

STATEMENT OF PURPOSE

RS18279

The purpose of this proposed legislation is to repeal Chapter 51, Title 54 Idaho Code. This section of code deals with Naturopathic Licensure. There continues to be total disagreement between the factions of the Naturopathic industry concerning who should or should not be allowed a license. The groups have failed to produce rules for licensure since the code was put in place 4 years ago. It is time to stop the unneeded expenditure of time and energy on this issue. Repealing the code will allow the group to come forward with legislation in the future to address licensure without the restrictions put in place by current law.

FISCAL NOTE

None
