

**STATEMENT OF PURPOSE**

**RS18672**

The Idaho Legend Drug Donation Act would establish a program under the Board of Pharmacy pursuant to which pharmacies, hospitals, nursing homes and drug manufacturers and distributors could donate legend drugs to qualifying community health centers and free clinics. The community health centers and free clinics that elect to participate in this program would, in turn, be allowed to dispense those drugs, pursuant to valid prescriptions, to medically indigent patients.

**FISCAL NOTE**

This legislation has no fiscal impact on General Fund revenues. This legislation will require that the Idaho Board of Pharmacy incur expenses and use resources to promulgate rules and implement this program.
