1. 13.01.02 - Rules Governing Public Safety

The Department submits notice of temporary and proposed rulemaking at 13.01.02 - Rules Governing Public Safety. According to the Department, the purpose of the rule is to implement Senate Bill 1283 which allows hunter education certification from other countries provided that only certificates (from other states or countries) for courses which meet or exceed the standards of the Idaho course are acceptable. The temporary rule was effective on July 12, 2010. Negotiated rulemaking was not conducted.

The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-411, Idaho Code.

2. IDAPA 13.01.04 - Rules Governing Licensing

The Department submits notice of proposed rulemaking at IDAPA 13.01.04 - Rules Governing Licensing. According to the Department, the purpose of the rule is to implement rule changes to the Landowner Appreciation Program recommended by the Fish and Game Advisory Committee and the Idaho Sportsmen Caucus Advisory Council. The Department notes that the rule redefines eligibility requirements for the program and restricts commercialization of the program tags. Negotiated rulemaking was not conducted.

Some of the changes to the rule include the following:

- The definition of “eligible property” has been changed to define the same as at least 320 acres of land in one controlled hunt unit determined by the Department to be valuable for habitat or propagation purposes for deer, elk and/or pronghorn. The definition previously provided for at least 640 acres in one controlled hunt unit. In addition, “antelope” has now been replaced with “pronghorn.”
- The definition of “landowner” has also been changed to add “any affiliates, management companies, associated entities, wholly-owned subsidiaries, corporations, or limited liability corporations wherein fifty percent (50%) or more of the ownership or controlling interest is maintained by a single individual, partnership or corporation.”
- Applications for landowner appreciation controlled hunt tags from landowners with 640 acres or more will be accepted on or after June 15 through July 15 of each year to be entered in a random drawing. Landowners with 320 acres or more may apply for leftover tags following the random draw with applications accepted after August 15 of each year.
- Landowner appreciation program controlled hunt tags shall not be sold or marketed. Landowners that fail to comply with this prohibition shall not be eligible to participate in the landowner appreciation program for three years.

The rulemaking appears to be authorized pursuant to Sections 36-104(b), 36-301 and 36-1101, Idaho Code.

3. 13.01.04 - Rules Governing Licensing

The Department submits notice of temporary and proposed rulemaking at IDAPA 13.01.04 – Rules Governing Licensing. According to the Department, the rule is being updated to reflect previous legislative action in 2009 (SB 1141) and Commission actions, including the elimination of controlled hunt permits, adjustments in elk zone tag quotas and allowance for rain checks. The effective date of the temporary rule was July 12, 2010. Negotiated rulemaking was not conducted.

The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-301, Idaho Code.

4. 13.01.06 - Rules Governing Classification & Protection of Wildlife

The Department submits notice of temporary and proposed rulemaking at IDAPA 13.01.06 – Rules Governing Classification & Protection of Wildlife. According to the Department, the rule implements SB 1286 from the 2010 legislative session (there is a typographical error in the Notice in that the bill is SB 1286, not SB 1266 as provided in the Notice), classifying raccoons as predatory wildlife. The rule also corrects a statutory reference. The effective date of the temporary rule was July 12, 2010. Negotiated rulemaking was not conducted.

The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-201, Idaho Code.

5. 13.01.09 - Rules Governing the Taking of Game Birds in the State of Idaho

The Department submits notice of proposed rulemaking at IDAPA 13.01.09 – Rules Governing the Taking of Game Birds in the State of Idaho. According to the Department, the rule is being proposed because some hunters have questioned whether shooting upland game birds from watercraft is an ethical method of take and have requested Commission action to prohibit such activity - which this rule now does. Negotiated rulemaking was not conducted.

The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

6. 13.01.09 - Rules Governing the Taking of Game Birds in the State of Idaho

The Department submits notice of temporary and proposed rulemaking at IDAPA 13.01.09 – Rules Governing the Taking of Game Birds in the State of Idaho. According to the Department, the rule is being promulgated to implement SB 1285 which allows nine-year old hunters to apply for controlled hunt turkey permits. The effective date of the temporary rule was July 12, 2010. Negotiated rulemaking was not conducted.

The rulemaking appears to be authorized pursuant to Sections 36-104(b), 36-404 and 36-1101, Idaho Code.

7. 13.01.10 - Rules Governing the Importation, Possession, Release, Sale, or Salvage of Wildlife

The Department submits notice of temporary and proposed rulemaking at IDAPA 13.01.10 – Rules Governing the Importation, Possession, Release, Sale, or Salvage of Wildlife. According to the Department, the rule implements SB 1328 (2010 legislative session) to allow the release of certain captured predatory and unprotected wildlife with written landowner permission. The Department notes that the rule also provides that the Department may require certain records from taxidermy/furbuyers, adds a reporting requirement for the purchase of raw mountain lion and black bear parts, clarifies legal methods of take and addresses the commercial sale of rattlesnake parts. The effective date of the temporary rule is July 12, 2010. Negotiated rulemaking was not conducted.

The rulemaking appears to be authorized pursuant to Sections 36-103, 36-104(b), 36-501, 36-502 and 36-603, Idaho Code.

8. 13.01.16 - The Trapping of Predatory & Unprotected Wildlife & the Taking of Furbearing Animals

The Department submits notice of temporary and proposed rulemaking at 13.01.16 - The Trapping of Predatory & Unprotected Wildlife & the Taking of Furbearing Animals. According to the Department, the rule implements SB 1286 (2010 legislative session), classifying raccoons as predatory wildlife and clarifying the definitions of “bait” and “game animal.” The effective date of the temporary rule was July 12, 2010. Negotiated rulemaking was not conducted.

Please note that paragraph 4 of this memorandum reviews changes to IDAPA 13.01.06 – Rules Governing Classification and Protection of Wildlife. Changes in that rule also reclassify raccoons but similar changes noted in this particular paragraph are to a different rule.

The rulemaking appears to be authorized pursuant to Sections 36-104(b), 36-201 and 36-1101, Idaho Code.

9. 13.01.17 - Rules Governing the Use of Bait for Taking Big Game Animals

The Department submits notice of temporary and proposed rulemaking at IDAPA 13.01.17 – Rules Governing the Use of Bait for Taking Big Game Animals. According to the Department, the rule clarifies the definitions of “bait” and “game animals” and allows incidental take of wolves near bear bait sites. The effective date of the temporary rule is July 12, 2010. Negotiated rulemaking was not conducted.

We contacted the Department in light of the relisting of wolves. The Department indicates that the section of this rule allowing for the incidental taking of a wolf, would only be in effect during a wolf season. The Department notes that hunters cannot kill any protected animal, like an

animal classified as big game – which wolves are - without the Commission setting a season. If a season is not set, the provision would not apply.

The rulemaking appears to be authorized pursuant to Sections 36-104(b) and 36-1101, Idaho Code.

10. 13.01.08 – Rules Governing the Taking of Big Game Animals in the State of Idaho

The Department submits notice of temporary and proposed rulemaking 13.01.08 – Rules Governing the Taking of Big Game Animals in the State of Idaho. According to the Department, the rule implements HB 416 (2010 legislative session) which amends the definition of edible meat and expands the species exempt from waste. The rule also implements HB 463 which requires amendment of existing Commission rules to allow nonresident deer or elk tags to be used for the take of black bear, mountain lion and wolf. The Department notes that the rule also removes units 48 and 57 from the motorized vehicle rule and allows the use of electronic calls for take of black bear, mountain lion and wolves in seasons specified by the Commission. In addition, the Department notes that the rule allows the take of wolves by trap or snare in seasons specified by the Commission and prohibits the use of telemetry equipment as an aid to take of big game. The rule addresses depredation hunts for black bear and wolves and extends the mandatory check and reporting requirements for harvested wolves. The Department states the rule has also been updated to reflect 2009 legislation and Commission actions, including the elimination of controlled hunt permits, exchange of bear tags and defines various tag types. The effective date of the temporary rule is July 12, 2010. Negotiated rulemaking was not conducted.

As in the previous rule, the provisions relating to wolves will not be effective until such time as the Commission sets another wolf season. The rulemaking appears to be authorized pursuant to sections 36-104(b), 36-1101 and 36-1202, Idaho Code.

THE FOLLOWING IS THE TEMPORARY RULE & PROPOSED TEXT FOR DOCKET NO. 13-0104-1002

200. LICENSES, STAMPS, PERMITS AND TAGS.

01. Licenses. Authorized lifetime license certificate holders will be issued appropriate license(s) annually. Certificate holders must have such license(s) in possession while hunting or fishing. However, no hunting or combination license shall be issued to the holder of a lifetime license certificate ~~under the age of fifteen (15) born after January 1, 1975~~ unless a certificate of competency in hunter education is presented in accordance with Section 36-411, Idaho Code. (7-1-93)(7-12-10)T

02. Stamps, Permits, and Tags. The certificate holder has the responsibility to obtain stamp(s), permit(s), and/or tag(s) as required for hunting or fishing. (7-1-93)

250. TAGS AND PERMITS ISSUED BY POINT-OF-SALE VALIDATION.

~~**01. Tags or Permits Properly Sealed.** No big game tag, salmon permit, steelhead permit, WMA pheasant permit or three-day salmon/steelhead fishing license is valid unless it has been properly sealed in the appropriate portion of the tag/permit pouch. (3-20-97)~~

~~**02.** Defaced, altered or tampered permits. Any license (as defined in Section 36-202(z), Idaho Code) which is defaced, altered, or tampered with shall be invalid from the date and time of issuance. It shall be a violation to use or attempt to use any license that has been defaced, tampered with, or altered. Evidence of defacing, tampering, or altering shall include but is not limited to: tears ~~in the paper that would indicate that a person had attempted to lift up the clear acetate covering over a tag or permit which has been sealed in a tag/permit pouch~~ or erasures or typeovers to the license stock. (3-20-97)(7-12-10)T~~

(BREAK IN CONTINUITY OF SECTIONS)

261. AUTHORIZATION NUMBER.

01. Authorization Request. Upon request, the applicant may receive an authorization number assigned by the supplier as directed by the Department. (3-20-97)

02. Authorization Number Used in Lieu of License. The authorization number may be used in lieu of the actual license only by the individual for whom the license was purchased. When used in lieu of a license, the person must carry his driver's license, commercial permit, identification card, driver training permit, or instruction permit and, upon request of an authorized officer, present such identification for inspection. Failure to carry such identification or to present it for inspection is a violation. The authorization number may be used for not more than fourteen (14) calendar days from the date of issue, except authorization numbers for short-term licenses shall be valid only for the stated term from the beginning effective date of the license. This allows the authorization-number holder to hunt or fish during the time period it takes to mail the license to the individual. Thereafter, the individual must have in possession the appropriate signed license to hunt or fish. (3-20-97)

(BREAK IN CONTINUITY OF SECTIONS)

505. DEER AND ELK TAG ALLOCATION.

01. Allocation of Tags. Pursuant to Idaho Code, Section 36-408, the Fish and Game Commission may allocate a number of deer and/or elk tags for use by hunters with signed agreements with licensed outfitters in zones with limited numbers of tags. The allocation will be calculated on a zone basis with reductions or increases in hunting opportunities to be proportionate among resident hunters, nonoutfitted nonresident hunters, and outfitted hunters. When the number of hunters in a general hunt unit or zone becomes restricted, the Department will calculate the initial number of allocated tags for each zone using the Idaho Outfitters and Guides Licensing Board's records of average historic use during the previous five (5) year period. Where it is biologically feasible, any reductions in the number of tags available within a zone which exceeds twenty percent (20%) will be spread over a three (3) year period with a maximum reduction of fifty percent (50%) taken in the first year and twenty-five percent (25%) in the second year. When an area becomes controlled, hunt application and eligibility rules will apply to allocated tags in controlled hunts. Only those units or zones with licensed outfitted areas with historic use will be considered for tag allocation. (3-8-07)

02. Controlled Hunt Areas. Only those controlled hunt areas with historic licensed deer and/or elk outfitted area(s) may be considered for a tag/~~permit~~ allocation. The allocation will be calculated on a controlled hunt area basis with reductions or increases in hunting opportunities to be proportionate among resident hunters, non-outfitted nonresident hunters, and outfitted hunters. (3-8-07)(7-12-10)T

a. The number of allocated tags will be in addition to ~~from~~ the number of tags authorized by the Commission within each controlled hunt area with historic licensed deer and/or elk outfitter areas. (3-8-07)(7-12-10)T

b. Prior to submitting an application for an outfitter allocated controlled hunt, the applicant must have a written agreement with an outfitter licensed in the hunt area. Successful applicants of an outfitter allocated controlled hunt must hunt with an outfitter licensed for the hunt area. The outfitter must purchase the successful applicant's ~~permit and controlled hunt tag~~ by August 20. ~~Successful applicants authorize the Department to provide names and addresses to the outfitter(s) licensed for that controlled hunt.~~ (3-8-07)(7-12-10)T

c. Successful applicants who do not want to participate in the outfitted hunt can decline the hunt upon written notification to the Department. Those declining the hunt will then be eligible to participate in a general season or leftover controlled hunt. Those drawing an outfitted controlled hunt and then declining the controlled hunt will be subject to the appropriate waiting period. (5-3-03)

d. Successful applicants that do not secure the services of an Idaho licensed outfitter and have not purchased the controlled hunt ~~permit and~~ tag by August 20 will forfeit the opportunity to purchase a controlled hunt ~~permit tag~~. The forfeited controlled hunt ~~permit tag~~ will then be listed as a leftover ~~permit controlled hunt tag~~. The Department will inform the Idaho Outfitters and Guides Board that a ~~permit leftover controlled hunt tag~~ is available. After securing a client, the outfitter(s) may then purchase the leftover controlled hunt ~~permit tag~~ at a Department regional or headquarters office. (5-3-03)(7-12-10)T

e. The number of allocated tag(s)/~~permits~~ will be determined by using one (1) of the following options: (3-30-01)(7-12-10)T

i. The number of allocated tags available within the controlled hunt area will be no less than one (1) tag and no more than three percent (3%); or (4-2-08)

- ii. The number of tags available within the controlled hunt area will be based on the average historic use during the previous five (5) year period and calculated tag numbers will be rounded up when ~~permits~~ controlled hunt tags equal or exceed zero point six (0.6) and rounded down when ~~permits~~ controlled hunt tags are less than zero point six (0.6); or ~~(3-30-01)~~(7-12-10)T
- iii. No tags will be allocated. (7-1-99)
