

STATEMENT OF PURPOSE

RS18436

This legislation will remove Chapter 47, Title 33 Idaho Code dealing with the Youth Education Account Advisory Committee. The Committee was established in 1992 with the purpose of providing radio and television advertising to combat the negative influence of alcohol and drug exposure in children. There have never in been any funds invested into the account. Since several agencies and programs provide information to children on tobacco, alcohol and substance abuse including the Idaho Meth Project there is no need to keep the committee in statute.

FISCAL NOTE

There is no impact to the General Fund.
