17 40-904. CONTRACTS – DESIGN-BUILD. (1) While design/bid/build is the preferred
18 method of contracting, the department may select design-build firms and award contracts for
19 design-build highway projects. Design-build highway projects shall be of appropriate size and
20 scope as determined by the board to encourage maximum competition and participation by
21 qualified design-build firms. Design-build contracting procedures may be used for projects
22 only after the board determines that awarding a design-build contract will serve the public
23 interest. The department shall work with all interested parties and the public in promulgating
24 rules regarding the solicitation and award of design-build contracts. The department shall not
25 enter into any design-build contracts prior to promulgation of such rules.

26 (2) No more than twenty percent (20%) of the department's annual highway construction
27 budget for the state transportation improvement program shall be used for design-build
28 contracts following the promulgation of rules implementing the solicitation and award of
29 design-build contracts.

30 (3) No less than thirty percent (30%) of any design-build contract awarded shall be
31 self-performed by the design-build firm awarded such contract.
