

STATEMENT OF PURPOSE

RS19604

Vehicle Licensing Fees ("VLF") are routinely collected by car rental companies as part of the price for renting automobiles. VLF includes costs incurred by a car rental company to license, title, register, plate and inspect rental vehicles. Forty-Eight states have enacted legislation that specifies the legality of this practice, requires disclosure of the fees and provides for limitations on the fees. This proposed legislation conforms Idaho law to the vast majority of states by imposing disclosure requirements on the collection of VLF and limitations on the amount of VLF.

FISCAL NOTE

No Fiscal Impact
