transaction of business. Special  
27 meetings may be called at any time and place by the chairman or a majority of the members of  
28 the commission. Notice of the time, place and purpose of any and all special meetings shall be  
29 given by the secretary to each member of the commission prior to said meeting.

30 (b) Authorization for Commission Powers and Duties. For the purpose of administering  
31 the policy as declared in section 36-103, Idaho Code, the commission is hereby authorized and  
32 empowered to:

- 33 1. Investigate and find facts regarding the status of the state’s wildlife populations in  
34 order to give effect to the policy of the state hereinbefore announced.
- 35 2. Hold hearings for the purpose of hearing testimony, considering evidence and  
36 determining the facts as to when the supply of any of the wildlife in this state will be  
37 injuriously affected by the taking thereof, or for the purpose of determining when an  
38 open season may be declared for the taking of wildlife. Whenever said commission

1 determines that the supply of any particular species of wildlife is being, or will be, during  
2 any particular period of time, injuriously affected by depletion by permitting the same to  
3 be taken, or if it should find a longer or different season, or different bag limit should  
4 be adopted for the better protection thereof, or if it finds that an open season may be  
5 declared without endangering the supply thereof, then it shall make a rule or proclamation  
6 embodying its findings in respect to when, under what circumstances, in which localities,  
7 by what means, what sex, and in what amounts and numbers the wildlife of this state may  
8 be taken.

9 3. Whenever it finds it necessary for the preservation, protection, or management of any  
10 wildlife of this state, by reason of any act of God or any other sudden or unexpected  
11 emergency, declare by temporary rule or proclamation the existence of such necessity, and  
12 the cause thereof, and prescribe and designate all affected areas or streams, and close  
13 the same to hunting, angling or trapping, or impose such restrictions and conditions upon  
14 hunting, angling or trapping as said commission shall find to be necessary. Every such  
15 temporary rule shall be made in accordance with the provisions of chapter 52, title 67,  
16 Idaho Code.

17 4. At any time it shall deem necessary for the proper management of wildlife on any  
18 game preserve in the state of Idaho, declare an open season in any game preserve as it  
19 deems appropriate.

20 5. (A) Upon notice to the public, hold a public drawing giving to license holders,  
21 under the wildlife laws of this state, the privilege of drawing by lot for a controlled  
22 hunt permit authorizing the person to whom issued to hunt, kill, or attempt to kill any  
23 species of wild animals or birds designated by the commission under such rules as it shall  
24 prescribe.

25 (B) The commission may, under rules or proclamations as it may prescribe,  
26 authorize the director to issue additional controlled hunt permits and collect fees  
27 therefor authorizing landowners of property valuable for habitat or propagation  
28 purposes of deer, elk or antelope, or the landowner's designated agent(s) to hunt  
29 deer, elk or antelope in controlled hunts containing the eligible property owned by  
30 those landowners in units where any permits for deer, elk or antelope are limited.

31 (C) A nonrefundable fee as specified in section 36-416, Idaho Code, shall be  
32 charged each applicant for a controlled hunt permit. Successful applicants for  
33 controlled hunt permits shall be charged the fee as specified in section 36-416,  
34 Idaho Code. Additionally, a fee may be charged for telephone and credit card  
35 orders in accordance with subsection (e)11. of section 36-106, Idaho Code. The  
36 department shall include a checkoff form to allow applicants to designate one

38 fund of citizens against poaching, inc., an Idaho nonprofit corporation. The net  
39 proceeds from the nonrefundable fee shall be deposited in the fish and game  
40 account and none of the net proceeds shall be used to purchase lands.

41 6. Adopt rules pertaining to the importation, exportation, release, sale, possession or  
42 transportation into, within or from the state of Idaho of any species of live, native or  
43 exotic wildlife or any eggs thereof.

44 7. Acquire for and on behalf of the state of Idaho, by purchase, condemnation, lease,  
45 agreement, gift, or other device, lands or waters suitable for the purposes hereinafter  
46 enumerated in this paragraph. Whenever the commission proposes to purchase a tract

1 of land in excess of fifteen (15) acres, the commission shall notify the board of county  
2 commissioners of the county where this land is located of the intended action. The  
3 board of county commissioners shall have ten (10) days after official notification to notify  
4 the commission whether or not they desire the commission to hold a public hearing on  
5 the intended purchase in the county. The commission shall give serious consideration  
6 to all public input received at the public hearing before making a final decision on the  
7 proposed acquisition. Following any land purchase, the fish and game commission shall  
8 provide, upon request by the board of county commissioners, within one hundred twenty  
9 (120) days, a management plan for the area purchased that would address noxious weed  
10 control, fencing, water management and other important issues raised during the public  
11 hearing. When considering purchasing lands pursuant to this paragraph, the commission  
12 shall first make a good faith attempt to obtain a conservation easement, as provided in  
13 chapter 21, title 55, Idaho Code, before it may begin proceedings to purchase, condemn  
14 or otherwise acquire such lands. If the attempt to acquire a conservation easement is  
15 unsuccessful and the commission then purchases, condemns or otherwise acquires the  
16 lands, the commission shall record in writing the reasons why the attempt at acquiring  
17 the conservation easement was unsuccessful and then file the same in its records and in  
18 a report to the joint finance-appropriations committee. The commission shall develop,  
19 operate, and maintain the lands, waters or conservation easements for said purposes,  
20 which are hereby declared a public use:

21 (A) For fish hatcheries, nursery ponds, or game animal or game bird farms;

22 (B) For game, bird, fish or fur-bearing animal restoration, propagation or  
23 protection;

24 (C) For public hunting, fishing or trapping areas to provide places where the  
25 public may fish, hunt, or trap in accordance with the provisions of law, or the

35 10. In the event owners or lawful possessors of land have restricted the operation of  
36 motor-propelled vehicles upon their land, the commission, upon consultation with all  
37 other potentially affected landowners, and having held a public hearing, if requested by  
38 not less than ten (10) residents of any county in which the land is located, may enter  
39 into cooperative agreements with those owners or possessors to enforce those restrictions  
40 when the restrictions protect wildlife or wildlife habitat. Provided, however, the  
41 commission shall not enter into such agreements for lands which either lie outside or are  
42 not adjacent to any adjoining the proclaimed boundaries of the national forests in Idaho.

43 (A) The landowners, with the assistance of the department, shall cause notice  
44 of the restrictions, including the effective date thereof, to be posted on the main  
45 traveled roads entering the areas to which the restrictions apply. Provided,  
46 however, that nothing in this subsection shall allow the unlawful posting of signs

1 or other information on or adjacent to public highways as defined in subsection  
2 (~~56~~) of section 40-109, Idaho Code.

3 (B) Nothing in this section authorizes the establishment of any restrictions that  
4 impede normal forest or range management operations.

5 (C) No person shall violate such restrictions on the use of motor-propelled  
6 vehicles or tear down or lay down any fencing or gates enclosing such a restricted  
7 area or remove, mutilate, damage or destroy any notices, signs or markers giving  
8 notice of such restrictions. The commission may promulgate rules to administer  
9 the restrictions and cooperative agreements addressed in this subsection.

10 11. Capture, propagate, transport, buy, sell or exchange any species of wildlife needed for

13 lifetime license certificate system.

14 13. Adopt rules governing the application and issuance of permits for and administration  
15 of fishing contests on waters under the jurisdiction of the state. The fee for each permit  
16 shall be as provided for in section 36-416, Idaho Code.

18 other electronic methods.

20 subdivisions for the lease of lands or waters, in accordance with all other applicable  
21 laws, including applicable provisions of titles 42 and 43, Idaho Code, to cost-effectively  
22 provide recreational opportunities for taxpayers or residents of those local governments  
23 or political subdivisions.

24 (c) Limitation on Powers. Nothing in this title shall be construed to authorize the  
25 commission to change any penalty prescribed by law for a violation of its provisions, or to  
26 change the amount of license fees or the authority conferred by licenses prescribed by law.

27 (d) Organization of Work. The commission shall organize the department, in accordance  
28 with the provisions of title 67, Idaho Code, into administrative units as may be necessary to  
29 efficiently administer said department. All employees of the department except the director
