46 the department on the portion of state highways, excluding controlled-access and interstate

1 highways, that pass through residential, urban or business districts within the jurisdiction of the  
2 incorporated city. The placement and maintenance of such a traffic-control device by a local  
3 authority shall be made according to the board's manual and specifications for a uniform system  
4 of traffic-control devices.

5 (21) The department may conduct an investigation of any bridge or other elevated

9 withstand, and shall cause or permit suitable signs stating the maximum speed to be erected and  
10 maintained before each end of the structure.

11 (22) Whenever the department shall determine on the basis of an engineering and traffic

15 or in compliance with law, and that limit shall be effective when posted upon appropriate

27 directing vehicular traffic approaching the crossing to come to a full stop prior to entering the  
28 crossing at all railroad crossings where electric or mechanical warning signals do not exist.  
29 Placement of these stop signs shall be mandatory except when in the determination of public  
30 highway agencies the existence of stop signs at a given crossing would constitute a greater  
31 hazard than their absence based on a recognized engineering study.

32 Nothing in this subsection shall be construed as granting immunity to any railroad  
33 company as to liability, if any, for an accident which might occur at a crossing where stop signs  
34 are erected and in place, but liability, if any, shall be determined as provided by law. Liability  
35 on the part of governmental authorities on account of absence of any stop sign at a crossing  
36 shall be determined as provided by law.

37 (26) The department and local authorities are authorized to determine those portions of

1 tracks or farm tractors or other farm machinery, the operation of which upon a highway would  
2 otherwise be prohibited under this title or title 40, Idaho Code.

3 (28) The department and local highway authorities within their respective jurisdictions  
4 may place official traffic-control devices prohibiting, limiting or restricting the stopping,  
5 standing or parking of vehicles on any highway where such stopping, standing or parking is  
6 dangerous to those using the highway or where the stopping, standing or parking of vehicles  
7 unduly interferes with the free movement of traffic thereon.

8 (29) On any informational material printed after July 1, 1995, by or at the order of  
9 the department and distributed to counties, school districts or individuals for the purpose of  
10 assisting a person to successfully pass a driver's license test, the department shall include
