

## **STATEMENT OF PURPOSE**

### **RS18740**

This bill will extend the sunset provided in 49-1210 dealing with certificates of insurance used as proof on financial responsibility until June 30, 2014, and provide for a report issued annually to House and Senate Transportation Committees on progress being made. The Department of Transportation computer is antiquated and cannot process the information needed to comply with Idaho Code 49-1210. In 2003, the Department requested and received a delay in the activation of this code until July 1, 2009. In extending the implementation, this bill requires that the Department submit annually the steps it has taken to become compliant with Idaho Code 49-1210.
